PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 1 October 22, 1984

Audience: We Want Equal Treatment

Legislators: We'll Back The Half Mill Referendum

The Legislative Forum at PBJC Central Thursday morning was designed to find out from the legislators and candidates how they would react to specific legislation of interest to community colleges.

It did that job quite well. But the main message of the meeting was not from the legislators to the audience--the information flow was in the other direction.

The message said: We are tired of being second class citizens. We want equal treatment with K-12 and the Universities. We don't like being discriminated against in capital outlay and in salaries.

There was important information flow from the legislators as well, and perhaps the most important was a public pledge to back the plan for a half mill referendum from all ten of the legislators and candidates present.

The ten:

William G. "Doc" Myers, Nancy Pullum (for David Wood, Myers' opponent), David L. "Doc" Anderson, Ray Liberti, "Stu" Fitelson, Ed Healey, Bernard Kimmel, Frank Messersmith, Raymond A. Rea and Geraldine Field.

The referendum, which recently received the powerful backing of Clark Maxwell, Executive Director of the State Board of Community Colleges, was first proposed by Dr. Eissey to the Presidents Council six years ago and has been quietly gathering steam since that time.

It would restore to community colleges the ability to levy up to one half mill. The colleges had this ability through their connection with the school systems prior to July 1, 1968, but have had no local tax base since that time.

Cont'd on P 3

Dan Mica, Don Ross Schedule Meetings

Congressman Dan Mica and his opponent in the Nov. 6 election, Don Ross, president of the College of Boca Raton, will be meeting students and staff of PBJC South, but not at the same time.

Mica will be a special guest at a student/faculty tea on the patio of the PBJC South campus Oct. 24, 10-11 a.m., according to Dr. Harris McGirt, director of student services at the South Campus.

"The invitation to the congressman was from our Student Government Association, and Mr. Mica will be introduced by Karen Schauer, our SGA president," McGirt said.

Twenty-four hours later, Oct. 25, 10-11 a.m., a duplicate event will be held for Ross.

Mica also plans an appearance at PBJC Central one day before his scheduled visit to PBJC South, according to Ed Pugh, social science instructor and sponsor of the PBJC Political Union.

He is scheduled into the Allied Health Lecture Hall, 9:30 to 10:30 a.m., and will be talking to political science students about the work day of a congressman, Pugh said. The meeting will be open to the public.

See Straw Vote story, Page 3

Students Are The Center Of Our Attention

PBJC Jazz Ensemble In Concert

The Palm Beach Junior College Jazz Ensemble will perform with the John I. Leonard High School Jazz Ensemble in a free concert Tuesday, Oct. 23 at 7:30 p.m. at the Leonard High School Auditorium.

Music to be performed will include compositions by Chuck Mangione, Maynard Ferguson and Woody Herman. Several soloists will be featured, including David Skinner and Wade Bailey on trumpet, Joe Pagliarulo and Brett Dupuis on saxophone, and John Carrozza on guitar.

The Leonard band, under the direction of Ubaldo Montesino, will perform a variety of big band selections, with several soloists featured. The band has consistently earned high ratings in district and state contests.

For more information, call the Music Department at 8144.

Here's The Pasta

The Hospitality Unlimited Club will sponsor a spaghetti dinner Wednesday, Oct. 24 from 3:30 to 8 p.m. at the Hospitality Management Dining Room at PBJC Central.

The menu will feature the traditional spaghetti with meat sauce, garlic bread and tossed salad--all you can eat--for $4, with dessert and beverage 25 to 50 cents extra.

According to club spokesperson Lucille Nicolosi, homemade bread and rolls will also be available for sale.

Tickets may be purchased at the door the evening of the dinner. For more information, call Charles Nachman or Keith Carfi at 8125.

Late Announcements . . .

The following classified positions are now open:

Clerk Typists I (Registrar's Office), Salary Grade A16, temporary, part-time positions, $5.48 per hour

Interested applicants should contact the Personnel Coordinator. ...A. Johnson

The following position vacancy is being announced:

Program Specialist/Women's Center (Grant Funded): This position requires a bachelor's degree with master's preferred. Experience in vocational counseling and business, developing programs and community outreach is desired.

Interested applicants should contact the Director of Personnel. ...J.M.Schneider

FACC Delegates

The following are the members of FACC who were elected to serve as delegates to the FACC State Convention Oct. 31 through November 3 in Miami Beach:

Alice Carlisle, Nancy Cherry, Donna DiSesa, Al Fellner, Dick Jones, Gordon Kramer, Glen Marsteller, George Matsoukas, Frank McLaughlin, Ron Moses, Sarah Pappas, Don Pearsall, Jim Tanner and Alice Zacherl.

Dr. Eissey will also be in attendance, together with the '84/85 officers: Kathy Aiello, Shelley Carton, Mary Orsenigo and Jeanette Sanders. Representing the PBJC Board of Trustees will be Willard Findling and George Michael.

Betty Blanton, Ethel Fowler, Joan Holcomb, Jennifer McCormick and Henry Saulter were selected as alternates.

"Holiday In The City"

Tickets are now available for the "Holiday in the City" buffet dinner to be sponsored by the Social, Cultural and Welfare Committee on Nov. 30 at the Palm Beach Ocean Hotel. There is a person in each department handling ticket sales. Call 8014 for more information.

Straw Vote Set For Oct. 30

A straw vote of PBJC students has been planned by student organizations to take place one week before the Nov. 6 elections.

Ballots will be printed in the Beachcomber, the college newspaper, which will be distributed to all campuses before the poll date, Oct. 30.

At PBJC Central, the polling place will be the second floor of the Social Science Building, from 7:30 a.m. to 9 a.m., and the cafeteria from 9 a.m. until 2 p.m.

At PBJC North, South, and Glades, the ballots will be distributed to political science classes--and others who wish to vote may do so in student activity offices, until 2 p.m.

The PBJC Political Union, with an assist from Phi Theta Kappa, will collect and count ballots. All polls will close at 2 p.m., and it is planned for votes to be tabulated by 4 p.m.

The ballot will include the national and state elections, with the exception of the state house--where district votes would make a county-wide poll meaningless.

Some county races will also be included, as well as some amendments.

Although student polls are not a scientifically designed cross section of the Palm Beach County voter, they have proven in the past to be good predictors of the actual vote.

Legislative Forum (cont'd from P 1)

There was also unanimous approval of other items sought by the college--the Performing Arts Center, a vocational/technical building at PBJC North, phase one of PBJC South's master plan, and others, but there was a recurring theme in the comments from the legislators:

"Turkeys" may be the only way you can go at the moment, but an overall plan for funding, with an adequate source for funds is what is needed.

At every opportunity, Stu Fitelson kept saying that the answer is a state lottery with proceeds to education.

Ray Liberti was one of several who said the community college funding problem was one of priorities--that the legislature considered K-12 as its first priority in educational funding, Universities as its second, and then Community Colleges.

Agreeing, Frank Messersmith added: "Community Colleges carry the heaviest burden and they are getting the least amount of money."

The question of how best to obtain adequate funding was behind the only real clash of opinion at the meeting.

The difference surfaced on the very first question, posed by PBJC trustee Willard Findling: Are you in favor of local control for community colleges or would you vote for stronger central authority?

All except Ed Healey said they favored local control. Healey said a strong central authority is the only way the system will ever receive equal funding. He said he would favor a type of governance like that of the University system with its board of regents.

Bernard Kimmel, Healey's opponent, said local control, with the ability to respond quickly to the educational needs of a community, is too important to give up,and that adequate funding must be provided while leaving control with local trustees.

All the other candidates agreed with Kimmel.

The meeting was serious and intense, with only a few laughter breaks. There was a good exchange of information between candidates and voters. It is almost certain that similar meetings will be held prior to future elections.

Drama Department Offers "Strange Bedfellows"

Take one senator who is totally against women's rights, and a young woman who is a crusader for the suffrage movement, and place between them a young man who is neutral on the issue and who is the senator's son and the suffragette's husband. Add the atmosphere of the Gay Nineties and what have you got?

You've got the makings of a great comedy--Florence Ryerson and Colin Clements' "Strange Bedfellows".

The PBJC Drama Department will perform the play Oct. 25-28 and Nov. 1-3 at 8:14 p.m. on all evenings.

The play will be presented in three-quarters round in the PBJC Central Auditorium.

A simple set designed in the 1890's mode and authentic period costumes added to the comic conflict of the plot should make this an enjoyable show.

For ticket information, please call the Box Office at 8141, or Frank Leahy or Art Musto at 8139.

Guidance For Gifted Children

A seminar for parents and teachers of gifted children will be held Saturday, Nov. 3 from 8 a.m. to noon at the Hyatt of the Palm Beaches in West Palm Beach.

The class will be co-sponsored by PBJC North Continuing Education and the North Palm Beach County Chapter of the Florida Association of the Gifted.

The seminar will focus on the learning, motivation and social characteristics of the gifted, coping strategies for parents, teachers and children, stress, and meeting the needs of the underachieving gifted.

Dorothy Sisk, an internationally-known educator and consultant, will be the featured guest speaker.

Dr. Sisk is a professor of exceptional child education and co-ordinator of teacher training programs for the gifted at the University of South Florida in Tampa.

She is past director of the Office of the Gifted and Talented in Washington, D.C., and is the author or co-author of some 57 articles on exceptional education. She is also currently Executive Director of the World Council of Gifted and Talented.

The fee is $18, and the deadline for registration is Oct. 31. For information, call PBJC North at 622-2440.

Foreign Students As Guests

With the Thanksgiving holday approaching, why not do something in the real American spirit?

Guidance Counselor Lori Hunter is looking for families or persons who will host a foreign student at their home for Thanksgiving dinner.

"We'd like to let our foreign students experience a real American holiday, and at the same time, help them understand one of our customs," Hunter said.

She said PBJC has students "from all over": Venezuela, Sweden, Pakistan, Greece, Ireland, Japan, Germany, and others. All of the students are proficient in English.

Those interested in being a host to a foreign student should contact Lori Hunter at 8182 no later than Nov. 5.

It Will Be The Watson B. Duncan, III Auditorium

When we get our new auditorium at PBJC Central, sometime in December, 1985, there will be a sign in a prominent spot on the building, and the sign will say:
"The Watson B. Duncan, III, Auditorium."

After awarding a bid of $2,949,600 to Twin Construction Co., Pompano Beach, the PBJC trustees voted unanimously Wednesday night to approve Dr. Eissey's recommendation to name the auditorium for Duncan, whose outstanding service in a 37-year career as a master teacher has created a legend at the college.

Duncan, who was present for the meeting, said he was "truly very surprised" by the announcement, and was "deeply honored" by the action.

With a sense of timing entirely appropriate in the wife of a drama teacher, Honey Duncan, the teacher's wife, appeared just at the moment the announcement was made, so as not to give away the element of surprise.

Duncan's 37 year career at the college stretches back through Lake Park, where he introduced Burt Reynolds and Monte Markham to college theatre, to the campus at Morrison Field, when Dr. Eissey was a student.

In these years he has introduced thousands of local students to the world of literature and drama. He has won wide recognition as a Shakespearean scholar, and his series of book reviews has become an annual high point in the cultural life of the county.

The base bid on the auditorium remodeling project was $2,835,000, but a selection of 13 of some 23 alternates brought the total bid almost to the $3 million mark.

In other actions the board:

Amended the waiver of tuition rule for employees to specifically include spouses.

Amended the rule on holidays to call for 12 paid days for holidays without specifying which holidays.

Approved a report on Graduates and Leavers.

Received a report by trustee Willard Findling of the recent national meeting of the Association of Community College Trustees.

Personals . . .

Congratulations to Dr. Patricia Dyer who learned last week that her work in analyzing and editing a basic algebra learning system did not go unnoticed. Pat has been working with HBS Media System, Inc. in developing a visual, audio, and written system for basic algebra, but had not expected the credit notice in a prominent place in the work book. She was identified as Provost of Palm Beach Junior College South, and that doesn't hurt the college either.

Juan Devalencia, library clerk II in the circulation department at PBJC Central, was ill last Monday, and when he was unable to reach the college because the phones were out of order, promptly sent a telegram with the following message: "Sorry due to case of flu, cannot work today. Been calling since 7:30AM, your phones are disconnected." To make matters worse, Juan was not able to get through to the local Western Union office, so he contacted Western Union of New Jersey. The telegram, with a $22 price tag, arrived at the college last Wednesday, the same day that Juan returned to work.

Ron Moses represented the college at the First Annual Conference on the Status of Black Youth in Riviera Beach Saturday. Ron led a workshop on the status of black youth in community colleges during the morning, attended the luncheon meeting where Eleanor Weinstock was keynote speaker, and took part in a panel in the afternoon. The conference was at Suncoast.

After suffering a mild heart attack Oct. 11, we are happy to report that Jerry Foley was scheduled to be released from Bethesda Hospital last Friday, and is expected to be back on campus today.

THIS Week . . .

Oct. 22	Kidney testing and screening; PBJC North, 9AM-noon
Oct. 23	PBJC Jazz Ensemble in concert with John I. Leonard HS Jazz Ensemble; 7:30PM, Leonard HS Aud., free
Oct. 24	IBM representative interviewing co-op students, Food Service Dining Room, 11-12 noon
Oct. 24	Spaghetti dinner sponsored by Hospitality Unlimited Club, $4; 4:30-8PM, Hospitality Management Dining Room. Employees takeout available from 3:30-8PM
Oct. 24	Dr. Reed from the Univ. of Miami will speak on "Music Merchandising," HU 110, 1:20PM
Oct. 25	"The Fantasticks" musical, Dolly Hand Cultural Arts Center, Glades; 8PM; donation $5
Oct. 25-Nov. 3	"Strange Bedfellows," a play dealing with 1890's suffrage movement, performed by PBJC Drama Dept., 8:14 PM, SAC Lounge. For more info, call Frank Leahy, Art Musto at 8139.

. . . AND Next

Oct. 30	"Costume contest and dress-up day" for PBJC employees; sponsored by Social, Cultural and Welfare Committee. For more info, contact Jeanette Sanders, 8005 or Jennifer McCormick, 8014

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:
Volume VII, Number 2 October 29, 1984

Don't Forget Amendments 7 And 8

Students Taking Serious View Of Nov. 6 Election

Pre-election events continue to hold the spotlight at PBJC, with a strong trend last week and this week toward student involvement. Students were the primary audience at one event last week at PBJC Central and two at PBJC South, and their questions were serious, to the point, and not always easy to answer.

Today, the Beachcomber will publish a straw vote for students, and the Political Union, with an assist from Phi Theta Kappa and student affairs offices, will collect and count ballots tomorrow.

Last week's spotlight was on the race between Congressman Dan Mica and Don Ross, president of the College of Boca Raton.

PBJC South got a look at both of these candidates, one on Wednesday and the other on Thursday in back-to-back faculty/student teas, held outside in the patio area between the relocatable buildings that now make up the South Campus.

Both candidates did well in fielding questions from the students, but the answers were not always easy. Some students were well informed. One or two might well have been campaign workers from the other side.

This was PBJC South's first venture in having politicians on campus, and the first-hand contact gave everyone a much clearer idea of this particular contest and the two candidates. It will certainly not be the last such venture.

Mica also made an appearance at PBJC Central, more as a lecturer for some political science classes than as a direct campaign stop--although it obviously served that purpose, also.

If the attitude of the students at these three meetings is carried over into the poll scheduled for tomorrow, we will surely have one of the best straw votes in our

Cont'd on P 3

Winter Registration Dates Announced

Winter registration dates for currently enrolled day and evening students have been announced through Don Cook's office. Day students begin one week from today, Monday, Nov. 5, 9-12 noon for Winter Term graduates and 12-3 p.m. for students with 55 semester hours and up.

Tuesday, Nov. 6, 9 a.m.-3 p.m., 48 semester hours and up. Wednesday, Nov. 7, 36 semester hours and up. Thursday, Nov. 8, 30 semester hours and up. Friday, Nov. 9, 24 semester hours and up.

Two weeks from today, Monday, Nov. 12, will be for students with 15 semester hours and up. Tuesday, Nov. 13 for 9 semester hours and up. The remainder of the week will be for any currently enrolled student.

Evening students may register both weeks 9 a.m. to 9 p.m. Monday through Thursday, and 9 a.m. to 3 p.m. Friday. Evening students registering 9 a.m. to 3 p.m. must meet the course completion requirements in the same order as day students.

Fees must be paid by Dec. 10.

Early registration appointments for new, transfer and re-activated students are being set for Nov. 27-30, and Dec. 4-7.

Appointments are being made for 1:30 p.m. each day. A new student orientation will be held for new and transfer students.

Students Are The Center Of Our Attention on

Building For The Brain Bowl

TO ALL FACULTY: Please encourage all students to read the article in today's Beachcomber concerning the Florida Brain Bowl for junior/community colleges and invite all interested students to see me, Allen Hamlin, in my office (BA 107) this week so that we can begin building up a team for this year's competition. Everyone benefits!

The winning team's members receive cash awards and scholarships, have a highly respected addition to their resumes for acceptance (and scholarship) applications, get a motivated chance to review material and quick-recall abilities necessary for MCAT's, LSAT's, GRE's, etc., and have a good time participating in this academic version of "Trivial Pursuit."

All of us at PBJC benefit since we are trying to promote excellence in education and that is precisely what the Brain Bowl is all about.

Any and all assistance in promoting this will be greatly appreciated. ...Allen Hamlin

"Coffee With Ed"

The "Coffee With Ed" series at PBJC Central went well in spite of some errors in invitations. Some teachers were invited at times when they were on duty in the classroom.

The mistake occurred in Dr. Erling's office, when schedules for Monday and Tuesday were transposed--and the computer did exactly what it was told to do.

"I think I will tell everybody what Dave Forshay used to say," Dr. Erling said: "Since this is the first mistake I have ever made, I'm sure people will go easy on me."

New Staff Joins Crossroads Program

PBJC has two new faces in the Crossroads program, the Continuing Education project that helps displaced homemakers gain the skills and confidence to enter the job market.

Dedi Anderson and Sue Stapleton have been working as program manager and instructor/counselor for almost a month.

Anderson was most recently the Florida State Director for Growth Orientation, Inc., a private corporation that develops positive attitude change programs on a contractual basis for the Department of Corrections. She supervised programming in the Florida State Prison for Women at Lowell, Raiford, and at least four other prisons.

Stapleton was a teacher/counselor in the Adult Education program of the Alexandria (Ky.) School Board before moving to Florida this past year.

Both women are preparing for their first class session, which will begin Oct. 29 and conclude Nov. 16. They have already lined up their graduation speaker: Kathleen Kroll, newly-elected Circuit Court Judge from West Palm Beach.

Since the program's inception, nine sessions have been conducted, and more than 80 divorced, separated and widowed women have graduated.

Foreign Students As Guests

With the Thanksgiving holiday approaching, why not do something in the real American spirit?

Guidance Counselor Lori Hunter is looking for families or persons who will host a foreign student at their home for Thanksgiving dinner.

"We'd like to let our foreign students experience a real American holiday, and at the same time, help them understand one of our customs," Hunter said.

She said PBJC has students "from all over": Venezuela, Sweden, Pakistan, Greece, Ireland, Japan, Germany, and others. All of the students are proficient in English.

If you are interested in hosting a foreign student, contact Lori Hunter, 8182, by Nov. 5.

Northstage Presents Comedy

Northstage, the theatre group of PBJC North, will present Robert Anderson's comedy "You Know I Can't Hear You When the Water's Running" Friday, Saturday, and Tuesday, Nov. 9, 10 and 13, at 8 p.m. in the Mirror Ballroom of the Lake Park Town Hall.

"The play is actually four short plays that share a theme--people's attitudes toward sex," said Dr. Barry Russal, faculty director. "That theme is treated from various points of view, all of them tasteful and most of them humorous."

Northstage is composed of PBJC North students, faculty, staff and members of the North County community. Employees who will be involved in the production include Sharvell Becton, who will play a character named "Dorothy," and Phillip Jackson (faculty member) and Jim Craig (physical plant), who will both work on the light crew.

Tickets are $4 each, and may be purchased at the PBJC North Cashier's Office or at the door the night of the performance.

For more information, call Dr. Russal at 622-2440.

Nancy Cherry Selected For Leadership Class

Nancy Cherry, Director of Development at PBJC, has been chosen as a member of Leadership Palm Beach County's inaugural class.

This training is a joint venture of the county's 14 Chambers of Commerce, and 40 business leaders were named to attend the first class. They will learn about government, education, geography, industry, agriculture, tourism, public health and service programs, the financial community and the media.

There will be 11 seminars starting in October and continuing through part of May.

lection (cont'd from P 1)

history--and these votes in the past have usually been good predictors of the actual election results.

Arrangements for the poll detailed in last week's Monday Report remain the same: At PBJC North, South and Glades the ballot will be given to political science classes and other students encouraged to go to student centers. At PBJC Central voting will be on the second floor of the Social Science Building from 7:30 to 9 a.m., and from 9 a.m.-2 p.m. in the cafeteria. Ballots will be counted as soon as possible after 2 p.m.

So far as is now known, the straw vote will be the final pre-election event at the college, but there is one more important duty everyone should undertake in addition to casting your own ballot on Nov. 6.

It is important that we all do what we can to inform people about Amendments 7 and 8.

Both are technical and involve bonding and capital outlay. Neither will raise taxes. They make more efficient use of the gross receipt taxes we have already been collecting for many years.

Capital outlay projects at Community Colleges, Public Schools and Universities will be severely curtailed if these amendments are not passed.

The amendments were made necessary by the break up of the telephone company. Since an amendment was necessary for this purpose, legislative and educational leaders decided to update the system for the use of these funds to make them more efficient. This is what 7 and 8 will do.

ere appears to be no real opposition to these amendments, but a nudge from you to your iends, plus the assurance that these amendments do not mean new taxes, might be helpful in getting amendments passed which are really important to the entire educational scene in Florida.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 3 November 5, 1984

Amendment Wins: 344-96

Student Straw Vote: Reagan 383, Mondale 128

The national trend toward conservative politics among college students is firmly in place on all four Palm Beach Junior College campuses if the Beachcomber poll taken last Tuesday is an accurate indication of how students will vote tomorrow.

Reagan/Bush swamped Mondale/Ferraro 383 to 128, only one vote shy of being 75 percent. Such a one-sided result in a general election has never taken place, and is not likely to take place tomorrow, but as of last Tuesday, that is how the students who filled out the straw ballots would have voted.

Two other Republican candidates fared almost as well in the short straw ballot.

William G. "Doc" Myers, the incumbent state senator for district 27 won by 345 to 147 over challenger David Wood.

Incumbent sheriff Richard P. Wille won by 338 to 153 over challenger Bob Herron.

The vote for District 14 Congressional Representative was perhaps the most interesting. Here the incumbent is Democrat Dan Mica, who won over challenger Don Ross, but by a much smaller margin, 297 to 206.

Mica won handily at PBJC Central, North and Glades, but lost at PBJC South, 32 to 25.

Another odd fact in the vote is that Wille won easily everywhere except in the Glades, where he also won, but by only one vote--24 to 23.

There were two votes at PBJC Central for Bergland/Lewis, Libertarian candidates for president.

The vote on Amendment No. 8 was 344 for and 96 against.

Amendments 7 and 8 are essential to

PBJC Five-Mile Run Set For Saturday

Get ready, get set, GO! The PBJC Five-Mile Run Committee has been off and running, putting together a great racing event to be held Saturday, Nov. 10 at 7:30 a.m. at PBJC Central.

Through the committee's efforts (chaired by George Matsoukas), over 50 valuable prizes have been secured to award to the winners in each age category in lieu of trophies.

Some of these prizes will include weekend excursions for two at the Jupiter Hilton, Royce, Palm Beach Ocean, PGA Sheraton, and Palm Beach Hilton Hotels, dinners, lunches and brunches from many fine area restaurants, gift certificates from local athletic goods stores, and more.

The event will be scored in 18 age categories: MEN: 14-under, 15-19, 20-24, 25-29, 30-34, 35-39, 40-44, 45-49, 50-59, 60-over. WOMEN: 14-under, 15-19, 20-24,25-29, 30-34, 35-39, 40-49, and 50-over.

In addition, there will be a half-mile fun run for children ages five to 12.

The entry fee for the Five-Mile Run is $6 (pre-registration), and $10 the day of the race. The fun-run fee is $1.

Any employees who would like to run in this exciting race can still sign up by calling the Development Office at 8073.

Students Are The Center Of Our Attention

Halloween Celebration

Papa Smurf, The Great Pumpkin and the Queen Bee were among the dignitaries who visited Palm Beach Junior College last Tuesday for the faculty, staff and administration Halloween celebration.

Dr. Eissey and representatives from various departments gathered in the Continuing Education lecture hall to sample a buffet of Halloween treats and to applaud, as a Student Government panel selected the following winners:

PRETTIEST: VAMPIRE (Sue Stapleton/Crossroads) 1st Place
DAISEY MAE (Debbie Carrol/Library) Runner-up
UGLIEST: GORILLA (Helen Kuschel/Data Proc.) 1st Place
WITCH: (Jan House/Data Processing) Runner-up
MOST ORIGINAL: THE SHADOW (Chris LaRoche/Security) 1st Place
CAROL BURNETT (Jeanne Milesend/Cont.Ed.) Runner-up
FUNNIEST: "MOTHER" SUPERIOR (Kathy Aiello, Cont.Ed.) 1st Place
PUNK ROCKER (Dedi Anderson/Crossroads) Runner-up ...J. McCormick

Straw Vote (cont'd from P 1)

the continuation of capital outlay funding for education at all levels in Florida, and do not call for additional taxation. It is heartening that 344 voted for it, and disheartening to know that 96 of our students have not been informed about this vitally important issue.

The Political Union, Phi Theta Kappa and Student Activities were all involved in monitoring the vote and counting ballots.

A chart showing the straw vote campus by campus follows:

	Central	North	Glades	South	Combined
Reagan	155	146	33	49	383
Mondale	63	36	18	11	128
Mica	131	104	37	25	297
Ross	84	76	14	32	206
Wood	62	48	19	18	147
Myers	147	133	28	37	345
Herron	59	53	23	18	153
Wille	154	125	24	35	338
FOR #8	138	130	32	44	344
AGAINST	44	36	11	5	96
TOTAL VOTE	223	182	51	61	517

Two write-in votes were cast for Bergland/Lewis, Libertarian candidates for president.

Pacers 100, Martinique 71

Martinique proved to be an ideal first game opponent for the young and inexperienced Pacer basketball team Thursday.

The visitors put up just enough of a battle to give some game experience, but still allowed coach Jim Voight to substitute freely with no chance of losing the game. The final score was 100 to 71 for the Pacer's first win.

The experiment with a 11 a.m. starting time was mildly successful. The attendance was probably a bit higher than it would have been at night, and the noise and enthusiasm--led by some cute cheerleaders and the mighty Pacer baseball team--were much higher.

The Pacers were to meet Palm Beach Atlantic on Saturday night for the second game. They have a home game tonight with College of the Bahamas, and an away game tomorrow night with Florida Memorial. Friday and Saturday they are at Polk for a tournament.

Social Security Presentation

Arrangements have been made for Mr. John Paar of the Social Security Administration to make two separate presentations of information relating to social security benefits. Mr. Paar will be in Conference Room C on the Central Campus at 1:30 p.m. on Wednesday, Nov. 14 and Thursday, Nov. 15.

If you wish to have further information relating to OASI, disability benefits, medicare or other social security benefits, you are welcome to attend either of these sessions if your schedule permits.

If you plan on attending either session, we would appreciate it if you would call Mrs. Marilyn Vazquez at 8018 by Monday, Nov. 12 and inform her of the date you plan to attend.
...J. M. Schneider

Announcements . . .

November 5 is the deadline for ordering caps, gowns and hoods for Dec. 18 commencement exercises. Orders placed after this date are subject to transportation and handling charges. PLEASE ORDER YOURS TODAY! ...R. Brofft

Tim Dickerson from Palm Beach Atlantic College will be providing information to students about the college on Nov. 7, 8:15 a.m. to noon and 6-8 p.m. at the Central Campus Cafeteria. ...Ron Moses

Jimmy Voight Jr. will be responsible for the marquee. Please direct all inquiries to his attention at mail station #38. ...Ron Moses

Names have been drawn for the Schick Super Two athletic bags. Please stop by the bookstore to see if your name is on the winner's list. ...R. Brofft

The 15th Street Center closed last Wednesday, according to Dr. Ottis Smith, PBJC North Provost.

Personals . . .

Congratulations to Frank Cacciatore who was named Junior College Coach of the Year by the Florida Diamond Club, an association of major league scouts. Frank was honored Saturday at a banquet held at the Ramada Court of Flags which was emceed by Earl Weaver, former Baltimore Oriole's manager.

When you have an opportunity to view the course schedule bulletins for the upcoming Winter Term, you will note the difference in style and format. We would like to salute Mary Hamilton in the registrar's office for the hard work in getting this job done. Mary is a tremendous asset to us in the registrar's office. A job well done. ...Henry Saulter

Congratulations to Joe Macy on the birth of his sixth grandchild, Christine Michelle, weighing 8 lb., 12 oz,, born to son Mike and daughter-in-law Karen, Saturday, Oct. 27, 12:30 p.m. at St. Mary's Hospital.

On Wednesday, Oct. 31, Bill Graham was elected treasurer of the Palm Beach County Community Housing Resources Board, Inc. This is the local agency which receives HUD grant monies to promote fair housing. Through the CHRB, PBJC has established the minority real estate scholarship program, which will fully fund ten students during our winter term, 84/85, just as it did for the current fall term.

Happy Birthday To . . .

11/06 Leonard Bruton, Kathy Miller 11/08 Eleanor Salisbury, Helen Schultz, Jim Voight
11/09 Frank McLaughlin 11/11 Betsy Meyers, Pat Dyer, Samul Harley, Shirley Pember
11/12 Mattie Glover, Jim Houser, Jack Potenza

If you noticed that the college seemed a little deserted Thursday and Friday, it was due to the large number of personnel attending the FACC State Convention in Miami.

THIS Week . . .

Nov. 3	Basketball; Pacers vs. College of Bahamas; 7:30PM, Gym
Nov. 5-16	Early registration, Winter Term
Nov. 9, 10, 13	Northstage, PBJC North drama group, presents "You Know I Can't Hear You When the Water's Running," a comedy by Robt. Anderson; 8PM, Mirror Ballroom, Lake Park Town Hall; $4
Nov. 10	PBJC Five-Mile Run; 7:30AM, Central Campus

. . . AND Next

Nov. 15-17	"Best of Broadway" features best-loved tunes from "Paint Your Wagon," "Fiddler on the Roof," "Evita" and "Cats," performed by the PBJC Music Dept., 8PM, Palm Beach Gardens HS Aud., $6 all seats. Call 8141 between noon-4PM

Courses . . .

Nov. 5	How to Use Your Computer for Senior Citizens, 12X, M&W, 1:20-2:20PM, TE 206'; $12
	Effective/Creative Writing, 4X, M, 2-4PM, AH 218; $18
	How to Start & Operate a Business for Profit, 2X, M&W, 7-10PM, AH 201; $3
Nov. 6	Basic Double-entry Bookkeeping for Small Business, 6X, T, 6-9PM, AH 315, $18
	Start a Home-Based Business, 4X, T, 7-9:30PM, PBGHS, #217; $10

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 4 November 12, 1984

Major Awards And Presentations

We Have Most Outstanding FACC Chapter

Palm Beach Junior College has the Most Outstanding Chapter of the Florida Association of Community Colleges in the state, and a handsome plaque to prove it. That plaque, plus a number of other major awards and presentations, made the FACC Annual Convention at Miami last week the most successful ever for PBJC.

In addition to being named the Most Outstanding, the PBJC Chapter got awards for Greatest Numerical Increase In Members, and Greatest Percentage Increase In Members.

The top individual award to PBJC, and one of the most coveted awards at the convention, went to Alice Carlisle, who received the Distinguished Service Award.

In his nomination for the award, George Matsoukas outlined many of the avenues of service to FACC through the ten years Alice has been a member, in addition to her service as club treasurer.

Mel Fields won a Special Certificate for a suggestion he made to the Career Employees Commission pertaining to the work and well being of career employees.

Jeanette Sanders received an award for her work last year as Chairperson for Region V.

George Matsoukas was named Chairperson for the Curriculum and Instruction Commission for the state next year.

John Schmiederer is President-Elect of the Occupational Education Commission, and was a panelist on a discussion of legislative implementation and its impact on occupational education.

John also represented Dr. Eissey in a presentation to the Institutional Advancement Commission on Institutional Public Relations Using Videotape. He displayed the videotape made by Channel 12 during our 50th Anniversary.

The major award that just barely got

Music Department Presents Best Of Broadway

An encore performance of music from the Broadway show "Cats," plus tunes from "Evita," "Paint Your Wagon," and "Fiddler on the Roof" will highlight the PBJC Music Department's "Best of Broadway" show which begins Thursday.

"We decided to perform the songs from 'Cats' because we had so many requests to do them again," said Pat Adams Johnson, PBJC faculty member. And since composer Andrew Lloyd Webber is so popular, we decided to also include songs from 'Evita.'"

The production will be an amalgam of PBJC music faculty, students, alumni and guest performers, including Bill Hueter, program director at WHRS-Radio who has agreed to be the narrator.

A number of soloists will be featured: Johnson in "Memory;" Michael Louis, a guest performer, in "If I Were A Rich Man;" and Lewis Cutlip, a PBJC alumnus who was in last year's show, in "There's A Coach Coming/I'm On My Way."

Other soloists will include students Linda Aldridge in "How Can I Wait," and John Costanzo in "Tradition."

The performances will be Thursday, Friday and Saturday, Nov. 15-17 at 8 p.m. at the Palm Beach Gardens High School Auditorium. Tickets are $6 (all seats reserved) and may be purchased by calling the box office at 439-8141 between noon and 4 p.m.

Students Are The Center Of Our Attention

Update On Grants

As of the beginning of the fiscal year, July 1, the following grants have been received and accepted by the Board of Trustees of Palm Beach Junior College:

Central Campus, College Reach Out Program, Dr. Melvin Haynes, Coordinator, $8,397.09

Belle Glade Campus, Bits 'n Pieces, Judy Schiele, Coordinator, $500

Belle Glade Campus, Florida Orchestra, Judy Schiele, Coordinator, $5,100

District, Crossroads, Jennifer McCormick,Coordinator, $58,108

District, Displaced Homemakers, Jennifer McCormick,Coordinator, $23,547

District, Auxiliary Aids for Handicapped, Gail Tomei, Coordinator, $600

North Campus, IMTS, Joan Holcomb, Coordinator, $13,500

District, Institute of Governments, Bill Graham, Coordinator, $49,585

District, Programs of Excellence in Math, Science and Computer Education, Dr. Dyer, coordinator, $62,467

Total grants amount: $221,804.09 ...George Matsoukas

Mini-mester: Successful First Effort

The "Mini-mester" schedule offered at Palm Beach Junior College North completes its fourth week today and should be counted as a successful first effort, according to Dr. Ottis Smith, provost.

Three classes are meeting--Political Science, Healthful Living, and Art Appreciation--and the students in these classes are enrolled credit students we otherwise would not have had this semester.

"This is an additional service we have been able to offer the community," Dr. Smith said. "We are encouraged by our first effort and are planning to repeat in other semesters."

Social Security Presentation

Arrangements have been made for Mr. John Paar of the Social Security Administration to make two separate presentations of information relating to social security benefits. Mr. Paar will be in Conference Room C on the Central Campus at 1:30 p.m. on Wednesday, Nov. 14 and Thursday, Nov. 15.

If you wish to have further information relating to OASI, disability benefits, medicare or other social security benefits, you are welcome to attend either of these sessions if your schedule permits.

If you plan on attending either session, we would appreciate it if you would call Mrs. Marilyn Vazquez at 8018 by Monday, Nov. 12 and inform her of the date you plan to attend.

...J. M. Schneider

A Great Place For Lunch

Are you tired of lunches that feature the little burger with the big bun? Do you crave gourmet delights that will not fracture your wallet? Don't despair. Students of the PBJC Hospitality Management Department are preparing and serving luncheons in the Food Service Dining Room, and there are only three remaining dates this year: Nov. 13, 27 and Dec. 4.

On Tuesday, Nov. 13, the menu will consist of soups, salads, sandwiches and light luncheon items. The menu for Nov. 27 and Dec. 4 will feature light luncheons (full-course meals).

Tickets are $3 and are available at the bookstore. For more information, call Charles Nachman at 8125.

FAU Small Business Center

A Florida Atlantic University Small Business Center has opened at Palm Beach Junior College North, and the opening will be noted with a reception Wednesday morning, 8:30-10:30, in the Oak Conference Room.

The center will be directed by Teresa Geist, of FAU, and will offer management assistance of many different types to small businesses and those wishing to set up small businesses in the north county area.

The center at PBJC North will be similar to centers FAU is already operating in Ft. Lauderdale and Boca Raton.

It is funded by a Small Business Administration grant.

Anyone with an interest in this area of education is invited to the reception. All who plan to attend are asked to telephone 627-4278.

Location of the FAU center at PBJC North is the latest in a long series of cooperative actions by the two institutions.

FACC (cont'd from P 1)

away was the coveted Little Red Schoolhouse Award to the Professor of the Year. Ethel Fowler, who, in addition to being an outstanding teacher, is the developer of our successful Dietetic Technicians Program, was one of the five finalists.

A panel on lobbying, called How to Get What You Want from the Legislature, was coordinated by Matsoukas, and chaired by our president, Dr. Eissey.

Panelists were former state senate president Phil Lewis, Director of the Division, Clark Maxwell, Manager of Governmental Relations for AT&T, Ron Brower, staff member for the Senate Education Committee, Barbara Cohen, and assistant to the president of Valencia, Dr. Thomas Henkle.

Our own Bill Graham and Betty Woolfe combined for a presentation called Working Partners: College, Business and Industry.

Kathy Aiello, next year's chapter president, made a presentation to the Career Employees Commission called Positive Communication for Upward Mobility.

Paul Swets, one of our outstanding adjunct faculty, presented The Art of Talking So People Will Listen to the Career Commission.

Our hospitality room was a great success.

"We have nineteen voting delegates now, instead of the 12 we had a year ago, and this gives us much more clout," George Matsoukas says. "So our hospitality room was a mandatory stop for all candidates."

During the entire convention it served as a reference point and for relaxation, and after the convention was over, it was the site of a post-convention party.

The Monday Report is aware that this brief review of a major three-day event will probably leave out some person with a significant accomplishment. Please let us know if this is so. We will be happy to make additions.

Did You Know?

That as an employee of Palm Beach Junior College you are entitled to no charge traveler checks and checking account privileges at First American Bank.

That as an employee of Palm Beach Junior College you are entitled to receive discounts from various companies, i.e., 25% off from Hertz on rental cars and 20% off from IBM on personal computers.

Senior Players On A Whirlwind Of Activity

Nancy Goodwin and the Senior Players have barely had enough time to catch their breath during October.

The group has been in the middle of a whirlwind of activity, doing benefit performances for the community and representing PBJC's Continuing Education Division.

They performed skitlets for audiences at the Village of North Palm Beach, the "Super Sixties" of Jupiter, Golden Lakes Senior Women's Club, Gold Coast AARP, and the Whitehall Nursing Home in Boca Raton. Each time, they received a well-deserved standing ovation.

And the group hasn't spent all of its time with the 60-plus crowd. On Oct. 21, they presented a skitlet entitled "If Thoughts Could Speak" during a program on teenage sexuality sponsored by the Alliance for Family Life Education.

They also assisted at a reception at the Florida Repertory Theatre's opening night performance of "Tintypes."

It looks as though the end of the flurry of activity is not in sight. The Goodwin gang is currently rehearsing the comedy "Three Men on A Horse," which they will present Dec. 27-30 at the Woman's Club Ballroom in West Palm Beach.

According to Goodwin, the group plans to do benefit performances for abused children residing at the Children's Place, the Futures Group of Palm Beach County, the Lord's Place and any other worthy causes.

Announcements . . .

"Holiday in the City," a buffet dinner for all PBJC employees will be held at the Palm Beach Ocean Hotel Nov. 30. Tickets are still available for $12 each by calling 8014.

On November 15, the PBJC Student Health Service will join with many other colleges across the nation in the Great American Smokeout. The American Cancer Society local chapter is asking us to encourage students and faculty to either participate if they are smokers or support those smokers who plan to quit for the day. For information to participate in the program, call 8066 or stop by and talk to the clinic nurse in the Health Clinic located in the Paul J. Glynn Student Services Center. ...Mary Cannon

Personal . . .

Alpha Delta Nu Chapter of Phi Theta Kappa would like to thank Mr. Allen Hamlin for being guest speaker at our induction ceremony on November 4. As always, he did an excellent job. ...Alicia Lancaster

Thanksgiving Deadline

With the Thanksgiving holidays approaching, it is time to remind Monday Report readers that we will not publish on the Monday following the holidays, that is, on Monday, Nov. 26.

For that reason, we are asking all our contributors to plan ahead as far as announcements and articles are concerned. This Thursday, Nov. 15, at noon, will be the last opportunity for a Monday Report announcement or article until the Monday Report of Dec. 3. The deadline for the Dec. 3 issue will be, as usual, the preceding Thursday, Nov. 29, at noon.

Looking past Thanksgiving, there will be only three more Monday Reports this calendar year, Dec. 3, 10, and 17. Although Dec. 24 is a workday, teachers and students will be gone, and many of those scheduled to work are deciding to take an annual leave day on that Monda

After the issue of Dec. 17, the next Monday Report will be on Jan. 7.

The President Fights For Better Salaries

The following letter, reprinted here in full, was addressed to Senator Harry Johnston,but was also sent by Dr.Eissey to all legislators, and to many other key people in Florida government. This is a sample of what has been an ongoing effort ever since Dr. Eissey became president--an effort which will continue until equity in funding has been reached.

Palm Beach Junior College

4200 CONGRESS AVENUE, LAKE WORTH, FLORIDA 33461 • PHONE 305/439-8080

OFFICE OF
THE PRESIDENT

October 30, 1984

The Honorable Harry Johnston
P. O. Drawer M
West Palm Beach, FL 33402

Dear Harry:

I feel certain you have read the attached article providing an excellent financial increase which has been afforded our local teachers. We in the community colleges are proud that our county school system is able to afford such a magnanimous increase.

We applaud the salary increases, however, this will put our community college faculty even further behind the county school system's salaries. We require Master's and Doctor's Degrees to teach at our community college, yet our salaries are several thousand dollars less than our county school system's beginning teachers whose only requirement is a Bachelor's Degree. The same holds true for PBJC teachers at the top of the scale, who cannot earn as much with higher degrees than the teachers who are working for the county.

Somehow there has to be equity in financing and appropriating monies for teachers salaries on all educational levels. The Board of Trustees passes on to the faculty and staff every penny they possibly can while staying within the budget limitations. This is to no avail because of the inequity in appropriations for salaries both on the K-12 and university levels versus the community colleges.

Right or wrong, the pay scale for the educational scholar has been that the junior high teacher makes more than the elementary teacher; the senior high teacher more than the junior high

teacher; the community college teacher more than the senior high, and the graduate school teacher more than the upper division teacher. This is due to many factors....years of experience, degrees earned, promotions, etc. The above is no longer true as it relates to the community college faculty. The elementary, junior and senior high teachers are earning more than the community college teachers.

We at Palm Beach Junior College are not asking for any consideration that is not already being provided to the other educational sectors. I am literally begging for equitable consideration for our faculty.

Our local school board received consideration and assistance from the Legislature by relieving the financial pressures through special legislation. We need the same consideration.

Sincerely,

Edward M. Eissey
President

"Good Sense, Good Health, Good Life"

"Good Sense, Good Health,Good Life", a six-session series sponsored by the Continuing Education Division will be extended to include a "bonus" session Thursday, Nov. 13 from 2:30 to 4:30 p.m. in the Allied Health Lecture Hall, according to John Townsend, coordinator.

"The extra session will be a legislative update to focus on issues in health care," he said. "Our confirmed panelists include Florida legislators Don Childers and Bernard Kimmel, former representative Ed Healey, and Doris Reeves-Lipscomb, legislative representative from the American Association of Retired Persons."

"We've also sent invitations to Congressman Dan Mica and Senator Paula Hawkins," Townsend said.

Each panelist will make a five-minute opening statement that will answer questions such as 'what are the critical issues in health care and health education, 'what are the legislative measures now in process,' and 'what can the consumer do to promote good legislation?'

The program will conclude with a question-and-answer period.

Deadline For Contact

The news bureau is planning a new issue of Contact, the PBJC publication which goes to alumni and is also distributed to the general public. We need to move quickly to get our printing and distribution in time for registration for the Winter Term.

If you have an item you would like to appear in Contact, please get in touch with us by Wednesday of this week. We have plenty of material for the publication, but would like to hear from you about any special projects you have in mind. The news bureau number is 8076.

STATISTICS YOU CAN USE

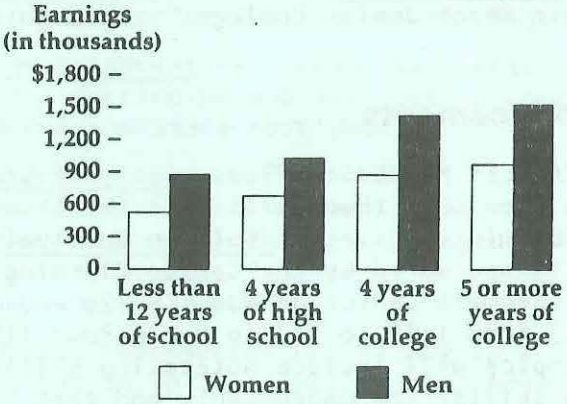
Lifetime Earnings, Educational Attainment

The Census Bureau recently estimated the average lifetime earnings of men and women by level of education. The data presented are based on year-round, full-time workers and a work cycle which begins at age 18 and ends at 65.

- The higher the level of education achieved, the greater the expected lifetime earnings.
  - —Male college graduates will earn an income 34 percent greater than males who are high school graduates.
  - —Women who are college graduates can expect to earn 33 percent more than women with a high school education.
- Women can expect to earn significantly less during their lifetime than their male counterparts at all levels of education.
  - —Women with a college degree can expect to earn 65 percent of what male college graduates will receive.
  - —Women with five or more years of college will earn 64 percent of what males with a comparable education will receive.
- In fact, male high school graduates can expect an income 23 percent higher than female college graduates.

(This profile was compiled by the Division of Policy Analysis and Research, American Council on Education. For further information, call (202) 833-4744).

Expected Lifetime Earnings by Level of Education Attained, 1979 (in 1981 dollars)



Source: U.S. Bureau of the Census, Current Population Reports, Series P-60, No. 139, *Lifetime Earnings Estimates for Men and Women in the United States: 1979.* Earnings are based on year-round, full-time workers from age 18 through age 64.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 5 November 19, 1984

$2,000 For Campus Beautification

Over 300 In Second Annual Five Mile Run

With the crack of a pistol, over 300 runners took off from PBJC Central on Nov. 10 in the college's Second Annual Five Mile Run. When it was all over, PBJC had awarded 54 prizes worth over $1,800,and had netted $2,000 for the campus Beautification and Environmental fund.

What is more, the 1984 race was successful in fostering an esprit de corps amoung the college, its employees and the community.

Over 50 employees from three of the four campuses volunteered to help with registration, publicity, timing, refreshments, prize solicitation, first aid and other miscellaneous duties.

"Obviously, there is not enough space in the Monday Report to list each person individually, but we would like to thank everyone who helped make the run the success that it was," said George Matsoukas, race chairman.

"We also would like to thank the merchants who were so generous in donating gifts,

Dr. Eissey Receives Honorary Appointment

Dr. Eissey has been appointed First Vice President of St. Jude's Children's Research Hospital located in Memphis, Tenn.

St. Jude's, a national organization whose president is Danny Thomas, is one of the foremost children's research hospitals in the world.

Dr. Eissey has been a member of the board of directors of the charitable organization for several years. Along with the appointment as first vice president comes membership in the executive management

Cont'd on P 3

THAT GUY on the ladder is not doing an imitation of the Statue of Liberty. Actually, it's Dr. Eissey, firing the gun that started over 300 runners of various ages and skills on a five-mile race through John Prince Park on Nov. 10. PBJC's Third Annual Five Mile Run has been set for Nov. 2, 1985.

Students Are The Center Of Our Attention

Dan Hendrix

Many Monday Report readers will have their own special memory of Dan Hendrix as we think of him following his death late Monday evening. We will think of him as colleague, friend, teacher, counselor and Phi Theta Kappa sponsor here at the college. My own favorite memory is of a time when he was chairman of the school board, presiding when the irate citizens of Lake Worth packed the high school auditorium to protest a plan to close the high school down.

When it finally came my turn to speak, I got through my planned beginning and started building up a head of steam, when I happened to glance up at the podium, and there was Dan, with such a quizzical look on his face that I knew immediately that I could sign off quickly, and get us all home earlier.

By his look, and a little gesture he threw my way, I knew that Dan, the thinking man, had already absorbed the arguments, and saw it my way. I knew that Dan, the feeling man, could sense the sincere concern in that room, and would never vote against such an important asset. I knew that Dan, the politician, was keeping a wary eye on votes. I knew that Dan, the strategist, had scheduled the meeting because he needed a little help to get a favorable board vote, and he already had all the help he needed.

So I shut up and went home, and never gave the matter another anxious thought.

The high school is still there.

Dan died from his fifth heart attack. He died still an active man even though he retired from his teaching job with us in July, 1981, after sixteen years and after his fourth heart attack. He was still working within the main stream with a special eye toward the welfare of the black people, but with a heart and mind much too big to leave out any color of skin. He was always a human being first and a black man second.

If there ever comes a time when we are all a human being first and whatever else we are second, we ought to stop and throw a little salute to the memory of Dan Hendrix, who helped us get that way.

...Jonathan Koontz

University Representatives

Representatives of all nine state universities will visit Palm Beach Junior College Central on Nov. 29 to meet with students, faculty and staff, according to Ron Moses, counselor, who is coordinating the event.

The team from the university system will be in the college cafeteria from 9 a.m. to noon to meet with students who may be planning to attend one of the state universities. The public would be welcome during this session, Moses said.

From 12:30 to 1:15 p.m., the representatives will meet in the Continuing Education lecture hall for a discussion concerning changes in the state university system and to pass on information of importance to community college personnel.

All academic personnel at the college, especially all who are engaged in counseling, are invited to this meeting.

Hospitality Club Sponsors Dinner

The PBJC Hospitality Unlimited Club will sponsor a dinner Wednesday, Nov. 21 from 4:30 to 8 p.m. in the Hospitality Management Training Center (Rm. SC 101) at PBJC Central.

The menu will include spaghetti with meat sauce or chicken cacciatore, tossed salad, and homemade garlic bread--all you can eat--for $4 per person. Coffee, tea, and dessert will be 25-50 cents extra. For more information, call Charles Nachman at 8125.

College Plan On Agenda

Palm Beach Junior College trustees will be asked to approve a new College Plan at the November meeting of the board, Wednesday, 7:30 p.m., at PBJC South.

The trustees will arrive at 7 p.m. for a tour of some of the 11 relocatable buildings which make up the PBJC facilities in the northeast quadrant of the Florida Atlantic University Campus.

The College Plan is an updated version of the plan adopted each year by the trustees. It sets specific goals for the year ahead and for several years in advance. It also assigns responsibility, outlines major difficulties, and gives target completion dates.

Bids for alterations to the Administration Building at PBJC Central are on the board agenda, and there are six items involving change orders, plans, and inspections under Construction and Development.

Final approval for minor changes in two board rules and new clinical agreements for Occupational Therapy Assistant training are on the agenda.

Sabbatical Leave Requests

Please announce to all eligible faculty that requests for sabbatical leave must be submitted before Dec. 1, 1984.

Sabbatical leave may be granted for the purpose of travel, professional academic advancement, or health restoration if one does not have accumulated sick leave in a sufficient amount to take care of the health problem.

To be eligible for sabbatical leave, one must be in or beyond the seventh continuous year of full-time employment at the college. For further details regarding the guidelines for sabbatical leave, please see the Personnel Rules Manual, 6HX-18-5.37 on pages 35 and 36.

Please send all requests directly to Sarah Pappas at the North Campus. Dr. Pappas is chairman of the 1984-85 Sabbatical Leave Committee. She can be reached at 622-2440, ext. 256, if you have any questions.

Insurance Representative On Campus

American Family Insurance Co., which underwrites cancer/intensive care for personnel enrolled in the Gold Coast Educational Credit Union, has asked to be at the college according to the following schedule.

Central, 11/21/84, Administration Bldg., Conference Rm. B, 9:30AM-2PM; North, 11/26/84, Student Affairs Bldg., Academic Aff. Office, 9:30AM-2PM; South, 11/28/84, Admin. Portable, 9:30AM-2PM.

Ms. Arlene Fieldhouse will be American Family's representative. Those full-time personnel who are interested in cancer/intensive care insurance or who are interested in signing up for the credit union may wish to see Ms. Fieldhouse at the time of her visit. Since changes have been made in the cancer/intensive care insurance program in which some personnel have enrolled, it may be advisable for such personnel to receive updated information.

Additional information will be provided to full-time college personnel at the time when paychecks are issued on Tuesday, Nov. 20.

Dr. Eissey (cont'd from P 1)

board of the hospital.

"I was surprised and honored by the appointment," Dr. Eissey said. "I missed a meeting of the board of directors, and learned of the appointment when I received a report of the meeting."

The Third Annual Multi-Campus Softball Tournament was held Tuesday, Nov. 13 at the North Campus Jack Nicklaus Athletic Field. The results placed Glades and South tied for third, with North coming within one run of victory. Central prevailed for the championship with the final score Central 10, North 9. The next multi-campus event will be a bowling tournament. ...R. Moss

At the free kidney screening held recently, a total of 243 participated, and the following results were obtained:

PBJC Central, Oct. 16, 18, urine tested 137, blood pressure 143. Oct. 22, PBJC North, urine tested 37, blood pressure 44. PBJC Glades, Oct. 29, urine 50, blood pressure 56. ...Mary Cannon

The following position vacancy is open:
Instructor-Communications (North Campus): Position requires a master's degree with 18 graduate semester hours in English. Interested applicants should contact the Director of Personnel. ...J.M.Schneider

REMINDER: The Monday Report will not publish on Nov. 26. Our next issue will be Monday, Dec. 3.

Run (cont'd from P 1)

especially the First American Bank, who underwrote the cost of the tee shirts," he s[illegible].

According to some of the spectators, the race itself was interesting to watch. The first three runners to cross the finish line broke into a dead sprint about 1/8 of a mile from the ribbon. They were Al Stoner of Palm Beach Gardens, who placed first at 26:33; Mark Levdahl of Palm Beach Gardens, second at 26:37; and Bud Godfrey of West Palm Beach, third at 26:39.

First, second and third place overall for women went to Darlene Rappa of Boynton Beach (32:16), Dorie Jones of Boca Raton (34:00) and Roxanne Humphrey of West Palm Beach (34:08).

In lieu of trophies, the first and second placers (overall) won weekends for two to the PGA Sheraton, Palm Beach Ocean, Palm Beach Hilton and Jupiter Hilton Hotels, and the third placers each received a pair of John Weitz X600 sunglasses worth $75.

In addition, the first, second and third place finishers in each age category won gift certificates for sports merchandise, dinners, lunches or brunches from area merchants.

Several PBJC family members were among the competitors: Kateri Brunell (News Bureau) finished third in the 25-29 age category; Frank Cacciatore (head baseball coach) and the Pacers ran the five miles as a training run; John Connolly (communications faculty), Shannon Ginn (Foundation) and John McCranels (Alumni Association) were also in the race.

If you missed the fun this time, you have until Nov. 2, 1985--the date of the Third Annual Run--to volunteer or to get in shape.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 6 December 3, 1984

Big Payday In January

$600,000 Escrow Fund Released To Faculty

Acting from his "strong commitment to raise morale," Dr. Eissey told faculty members Thursday afternoon that he was not going to wait for a Supreme Court decision before distributing contents of an escrow account totalling about $600,000 to unit members employed between September 1981 and January 1983.

The checks, which will average about $3,000 before deductions for those employed during the entire period, could be available as early as Jan. 18.

Dr. Eissey said he had hoped to distribute checks to eligible faculty members before Christmas, but many individual calculations must be made, and there may be some collective bargaining complications.

The escrow account came into being in the first place because of collective bargaining complications--beginning in June, 1980 when the college proposed a strengthened managements rights clause and the union objected. A long legal battle ensued.

The escrow fund was started in September 1981 as a depository for a 9.5 percent raise which was in question, and it ended in January, 1983, when the 9.5 percent was added to salary schedules. Since that time, the fund has been gathering interest.

Disposition of the fund depended until Thursday on the Supreme Court decision. A decision for the union would have meant disbursement to the faculty. A decision for the college would mean that the trustees would then determine what should be done with the money.

In a letter to the faculty, Dr. Eissey noted that it had been nearly a year since final argument before the Supreme Court, and said he and the board decided to act now. The money will now go to the faculty regardless of the outcome of the case.

Dr. Eissey's announcement was interrupted twice by applause, and there was cheering added to the applause at the end.

Two Concerts On Tap This Week

The PBJC Music Department announces two free concerts scheduled this week.

The PBJC Jazz Ensemble and the Palm Beach Gardens High School Jazz Ensemble will co-host a concert of big band music Tuesday, at 7:30 p.m. at the Palm Beach Gardens High School Auditorium.

The program will feature music of Woody Herman, Count Basie, Sonny Rollins, Chuck Mangione, and others.

The PBJC Concert Band will perform Wednesday (Dec. 5), at 7:30 p.m. at the Twin Lakes High School Auditorium.

"This is the first concert of the season for the 45-member band, and we'll perform music of Richard Wagner, Clifton Williams, Sir Arthur Sullivan, and Henry Mancini," said Sy Pryweller, band director.

The second part of the program will feature the Twin Lakes High School Jazz Ensemble, directed by Dwane Earnhardt.

WINTER TERM REGISTRATION

Many currently enrolled students have not scheduled for the Winter Term. Please encourage all current students to register between now and the end of this term. They should register before all of the new students come in January.

. . . Charles Graham

Students Are The Center Of Our Attention

Left to Right:

Judge Russell O. Morrow
Dr. John I. Leonard
Dr. Harold C. Manor

Black border stories have been much too common in the Monday Report of late, but there was absolutely nothing common about the former Circuit Judge, former State Senator and Representative, State Attorney, City Attorney, Elder and Lay Minister who died Saturday, Nov. 24, at 77, after a long illness. Judge Russell O. Morrow was a most exceptional man, and he played an absolutely vital role in the history of Palm Beach Junior College.

The photograph shows Judge Morrow with Dr. John I. Leonard, first president of Palm Beach Junior College, and Dr. Harold C. Manor, second president. It was taken at a retirement luncheon for Dr. Leonard, about two years after Judge Morrow had been our state senator when the college obtained $1,047,000 for construction of the first buildings at PBJC Central.

Senator Morrow's help came at a key point in the life of the college. There was real danger that PBJC would cease to exist after it lost the use of the town hall at Lake Park. The appropriation came just in time to save the college.

Russ Morrow was not a colorful or flamboyant character. He was careful, balanced, intelligent, positive, forceful and dynamic in a quiet, constructive way.

Russ was here for our Golden Anniversary Open House--a shadow of his former self--still decent and honorable and upright through the force of character developed over a lifetime. But his memory was gone to the cruel syndrome from which he suffered, and almost all of his characteristic mental vigor. We tried to say goodbye then, to the man we knew, admired, and respected, but he had already left us.

We say goodbye now. He can hear us better. ...Jonathan Koontz

Workshop Meeting

A workshop meeting of PBJC trustees has been scheduled for Dec. 14 at noon in Conference B at PBJC Central.

The meeting has been called to discuss problems connected with phase one construction at PBJC North. Workshop sessions are informal meetings to background trustees on matters which may require action at regular board meetings.

LATE ANNOUNCEMENT: Attention Full-time employees: The Personnel Office has just received information from Walt Disney World which allows club members to visit the Magic Kingdom and EPCOT as many days as desired during January, May and September, 1985 at a $3.00 savings. In addition, during January only, there will be "one-day" and "two-day" tickets available at special savings. Contact the Personnel Office for further information.

...A. Johnson

Basketball Coach Resigns

If you are a reader of the local sports pages, you are aware that since the last Monday Report, Coach Jim Voight has resigned as PBJC basketball coach and Dr. Howard Reynolds has been appointed interim coach by Athletic Director Tom Mullins.

The team handed its new coach an initial victory by winning the Lake-Sumter Invitational at Leesburg, defeating the host team 90-87 in the tournament final. At that point, the year's won-lost record stood at 7-3.

Dr. Reynolds is a veteran of some 13 years of coaching during his career. One of those years was 1975-76, when he stepped in at PBJC during a previous emergency, when Bob Wright resigned two weeks before the beginning of a Fall Term.

That year was a successful year, with the team going to the state tournament for the second time in its history.

By the time you read this, the Pacers will have played Brevard last Thursday night in the first home game under the new interim coach. The team lost to Brevard Nov. 13, 92-84.

The next home game is tomorrow night against Palm Beach Atlantic.

PBJC North Booth At Malls

Palm Beach Junior College North will provide information and take registrations at the Twin City Mall in North Palm Beach on Thursday and Friday, Dec. 6 and 7 from 1-9 p.m.

The college will also set up the booth at the Jupiter Mall on Thursday and Friday, Dec. 13 and 14 from 1-9 p.m.

"PBJC North would like to establish an identity and let people know it is part of the (north) community," said Dr. Ottis Smith, PBJC North provost. For more information, call 622-2440.

The Season To Share

After last year's intial success to aid a needy family at Christmas, physical plant's Don Pearsall is again hard at work seeking donations for this year's drive.

According to Don, boxes are now in place in the Central cafeteria to collect canned goods. In addition, small containers have been placed at registers located in the bookstore, the cafeteria and security office at PBJC Central to accept cash donations for the fund. PBJC North, South and Glades are also participating in the effort.

Also on the agenda, Don added, is a raffle, with tickets selling for $1 donation. Representatives throughout the campus will be selling tickets, and first prize will be "A Basket of Cheer." The drawing takes place Dec. 21 at physical plant.

For further information, contact Don Pearsall or Marla Tatman at 8037.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 7 December 10, 1984

Internationally Known Speaker, New Stage

Graduates Become Alumni On December 18

Plans for the Winter Term Commencement exercises Tuesday, Dec. 18, include an internationally known speaker, a new stage, and a new ceremony inducting all graduates into our alumni association.

The speaker is William H. Doherty, a professional platform speaker and the 1983 winner of the International Speakers Competition. He recently completed a temporary assignment on the PBJC professional staff.

Doherty was an assistant professor at Mount St. Mary's, Gettysburg College, and Penn State before making a career from his increasing prominence as a public speaker. He is now a Palm Beach Gardens resident.

Doherty will be speaking from a new stage recently obtained for use when the gym is pressed into service as an auditorium.

The alumni association ceremony is part of a new emphasis being given alumni by the college.

Some 200 of the 250-300 Winter Term graduates are expected to take part in the ceremony, scheduled for 8 p.m. at the gym.

A president's reception for graduates is scheduled for 11 a.m. in the Student Activities Center on the same day.

Insurance Cost To Go Up 48 To 75 Percent

On December 3, 1984, I met with a representative from Gulf Life Insurance Co. who informed me that effective Jan. 1, 1985, our health insurance premiums would be increased between 48 and 75 percent. The exact premium amount will depend on how we fund our maximum liability under our health insurance program.

Based upon this very late acknowledgment of a major premium increase, we have stated to Gulf Life that it would be nearly impossible to make a premium change on Jan. 1, 1985. As a result, we have requested a one month delay in the premium increase.

We have also requested that the State Insurance Consortium provide us with a quotation on a health insurance program. Please note that the Consortium does not provide the same type of Preferred Provider Organization (PPO) health insurance program. Therefore, a proposed plan from them would not match the benefit levels that personnel and dependents currently have.

In addition to the contact with the State Insurance Consortium, we have contacted three Health Maintenance Organizations (HMO's) who had previously expressed an interest in providing health benefits

Agreement Reached On Escrow Division

The administration's plans for division of the $600,000 escrow account were approved by the United Faculty at a collective bargaining meeting Wednesday afternoon, and preparations are now going on for distribution of checks in January.

Unit members employed between September 1981 and January 1983 will receive checks for 9.5 percent of the salary earned during that period plus a pro rata share of the interest accumulated in the account.

A number of questions about specifics were discussed. It was agreed that for income and social security tax purposes, the income would be for the year in which the payment was received--1985.

No one present cared to predict how the payment would be treated by the state retirement system for those who have already retired.

The problem of the huge increase in health insurance premiums, outlined in the story beginning on page one of today's Monday Report, was discussed. Union representatives said they had been preparing an alternative health insurance plan for discussion during the next bargaining session, and would develop that plan more quickly as a possible alternative in the present situation.

There was tentative agreement to gather more information and meet again on Dec. 18 to discuss the health insurance problem.

Announcements . . .

The following position vacancy is being announced:

Manager of Bookstore: Position requires a minimum of four years of similar responsible office and/or business experience. Graduation from high school and a college degree in Business Administration, Merchandising and/or Retailing is highly desirable. Data/computer knowledge and/or experience is desirable.

Interested applicants should contact the Director of Personnel. ...J. M. Schneider

Any faculty or staff members having family graduate on Dec. 18 and wishing to present the diploma, please contact Madlyn Hebert as soon as possible at 8105.

End of Fall Term Instructors Key Check for those NOT teaching the Winter Term will be on Monday, Dec. 17 from 8-12:30 and 1:30-4 p.m. Please return all assigned keys along with your Faculty Check Out sheet to the inventory office rear of the Bookstore building. Those instructors scheduled to teach the Winter Term DO NOT NEED TO AUDIT THEIR KEYS AT THIS TIME. Thank you. ...Mary Ann Reasner

Give yourself the Christmas present with a lifetime of memories. Join the Business Department's unique, custom designed tour of Japan in May, 1985. ...Ann Steckler

Insurance (cont'd from P 1)

for college personnel and dependents. It is possible for college personnel to have an option to enroll in either a standard insurance plan such as Gulf Life or an HMO.

A further report will be issued after the college receives additional correspondence from Gulf Life. ...Joseph M. Schneider

Dr. Eissey (cont'd from P 1)

sentence reads: "As President of Palm Beach Junior College, a position he has held for the past 5 years, he has wielded a masterful hand in the organization of that school."

Although the size of the ticket donation for the event, $150 per plate, precludes any large attendance from the college, the chairmen of the ball, Robert and Mary Montgomery and Richard and Patricia Myers, are important members of the extended family of the college, and we will be well represented by them and a few others.

In accepting awards, Dr. Eissey always credits the faculty and staff of the college. In honoring him, B'nai B'rith is recognizing all who work for the success of the college.

Basketball Pacers Continue Their Winning Ways

When we reported last week on the basketball Pacers, they had just won the first game under new interim coach, Dr. Howard Reynolds.

We are happy to be able to report that the trend continues.

The Pacers have won two more, defeating Brevard 111-100 and Palm Beach Atlantic 88-76.

When you include one default, the Pacer record is now 4-0 under Reynolds and 5-3 under Jim Voight. Combining those two figures, the Pacers are now at 9-3.

For a team composed largely of walk-ons after seven scholarship players defected before the season got underway, that record has to be a very pleasant surprise.

The win over Brevard reversed a 92-84 loss three weeks ago, and was a convincing win over a taller opponent.

The quality of play of both teams, however, was spotty, and both teams will have to improve if they are to be a factor when conference play gets underway after the holidays.

By the time you read this, the Pacers will have faced some additional community college opposition in the Florida College Classic Dec. 7 and 8 at Temple Terrace. They are scheduled to play Manatee tonight at Bradenton.

The final game before the holiday break will be Thursday night against Florida Memorial at the PBJC Central gym at 7:30 p.m.

Telephone Notes

I have received several complaints over the last few weeks that employees are transferring calls, unannounced, and hanging up. This creates problems for all concerned.

If you answer a phone call that must be transferred to another office or department, PLEASE have the courtesy to tell the caller they are being transferred, and then announce that call as a TRANSFER CALL.

This only takes one second of your time, but the benefits are great for at least three people.

FIRST: The person receiving the transfer is aware that the caller has already spoken to at least one other office and if they are upset, etc., is prepared to go the extra step to solve the problem, if at all possible.

SECOND: The person being transferred gets the feeling that you ARE trying to help them, and after all, that IS why we are here.

THIRD: You, as the person transferring the call, know you did your best to help, and who knows when YOU will be in the first spot receiving a transfer and would appreciate the "warning" of TRANSFER CALL.

If I can be of any assistance to you with this, or any other phone problem, please call me on extension 8000. ... Mary Tingler

Cancer Insurance

Arrangements have been made for Ms. Arlene Fieldhouse of American Family Corp. to return to the college to discuss the cancer/intensive care insurance offered through the credit union. Ms. Fieldhouse will be in the Conference Room at the Glades Center on Tuesday, Dec. 11 from 9:30 a.m. to 2 p.m. She will also be on the Central Campus in Conference Room C on Thursday, Dec. 13 from 8:30 a.m. to 2:30 p.m.

Full-time personnel who are not currently in the credit union may also sign up for membership in the Gold Coast Educational Credit Union during a discussion with Ms. Fieldhouse.

...J.M.Schneider

LATE PERSONAL...According to Dr. Ottis Smith, 18 people from the North Campus have volunteered their time for the Winter Term recruitment program at Twin City Mall on Dec. 6 and 7 and at the Jupiter Mall on Dec. 13 and 14. We hope this is a great success.

THIS Week . . .

Dec. 10	Early registration fees due
Dec. 11-13	Final exams
Dec. 13	Basketball; Pacers vs. Florida Memorial; 7:30PM, Gym
Dec. 14	"Messiah" performed by Masterworks Chorus of Palm Beaches under direction of Jack Jones (a 90-voice chorus accompanied by a chamber orchestra); PBJC Glades Dolly Hand Cultural Arts Center, 8PM; $12

. . . AND Next

Dec. 17	Grades due in Registrar's Office, 4PM
Dec. 18	Commencement Exercises; 8PM, PBJC Central Gym. (President's reception for graduating sophomores, 11AM, SAC Lounge.)
Dec. 19	Trustees meeting; 7:30PM, Conf.C
Dec. 19	Final day to complete all application procedures for regular admission, 3PM

Courses . . .

Dec. 12-16	Real Estate Exam Review, 4X, W,T,F, 6-10PM; Sat., 8AM-5PM, CE123; $20

Personals . . .

Congratulations to Herman Pride, who has been named to the 1984-85 edition of Marquis' "Who's Who in the South and Southwest." Herman was also listed in the current edition of the publication, and has been featured in several other Who's Who listings for his vocational and religious endeavors.

PBJC Journalism students Barbara Tomko, Paige Schector and Gabe Hernandez and a future student Ron DuPont were applauded for their work in helping to prepare the program for the PGA Seniors Championship in a recent letter to Dr. Eissey from Gordon J. McKnight, Director of Marketing. Student participation was arranged through Dr. Eissey and coordinated by Dr. Art Noble.

Dr. Eissey has received notification from the Dean of the Graduate School at the University of Tulsa that one of our graduates, Sharon E. Mannion Vereyken was awarded a D.Ed. on Aug.3. The letter stated that Tulsa is looking forward to enrolling other students from PBJC.

NOTICE REKEYING THE BUSINESS BLDG. on Friday, Dec. 14. New keys will be issued from the Inventory Office starting Thursday, Dec. 13. Thanks for your cooperation. ...Gary McCoy

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 8 December 17, 1984

Scholarship Funds Donated

New Entranceway, Cafeteria, Lounge On Board Agenda

Plans to completely remodel the entrance passageway to the Paul Glynn Student Center, the cafeteria and the staff dining lounge will be considered by the board of trustees at the December meeting Wednesday, 7:30 p.m., in Conference Room C at PBJC Central.

The plans include a student drop-off area similar to the one in front of the administration building, and a covered entrance way leading to the student center.

The area south of the finance building and east of the bookstore, now a sandy wasteland, will be landscaped and put to use.

The cafeteria will be remodeled and the entire western section changed to create a new faculty lounge, and to open up and make more attractive the entrance to the student center.

Three items on the agenda concern this project--approval of educational specifications and of plans for phase one and phase two.

Appearing before the board will be Mr. and Mrs. William A. Mosow to announce a generous and sizeable donation to scholarships.

Two items on the agenda concern calendars--the student calendar for 1985-86 and the holiday calendar for the same year.

Terry Shoultes will report to the board on academic computing at the college.

Senior Players Present "Three Men On A Horse"

What happens when a meek writer of verse with a strange talent for picking winning horses gets mixed up with three slick professional gamblers?

Find out when the Senior Players present the comedy "Three Men On A Horse" Dec. 27-30 at the West Palm Beach Woman's Club, 105 S. Flagler Drive, West Palm Beach.

"This is one of the funniest comedies ever to hit Broadway," said Nancy Goodwin, director. "It was written by John Cecil Holm and George Abbot."

Harry Miele of Lake Worth portrays Erwin Trowbridge, a milk-toast type who passes the time during his bus ride to work reading abandoned racing forms and picking winners--though he never bets.

His wife, Audrey, is played by Felicia Hurlbut of Palm Springs.

Erwin meets Patsy (Victor Muller of Cresthaven), Charlie (Joe Mullally of Tequesta), and Frankie (Bob Mitchell, Lake Worth), in a barroom one night, and the three horseracing fanatics coax Erwin into forming a betting corporation.

They are joined by Mabel (Frances Niemann of Lake Worth), an ex-Ziegfield Follies girl who is now Patsy's girlfriend. The story unfolds.

Performances will begin at 8 p.m. Dec.27-28, and at 2 p.m. Dec. 29-30. Tickets will be $4-8, depending on the date, because

Cont'd on P 2

Look!! Immediate!!

The time for the all-college, all-employees meeting originally set for *2 p.m.* today has been changed to *10 a.m.* today. The afternoon time had to be cancelled because of an unexpected conflict with a very important meeting of the county legislative delegation at PBJC North at 2 p.m. which Dr. Eissey must attend. See you in the gym at PBJC Central at 10 this morning.

Students Are The Center Of Our Attention

More Good News About Those January Checks

The news about the January checks for unit members who were employed from Sept. 81 to Jan. 83 continues to be good.

The new era of good will and cooperation which Dr. Eissey had hoped would begin with his announcement to the faculty about distribution of the escrow account seems to be on its way.

One of the most positive indications of this is the absolute cooperation given by the union to the administration's plans for determining the amount of the individual checks.

At the Dec. 5 meeting, the union agreed that the administration's plans were fair and equitable, and had no changes to suggest. After inquiring into the details, the union simply agreed to everything the administration had proposed.

Each unit member who worked during that period will be given 9.5 percent of salary received during that time, plus a pro rata amount of the total interest earned by the escrow account. As is true of all salary checks, income tax and social security tax will be deducted.

The cooperation of the union noted at this time was also present to a certain extent back when the escrow fund was established by the college.

On that occasion, it was obvious that both sides had thought of an escrow account as a way of making sure funds would be available in case the courts decided to uphold the PERC decision on managements rights. Agreement was quickly reached.

Perhaps the action of the board and the administration in releasing these funds even though there was no obligation to do so will be a real turning point in the relationship of the administration to the faculty.

Building Memorial Committee Criteria

The building memorial committee, chaired by Dr. Elisabeth Erling, has been given the task of developing criteria for any individual memorial. The committee has developed the following criteria, which has now been approved:

Purpose: To honor or memorialize an individual.

Procedure: 1. A written proposal shall be submitted to the Chairman of the Building Memorial Committee, outlining the following: a. justification for memorial b. type of recognition (i.e., plaque, tree, etc.) c. location of memorial d. date to be awarded.

This proposal should be in the hands of the Chairman at least four weeks prior to the occasion. Scholarship awards shall be submitted to the Director of Financial Aid.

2. The Committee shall review the proposal and submit recommendations to the President.

Wishing Well Fountain

The Wishing Well Fountain is getting a face lift! The PBJC Chapter of FACC has taken this as a project so that the entire college can enjoy the fountain. Plans are being made to add a bench, lighting and plants to beautify the area. The "Coins in the Fountain" will be used for a project as yet undecided.

FACC wishes to express appreciation to Don Pearsall for his untiring efforts in donating many hours installing a new pump, painting, and giving the fountain a new look. Also, a special thanks to the others who have generously contributed to this project. ..K.Aiello

Senior Players (cont'd from P 1)

three of the shows will be benefits.

For ticket reservations or more information, call Nancy Goodwin at 686-8383.

Basketball Classic Begins Jan. 4

If you get tired of unwrapping presents and singing carols during the holidays, you can watch some exciting basketball action when PBJC and three other basketball teams pair off in the Palm Beach Classic Friday and Saturday, Jan. 4-5 at the gym.

In the opening game, the Pacers will play Meramec College of St. Louis at 7 pm. ; Miami-Dade South and Polk Community College will play afterward at 8:30 p.m. Game times for Saturday are the same.

At the Monday Report deadline, the Pacers had a 10-4 record after placing second in the Florida College Classic Dec. 7-8 in Temple Terrace. They were scheduled to play the Manatee Junior College Lancers in Bradenton last Friday.

If you can't make the Palm Beach Classic, you can still catch the Mean Green at home when they meet Florida International Tuesday, Jan. 8 at 7:30 p.m.

Tickets for the tournament are $2 for adults and $1 for students. PBJC faculty, staff and administration are admitted free.

Santa Arrives At PBJC South

Phi Theta Kappa at PBJC South had an unusual project for the Fall Term which came to a successful conclusion Friday morning. The chapter made all arrangements for a Christmas party for 57 mentally retarded children in a pre-vocational training center near the PBJC South campus.

Aine Feely, chapter president, said that the best Santa Claus in the area enlivened the party, and that there were Christmas stockings and individual gifts for each child.

The gifts, food (submarine sandwiches and soft drinks) and almost all costs for the party were donated by citizens and firms in the area.

"Instead of raising money and paying for everything, we asked people for direct donations for our party, and everyone responded generously," Feely said. Wayne DeBee is faculty advisor for PTK at South.

Collective Bargaining

Palm Beach Junior College and the United Faculty of PBJC have scheduled a collective bargaining meeting at 1:30 p.m., Dec. 18, at the Parks and Recreation Center in John Prince Park.

The purpose of the meeting is to continue discussion of health insurance.

Faced with an increase in premium ranging from 48 to 75 percent, the college and the union are seeking the best solution to the problem.

Student Government Survey

A survey of students at PBJC South by the SGA has given the faculty and staff there some extremely valuable information, especially as to immediate student needs and suggestions for expanding student activities.

"The survey is a fine example of work by our student government association," says Dr. Harris McGirt, Director of Student Services. "We gain considerable insight as to what our students want from these surveys."

The students ranked a change machine, a suggestion box, benches and tables, more vending machines, and a bike rack in that order as South Campus needs.

They favored more parties, sports events and cultural events and had a number of specific suggestions like student group trips to the Keys and to Dolphin games, Christmas Caroling, Chess Tournaments, Beach Bashes, and a dozen others.

The students got some 475 responses, which is nearly a fourth of the credit enrollment.

THIS Week . . .

PBJC MONDAY REPORT:

Volume VII, Number 9 January 7, 1985

Orient Express(ion) Comes To PBJC

Start The New Year With Zen/Kabuki

Shozo Sato, Japanese artist-in-residence at the University of Illinois, will be presenting two unusual programs at Palm Beach Junior College this week. All interested faculty, staff, and students are invited to attend Professor Sato's slide/lecture/demonstration on Zen Philosophy: Its Influence on Japanese Visual and Performing Arts.

This lecture, colorfully illustrated with slides, will be held Wednesday from 11 a.m. until 1 p.m. in the Allied Health Lecture Hall.

It should be of interest particularly to all music, drama, art, and humanities students and faculty.

Professor Sato, who has designed, produced and directed many Kabuki Theatre plays, will also conduct a special workshop on Kabuki Theatre Techniques for all drama and music students on Thursday, Jan. 10 from 12:30-2 p.m. in CE 121.

Space is limited at this workshop, so faculty members who are desirous of having their students attend should contact Sunny Meyer at 8142.

Professor Sato will also be available to attend classes on Jan. 8, 9, 10 at the invitation of faculty members who are interested in expanding their own and students' horizons with this unique experience and being able to speak with Professor Sato personally or to ask questions about Japan and/or its art forms.

Cont'd on P 3

Hearing Officer Upholds Suspension

The actions of Dr. Eissey and the substitute board of trustees in suspending Dr. Joan Young and Frank Leahy for their dissemination of the 1983 evaluation survey results have been upheld by a hearing officer of the Public Employees Relations Commission.

Hearing Officer Kay L. Wolf reached her conclusion after reviewing the extensive record before the substitute board and before Hearing Officer Thomas W. Young III, who withdrew from the case after being offered employment by the union.

Wolf's order fills 24 legal pages and included a history of the case, disposition of outstanding motions, a list of four issues, a list of 27 stipulations, a discussion of the facts in the case, a legal analysis, conclusions of law, and a proposed order.

Her report is a recommendation, and has no effect until acted upon by the commission. Both sides have until Jan. 9 to file exceptions prior to commission action.

Wolf found that in reporting survey results by percentages rather than in actual numbers, and by failing to differentiate between comments by various authors, the union had been misleading.

She noted that Dr. Young admitted that certain statements were known by her to be false, but were published.

Cont'd on P 2

Employment Processing

The next college paydate is Friday, Jan. 18. The amount of employment and payroll processing for this next paydate will increase by an estimated 500 paychecks as a result of new part-time faculty and the distribution of escrow funds to full-time faculty.

As a result, it will be necessary to have all employment information on new employees to the Personnel Office by 4:00PM on Wednesday, Jan. 9 for such employees to be paid on Friday, Jan. 18. ... J.M.Schneider

Duncan Begins 26th Season Of Reviews

Three biographies will usher in the 26th season of book reviews by Watson B. Duncan III, chairman of the communications department at Palm Beach Junior College.

The series will begin Friday, Jan. 11 at 3 p.m. at the Woman's Club Building, 105 S. Flagler Drive, West Palm Beach. Reviews will be held every Friday afternoon until Mar. 29.

For the past 25 years, Duncan has given the literary series during the winter season for the benefit of scholarships for PBJC communications students. The donation for each lecture is $3.

The following is the itinerary for January:

Jan. 11--"Nancy Astor: The Lady From Virginia" by Derek Marlowe. The story of a most remarkable woman of our century, and the first woman ever to sit in an elected seat in England's Parliament.

Jan. 18--"The Kennedys: An American Drama" by Peter Collier and David Horowitz. The best nonfiction book of the year; a Pulitzer Prize contender.

Jan. 25--"Lizzie" by Frank Spiering. The untold story--with its startling solution--of Lizzie Borden and the most famous and fascinating of all American murder cases.

For more information, call 8142.

Collective Bargaining

A collective bargaining meeting between Palm Beach Junior College and the United Faculty of PBJC has been scheduled for today at 3:30 p.m., in the Parks and Recreation Building in John Prince Park.

The meeting was called at the request of the college to continue efforts to resolve problems connected with a huge increase in premiums for health insurance.

Hearing Officer (cont'd from P 1)

She concludes that the nature of the comments, and particularly the fact that some of them were known to be false, exceeds the protection offered by labor law. Dr. Eissey and the board are not guilty of the unfair labor practice charged.

If Wolfe's major finding is upheld by the commission, the two hearings already held on this matter will have reached similar, but not identical conclusions. The substitute board found that the union in disseminating the survey results had engaged in "unethical conduct, unprofessional conduct and conduct constituting good and sufficient reasons for disciplinary action."

Wolf recommends that the commission should not extend the protection of Florida labor law to deliberately false and misleading publications.

It remains to be seen whether Wolf's recommendation will be accepted and whether the union will challenge beyond the commission level.

In a related matter, Wolf found that the college had erred in reprimanding Patricia Johnson, Charles McCreight and Lois (Sunny) Meyer, since they had no part in disseminating the survey.

Her recommended order involves the posting of statements on campus.

Personal. . .

According to the Fall 1984 newsletter of the Health Occupations Students of America (HOSA), PBJC Nursing student Pat Waldron has been named post-secondary member-at-large for the 1984-85 executive council.

Volunteers Needed For South Florida Fair

Once again, Palm Beach Junior College will participate in the 1985 South Florida Fair. The fair will open Thursday, Jan. 24 and continue for 11 days through Sunday, Feb. 3.

We are in need of volunteers to work the PBJC booth, with two people in the booth at one time, working in six hour shifts.

Please check with your supervisor first if you wish to volunteer during working hours. Contact the Testing Office at 8053 and provide the staff with dates and hours you are available.

On Monday, Jan. 28, there will be a College Career Day at the fair from 10 a.m. to 6 p.m. Academic advisors and department chairpersons who are available and wish to participate in this event are asked to call 8053.

Palm Beach County schools will be closed on Jan. 28 and the South Florida Fair will offer free admission and special events to high school students. ...Ron Moses

Bringing Joy

Don Pearsall, who untiringly headed the needy family Christmas drive, recently received a letter of appreciation from the Palm Beach Habilitation Center, and we would like to share part of it with you:

> Dear People Bringing Joy at Chrismas Committee: Your name is most appropriate to describe the wonderful spirit behind your generous gifts. The food and gifts you gave to our clients made the difference for them this holiday season. Four families who were faced with little more than empty cabinets and worse, empty hearts, instead were given the precious gift of your generosity and caring.

Through the combined efforts and concern displayed by members of the PBJC family, this year the committee was able to assist 12 needy families. A special salute and well-deserved thanks to all who contributed to the outstanding success of the 1984 program.

Senior Citizen Registration

On January 11, 1985 between the hours of 1 p.m. and 3 p.m., registration for Senior Citizens will be held. Those Senior Citizens who are new to Palm Beach Junior College will complete their registration in the Gymnasium rooms 106 and 107 and for those senior citizens who are returning students, registration is to be held in the Continuing Education Lecture Hall CE 100.

Special thanks goes to Gloria Hollis who is the coordinator for this special registration activity each term. The many signs that provides directions for the Senior Citizens were all done at Ms. Hollis' direction.

We ask your assistance in welcoming the Senior Citizens to the Winter Term at Palm Beach Junior College and your assistance in directing them around the campus if the need arises.

...Henry Saulter

Sato (cont'd from P 1)

This opportunity is being funded by the Staff Program Development Committee, so feel free to take advantage of Professor Sato's expertise. If you have any questions, or need more information, call Sunny Meyer at 8142.

Over 40 North Campus staff members chipped in and bought a Christmas present for Dr. Ottis Smith's office. It had been two and a half years since Dr. Smith moved in, and he had never put anything on the wall. The staff was tired of looking at dull,blank walls, so they decided to purchase a 4x3 oil painting from an art student at Central Campus (keeping it all within the PBJC family). Dr. Smith was surprised with the gift on Dec. 20 and was thrilled! ...Sarah Pappas

Personals (cont'd)

In a recent letter received by John Townsend, an administrator at Parkersburg (W.Va.) Community College referred to the article in Modern Maturity magazine which mentioned PBJC's successful seminar "Good Sense, Good Health, Good Life," and they have requested information about the course.

It is with sadness that we note the New Year's Eve death of Elio Opalio, father of Leona Opalio, bursar at South Campus. Our sympathies also to South math teacher Jack Bonnelli whose mother passed away during the holidays.

Announcements . . .

The Hospitality Management Department will again be offering Tuesday luncheons beginning Feb. 19 and continuing through Apr. 9. Menu items will be posted outside of the Hospitality Management Dining Room. Tickets are $4 and can be purchased directly from Charles Nachman. For additional information, call 8125.

The Student Affairs Department is seeking qualified tutors to assist students in the preparation for the CLAST on March 9, 1985. Tutors are needed in the fields of English and Math. Times are flexible and pay scales are commensurate with experience. Adjunct faculty is especially requested to apply. If interested, please contact Lois Pasapane, counselor, at 8174, mail station #38.

Recruitment efforts which took place on Dec. 17, 19, 20 and 21 at the City Federal Basketball Classic proved to be very positive. Along with PBJC cheerleaders and Ron Moses, we were able to complete five applications to attend Winter Term and we received names, addresses and phonenumbers of approximately 52 people interested in attending Winter Term.

Happy Birthday To . . .

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 10 January 14, 1985

Feb. 1 For Many Employees

Health Insurance Choice Recommended

The high cost of health insurance is about to become a very personal matter to all employees at Palm Beach Junior College. The trustees will tackle the problem Wednesday night at the January meeting of the board, 7:30 p.m., in Conference C at PBJC Central.

They will be asked to approve an administrative recommendation that will mean a change for everyone--but fortunately, not a catastrophic change. Indeed, for most folks, it may be a change for the better.

If the plan is approved, you will have the opportunity of choosing to change your coverage to the Gulfstream Plan, the only Federally approved HMO now operating in this area.

Even though this will mean a 20 percent increase in the premiums it will pay for you, the college will pay your individual premium on this plan, $75.43 per month.

If you wish family coverage, you will pay the premiums, which are somewhat higher than they have been in the past from Gulf Life, our present carrier, but much lower than the new Gulf Life rates will be. The premium will be approximately $96 per month.

You will be able to continue your present coverage with Gulf Life, if you prefer, but the college will only pay $75.43, and you must pay the remainder. As this is written, that exact amount is not known, but it will probably be in the neighborhood of $35 per month.

You can also continue family coverage with Gulf Life, but that will cost you 75 to 80 percent more than it has been costing, probably in the neighborhood of $140.

To continue the same plan of benefits we have had before from Gulf Life, at their new premium rates, would have meant an additional expenditure for the college of $340,000 per year.

At a time when we have already had to

CLAST/Gordon Impact Assignments Announced

Community Colleges throughout Florida are receiving some special funding this year for CLAST/Gordon impact with each college operating according to its own plan after approval by the Division of Community Colleges.

BJC has been working diligently to implement its CLAST/Gordon impact plan for this year.

Efforts already underway to improve counseling services and provide tutoring and other individual and group aid to students through Student Affairs will be continuing.

In Academic Affairs, seven people have been assigned special tasks in regard to CLAST/Gordon in the Winter Term.

Frank Littler, South Campus, has been released from his teaching duties to coordinate the college-wide academic activities throughout the four campuses on CLAST/Gordon.

He will be reviewing the curriculum to make sure we are teaching the essential skills required for CLAST and requiring the writing practice mandated by Gordon--and to assist in any way he can to make these efforts even more productive.

He will also be developing an assessment test, to be given after about 30 credit hours, to allow students to pinpoint weak areas while there is still time to strengthen them before the actual test.

Students Are The Center Of Our Attention

East Meets West At Central Campus

Palm Beach Junior College got a taste of the Orient last week when Shozo Sato, an award-winning Japanese artist/professor visited the Central campus to lecture on kabuki theatre and Zen philosophy.

Professor Sato demonstrated the technique of Sumi-E (black ink painting), and emphasized the total influence of Zen on the art.

"Zen philosophy..concerns reaching a goal without wasting effort," he said. "Black ink painting suggests the subject...captures its essence symbolically through the use of space."

In another lecture, Sato explained how movements of the hands, feet and head, voices, and costumes are used to depict characters in the traditionally all-male kabuki theatre.

Sato is a professor of art at the University of Illinois at Champaign-Urbana. His visit was funded by the Staff Program and Development Committee.

South Florida Fair

According to late word from Ron Moses, we still need volunteers to work the PBJC booth at the South Florida Fair. If you are available and willing to contribute your time, please contact the Testing Office at 8053. The fair opens Thursday, Jan. 24 and continues for 11 days through Sunday, Feb. 23.

There will be an orientation session for volunteers on Monday, Jan. 21, 10:30-10:50 a.m. in the Students Affairs Conference Room, Paul J. Glynn Building. Another session will be held Tuesday, Jan. 22, 1:45-2 p.m. at the same location.

Insurance (cont'd from P 1)

go through the painful process of cutting 2.5 percent from already lean budgets, and are facing the frightening prospect that we may have to cut more, that much additional expenditure was not possible.

Fortunately, the less expensive HMO alternative is available.

This article is meant only to alert you to the fact that a change is imminent, and to give some of the broad outlines. You will be receiving communication from Personnel on this matter, and these communications are important to you.

For non-unit employees, this change is indeed nearly here. The date is Feb. 1.

The same date may apply to unit personnel, or it may not.

As this is written, a collective bargaining meeting on Friday afternoon has not been held, and we do not know whether unit members will be allowed to choose the HMO or not.

We must pass that news on to you at a later date.

The trustees will, of course, consider many other agenda items at the Wednesday meeting, including many that are routine in nature and will be passed with one motion on the consent agenda.

Joan Holcomb, from PBJC North, will report on the IMTS Lab, and Julio Rive will report on his sabbatical leave. Trustee Willard Findling will report on the State Board of Community Colleges meeting.

There will also be a report on enrollment--and funding implications.

A reception for foreign students has been scheduled in the Student Activities Center Lounge immediately following the board meeting.

The February meeting of the board has been scheduled for Feb. 20, 7:30 p.m., at PBJC Glades.

Emerging Goddesses

A free musical and visual program celebrating femininity will be presented by the PBJC Continuing Education Division and the Florida Nurses Association (District 40).

"Emerging Goddesses" will be shown Thursday, Jan. 17 at 7:30 p.m. in the Allied Health Lecture Hall at PBJC Central.

"The program depicts the feminine spirit from ancient culture to the present, showing a feeling of spiritual connectedness among women through the use of photography and art," said Linda Postlethwaite, adjunct nursing instructor.

The slide presentation was compiled by Joan Delaney Grant of Washington,D.C., as part of her graduate degree work. Although she intended for it to be only a class project, it received such a tremendous positive reaction that she has shown it all over the country, Posthethwaite said.

The public is invited; people working in the caring professions are especially welcome. For more information, call 8012.

Update On Grants

The following grants have been accepted by the PBJC board of trustees November/December, 1984:

Vocational Education Grants: John Schmiederer, Coordinator

1. 3-Year District Placement and Follow-Up Program, First Year Funding, Dr. Melvin Haynes, Director $4,821
2. Vocational Education Annual Workshop for staff participation, Dean John Schmiederer, Coordinator.....$ 822
3. Special Services for the Handicapped, Dr.Haynes/Gail Tomei.....$16,600
4. Vocational Displaced Homemakers, Otis Harvey/Jennifer McCormick....$23,547
5. IMTS Lab North Campus, Dr. Ottis Smith/Joan Holcomb.....$72,780

Other Grants:

College Career Work Experience Program Institutional Allocations.....$25,000
Dr. Haynes/Hamid Faquire

...George Matsoukas

CLAST (cont'd from P 1)

Assisting Littler will be the following:

Central Campus -- Dr. Frank Adams, Communications; Dennis Alber, Mathematics.

North Campus -- Virginia Brooks, Communications; Sandy Collins, Mathematics.

South Campus -- Maureen Christy, Mathematics; Dr. Carol Wershoven, Communications.

Personal . . .

If you have noticed any peculiar looks going in the direction of Dave Guender, our giant, genial cafeteria manager lately, it's not because anybody dislikes Dave. It's just that we Dolfans are envious. Dave, who has relatives in Palo Alto, will be at the Super Bowl, and we would all like to be going with him.

Basketball Pacers

The basketball Pacers, 11-4 in the pre-conference part of the season, will already be in conference play by the time you read this. They are slated to play at Miami-Dade Wednesday night, and will be back home for their third conference game Saturday night in the PBJC Central gym, playing Edison. The team has already won more games than expected this year, and deserves your support.

THIS Week . . .

Thinking about going to Japan with the Business Department's Travel/Study Tour in May? Plan to attend an information session on Thursday, Jan. 17 at 12:30PM in BA 111. Sue Smith, instructor (tour leader), who has lived and taught in Japan and Luci Renault, travel agent, will be there to answer all questions. ...Ann Steckler

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 11 January 21, 1985

Effective Feb. 1

New Health Plan Approved By Board

Palm Beach Junior College trustees agreed Wednesday with the college administration to offer a choice of health insurance plans to all employees by Feb. 1.

Dr. Philip Lichtblau, board chairman, spoke with feeling about the recent emphasis on cost containment rather than quality of care, and said we are seeing the end of the traditional relationships between doctor and patient.

He said it was his personal belief that choice of physician was the most important single element in health care.

He added however that the Gulfstream Plan, (the Health Maintenance Organization plan to be offered to PBJC employees), "is a good HMO, probably the best HMO available at this time."

With board approval, the administration will organize an informational campaign about the Gulfstream plan.

The decision will apply to all employees, since the United Faculty had agreed on Jan. 11 to go along with the administration's solution to the difficult problem posed by a huge increase in premiums proposed by Gulf Life, our present insurance carrier.

Prior to this time, the college has been paying $62.65 per month for the Gulf Life Plan.

Beginning Feb. 1, the college will pay $75.43 for each employee who chooses the Gulfstream HMO plan, and will also pay $75.43 toward the Gulf Life premium. Gulf Life, however, will cost $96.56 per month, so that employees who choose to remain with Gulf Life will pay $21.13 of the premium.

Employees who desire family coverage will be able to purchase it from Gulfstream for $96.08 and from Gulf Life for $123.

Cont'd on p 2

Winter Term Enrollment Holds Steady

Winter Term enrollment stayed almost even with that of a year ago, totalling 12,520, down 193 from the year before, a 1.5 percent drop.

Credit enrollment showed a slightly larger drop, from 11,490 to 11,167, or 2.8 percent.

By remaining very near the same enrollment figures, the college was overcoming state and national trends toward sharply reduced numbers of students.

The total enrollment figures broken down by campus, showed tiny increases at all campuses except PBJC North, where the reduction was from 2,426 to 2,183.

Only PBJC Glades, with eight more students than a year ago, showed an increase in credit students. The other three campuses showed small decreases.

Total semester hours and FTE (Full Time Equivalent), figures that are important in setting the level of future state funding, were also down slightly. FTE decreased by 55 to 2,141.1.

Watson B. Duncan III Auditorium

On behalf of the board of trustees, Dr. Eissey would like to invite all faculty and staff to attend a ceremony formally naming the Watson B. Duncan III Auditorium. The event will take place Jan. 29, 2:30 p.m. at the building location. A reception will be held immediately following the ceremony in Conference Room C.

World Renowned Singer At Central Campus

One of the world's most famous singers, Eleanor Steber, will share her unparalleled musical background and knowledge with young singers of the area in a Master class today, 11 a.m. to 1 p.m., in Humanities 110 at PBJC Central.

Steber, whose Metropolitan Opera debut was in 1940, sang 33 leading roles at the Met in 404 performances before her retirement in 1966. She has sung in every major music festival in the world, with every major orchestra and every major conductor from Bruno Walter to James Levine.

The class will consist of performances by four vocal students from Palm Beach Atlantic College and four from PBJC. Steber will critique each performance.

There is no admission charge, but space is limited, and it is noted that the format of the class will limit its interest to persons with a serious involvement with vocal music.

Steber is in the area for an appearance with the Opera Study Guild on Monday evening and has generously agreed to give her time to the young singers of the area.

The appearance at the college was arranged through Jeanne St. John, a member of the board of directors of the PBJC Foundation, according to Hugh Albee, music coordinator.

"We are grateful for the chance to offer this opportunity to the vocal students and teachers of our area," Albee says. For more information, call Albee at 8144.

Health Plan (cont'd from P 1)

In presenting the plan to the board, Joseph Schneider, Director of Personnel, said that he would probably recommend rebidding our health insurance either during the late Spring or Fall of this year.

In other matters, Dr. Eissey presented a silver plaque to Dr. and Mrs. F. J. Dolly, thanking them for their generous donation of a half interest in 19.42 acres, valued at about $250,000, and for other generous gifts to the college, including a recent gift of 223 Malaysian Coconut Palms.

Reports were given by Joan Holcomb on the IMTS Lab at PBJC North, by Julio Rive on his recent sabbatical and by trustee Willard Findling on a meeting of the state board of community colleges.

Dr. Melvin Haynes reported that on an annual basis, college enrollment declined by 107.7 FTE's. Dr. Tony Tate postponed until the February meeting a report on funding implications of that decline.

Glades: "Let Us Entertain You"

The Spring Season at the Dolly Hand Cultural Arts Center at PBJC Glades will feature entertainment from Big Bands to Broadway.

On Feb. 22, Boots Randolph (of Yakety Sax fame) and his nine-piece group will perform. The show will start at 8 p.m., and tickets are $15 each. Rodgers and Hammerstein's "Oklahoma" will be performed Mar. 23 by Manhattan Savoyard, a New York touring company. The curtain goes up at 8 p.m., and tickets are $15.

Highly-acclaimed duo pianists Landsberg and Yount will appear in concert Apr. 18 at 8 p.m. Admission is $10. "Glenn Miller-the Man and His Music" will be presented by the Melody Booth Orchestra on May 3 at 8 p.m. The show will be a musical biography saluting the Swing Era giant. Tickets are $10.

For more information, call Judy Schiele at 996-7529 (Glades) or 439-8160.

Freedom Of Expression At PBJC

A number of news articles and letters to the editor in the local press in recent days and weeks have attacked the college about what should have remained a minor incident--the appearance of an insert in the Beachcomber and a subsequent disclaimer published the following week.

Dr. Arthur Noble, Beachcomber sponsor, and the person at the college who is most directly concerned, has recently written a response, and has sent it to the local press. His letter follows:

Dear Editor:

It had not been my intention to respond to the unfounded, unfair, untrue and damaging statements made in print by members of the John Birch Society.

It appears, however, that an organized campaign, malicious in intent, is underway. The President has spoken to several of the letter writers over the phone who told him they really knew only one side of the story.

Fact: There has been no censorship of the Beachcomber No college administrator, including the President, ever sees the Beachcomber before it appears on the stands.

Fact: The Trim insert was NOT removed, even though payment was returned.

Fact: The particular political viewpoint expressed by the Trim insert had nothing to do with the disclaimer published in the Beachcomber.

The disclaimer was necessary to protect the college's well-earned reputation for neutrality in political matters. We provide a forum for all viewpoints, and do not officially favor any viewpoint.

Fact: Every statement in the disclaimer is literally and completely true.

Fact: Had the TRIM bulletin been printed in the Beachcomber as a paid advertisement, it would have been accepted.

Fact: Every decision as to what would or would not appear in the Beachcomber was made by the Beachcomber student staff.

The longstanding traditions of freedom of expression at Palm Beach Junior College are alive and well. Statements to the contrary have strayed past the point of opinion, and have become false and defamatory statements of fact.

We do not wish to engage in a public debate over this matter. There is nothing to debate. All of the actions of the college in this matter have been open and honorable and have served the ends of freedom of the press and freedom of expression.

IMPORTANT ANNOUNCEMENT

A representative of the Gulfstream Plan, Fran Risting, will be visiting all campuses this week to explain the plan and to answer any questions. Three meetings are scheduled at PBJC Central and two for each of the other three campuses.

Risting will give an initial briefing at each meeting, followed by an open question and answer session. If there is difficulty in making the first part of a meeting, employees with individual questions may drop by between meetings.

Meetings are scheduled today at PBJC North in the conference room near Dr. Smith's office at 1:30 and 3:30 p.m. Tuesday's meetings are on Central Campus in the Continuing Education Lecture Hall at 11 a.m., 1:30 and 3:30 p.m. Wednesday, Risting will be at PBJC South at 1:30 and 3:30 p.m. Thursday, she will be in the Glades at 1:30 and 3:30 p.m. in the confererence room near Dr. Sims' office.

REMINDER: Deadline for items for the Monday Report is Thursday, noon.

PALM BEACH JUNIOR COLLEGE

PBJC MONDAY REPORT:

Volume VII, Number 12 January 28, 1985

Return Of The Native

Distinguished Visiting Professor/Lecture Series Begins

The first person to appear in a new series at the college, the Distinguished Visiting Professor/Lecture Series, will be Dr. Virginia Spencer Carr, a former PBJC faculty member who has, with only two books, become one of America's foremost biographers.

Her current book, John Dos Passos: A Life, has received critical acclaim equalling, if not surpassing, that given her first biography, The Lonely Hunter, the life of Carson McCullers. Both were nominated for Pulitzer's, and The Lonely Hunter received the Francis Butler Simkins Prize by the Southern Historical Association and Longwood College for "distinguished writing in Southern history."

Dr. Carr will give two lectures at PBJC Central on Feb. 11. She will speak at 11 a.m. in the Hospitality Management Dining Center on her latest book and the making of biographies. She will speak at 2:30 p.m. in the Allied Health Lecture Hall on Poland and Solidarity. Both events are open to the public.

Dr. Carr achieved her knowledge of Poland and Solidarity at first hand. She arrived in Poland as Fulbright Professor of American Literature at the University of Wroclaw the day after the Gdansk agreements, and she lectured widely throughout Poland during her time there.

She has been invited back to Poland by the Polish Ministry this summer, and has been nominated for another Fulbright there in the Fall.

In returning to PBJC, Dr. Carr is coming home. She is a native of West Palm

Cont'd on P 3

Don't forget your invitation from Dr. Eissey to the ceremony naming the Watson B. Duncan III Auditorium tomorrow, Jan. 29, 2:30 p.m. at the building, with a reception following in Conference C. This is not the big, public ceremony. That comes later, after the building is completed. This is primarily for the PBJC Family and friends.

WPB Jaycees Honor Dr. Eissey

Dr. Eissey has been selected for a new honor--he was named Outstanding Citizen for 1984 by the West Palm Beach Jaycees on Thursday evening, Jan. 17.

Our president's accomplishments in his position at the college were, of course, the background for his selection, but this particular award concentrated more on the work he does within and for the community.

Mentioned in the citation were his support for the Performing Arts Center, his energy in support of many local organizations, including Chambers of Commerce, his national work for St. Jude's, his state work as President of the President's Council, and other aspects of Dr. Eissey's busy life as a citizen.

This is Dr. Eissey's second prestigious award in as many months. In December, he received a national award from B'nai B'rith emphasizing his service to young people through education.

Meet You At The Fair

Palm Beach Junior College is again represented at the South Florida Fair, which opened last Thursday and will go through next Sunday.

Our booth this year is the standard one we have used now for several years, but the literature that has been gathered for the occasion is much more complete

Cont'd on P 2

Students Are The Center Of Our Attention

Deadline For Health Insurance

In an earlier communication, it was indicated that the Personnel Office would need enrollment cards from Gulfstream, for those who wished to transfer from Gulf Life, by Thursday, Jan. 24. That date was selected to enable the Personnel Office to process changes to the Payroll Office before the Feb. 5 paycheck is issued. The Gulfstream (HMO) Plan is effective Feb. 1, 1985.

If there are any enrollment cards in the campus mail, or for any other reason enrollment cards could not be completed, the Personnel Office will accept enrollment cards from the Gulfstream (HMO) Plan as long as they are received prior to 4:00 p.m. on Monday, Jan. 28.

Those eligible full time personnel who have not provided the Personnel Office with an enrollment card by Monday, Jan. 28 will have their Gulf Life health insurance retained. Such personnel will have a deduction of $21.13 for a single plan and $144.13 for a family plan from the paychecks issued on Feb. 5. ...J. M. Schneider

Gourmet Luncheons Begin Feb. 19

Tickets are available for the Hospitality Management Department gourmet luncheon to be served Tuesday, Feb. 19 from 11:30 a.m. to 1 p.m. in the Hospitality Management Training Center (Dining Room).

The meal features a choice of one of two soups: mulligatawny or vichyssoise; tossed salad or waldorf salad; broiled chopped beefsteak or chicken parmesan; herb pasta, sauteed fresh vegetables, assorted rolls, and coffee or tea.

The dessert menu includes crepes suzette or baked alaska.

The price is $4 (beverage and dessert are 25-50 cents extra). Reservations will be accepted as long as tickets are purchased at least one day before the luncheon. Tickets may be purchased by calling Charles Nachman at 8125.

Announcements

BOAT FOR SALE: The Foundation has for sale a 1970 model 28-ft. Allmand sport fishing boat. It will be sold to the highest bidder. Bids are due Feb. 1. For details, call the Foundation Office at 439-8072. ...Nancy Cherry

The Reading Center, AD 105, is open daily for free volunteer use by any currently enrolled student. A Reading Instructor is available from 9:30 a.m. to 12:00 p.m., MWF, to briefly describe the reading improvement laboratory program to any class. Call 8138 to set a date for this service. ...M. Bosworth

Reynolds Named Head Basketball Coach

Dr. Howard Reynolds, chairman of the Physical Education Department, was named head basketball coach for the 1985-86 season on Jan. 22, according to Athletic Director Tom Mullins.

"We named him to this position at this time because of his outstanding job as interim coach this year, and so that our basketball program would be stabilized," Mullins said.

Dr. Reynolds has nine years of coaching experience, including a year as a graduate assistant to Adolph Rupp, the legendary University of Kentucky basketball coach. He was PBJC director of athletics from 1969-79, and in 1975, he coached the Pacer basketball squad to an 18-11 season.

Reynolds is also the author of the college text "Teaching Basketball" (Burgess, 1983).

Classified Employee Advisory Committee

A subcommittee of the Classified Employee Advisory Committee recently conducted the election of new members for the 1985 calendar year. This subcommittee of Nancy Buhl, Donald Pearsall and E. Antoni Ricciardi reported the following results.

Area I-Academic Affairs Office: Mary Palmer, Member; E. Antoni Ricciardi, Alternate.

Area II-Business Affairs Office: Mary L. Tingler, Member; Marie J. Reddy, Alternate.

Area III-Student Affairs Office: Joyce Cates, Member; Vernelle Patrick, Alternate.

Area IV-Physical Plant Custodial:Paul Davis, Member; Olivia Bethel, Alternate.

Area V-Other Physical Plant: Donald Pearsall, Member; Jacob Kirkhart, Alternate.

Area VI-Other Office Personnel: Nancy Buhl, Member; Nancy Horvath, Alternate.

Area VII-PBJC Glades: Dianne Tillery, Member; Area VII-PBJC North: William Vasile, Member; Henrietta Caldwell, Alternate. Area IX-PBJC South, Barbara Belleman, Member.

...J.M.Schneider

CLAST Workshops Offered

The Student Affairs Department is offering preparatory workshops for all registered CLAST participants. There are three orientation meetings scheduled: Wed., 1/30, 2-4PM, or Wed., 1/30, 7-9PM, or Thurs., 1/31, 1-3PM. All sessions will be held in the Career Center Classroom (Rm. 109), and all CLAST participants are encouraged to attend one of the sessions.

The orientation sessions will consist of: the administration of a sample test, discussion of general test procedures, access of CLAST review materials, assignment of tutors, and the announcement of specific workshops, which will include test-taking skills, and test anxiety reduction sessions. For further information, please contact Lois Pasapane, CLAST Co-ordinator at extension 8233.

Visiting Professor (cont'd from P 1))

Beach. Her family is the pioneer Spencer family of Spencer Boat Yard. She is the daughter of the late Louis Perry Spencer and Wilma Bell Spencer. Her mother was for many years a writer for the Palm Beach Daily News.

At one time, Dr. Carr taught at Central Junior High in West Palm Beach, and she was the first chairman of the English Department at Forest Hill High School before transferring to PBJC. She taught English and Journalism at the college, and was sponsor of the Beachcomber and the literary magazine.

LATE PERSONAL Teresa Carroll, one of our students who was business manager of the Beachcomber, was seriously injured when a motorist who had fallen asleep at the wheel ploughed into the back of her car in front of the Palm Beach Mall Tuesday evening. Teresa appeared to be paralyzed from the neck down after the accident, and was undergoing surgery at Good Samaritan Thursday afternoon, at Monday Report deadline.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 13 February 4, 1985

Focusing On Underachievers

College 'Reaches Out' To High Schools

Local high school juniors and seniors are receiving help overcoming academic and psychological obstacles to a college education, thanks to a special grant-funded project sponsored by the Student Affairs Department.

DEDICATED TO DUNCAN --Trustees, faculty, administrators and other well-wishers gathered at the southwest corner of the Central campus last Tuesday to witness the official naming of the "Watson B. Duncan III Auditorium."

In the brief ceremony, Dr. Eissey said, "He is a legend in his own time, a master teacher whose love for his students is returned."

"This is a high water mark of my life and career," Duncan said. "All words are inadequate to express what I feel."

The ceremony culminated with the unveiling of a plaque that stands on the site of the renovation. Pictured above (L-R) are trustee Willard Findling and Honey Duncan looking on as trustee Dr. Philip Lichtblau, Watson Duncan and Dr. Eissey hoist the cover off the sign.

Through the College Reach Out Program, 25 under-achieving students from four area high schools are being given personalized counseling and instruction in reading, communications, computer literacy and other skills twice a week.

"This program focuses on unmotivated juniors or seniors who have the potential to go to college, but have not made the plans to do so," said Lori Hunter, counselor and coordinator of the program.

Other kinds of students chosen to participate include low achievers who have demonstrated leadership in nonacademic areas, students who score average or above average on standardized tests but have poor grades, those who are inconsistent academically, and students who are first generation college aspirants.

The participants were selected from four area high schools--Santaluces, Forest Hill, John I. Leonard, and Lake Worth--by a guidance counselor at each school.

"The foundation of this program is to increase motivation and self-esteem, because if a person doesn't feel good about himself, he won't work to better himself," Hunter said.

Cont'd on P 2

On Wednesday, January 30, 1985 a count was taken to determine the number of personnel who enrolled in the new Health Maintenance Organization (HMO) offered through Gulfstream. The total of 324 represents 61 percent of the approximately 530 eligible full time personnel.

Identification cards are expected to be issued to new enrollees before mid-February.

Students Are The Center Of Our Attention

A Winner Sends Thanks

Editor's Note: The following letter, written on letterhead from the Jupiter Beach Hilton and dated Jan. 22, 1985 was received in the President's office. It is a tribute to all the staff and faculty that have helped, and will continue to help, make the PBJC Run a success.

Dear Dr. Eissey:

My husband and I recently enjoyed a very relaxing weekend at the Jupiter Beach Hilton. Our trip was the reward for my first place finish in the women's division of your Second Annual 5-Miler. We wanted to let you know how much fun we had during the event, from the start of the race to the awards presentation and finally to our recent stay in Jupiter.

The PBJC 5-Miler, undoubtedly, boasted the best awards of any race in which we have participated in the last two years. We look forward to being a part of the race again in 1985...We would like to thank you for our little weekend away and wish you much success in the sponsorship of the race in the future. ...Sincerely, Henry and Darlene Rappa

Reach Out (cont'd from P 1)

Consequently, the academic subjects are supplemented with skills and values assessments, and classes in career research and success strategies.

"I think this is an excellent concept," said Dr. Melvin Haynes, vice president of Student Affairs. "By taking the students at the high school level and providing personalized attention in bridging the gap to college, they see the system as more sensitive and aware of their concerns."

The program began with an orientation session last Thursday. Sessions will be held every Tuesday and Thursday from 3:30 to 5:30 p.m. until March 21.

Export/Import Course Begins Feb. 5

A course on how to win at international trade will be offered by the PBJC Continuing Education Division.

"Export/Import: Get in the Game" will be held Tuesdays, Feb. 5 through Mar. 12 and also Thursdays, Feb. 14 through March 21 from 6-8 p.m. in the Student Activities Center (Tuesdays) and AH 209 (Thursdays).

In six sessions, the course will cover qualifications needed, product selection, development of a marketing plan, using government resources, how to use a minimum of personal investment for maximum results, the concept of dealing in documents, reliability of foreign suppliers or banks, and other topics.

The instructor is Don Edelson, a partner of Marketing Management International, an international marketing consulting and management operation with an annual volume of trade in excess of $5 million.

Edelson's 20-year career in international trade has taken him to 23 countries, including Japan, Brazil, the People's Republic of China, the Philippines, and Germany.

LATE ANNOUNCEMENT: A large number of overload payments for faculty cannot be made on Feb. 5 because verifications from departments were received too late. The delayed payments will be made on Feb. 20. ...Joseph M. Schneider

Jazz In Jupiter

The PBJC Jazz Ensemble and guest trumpet artist Dr. Ronald McCurdy will perform a joint concert with the Jupiter High School Jazz Ensemble, Feb.5 at 7:30 p.m. in the JHS Auditorium.

"We will play big band jazz arrangements and feature a number of soloists," said Sy Pryweller, band director.

The guest soloist will be Dr. Ronald McCurdy, coordinator of the Jazz Studies program at the University of Kansas. Dr. McCurdy is a graduate of Glades Central High School and PBJC, and earned his bachelor's degree from Florida A & M University. He holds masters and doctorate degrees from the University of Kansas.

He is also involved as a Jazz Instructor for the Midwestern Music Camp, and is currently serving his second year as president of the Kansas Unit of the National Association of Jazz Educators (NAJE). He was recently appointed as Jazz Coordinator for the National Band Association (NBA).

Admission to the concert is free.

If you miss the concert on Tuesday,you can still have the opportunity to hear Dr. McCurdy. He will give a seminar on improvisation Wednesday, Feb. 6 at 1:20 p.m. in HU 110. All faculty and staff are welcome.

February Book Reviews

A mixed bag of mostly nonfiction will be offered in the February book reviews given by Watson B. Duncan III.

The literary reviews are held every Friday during the season at 3 p.m. at the West Palm Beach Womans' Club Building, 105 South Flagler Drive, West Palm Beach. Donation is $3.

The fare for February includes:

Feb. 8 "Iacocca: An Autobiography" by Lee Iacocca. The number one bestseller about the man who is the living embodiment of the American dream.

Feb. 15 "Sisters : The Story of Olivia deHavilland and Joan Fontaine" by Charles Higham. The lifelong struggle for supremacy over each other by the most famous pair of stage and screen sisters in America.

Feb. 22 "The Bridge Across Forever" by Richard Bach. A love story by the author of "Jonathan Livingston Seagull."

Noble Wines

How to tell the difference between rose and beaujolais (and other fine wines) will be the focus of a course offered by the PBJC Continuing Education Division beginning in February.

"Noble Wines" will be held Tuesdays and Thursdays, Feb. 14 through Mar. 7 from 7-10 p.m. in Room AH 215 at PBJC Central.

The course will begin with an introduction to enology, the art and science of wine and champagne production, which will cover the influences--regions, climate, and soil--that affect wine quality. Each session will focus on a different wine-producing area, such as Burgundy and Bordeaux, Germany, Italy and California. All sessions will include wine tasting.

"During the final session, we'll have an informal evaluation of what the students have learned," said Richard Groves, instructor. "We'll mask the bottles and have the students taste different wines and see if they can identify the age of each and the region from which each came."

Groves is a former PBJC student and representative of McKesson, Inc., a wine distributorship with corporate headquarters in San Francisco. The $35 fee includes all wine.

Mayo Smith Golf Tournament

Palm Beach Junior College athletic programs will be some $20,000 richer as the result of proceeds received from the Mayo Smith Memorial and Piggy Squadron golf tournaments which were played at the Atlantis Country Club.

The fourth annual Piggy Squadron event ended Wednesday, Jan. 23 with, coincidentally, PBJC Athletic Director Tom Mullins the only player to be a prize winner in the three separate events.

The seventh annual Mayo Smith Tournament, honoring the former major league baseball player and manager who lived in Lake Worth, was played in December.

Mullins was a member of a team which tied for third in the net best-ball of foursomes contest Monday, , played on a team which tied for fifth Tuesday in the net two best balls of foursome event, and was a member of the winning team Wednesday in a pro-amateur scrambles.

There were 92 players Monday, 88 Tuesday and 96 Wednesday.

The Piggy Squadron tournament, a fun event, was started by Atlantis Golf Director Jim Jamieson. a former touring pro. Originally it was for players who weighed at least 225 pounds. Entry has been liberalized in recent years to include golfers who once might have qualified under the weight restrictions, or who some day may.

Recipient of this year's "Most Outrageous Piggy Award" was Pete Keogh of Wilmington, Del.

...Larry Bush

Minority Real Estate Scholarships

Once again, we have awarded all 10 scholarships from the Palm Beach County Community Housing Resources Board to minority students desiring to study real estate toward obtaining a Florida license.

At the beginning of the current term, we enrolled three students at PBJC Central, one at PBJC North, and, thanks to the tremendous efforts of Freddie Harrell, six at PBJC Glades.

Future scholarships are planned in this program. Interested persons should contact the Division of Continuing Education at 8189.

...William G. Graham

Nickel-Cobalt Alloy Investigation Underway

A two-part article in News and Views, a publication of the Florida Dental Health Laboratory Association by Irving J. Gerstein, senior instructor in Dental Health, tells of our part in an on-going investigation of nickel-cobalt alloys used in case removable partial dentures.

Questions have been raised about possible allergenic and carcinogenic properties of alloys using nickel and beryllium, and there is concern for both users and technicians.

PBJC is not involved in the medical investigation, but we are working with the Association in a systematic program to determine the quantities of various metals in a selected list of alloys.

The first of the two articles has already been published, and will also be published in national dental technology publications. The second will follow soon.

Personal . . .

According to latest word from Good Samaritan, PBJC student and Beachcomber business manager Teresa Carroll was listed in fair and stable condition, and is doing as well as can be expected. She has been transferred out of intensive care and is now in room 380B. Teresa was seriously injured in an auto accident several days ago.

Faculty Luncheons Begin Feb. 12

Some 30 to 35 faculty members at PBJC Central have indicated they will attend an interdepartmental luncheon at the Hospitality Management Training Center, (formerly known as the Foodservice Dining Room), at noon on Feb. 12, according to Dr. Tom Shostak, who arranged the meeting.

"We hope to bring the faculty together to share ideas, and to build better interdepartment relationships," Dr. Shostak said.

Jim Ponce, assistant manager at the Breakers Hotel, has been invited as guest speaker, Shostak said. Ponce will talk about the history of Palm Beach County.

Additional luncheons are planned in the future with the hope that the entire faculty at PBJC Central will be able to attend at least once during the term, Shostak said.

Advantages For Students Who Transfer With The AA Degree

The following list was prepared for a recent meeting of the Presidents Council BY REPRESENTATIVES OF THE STATE UNIVERSITY SYSTEM. It is gratifying to know that our message is getting across.

1. According to research, the person with the AA degree increases chances of completion and with a higher grade point average.

2. No required summer school attendance.

3. Protected under the provisions of the Articulation Agreement.

4. No additional general education course requirements.

5. No required test score (except for education programs).

6. No high school transcript required.

7. Less cost for housing and living expenses if living at home or even if living in home town.

8. Eligible for Community College Scholarships offered by universities. There is a half million dollars available through the nine universities.

9. Easier to get class schedules since competition for lower division classes is greater than for upper division courses.

10. Larger classes in lower divisions at some universities.

11. CLAST is still required but Community Colleges have a greater number of ways of assisting students to pass the test.

12. In many cases, more available personalized academic advisement.

13. Lower fees/tuition at Community Colleges.

14. The mandated community college counseling manuals provide up-to-date information concerning programs for AA degree seeking students.

15. Some universities have no forgiveness policy for grades. Some have limited (2 courses only) policies. Course repetitions are averaged. No AA degree means your repeated courses will be averaged and all attempts will count.

REMINDER: Virginia Spencer Carr, former PBJC faculty member and distinguished biographer, will appear at Central campus Monday, Feb. 11.

Dr. Carr's first lecture at 11 a.m. in the Hospitality Management Dining Room will be devoted to her latest book and the making of biographies. At 2:30 p.m., she will speak in the AH Lecture Hall on Poland and Solidarity. The public is invited to attend.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 14 February 11, 1985

Tenth Year Of A Unique Organization

Institute Of New Dimensions Plans Celebration

The friends of the Institute of New Dimensions, and that should include all of us at Palm Beach Junior College, are planning a celebration of the Tenth Anniversary of that unique organization on Friday, March 1, 10 a.m. to 2 p.m., on the south lawn of the Henry Morrison Flagler Museum.

If you don't have time for the entire celebration, you can choose the section of the program that you are most interested in. The admission charge of $5 will include a tour of the museum.

If the weather should dare to be inclement, the celebration will move inside.

The Convocation and Recognition section gets underway at 10:30 with Carl Martin as master of ceremonies.

A musical program begins at 11:30, and will inclde Rabbi and Mrs. Samuel Silver, folk songs, Susan Rada, soprano, with Dr. Paul Csonka at the piano, and Carl Martin, baritone.

A picnic on the lawn is scheduled for 12:30, and everyone should bring a bag lunch and thermos. Dessert will be served. Lunch is followed by a social hour.

The Institute of New Dimensions was founded by Dr. Etta Ress, a former instructor at Teachers College, Columbia University, who learned very quickly, back in 1975, that a retirement whose only purpose is recreation is boring to the point of stagnation.

Noting that there were thousands of others in that same position in Palm Beach County, and that low-level volunteer work did little for intelligence, enthusiasm and a zest for life, Dr. Ress found a unique solution.

Among those thousands were a large sprinkling of experts in many fields, whose need for an active life could be met with the opportunity to continue giving lectures

PBJC Libraries Offer Computer Lending Service

Have your checked out a computer lately? Now you can, literally, from one of the PBJC libraries.

The college recently bought five Radio Shack Tandy 1000 microcomputers, plus the peripherals, for lending out to faculty and staff.

Employees may check out from the library for a two-week period a Tandy 1000 processor with 128K of memory and two disk drives, color monitor, a dot matrix printer, and software that includes word processing and spread sheet programs. The software is compatible with the IBM personal computer.

"I hope the faculty, especially, as well as the staff will take advantage of this opportunity to become acquainted with the microcomputers," said Dr. Patricia Dyer, vice president of academic affairs.

PBJC Central has two units; South, North and Glades each have one. The persons responsible for administering the computer lending library are Wiley Douglass (Central), Alice Zacherl (North), Jean Anderson (Glades), and Dr. Dan Terhune (South).

"Radio Shack put on an educational seminar (Feb. 1) for 12 key people who would be in charge of checking the computers in and out," said Terry Shoultes, coordinator of instructional computer programs. "So, these

Students Are The Center Of Our Attention

Vocational Occupations Highlighted

Hpw far can a person go with two years of college? Palm Beach Junior College will answer that question in two presentations designed to introduce students and job-seekers to career opportunities in vocational occupations.

The programs will be held Monday and Wednesday, Feb. 25 and 27 from 1:15 to 3:15 p.m. in AH 201 at PBJC Central.

The first session will focus on Business and Engineering, and will include information about Legal Assisting, Marketing/ Management,Word Processing, Computer Technology, Electronics Technology and Land Surveying, education and career opportunities.

The second session will outline degree and certificate programs in Art, Criminal Justice, Dental and Related Health, and Home Economics.

"We plan to answer questions about entry level salaries, skills and interests needed, working conditions, and job outlook for various industries," said Gail Tomei, coordinator.

"Vocational occupations involve a short period of time in training, and can lead to satisfying and rewarding careers," she said.

Admission is free, and the public is welcome. For more information, call the Career Planning and Placement Center at 8056 or 8057.

New Dimensions (cont'd from P 1)

in their field of expertise. The remainder could benefit from the opportunity to attend, and to explore their own areas of interest.

With the aid of a small grant and other aid from the Retired Senior Volunteer Program, Dr. Ress put together the Institute of New Dimensions as an organization to provide the opportunity for these two groups of people to get together for their mutual benefit.

The first years were small, but promising. There were eight lecturers and 47 different classes in the first year.

By 1977, Dr. Ress was looking for more classrooms and a permanent sponsor, and found both through the Division of Continuing Education at PBJC.

This year there are 73 lecturers, giving over 200 lectures at PBJC Central, PBJC North, and the 45th Street Campus of FAU, (where PBJC North used to be located), from November through April.

In addition, there are 28 neighborhood lectures in four libraries throughout the county, and monthly field trips.

There were 2,900 attendees to lectures in January, alone. Enthusiasm and average attendance are higher than ever before.

There are 650 members of the Institute this year. They pay $26 for the year, and may attend any lecture, lecture series, neighborhood forum, or field trip. They may bring non-member friends at $2.25 per single lecture or each session of a course.

The Institute has offices at PBJC Central and PBJC North and puts out its own catalog annually. If you have not seen a recent catalog, you will be amazed at the variety of offerings, and the distinguished faculty.

Insofar as the college is concerned, the Institute not only pays its own way, it provides a growing spillover into our other Continuing Education courses and into regular classrooms.

Best of all, perhaps, we can all bask in a little reflected glory. We have had a small part in helping Dr. Ress, her officers and directors and her enthusiastic members develop an institution that is making life better, brighter and richer for thousands of our fellow citizens.

CLAST Workshops Continue

All students who are registered for the March 9, 1985 CLAST test date are invited to attend the many CLAST workshops being offered on Central Campus.

The Student Services Department is holding "Test Taking Skills Workshops" on Monday, 2/18 at 1:30 p.m., Tuesday, 2/19 at 12:30 p.m., or Wednesday, 2/20 at 7 p.m., and is also offering "Test Anxiety Reduction Workshops" on Tuesday, 2/26 at 12:30 p.m. or Wednesday 2/27 at 7 p.m. These will be held in the Career Center Classroom #109.

Through the Academic Affairs Department, Dr. Frank Adams/CLAST Coordinator for English (BA 308) is offering diagnostic pretests on writing skills and individualized help with essay writing. Dennis Alber/CLAST Coordinator for Math is presenting a "General Math Review Workshop" on Monday, 2/25 at 2:30 p.m. in BA 209.

In addition, the Student Affairs Department has CLAST review books available on a lending basis, and is also offering free tutoring to CLAST participants. Interested students should contact Lois Pasapane, Student Affairs Department, Room 111, 439-8233.

Musical Notes

Patricia Johnson (soprano), Bob Jones (pianist), and Dr. Ken Keaton (classical guitar) of the PBJC Music faculty will be featured during a music seminar Wednesday, Feb. 13 in HU 110 at 1:20 p.m.

The program will include selections from Bach, Handel, Scarlatti, DeBussey, Wolf, Albeniz, Mozart and Villas-Lobos, and will be performed as an ensemble and/or as a solo.

For those who miss the seminar, there will be an encore performance Sunday, Feb. 17 at 3 p.m. at the Norton Gallery of Art in West Palm Beach.

Admission to both concerts is free, and all faculty and staff are invited.

* * * * * * * * * * * * * * * * *

Winifred Hyson, pianist, composer and nationally certified teacher of piano, music theory and composition will be featured in a Master Music Class Friday, Feb. 22 from 10 a.m. to noon in HU 110 at PBJC Central.

Ms. Hyson's topic will be the teaching of Bach's keyboard works, according to Dr. Hugh Albee, music program coordinator.

PBJC will also host a meeting of the Palm Beach County Music Teachers' Association on the same day.

The class is free and open to all college personnel.

Computer Lending (cont'd from P 1)

people will be able to show faculty and staff how to use them."

The equipment, which cost $11,000, was purchased through a state grant for Programs of Excellence in Mathematics, Science and Computer Education.

Dr. Manor Receives Scouting Award

PBJC President Emeritus Dr. Harold Manor soars with the Eagles...Eagle Scouts, that is, such as former President Gerald Ford and Astronaut Neil Armstrong.

As of Feb. 6, he joined the ranks of the Boy Scouts elite who have received the Distinguished Eagle Award for long-time service to Scouting and to the community.

The award was given by the Gulfstream Council Boy Scouts at a meeting of the Rotary in Lake Worth. He received a 24-karat gold leaf plaque, a medallion and two types of pins.

In addition, the Gulfstream Council has named this year's class of Eagle Scouts "The Dr. Harold Manor Class of 1985."

THIS Week . . .

Feb. 11	Virginia Spencer Carr, noted biographer and former faculty member, presents two lectures: 11AM, Hospitality Management Dining Room and 2:30PM, AH Lecture Hall

Personals . . .

A big thank you to members of the administrative/management staff as well as the entire North Campus faculty for the lovely flowers and candy sent to Good Sam during my recent stay. They were really appreciated and helped me to get well quickly! ...Sarah Pappas

Personals (cont'd)

On January 27,1985, Richard Yasko,adjunct instructor in Art at South Campus, received the Mitchell Wolfson, Jr. Printmaking Award of $500 as the most deserving artist working with printmaking media. The award was made in conjunction with the annual Channel 2 Art Auction. ...Stafford Mooney

On January 27, 1985, Wendy Cohen, adjunct instructor in Art at the South Campus, received the Frank Gardner Award for Graphics. Ms. Cohen's work was on display at the Metropolitan Museum of Art. The award was made in conjunction with the annual Channel 2 Art Auction. ...Stafford Mooney

The student nurses took blood pressures at the Jai Alai Fronton, Friday, Feb. 8 from 11 a.m. to 3 p.m. In exchange, Jai Alai donated their facility for the pinning ceremony which will be May 4, 1985. We appreciate Jai Alai for this donation and are anticipating a good turn out as well as a good time. ...Betty Morgan

Announcements . . .

The Social, Cultural and Welfare Committee will be hosting an event at the Dolly Hand Cultural Arts Center Saturday, March 23. The evening will begin with dinner at the Clewiston Inn, followed by "Oklahoma" at 8 p.m. at the Dolly Hand Cultural Arts Center (general admission for the musical is $15). Tickets are limited so please contact Shelley Carton, 8016, before March 15 if you would like to join us. More information will be forthcoming regarding transportation.
...Marilyn Wojciechowski

Our South Florida Fair booth this year was characterized by good participation from the public and many volunteers from faculty, staff and students who were contributing for the first time this year. We'll talk a bit more about this next week.

Happy Birthday To . . .

2/12 Steve Woodrick
2/13 Bill Boorman, Bob Evelyn
2/14 Kathy Aiello, Ruth Lafferty
2/15 Don Busselle
2/16 Watson B. Duncan III, Norman Goldstein, Robert Goldstein

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 15 February 18, 1985

Tenth Anniversary Year

High School Drama Festival In SAC Lounge

Carolyn Jack, theatre critic at the Palm Beach Post, will be the guest judge at the 10th annual PBJC Drama Festival Thursday, Feb. 21, beginning at 9 a.m. in the SAC Lounge.

Jack and several drama faculty members will critique performances of one-act plays and excerpts from longer productions presented by the PBJC Players and theatre groups from six area high schools.

A special feature of the festival will be a performance by the PBJC Players of an original play entitled "Other Fish," written by Robert Goodrich, a PBJC drama major.

The schedule of plays is as follows:

9 a.m.--"Lunchtime Concert" by Oliver Wymark, presented by Twin Lakes High School.

9:45 a.m.--"In the Zone" by Eugene O'Neill, presented by Lake Worth High School.

10:20 a.m.--"Juvie," by Jerome McDonough, presented by Santaluces Community High School.

11:05 a.m.--"The Sandbox" by Edward Albee, presented by Palm Beach Gardens High School.

1 p.m.--"Toad of Toad Hall" by Kenneth Gra, presented by Glades Central High School.

1:45 p.m.--"Caesar and Cleopatra" by George Bernard Shaw, presented by Forest Hills High School.

2:30 p.m.--"Other Fish" by Robert Goodrich, presented by the PBJC Players.

3 p.m.--"Vanities" by Jack Heifner, presented by the PBJC Players.

The judges will select the best plays, which will then be presented to the public Friday and Saturday, Feb. 22-23 at 7:30 p.m. in the SAC Lounge.

Admission to performances on all three days is free, and all faculty, staff, and students are welcome. For more information, call Frank Leahy at 8139.

Board To Hear Fiscal Report

A report on fiscal affairs, postponed from a month ago, is on the agenda of the February meeting of the trustees, Wednesday, Feb. 20, 7:30 p.m. at PBJC Glades.

Dr. Tony Tate, Vice President for Business Affairs, had originally planned to present a report on the impact of enrollment on fiscal matters at the college at the January board meeting, but postponed the report for a month to acquire more complete data from the state on projected income.

Dr. Eissey will also discuss matters of budget concerns in a separate item on the agenda.

The board will be officially notified of the expiration of the terms of Dr. Philip Lichtblau, current board chairman, and Mrs. Dolly Hand, currently vice chairman, on May 31. Members are appointed by the governor to four-year terms.

By that date, Mrs. Hand will have served on the board for nearly 12 years and Dr. Lichtblau for nearly 10 years.

Board approval will be sought for a new Associate In Science Degree program in Accounting Technology, to begin in August, 1985.

Among bids to be considered by the board is one for the 1985 Summer Program of Art in Mexico.

Students Are The Center Of Our Attention

Dr. Carr Returns Home

Dr. Virginia Spencer Carr, a warm and gracious native of West Palm Beach and a former teacher at PBJC, proved last week that famous writers, unlike prophets, can achieve a certain amount of honor in their own hometown.

Introduced at the morning session by a life-long friend, Dr. Eissey, and in the afternoon by her former boss, Watson B. Duncan, III, as "colleague and friend," Dr. Carr spoke to large and enthusiastic audiences at 11 a.m. and 2:30 p.m., Feb. 11.

In the morning session she told many anecdotes from her eventful life since leaving PBJC in 1960, concentrating on the writing of her two books: The Lonely Hunter: A Biography of Carson McCullers and John Dos Passos: A Life.

In the afternoon, Dr. Carr spoke to an audience composed largely of members of the American Polish Club of her months in Poland as a Fulbright professor.

She had sought to go to Poland, she said, for experience behind the iron curtain in the hope of discovering the forces which caused John Dos Passos to switch from avowed liberalism in his early years to strong advocacy of conservative positions in his later years.

She found what she was looking for.

Socialism as it is practiced in the communist bloc is an idealistic system which fails in practice, and failing, becomes oppressive of those it governs--with many points in common with George Orwell's prophetic vision in 1984.

Arriving in Poland the day after the signing of the Gdansk agreement between Solidarity and the Polish government, Dr. Carr was able to observe, and in a small way to become a part of, "a time of hope for the Polish people."

Despite an oppressive government and many economic hardships, the Polish people have survived, she said, "because of their religion, art and a sense of history," and even more importantly, because of their "most wonderful sense of humor."

Dr. Carr has accepted an invitation to do a series of lectures in Poland in May, and hopes to go back again on a Fulbright in the fall. She is currently writing a novel based somewhat upon her experience there in 1980.

Shortly after Dr. Carr's talk ended, after she had answered some questions, Joe Konwinski, president of the American Polish Club, had an impromptu meeting of the club, right on the spot, and elected Dr. Carr an honorary member by acclamation of all members present.

Dr. Carr said it would give her great pleasure to be able to go back to Poland "as a card-carrying member of the American Polish Club."

Faculty/Counselors/Staff

Please announce to your students and all 84/85 PBJC graduates that Graduating Sophomore Scholarships are being offered to our outstanding PBJC graduates with a 3.0 or better grade point average and who plan to transfer to upper division by Fall 85/86. They are encouraged to contact the Student Fianncial Aids Office at the various campuses for applications. Deadline for applying is March 1.

Interested Black students transferring to University of South Florida with a 3.0 GPA or better and interested in making application for the $1,500 USF Black Scholar Award need to contact Financial Aid immediately.

Students transferring to University of Florida can apply for UF President's Scholarship--3.0/full-time enrollment at upper division--contact Financial Aid.

PTK members transferring to FAU--Business majors transferring to FAU-full tuition scholarships available--contact Financial Aid.

UF Honors Minority Scholarship to Black Undergraduate Transfer Students-$750 for academic scholarship--contact Financial Aid.

... Hamid Faquir

Bad News From The Fire Marshal

On May 18, 1984, a representative from the State Fire Marshal's office inspected PBJC Central Campus in accordance with recently adopted legislation. Prior to that time, an annual inspection was conducted by PBJC staff certified through the State Department of Education.

Although there were a considerable number of violations cited, several were found repeatedly in work and office areas. Our Physical Plant staff is in the process of correcting the violations.

In order to satisfy some of the violations cited by the State Fire Marshal, it will be necessary for each of you to take all personal type appliances, i.e., coffeemakers, hot plates, heaters, etc. to the Physical Plant for them to determine if they meet the State requirements for continued use in college facilities.

If they are approved for continued use, we are asking that personal inventory decals be placed on them. These decals are available from Mary Ann Reasner at extension 8148.

In the event the equipment does not meet the standards as established by the State Fire Marshal, they will have to be modified at the owners expense or their use must be discontinued here at the college. We are sorry that this action is necessary, however, we must comply with the State Fire Marshal's demands. ...Tony Tate

Concert Bands To Perform Thursday

The concert bands of PBJC and Palm Beach Gardens High School will present a free joint concert Thursday, Feb. 21 at 7:30 p.m. at the Palm Beach Gardens High School Auditorium.

The PBJC Band, conducted by Sy Pryweller, will play Aaron Copland's "Fanfare for the Common Man," "Variations on a Korean Folk Song" by James Barnes Chance, Gershwin's "Second Prelude" and Berlioz' "March to the Scaffold" from his "Symphonie Fantastique."

The Gardens High School Band, conducted by Wayne Miller, will perform Z.O. Elliott's "British Eighth March," "Exaltation" by Swearingen, and Robert Jager's "Third Suite for Band."

A special feature will be a performance of Haydn's "Trumpet Concerto in E-Flat," played by Mark Zauss, a Gardens High senior who is also dual-enrolled at PBJC.

For more information, call the Music Department at 8144 or Sy Pryweller at 8218.

A Winning South Florida Fair

PBJC's booth at the recent South Florida Fair was once again an award winner, both for design and for interest it generated among fairgoers.

According to Fair Committee Chairman Ron Moses, the college received a ribbon as a special award for participating.

Obviously, an undertaking of this size can't succeed without the help of a lot of people. Rather than list names and run the risk of overlooking someone, the Monday Report has decided to delete the list of more than 60 names supplied by Ron, and to issue a heartfelt thanks to all who contributed.

CLAST Workshops

CLAST workshops are continuing, with "Test Taking Skills" being offered today at 1:30 p.m., Tuesday, 2/19 at 12:30 p.m. or Wednesday, 2/20 at 7 p.m. in the Career Center Classroom #109. In addition, "Test Anxiety Reduction Workshops" are offered Tuesday, 2/26 at 12:30 p.m. or Wednesday, 2/27 at 7 p.m. also in Room 109.

Dr. Frank Adams continues to offer help on writing skills and Dennis Alber is presenting a "General Math Review Workshop" Monday, 2/25, 2:30 p.m. in BA 209. For further information, contact Lois Pasapane, 8233.

THIS Week . . .

Feb. 18	College Survival Skills Workshop; 1:30PM, Career Center, Rm. 109
Feb. 18	Final day to complete application for graduation
Feb. 20	Trustees meeting; 7:30PM, PBJC Glades
Feb. 21	Free concert: PBJC Concert band in joint concert with Palm Beach Gardens H.S. Concert Band, 7:30PM,PBGHS Aud. Contact Sy Preyweller, 8218.
Feb. 22	Boots Randolph Show at Dolly Hand Cultural Arts Center; PBJC Glades, 8PM. Tickets $15. For more info, call Judy Schiele, 8160 or 996-3055
Feb. 24	Piano recital; Philippe Drevet, PBJC adjunct music instructor and international pianist, will perform piano selections by various French composers; Flagler Museum, Palm Beach; 8PM. Tickets $15 adults, $10 students. Call 8142 for more info.

. . . AND Next

Feb. 26	Softball; PBJC vs. Miami/Dade North, 3PM

Feb. 21	Turf Grass Management, 8X, Th, 7-10 PM, CE 121; $24 non resident $48

Announcements . . .

In a recent issue of the Monday Report, the PBJC Foundation advertised for sale one 28 ft. sport fishing boat. Nancy Cherry is happy to report that the boat sold recently for $5,001 to Mr. Blanchard from Pratt & Whitney, who very conveniently, lives on the water in Juno Beach. The money is slated for the academic improvement trust fund.

Dr. Joan Young held a workshop for communications instructors at North Campus Tuesday, Feb. 5 from 2:30-4:30 p.m. training in holistic scoring procedures used for essay subtests of CLAST. ...R. Moskovitz

Announcements (cont'd)

The following classified position is open:
Clerk Typist I (Library) Salary Grade A $830.99 per month
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

Personals . . .

Cupid has visited PBJC North. Teri Lenahan, a Communications instructor, was recently married to Bill Lasley, whom she met on stage during one of Sunny Meyer's plays when the two were PBJC students almost 10 years ago. Her co-workers celebrated with a party last Friday.

To commemorate Valentine's Day, members of the North Campus got together for a brown bag luncheon last Thursday. ..R. Moskovitz

Three Home Runs

PBJC personnel were involved in three happy events in recent days.

On Feb. 7, at 1:49 p.m. at Palm Beach Gardens Medical Center, PBJC North faculty member Sarah Kerns and her husband, Christian, welcomed a son, Nicholas Sebastian. Nicholas weighed in at a substantial 8 pounds, 3 ounces, and was 21 inches long.

Feb. 11 was PBJC grandchild day at Good Samaritan. First to arrive, at 11:33 a.m., was Kristopher Michael Koontz, 6 pounds, 14 ounces, and 20 inches long, son of Kristopher and Laura, and the second grandchild for the Monday Report editor.

Next, at 12:10 p.m., was Catrina Ann Wojciechowski, 8 pounds and 15 ounces, and 22.5 inches long, daughter of Mark and Kim, and the second grandchild for Marilyn, who is Dr. Smith's secretary at PBJC North.

For a while, the two babies were side by side in the nursery, but nobody realized the connection until later on.

All the main characters in these dramas are well and happy. The grandparents are also surviving, and doing a lot of smiling these days.

Happy Birthday To . . .

2/19 Phil Gans, Nancy MacPherson 2/22 George Kline 2/23 Ruth Wing, Linda Pickren 2/24 Ray Trewyn, Lori Hunter

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 16 February 25, 1985

Drs. Eissey And Tate:

"Expenditures MUST Come Down To Equal Income"

The message given by Dr. Eissey and Dr. Tate and endorsed by the trustees at last Wednesday's meeting was clear: We MUST bring expenditures down to equal income.

Even before Dr. Tate outlined the overall situation, Dr. Eissey received approval for two cost saving measures:

1. Approval of the four-day work week during Spring and Summer Terms again this year

2. Closing PBJC Glades in the Summer Term this year. This would save about $85,000.

Dr. Eissey said that last year, PBJC Glades only generated five FTE's during the Summer Term while utilizing 20 employees--12 classified personnel, two administrators, a librarian and five teachers.

He said all faculty contracts can be fulfilled by the end of the Spring Term.

Buildings would have to be air conditioned for one or two days per week, and some informational personnel would be on hand those days to answer inquiries, and take applications for the Fall Term, and other duties. An automatic telephone link to PBJC Central would be maintained on other days.

Detailed arrangements have not been made, pending board approval of the move, Dr. Eissey said.

At a recent meeting, Glades personnel agreed that closing for the six-week Summer Term would be better than laying off personnel, or several other possible alternate solutions, Dr. Eissey said.

In discussing the overall financial position, Dr. Tate said that a review by the Division of Community Colleges of several colleges which had gotten into financial difficulty had disclosed four factors that were common to all these situations.

1. New centers employing additional personnel to accommodate student growth

Cont'd on P 2

John Anderson Named "Coach Of The Year"

Lady Pacer softball coach John Anderson was recently named "Coach of the Year" by the Palm Beach County Sports Hall of Fame Committee, edging Kansas City Royals manager Dick Howser in run-off balloting.

Anderson, who led the team to its first NJCAA title last year, was one of 11 candidates that included PBJC baseball coach Frank Cacciatore and women's tennis coach Julio Rive.

He will be honored at the ninth annual Hall of Fame induction banquet, scheduled for 6:30 p.m. March 3 at the PGA Sharaton Resort in Palm Beach Gardens.

Meanwhile, the winning tradition in PBJC sports seems to be continuing.

The softball team opened its season last Thursday with an 11-0 win over Hillsborough Community College in Tampa. The women were scheduled to play in the two-day Edison Community College tournament over the weekend.

On the other diamond, our baseball team had a 9-6-1 record as of Feb. 20. The results of a road trip, which included games with Florida Southern and Rollins colleges, were not known at the Monday Report deadline.

On the tennis courts, the PBJC netmen beat Miami-Dade South last Thursday nine-love (they won all nine games), upping their record to 6-1. Their only loss has been to Florida Junior College, 4-5.

Cont'd on P 3

Students Are The Center Of Our Attention

Alumni Recognition Dinner

All former Palm Beach Junior College students are invited to an Alumni Recognition Dinner scheduled for March 16 in the Hospitality Management Dining Room at PBJC Central.

Although invitations have been sent out to a number of former students, the alumni list at the college is far from complete. Attempts are being made to bring lists up to date, and former students who did not receive an invitation are urged to contact the alumni office.

Over 300 former students who continue an active relationship with the college and have made significant contributions to college and community life have been nominated for special recognition at the March 16 Dinner.

Reservations for the dinner are essential, as seating is limited. Reversations and ticket information may be obtained by telephoning 439-8086.

Expenditures (cont'd from P 1)

which did not fully materialize.

2. Expenditures exceeding revenues, making it necessary to operate from fund balances.

3. Personnel costs in excess of 77 percent of the budget.

4. Stablization or a decline in enrollment while operating costs continue to climb.

Dr. Tate said all four of these conditions have applied to PBJC for the past two or three years.

He showed three charts. One pegged personnel costs at 77 percent of the total budget in 1982-83, and rising in a straight line since that time to 83 percent this year.

Another showed revenues exceeding expenditures until last year, but expenditures becoming higher a year ago, and estimated to be even more out of balance this year.

The most dramatic of the charts showed a $2.2 million fund balance in 1982-83, (slightly higher than recommended), dropping each year to an estimated $800,000 this year, less than half the amount recommended.

Other steps we can expect:

*A freeze on hiring new employees, and a close look at whether positions that are vacated have to be filled.

*An additional one percent reduction of current budgets.

*A very hard look at all travel, even for very valuable reasons.

*No increase in departmental budgets next year.

By taking these and other such actions now, Dr. Tate said, we are trying to avoid steps like the one recently announced by Florida Junior College at Jacksonville, where 80 full time jobs must be eliminated by July of 1986.

During discussion, Dr. Eissey pointed out that our small enrollment declines are only one factor causing the current difficulties.

"Every raise we have given in recent years," he said, "has been higher than the amount of increase provided by the legislature. That money had to come from somewhere, and as you can see, it has had an effect on our fund balances."

In other actions at Wednesday's board meeting at PBJC Glades the trustees:

*Approved a new A.S. Degree In Accounting Technology for August, 1985.

*Amended a resolution for planning a joint use facility with Florida Atlantic University at PBJC North.

*Noted the announcement of the retirement of Daniel Caylor after 25 years of service as an Assistant Professor in the Science Department, on June 20, 1985.

Master Class Presented Today

A master class at PBJC by Joey Evans, tenor, and David Evitts, baritone, today at 11 a.m. to 1 p.m.,will be opened to teachers and vocal students of the area, according to Dr. Hugh Albee, coordinator of music programs at the college.

The class has been arranged through the generosity of the Opera Study Group of the Palm Beach Opera Company, and will follow an appearance at the study group by the two nationally known artists.

Students of the music and drama sections of Humanities at the college will perform, with critiques by Evans and Evitts.

The two artists have developed a presentation which portrays the relationships between three Italian composers, Donizetti, Bellini, and Rossini, with illustrations of the development of their music.

"This is an excellent opportunity for students to get suggestions for improvement from two working professionals," Albee said. "We are pleased to be able to enrich our program in this way."

Announcement . . .

In a recent contact with a representative of COSTCO Wholesales, I was informed that PBJC employees including students and adjunct faculty, can purchase (5% above listed wholesale price) name brand goods--appliances, clothing, food, automotive supplies, etc., from COSTCO by presenting their paycheck stubs or their identification cards for members of the Gold Coast Credit Union. No library cards will be accepted. Since the college qualifies for a group membership, no individual membership fee is required. COSTCO Wholesales is located at the Palm Coast Plaza, 7501 South Dixie, West Palm Beach. ...A. Johnson

Good News For Faculty And Students

For the first time at PBJC, a spring break will be scheduled Monday, Tuesday and Wednesday, March 4-6.

All faculty and students will be off; all 12-month employees will be required to work.

Anderson (cont'd from P 1)

The women are undefeated (3-0) after an 8-1 victory over Miami-Dade South last Thursday; a match with Daytona Beach Community College was scheduled for Saturday.

The basketball team ended its season Feb. 19 with a loss to Indian River Community College 89-68 in the semi-finals of the Southern Conference Tournament at Miami-Dade North. Their final season record was 16-14.

Il Circolo Scholarships

Applications for three scholarships to study in Italy this summer are now available at PBJC, according to Hamid Faquir, student financial aid director.

Il Circolo, the Italian Cultural Society of the Palm Beaches, is sponsoring two $1,500 scholarships for students interested in furthering their study of Italian culture, including language, literature, international education or others.

The group is also offering a new $2,000 Hector Ubertalli Scholarship for students of the arts (singers, painters, dancers, poets, etc.).

According to Alessandra Gieffers, scholarship committee chairperson, these award monies will cover tuition, housing and transportation to a choice of one of two schools in or near Florence.

For further information, contact Kittie Wilson at the financial aid office, 8061.

THIS Week . . .

My thanks to the members of the administrative/managerial staff and others from the PBJC family for their kind words and thoughts during my recent hospitalization. ..Jack Kelly

Marilyn and I sincerely appreciated the flowers the Administrative/Managerial Staff sent to the funeral home and the expressions of sympathy we received from members of the college staff. ..Joseph M. Schneider

Dr. Carol Wershoven (English Department,South Campus), has been selected for inclusion in the Commemorative Tenth Edition of The International Authors and Writers Who's Who. The book, published originally by Burke's Peerage and now by the Biographical Center of Cambridge, England, is a standard reference work listing popular authors, poets and critics.

Announcements . . .

Bookstores on all campuses will be closed for inventory on Thursday, Feb. 28. .R.Brofft

In observance of Black History Month, the Black Student Union has planned two programs for the week. The first will be today, 12 noon and will feature Robbie Littles as guest speaker. The second program will be Wednesday, Feb. 27 at 12:15 p.m. and will feature members of the BSU. Both programs will be held in the Student Activity Center. Members of the administration, faculty, staff and students are invited to attend. For further information, contact Gwen Ferguson at 8055.

A free Heartsaver course will be offered Thursday, Feb. 28 from 6-9 p.m. in CE 123 for all interested staff members. Participants will learn how to perform cardiopulmonary resuscitation (CPR) on adults, and those who complete the course will receive certification as a Basic Rescuer. For more information, call Mary Cannon at 8066 or Donna DiSesa at 8157.

Adjunct music instructor and international concert pianist, Philippe Drevet, will present a concert at the Norton Art Gallery Sunday, March 10 at 3 p.m. He will play Symphonie Etudes by Schumann, Excursion by Barber, "The Legend of St. Francis of Paolo Walking on the Waters" by Liszt, and several Chopin selections. Admission is free. For more information call Dr. Albee at 8144.

The following classified positions are open:

Clerk Typist II (North Campus) Salary Grade A18, Temporary one year position, $873.06 per month

Clerk Typist I (Cont.Ed.) Salary Grade A16, $830.99 per month

Library Technician (North Campus) Salary Grade A25, $1,037.79 per month

Mail Courier/Driver (Central Receiving) Salary Grade A9, $4.60 per hour

Interested applicants should contact the Personnel Coordinator. ...A. Johnson

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 17 March 4, 1985

First Three Days This Week

Students And Teachers Are On A Spring Break

For the first time in the history of the college, students and teachers are taking a spring break, today through Wednesday. The break has been a subject of collective bargaining at the college for several years, but scheduling difficulties have prevented its adoption before this time.

The Winter Term at the college has been squeezed into the period between early January and early May. An earlier beginning is blocked by the Christmas and New Year's holidays. A later ending is blocked by the mandatory beginning dates of the following terms.

The three days were worked into the schedule with great difficulty, and the break is a trial run for this year only.

The administration made it clear during bargaining sessions that lack of attendance on Thursday and Friday after the break would bring an end to the practice.

The college will remain open for business, with all 12 month employees on duty, just as they are during the short three and four day periods between semesters.

Inquiries and information will be handled on a routine basis, and the library will remain open until 4 p.m. The bookstore and cafeteria will remain open on a regular schedule.

The only credit classes meeting in day or evening will be those in Criminal Justice, which follows a different time sequence. Many non-credit courses through Continuing Education will be meeting as planned.

* * * *

Fifth Annual Auction Set For March 14

Want to know where you can pick up a ping pong dispenser or a gas mask real cheap? How about a nautical radar unit or a pole climber complete with belt?

These are just a few of the 300 items that will go for sale to the highest bidder during the Fifth Annual PBJC Auction Thursday, March 14 at 9:30 a.m. at the Physical Plant building.

Other items will include typewriters, dictating machines and other office equipment, desks and chairs, photographic and audiovisual equipment, a bodybuilding machine, cabinets, bookshelves and more.

"These objects are obsolete or have been declared unfeasible to repair, or were donated through the PBJC Foundation," said Dick Jones, purchasing director. "Prospective buyers will have the chance to inspect the goods one hour prior to the sale."

The college holds the auction every year to clear out any unwanted inventory, and usually the calling for bids is handled by a professional auctioneer.

March Book Reviews

The final five book reviews by Watson B. Duncan III will feature one novel and four biographies. The reviews are held every Friday, January through March,

Cont'd on P3

An engineering firm has been employed to conduct an energy audit at all four campus locations. There should not be any disruption to the classes, and in the event there is any difficulty in that area, please contact me. We do ask your cooperation with the personnel conducting the audit..

... T. Tate

Students Are The Center Of Our Attention

Faculty Forum Explores Computers

An entertaining and enlightening presentation on "Computer Futures in Education" will be the focus of a faculty forum Friday, March 15 from 1:30 to 3:30 p.m. in the AH Lecture Hall.

Terry Shoultes, PBJC coordinator of academic computing programs, will discuss computer basics and common fears people have toward the machines.

"Faculty should bring a pencil and paper to the session and be prepared to take a little test," Shoultes said.

He will also outline the instructional uses of computers at PBJC, and offer guidelines for buying a personal computer.

"Many faculty may not be aware of the potential of the computer to enhance their classroom instruction," he said. "I hope to bring them up to date on what we have now, and what we're planning for the future."

The March 15 session is the second in a new series of faculty forums that will be held once each semester, according to Dr. Thomas Shostak, dean of instruction. The first lecture, held during the Fall Term, was on faculty evaluations.

The purposes of the forums are to provide opportunities for professional development, education, and communication among the college's instructional personnel.

All faculty, as well as administration and staff, are encouraged to attend.

Educational Plant Survey

The following calendar has been prepared by the State Department of Education for conducting the Five Year Educational Plant Survey.

May 13-17 -- A State team will visit all four locations for purposes of validating existing facility inventory.

June 24-28-- A second survey team will visit all locations to review the educational program facility list as prepared by the academic departments through the Vice President of Academic Affairs.

October 16-- A survey material booklet must be submitted to the Board for approval.

Dec. 2-6 -- A third State team will be in the district to conduct the actual educational plant survey.

...T. Tate

North Campus CLAST Review

CLAST Review Sessions held at PBJC North during February were very helpful and beneficial in regard to test-taking skills and dealing with test anxiety. The two-part workshop provided informational test-taking materials and sample test items. Free tutors will be available to work with students on an individual basis to assist those students who did not score a "4" on the practice essay; for reading and math assistance, students will be referred to the CPI Lab. Jane Williams, CLAST Counselor, received very positive written comments from the 51 students that attended the review sessions.

Using Medicines Wisely

The PBJC Continuing Education Division will present a free lecture on "How to Use Medicines Wisely," Tuesday, March 5 from 2:30 to 4:30 p.m. in Allied Health Room 101 at Central Campus.

The speaker will be Ms. Jerry Stambaugh, chief pharmacist for the Palm Beach County Human Services Pharmacy.

Seating is available on a first come, first served basis. For more information, call 8012.

SGA Statewide Convention

The statewide convention of the Florida Junior College Student Government Association will be sponsored by PBJC North Thursday through Saturday, March 14-16 at the Airport Hilton in West Palm Beach.

The three-day event will include many workshops and meetings wrapped around the convention theme: "Making Today's Goals Tomorrow's Realities."

The high point will be a banquet on Friday evening at 8 p.m., which will feature keynote speaker William Doherty, executive vice president of the American Management Institute in North Palm Beach.

Doherty is one of the nation's top rated professional platform speakers appearing before association and corporate audiences at conventions, banquets, and meetings.

He is the first winner of the International Platform Association's International Speaker's Competition, and has been named an Executive of Distinction. He is also included in numerous biographical records, such as "Who's Who in Finance and Industry."

Others in attendance will be Dr. Eissey, Dr. Melvin Haynes, and other community college administrators.

Open to all students and their guests, the convention is expected to draw participants from about 40 community college campuses in Florida.

Gulf Life Insurance Claims

I have received information from Gulf Life Insurance Company that they are discontinuing their association with Administrative Services, Inc. Future medical claims will be processed through Florida Health Network, a division of Gulf Life. There is no change in address since the Florida Health Network has their offices at the same location as Administrative Services, Inc.

If there are any questions regarding processing information, please feel free to contact Miss Kay Goodwin at 686-4665. Gulf Life has indicated they believe this change will enable them to provide faster and more efficient claims processing. ...J. M. Schneider

Reviews (cont'd from P 1)

at 3 p.m. in the Woman's Club Building on Flagler Drive in West Palm Beach.

The donation is $3 per lecture, and proceeds go toward scholarships.

The following is the program for March:

March 1 --"Gypsy and Me: At Home and on the Road with Gypsy Rose Lee" by Erik Lee Preminger. An absorbing picture of growing up with a woman who was both unpredictable and unforgettable.

March 8 --"Citizen Hughes" by Michael Drosnin. In his own words, how Howard Hughes tried to buy America.

March 15--"Strong Medicine" by Arthur Hailey. A strong woman rises in the pharmaceutical industry.

March 22--"Poor Little Rich Girl: Life and Legend of Barbara Hutton" by C. David Heyman. The woman who epitomized a grand and luxurious lifestyle.

March 29--"Life Was Meant to be Lived" by Joseph Lash. A centenary portrait of Eleanor Roosevelt. "If you face life with a spirit of adventure and with courage, you will get more out of it than if you are timid and unimaginative."

This Week. . .

Data Equipment Operator/Clerk I (North Campus) Salary Grade A17, $851.77 per mo.
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

REMINDER: Deadline for purchasing tickets for the play "Oklahoma" at the Dolly Hand Cultural Arts Center on March 23 at 8 p.m. is March 20. Transportation will be decided at a later date. Everyone is welcome! Dinner arrangements can be made also. Contact Shelley Carton at 8016. ...M. Wojciechowski

LeCercle Francaise de Palm Beach Inc. is offering a scholarship for teachers interested in studying in France during July. The winner will study at the Alliance Francaise in Paris. Applicants must currently be teaching French on the elementary, high school or college level. Applications are available from Benedicte Chamby, 124 Churchill Rd., WPB 33405 or phone 585-2287. Deadline is March 9.

Happy Birthday To. . .

3/05 Ray Van Pelt 3/06 Barbara Bartels, James Randolph 3/07 Franklin Saunders 3/09 Ben Knight 3/10 Jessie McKenna, David Frech 3/11 Tony Tate

PALM BEACH JUNIOR COLLEGE

PBJC MONDAY REPORT:

Volume VII, Number 18 March 11, 1985

Potpourri This Week -- Medley Next

SGA, Auction, Lecture, Faculty Forum, Book Review, Alumni

This week, in addition to welcoming back students and teachers after last week's spring break, the college will be busy with a potpourri of events this week followed by a medley next week.

You Can Still Enroll In Gulfstream HMO

We have prepared proposal information for insurance companies to bid on the college's life and indemnity health insurance program. The closing date for companies to provide insurance bids will be Monday, April 22, 1985.

The Gulfstream (HMO) Plan is not directly affected by this bid. During the past several weeks, a number of college employees have stated they felt they did not have sufficient time to consider enrollment in the Gulfstream (HMO) Plan. Since college retirees are being given an opportunity to enroll in the Gulfstream (HMO) Plan as of April 1, 1985, those college personnel who wish to enroll in this plan may also do so by completing the enrollment card by Monday, March 25.

Please feel free to call the Personnel Office if further information is desired. ...J. M. Schneider

It is time to get your nomination in for the Business/Education Partnership Award for this year. The awards banquet will be held in July, but nominations must be received by April 9. If you have knowledge of unusual cooperation by any business or professional firm, please call Dr. Ottis Smith at PBJC North, who will tell you how to submit the nomination. The awards banquet was very successful last year and we hope for even better things this year.

Wednesday through Saturday: Statewide convention of the Student Government Association sponsored by PBJC at the Airport Hilton. Open to all student government members and invited guests, the convention will draw participants from about 40 community college campuses in Florida.

Thursday morning: Fifth annual auction of obsolete, unrepairable, and donated items begins at 9:30 a.m. at Physical Plant. Bargain hunters can case the joint an hour before the auction begins. Everybody invited.

Thursday evening: Drama lecture and slide show by two professionals from the National Theatre in Great Britain, largest theater in the world. Starts at 8 p.m. in the Student Activities Center. Public welcome.

Friday afternoon: Faculty Forum on "Computer Futures in Education" in the Allied Health Lecture Hall, 1:30 to 3:30 p.m. Terry Shoultes, coordinator of academic computing programs, says to bring pencil and paper and be prepared to take a little test.

Friday afternoon: Book review by Watson B. Duncan,III, "Strong Medicine" by Arthur Hailey. The review begins at 3 p.m. at the West Palm Beach Women's Club. The public is welcome. A $3 donation is requested, and if you want a seat, you might go a little early.

Saturday evening: Alumni Recognition Dinner. A gala event, first time ever. More than 300 former students recognized. If you are a former student, you can still get a reservation by phoning 439-8086. But hurry, seating is limited.

Next week: More variety. A free

"Did What We Set Out To Do"

Mullins Resigns After Seven-Year Success

Seven years after he came to Palm Beach Junior College with the goal of building a nationally known sports program, Tom Mullins today announced his impending resignation as athletic director.

"I believe that, with the cooperation of the coaches and the entire staff, and some fine young men and women athletes, we have been able to do what we set out to do seven years ago," Mullins said.

The college won its first national title--in Women's Golf--the first year Mullins was at PBJC--1978.

Since then, there have been four more national titles and five runners-up, 13 state championships and four runners-up, and many divisional titles.

Last year, the college was considered to be one of the top junior colleges in the nation in athletics with four state titles, one national title and three national runners-up.

Mullins is leaving the college, "after much thought and much prayer over a period of several months," to enter the full-time Christian ministry as the pastor of Palm Beach Gardens Christ Fellowship, an independent, non-denominational church.

Mullins, 39, has been active in church work for 16 years, and has been an ordained minister for 13 years. He served for about two years as a full time pastor in Kentucky, before becoming football coach at Georgetown College.

From Georgetown, Mullins was invited back to Palm Beach County by Dr. Eissey who had been principal of Palm Beach Gardens High School when Mullins served there as football coach in 1970-74.

In addition to the success of the athletic teams, the college has greatly improved baseball, softball and tennis facilities

Trustees Consider New Degree Program

A new, two-year Associate in Science Degree program in Eletromechanical Technology will be recommended to the Board of Trustees at the March meeting of the board Wednesday, 7:30 p.m., in Conference Room C at PBJC Central.

The recommendation to the board will come after months of developmental work, including an in-depth investigation of the needs of local industry.

The course is designed to produce students trained to work in local industry as Automated Manufacturing System Technicians.

Many local manufacturers are moving rapidly into robotics and other forms of computer aided manufacturing, and the college had identified a definite need for technicians in this field.

Other agenda items include:

* A report on the Child Development Associate Program.

* Two sabbatical leave reports.

* An agreement to serve as a host agency for Senior Aides.

* A new position title--Director of Student Activities and Athletics.

* Four Construction and Development items.

* Bids on Art Equipment, a Scuba

Students Are The Center Of Our Attention

Actors Repertory To Present "Working"

A dramatization of Studs Terkel's bestseller "Working" will be performed by the Actor's Workshop and Repertory Company at the culmination of the College Reach Out program.

Reach Out is a grant-funded program at PBJC to help high school students overcome academic and emotional hurdles to higher education and a satisfying career.

Since January 31, 25 underachieving students from four area high schools--Santaluces, Forest Hill, John I. Leonard and Lake Worth--have been taking classes twice a week in reading, communications and computer literacy at the college.

They have also studied self improvement skills such as motivation and goal-setting, with emphasis on values assessment and career research.

The Actor's Rep presentation of "Working" will be an original adaptation of Terkel's book of interviews with a wide range of people talking about their jobs.

The actors will portray real people--a steelworker, bank teller, stewardess, fireman and others--some who are struggling with the frustration of unfulfilling work, and others who have made choices to find fulfillment in their jobs.

After the performance, there will be a question and answer period about the issues raised by the characters.

"This program is an attempt to show students that working should be more than just picking up a paycheck, that it's important to find fulfillment in a career," said Lori Hunter, Reach Out coordinator.

The performance will be held Thursday, March 21 at 7:30 p.m. in the Student Activities Center at PBJC Central. Admission is free, and administrators, faculty, staff and students are encouraged to attend. For further information, please contact Lori Hunter, 8182.

DECA Members Travel To Tallahassee

PBJC's Delta Epsilon Chi Division of the Distributive Education Clubs of America (DECA) attended their 20th Annual Career Development Conference in Tallahassee February 28-March 3.

The following students were winners:

Julie Ehlke, second in Apparel and Accessories Marketing and Management Decision Making-Human Relations; Karen Geotz, fourth in Restaurant Marketing and Management; Bruce Hallock, fourth in Sales Manager; Nikke Moffet, fourth in Sales Promotional Plan and eighth in Restaurant Marketing and Management; Neil Guistwite, fifth in Food Marketing; Becky Beckwith, third in Fashion Merchandising and sixth in Human Relations.

Also attending were Gerhard Weimer, Chris Young and Derek Hickam.

The winners will be leaving for San Francisco to attend the 24th Annual Career Development Conference on April 24-28.

The students will be raising money to help finance the trip and all donations will be appreciated. Susan Thompson is advisor to the group.

Nursing Career Day

Nursing students and professionals can learn about work opportunities in area hospitals and health care agencies at a Nursing Career Day Thursday, March 28 from 12:30-4 p.m. in the Hospitality Management Training Center.

Admission is free. For further information, please contact Betty Morgan at 8091.

Personal . . .

Ed Pugh will once again be participating in the annual March of Dimes Walkaton on Saturday, March 23. Anyone wishing to make a donation or a pledge for the 20 kilometer walk should contact the Social Science Message Center. ...Shirley Klein

New Phone Line For South Campus

To relieve the telephone congestion on the 8158 West Palm Beach telephone line connecting Central and South Campuses, extension 8168 has been added.

8168 - Administrators' Line: Provost's Office--Dr. Margaret Maney/Mrs. Barbara Belleman Dean's Office--Mr. Jim Tanner, Mrs. Heddy Schlackman; Director of Student Affairs' Office-Dr. Harris McGirt/Mrs. Linda Hersh; Division Chairmens' Office--Mr. Stafford Mooney, Dr. Dan Terhune/Ms. Janet Ruh

8158 - Other Staff Offices: Registrar's office--Ms. Leslie Monas, Mrs. Paula Souza Counselor's office--Dr. Marian McNeeley, Mr. Wayne DeBee/Mrs. Linda Hersh; Finance offices-Mrs. Leona Opalio, Mrs. Joan Whidden; Faculty typist--Mrs. Ofelia Franco; Custodian (portable phone)--Mr. Dan Morack ...Dr. Margaret Maney

Student Life At Cambridge University

You are cordially and enthusiastically invited to attend a slide-lecture presentation of Student Life at Cambridge University, England, by Martin Horrox, official representative of the University, in the auditorium of the Continuing Education Building at 7:00 p.m. Wednesday, March 20.

Mr. Horrox will be most happy to answer questions about life at this world-famous university. The community is encouraged to attend. Admission is free.

The following day, Thursday, March 21, Mr. Horrox will present a similar program in SS 104 at 10:50 a.m. All those unable to attend the evening presentation are especially urged to attend this meeting. ...Jewell Sterling

SIU Food Festival

n international food festival, sponsored by the Students for International Understanding (SIU) last Wednesday netted $550, according to Lori Hunter, SIU advisor.

"The students did it all, from planning to actually cooking the food," she said. "We were happy with the success."

PBJC has 145 foreign students, 40 of which are active members of SIU. The members prepared delicacies of 15 different countries, ranging from cheesecake to sushi.

Hunter said the SIU intends to share the proceeds with the entire college by using part of the money for campus beautification, and the rest for a picnic open to all students, faculty and staff at all four campuses. The event is scheduled for Saturday, April 20 at noon at John Prince Park.

"We'll have hot dogs, hamburgers, covered dishes and sodas...and we plan to have volleyball and maybe even live music," she said.

Details about the picnic will be in subsequent Monday Reports.

PTK Initiation Held At PBJC South

A candelight initiation ceremony for 19 new members of PTK at PBJC South was held Feb. 22.

The featured speaker was Dr. Margaret Maney, PBJC South provost, with introduction of guests made by Dr. Harris McGirt, student services director. Entertainment was provided by Roxanne Castles, pianist.

PTK is the national honors fraternity for junior and community college students. Requirements for membership in the Alpha Delta Iota Chapter at PBJC South are a 3.2 cumulative GPA and at least 12 hours taken at PBJC.

Inductees included Deanne D. Connelly, John L. Cutrone, Karen Engerbretsen, Monika Feigl, Steven Knocklein, Karen Lewis, Ted Mueller, Dari Lynn Muffat, Mary Nelson, Annie Plastini, Sharyn Portaro, Randall Scalise, Lisa Schuher, Michael Stonecash, Megumi Sugihara, Craig Sunderman, Wesley Wall, Laura Wilson and Lorne Wilson.

Ruth Brofft Retires

Ruth Brofft, manager of the bookstore at PBJC Central for 24 years, was given a retirement luncheon by about 100 of her friends Thursday in the Hospitality Management Dining Room.

Dr. Eissey, master of ceremonies, said that one of Ruth's fondest memories of her years here came recently when the bookstore was being renovated, a water pipe burst, and water started to come into the storeroom.

"Ruth remembered her days in the Navy, took off her shoes, rolled up her pants legs and began to move the books off the bottom shelves," he said.

"Then she grabbed a mop and started to swab the decks, all the time singing "Anchors Aweigh!"

Dr. Eissey introduced a number of former employees and friends who had come back for the occasion.

Charles Graham and Bobbie Lady presented gifts.

Mrs. Brofft said she had many regrets in leaving her friends at the college, "but I have a good feeling, too, because it is the right time to leave."

Student Job Fair

High school and college students are invited to the Second Annual PBJC Job Fair Wednesday, March 20 from 8:30 a.m. to noon in the Student Activities Center at Central campus.

Attendees will have the opportunity to meet with representatives from over 50 businesses, service and government agencies, including IBM, Motorola, Pratt & Whitney, Barnett Bank, Southern Bell, First American Bank, the Miami Herald, the Post & Times, Burger King, Wendy's, Good Samaritan Hospital, the Palm Beach County Health Department, and the County Commission.

Admission is free. For more information, call Norma Walter, Job Placement Specialist at 8151 or 8056.

Free Kidney Screenings

The PBJC Student Health Clinic and the Palm Beach County Kidney Association wil co-sponsor free kidney screenings at the following locations in March:

PBJC Glades in Belle Glade--Monday, March 25 from 10 a.m. to 2 p.m. at the main entrance.

PBJC North--Tuesday, March 26 from 9 a.m. to 2 p.m. at the main entrance.

PBJC Central--Wednesday and Thursday, March 27-28 from 9 a.m. to 3 p.m. in the Student Health Clinic.

The testing will include counseling, blood pressure, dip stick urine testing and a film on kidney disease prevention.

The screening is open to the general public, but participants must be 17 years of age or older. For more information, call Mary Cannon at 8066.

Sacred Music Programs

The PBJC Concert Choir will present two programs of classical sacred music later this month.

The choir, under the direction of Patricia Adams-Johnson, will perform "Messe Solennelle (St. Cecilia)" by Charles Gounod and "Te Deum" by Zoltan Kodaly.

Featured soloists will be Patricia Adams-Johnson, soprano; Dr. Hugh Albee, tenor and David Faircloth, baritone. Dr. Jack Jones will be the organist with Dr. Donald Butterworth conducting.

The program will be presented Thursday, March 21 at 8 p.m. at St. Paul of the Cross Catholic Church on Singer Island, and repeated Sunday, March 24 at 3 p.m. at St. Juliana's Catholic Church in West Palm Beach. Admission is free, and the public is welcome.

Early Registration Appointments

Currently enrolled students will be able to register according to the following appointment schedules: (Day hours: 9AM-3PM, Mon.-Fri.; Evening Hours: 6-9PM, Mon.-Thurs.)

Spring and Summer Terms

Registration Dates	Accumulated Semester Hours
March 25	Spring & Summer Grads, 9AM-12 noon 50 Semester Hours and Up, 12-3PM
March 26	30 Semester Hours and Up
March 27	20 Semester Hours and Up
March 28	Any currently enrolled student
March 29	Any currently enrolled student

Fees for Spring Term must be paid by April 22, 1985. Fees for Summer Term must be paid by May 20, 1985.

Fall Term

April 8	Fall Term Graduates, 9AM-12 noon 50 Semester Hours and Up 12-3PM
April 9	30 Semester Hours and Up
April 10	20 Semester Hours and Up
April 11	Any currently enrolled student
April 12	Any currently enrolled student

Fees must be paid for Fall Term by June 13, 1985.

Note: Evening students will not be required to follow the accumulated semester hour formula stated above unless registering between the hours of 9:00 a.m.-3:00 p.m. ...C. Graham

ullins (cont'd from P 1)

during the past seven years.

Financial support from the community has also been much improved during this period.

"I want to thank Dr. Eissey for the outstanding support he has given to the athletic program," Mullins said. "His help, and the help of Dr. Melvin Haynes, vice president for Student Affairs, has made it possible for us to develop an outstanding program."

Mullins plans to be available through this academic year to assure a smooth transition with the person chosen by the college to take his place.

Trustees (cont'd from P 1)

Diving course, and a Mexico Field Trip.

Among personnel items is the impending retirement of Benjamin Roberts after 21 years as a librarian, and William Galbraith, after 29 years as a science teacher.

Medical Quackery

"How to Spot Medical Quackery" will be the focus of a free lecture sponsored by the PBJC Continuing Education Division Tuesday, March 19 from 2:30 to 4:30 p.m. in AH Room 101.

The guest speakers will include representatives from the U. S. House of Representatives Subcommittee on Health Care and the Food and Drug Administration office in Miami.

ating is available on a first come, first served basis. For more information, call 8006.

LATE PERSONAL..The Monday Report has just learned that Dr. George B. Truchelut, former chairman of the Chemistry Department, passed away on March 13. We extend our sympathies to the entire family.

THIS Week . . .

Mar. 18	Baseball; Pacers vs. E.Strausberg St., 3PM; Bill Adeimy Field

Personals . . .

Thanks to the following individuals who worked together to make our annual auction last Thursday a success: Danny Hall, Jean Hool, Neal Jay, Jake Kirkhart, Jeff Palmer and James Shippy. Special recognition should be given to Brude Boden, Robert Goldstein and Mary Ann Reasner for their efforts, and to members of the Security Department.

Wendy Cohen, adjunct art instructor at the South Campus, is a recipient of two Art Awards: Honorable Mention, Olde Key West Art Festival and Best-in-Show at Spring Space Gallery, Second Annual Competition.

...Stafford Mooney

It seems students at PBJC South believe honesty is the best policy. Dr. Costantino Colombo, Science instructor, was recently stopped by a student (Lyme Carmody) who had found $496 rolled up in a bank deposit slip on the South campus grounds. When she asked Colombo if he could help her find the owner, he looked at the name on the slip and found, ironically, that it belonged to one of his students. He returned the money to its grateful owner. "I just wanted the rest of the college to know about the goodwill and family-oriented people we have down here," Colombo said.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 20 March 25, 1985

Electromechanical Technology

College Passes A Milestone In High Tech

A significant milestone in high tech was passed Wednesday night (March 20) with the approval by the Board of Trustees of a new Associate Degree program in Electromechanical Technology.

The program is slated to begin officially in the Fall Term, but several students are already taking some of the courses which will be required.

Much of the success of the new program will depend upon the cooperation of local industry, Dr. Patricia Dyer, Vice President of Academic Affairs, told the board.

New courses involving pneumatics, hydraulics, instrumentation and controls will be needed, and help from industry in equipment and expertise is expected, she said. The college has been urged by industry to begin the new program, and jobs for graduates seem assured.

The program is designed to produce technicians for the assembly section of automated manufacturing systems, and will include robotics as part of the training.

The college presented John Linstroth, president of Perini Land and Development Company with a plaque of appreciation for oustanding contributions to education.

Dr. Eissey cited the Perini donation of land on 45th street in West Palm Beach which has been used by the University of Florida, Florida Atlantic University and PBJC, and will now be sold with proceeds to go into a new FAU building at PBJC North.

Linstroth said the sale of that property should bring in more than $2 million for the new building. He said that ignorance is what divides the world, and that education thus becomes the key to survival.

The trustees heard about the Child Development Associate program from Celeste Beck

Cont'd on P 3

Senior Players Star In Video Pilot

The PBJC Senior Players are on their way to becoming television stars!

Recently, the group spent a day at Jonathan's Landing in Jupiter videotaping segments for a pilot program on senior citizens' issues.

The program, which will be aired on Channel 5, will feature guest experts on problems facing the elderly, such as forgetfulness, loneliness, boredom, etc. The vignettes taped by the Senior Players will be used to dramatize these problems and to lead in to the introduction of the guests, said Nancy Goodwin, Senior Players director.

In addition to videotaping, the group recently performed a program of music, poetry, and a special music contest (along the lines of "Name That Tune") for the West Palm Beach Braille Club.

On March 29-30, the Players will participate as judges in the statewide High School Dramatic and Oratory Contest hosted by Twin Lakes High School.

They will evaluate students in four areas of competition: dramatic interpretation, humorous speech, oratory, and extemporaneous speech.

The Senior Players are under the auspices of the Continuing Education Division, and are coordinated by John Townsend.

Students Are The Center Of Our Attention

Alumni Honored At Banquet

Some 150 guests, as many as could be served in the Hospitality Management Dining Room, were present Saturday night when the college held its first ever Alumni Recognition Dinner.

The list of alumni to be honored was even larger than the guest list. More than 300 former students were on the roll of honor.

The committee planning the event had hoped to obtain about 50 names of former students who have achieved success in their chosen field, who have been active contributors to the community, and are still involved in some way with PBJC.

They quickly discovered that there are hundreds of former students who fulfill those criteria.

In addition to short talks by Dr. Eissey and by Dean Paul Glynn, four former students spoke briefly about their experience at PBJC and what it had meant to them.

Georgia LeBeau, now Director of Nursing at Doctors Hospital, said her training at PBJC was essential in her career, as it has been for more than 1,000 nurses graduated from the college since she was here in 1960-62.

"I don't know that you are all aware of it," she said, "but Palm Beach Junior College has the highest success rate in Nursing exams in the state of Florida."

James Anstis, an architect who is very active in community service, said the college meant "opportunity" to him.

Anstis told how he first came to PBJC in 1958, did not apply himself to his studies, and left in 1960 on academic probation. After a two-year stint in the Navy, his attitudes had changed, and he was given a second opportunity at PBJC.

The second chance was all he needed to complete his education as an architect and launch a successful career.

Dr. Kathy Aiello, who graduated in 1972 and is now Senior Coordinator, Continuing Education at PBJC, said that 1971 was a great year to be at the college, and proved it with a remarkable list of the things she had learned.

Summing it up, Dr. Aiello said she had learned in those two years that one of the most important things in life is "seeking the peak experience," and that you must be constant and persistent in your quest.

Clarence Anthony, now an educator and a councilman at South Bay, said he grew up in the Glades as a member of a large family and worked in the celery fields every weekend.

"I would not have been able to go to college if JC Glades had not been there," he said. He graduated in 1977.

Anthony said he got involved in student government, had his first chance to be a leader, and got a quality education.

Hugo Unruh, master of ceremonies, and Dr. Melvin Haynes, in his closing remarks, both spoke of the importance of alumni interest to the future of the college.

Big Band Jazz Festival

The PBJC Music Department will present its annual big band Jazz Festival Wednesday, March 27 at 7 p.m. at Palm Beach Gardens High School Auditorium.

The free concert will feature jazz ensembles from Twin Lakes, Glades Central, John I. Leonard, Jupiter, and Palm Beach Gardens High Schools as well as from PBJC and Florida Atlantic University.

For more information, call Sy Pryweller at 8144.

Happy Birthday To . . .

3/26 William Moon, Art Musto 3/27 Art Ramos 3/28 Helen Darcey, Ann Steckler, Hugh Johnston 3/29 Joe Macy, Judy Schiele 3/30 Nancy Warne 3/31 Laura Dalton, Lois Pasapane 4/01 Carl Purtz

A Statement On The Latest PERC Ruling

Near deadline time on Thursday, the Monday Report learned that the Public Employees Relations Commission by a 2 to 1 vote has reversed its own hearing officer, and ruled that the suspensions of Frank Leahy and Dr. Joan Young were an unfair labor practice. Our report said that PERC ordered reinstatement, plus the usual public acknowledgement.

Palm Beach Junior College does not agree with the finding of the Public Employees Relations Commission, and will not carry out any of the order until appeals have been exhausted. An appeal to the Fourth Judicial Court of Appeals has already been authorized.

It was the Fourth Judicial Court which ordered a special board of local citizens, appointed by the governor, to hold the administrative hearing on this matter after the union had requested and approved the appointment of an impartial body.

That board found that the union conduct had been "unprofessional, excessive and irresponsible." It found the motivation for publishing the United Faculty evaluation was "unprofessional, improper and unethical." It said the evaluation was "irresponsible" and "damaging to the public image of the college."

It upheld the administration's recommendation for suspension of Dr. Joan Young and Frank Leahy.

A hearing officer appointed by PERC agreed with the major findings of this board, and with the suspensions.

PERC has now reversed both the findings of the impartial board appointed by the governor at the request of the union and the recommendation of its own hearing officer. That is disappointing, but not really surprising. PERC shows a consistent and strong bias toward the union side of any important decision.

The college regrets the necessity of continuing this litigation, even though it is confident of the outcome. It is important to the future of education in Florida to do so.

To allow the PERC ruling to stand without challenge would be to allow unprofessional, improper and unethical conduct to take place with no attempt to discipline those engaging in it. We will not willingly be a party to such irresponsibility, and will appeal.

The Cambridge Connection

Faculty and students of PBJC can now connect with Cambridge University in England this summer for 3, 6, or 9 credit hours,which can be granted on the undergraduate or graduate level.

Since this is the first year for PBJC to participate, each individual teacher is requested to encourage students to participate. Several students are already committed, and many of them have done so as a result of a teacher's endorsing the experience.

The cost of transportation, lodging, board, university lectures and field trips for either the two-week or the four-week program will be approximately $1,700 or $2,000, the price adjusted to the value of the U.S. dollar in relation to the British pound May 15, 1985. A deposit of $200 should be made to Jewell Sterling, BA 309 (ext. 8124), by April 15. She can provide any interested student with an application form as well as a catalog of classes.

All persons of college age are eligible. Please aid in recruiting them for July 1-26 or July 28-Aug. 10, 1985. Thank you for your enthusiastic presentation of this opportunity for cultural and academic exposure. ...Jewell Sterling

High Tech (cont'd from P 1)

and Martha Thomas. The program trains head start workers for the CDA, a national credential. PBJC is one of three training sites in Florida.

Mavilene Prentice and Elizabeth Allred reported on sabbatical leaves.

The board noted the retirement announcements of Benjamin Roberts after 21 years as a librarian and William Galbraith after 29 years as a science teacher.

A new position was authorized: Director of Student Activities and Athletics. Dr. Eissey explained that this combined two former positions into one and reduced the number of authorized administrators by one.

Job Fair

The Job Fair Wednesday morning in the Student Activities Center at PBJC Central brought together more than 30 businesses and several hundred students.

Among the large industries present were Pratt & Whitney, IBM and Motorola. The City of West Palm Beach was there as well as Palm Beach County. An insurance company and a manufacturer of energy saving devices were present along with Bell South, the Palm Beach Post and the Miami Herald.

Student activity was sporadic, with large numbers showing up shortly after class periods, and dwindling down until the end of the next class.

The fair went on all morning, from 8:30 a.m. to 12:30 p.m., and comments indicated a successful meeting of job seekers with jobs.

All Campus Sports Day

Teams of students from all four PBJC campuses will compete in the annual All-Campus Sports Day Friday, March 29 from 8:30 a.m. to 1:30 p.m. at PBJC Central.

The competition will include archery, a free throw contest, two-mile run, racquetball, tennis and volleyball. For more information, call Roy Bell at 8070.

Personal . . .

I would like to thank all of the students who participated in the Job Fair last Wednesday. I especially want to thank the faculty, department of student affairs, physical plant and security who helped me with their support. We hope that events of this nature will bring PBJC closer to the community. ...Norma Walter

Personals . . .

On March 7-9 the following Social Scientists attended the annual conference in Miami of the Florida College Teachers of History: Eleanor Myatt, Floyd Becherer and Dr. Arnold Freedman.

I wish to convey a heartfelt thank you to the Administration, Faculty, Staff and co-workers (past and present) for giving me a most enjoyable retirement luncheon on March 14. I am most grateful for the lovely gifts I received, and words cannot express how happy I am knowing I have so many friends here. ...Ruth Brofft

---

Deadline for Monday Report items: Thursday, noon.

Personals (cont'd)

Please accept my sincere appreciation, and that of my family, for the many expressions of sympathy during the recent sudden illne and death of my brother. It is comforting to know that you really have so many caring friends in a time like this. My special thanks to my Financial Aid co-workers who were so considerate, caring, patient, and helpful during this stressful time, and to my supervisor, Hamid Faquire, for his daily inquiry, concern, and counseling during this very trying six weeks. It is a great feeling to know that I had the prayerful and thoughtful support of so many of our PBJC family. ...Kittie L.Wilson

Announcements . . .

All PBJC employees are invited to the FACC Spring Social to be held Friday, April 26 from 4-7 p.m. at the home of Ethel Fowler (3884 Lighthouse Dr., Palm Beach Gardens). Come and meet your FACC officers and fellow co-workers while you enjoy refreshments such as sangria, punch, beer and many kinds of hors d'oeuvres, all for only $1 per person (payable at the door). Mark your calendar today! Directions to Ethel Fowler's house will be published in a subsequent Monday Report.

The following position vacancy is open:

Manager of Bookstore: Graduation from high school and a college degree in Bus. Administration, Merchandising, and/or Retailing is highly desirable. Data/computer knowledge and/or experience is desirable. A minimum of four years of similar responsible office and/or business experience is required. Acceptable college credit may be substituted for work experience on a year-to-year basis up to two years.

Interested applicants should contact the Director of Personnel. ...J. M. Schneider

FACC Region V Conference, "Alive in 85," will be held on April 4 at Miami-Dade Community College, Wolfson Campus. Transportation will be by PBJC vans. If you are interested in attending, please contact Shelley Carton. ...Alice Carlisle

The Second Annual Miss BSU Pageant will be held on Saturday, March 30, 8 p.m. at the Lake Worth High School Auditorium. Donation is $3 per person. For further information, call Gwen Ferguson at 8055.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 21 April 1, 1985

Castoffs Needed

FACC To Hold Flea Market

Now there is an excuse to clean out all closets, carports and garages. The PBJC chapter of FACC is sponsoring a Flea Market Saturday, April 13 from 10 a.m. to 4 p.m. on the northwest parking lot at PBJC Central, and the clubs needs a lot of good, usable donated items.

"We'll take furniture, jewelry, toys, sporting goods, books and odds and ends," said Kateri Brunell, FACC fundraising chairperson. "The more stuff we have to sell, the more money we can make."

The proceeds will be used to refurbish the wishing well near the Personnel Office on Central campus, and also for similar beautification projects on the other three campuses.

Don Pearsall and Dick Jones, who have spearheaded the wishing well project, estimate the facelift will cost $500. When complete, the fountain will have new plumbing, and will include benches and landscaping.

"The wishing well will be something for everyone to enjoy," said Kathy Aiello, chapter president. "In order to bring this about, we need everyone's help."

Donations may be brought to TL 104 at various times during the day. If you have items, call one of the following committee members at PBJC Central to find out when the room will be open: Kateri Brunell (8135), Lori Hunter (8182), Nancy Horvath (8073), Shelley Carton (8017), Ethel Fowler (8092), Frank McLaughlin (8059) or Peg Farrell (8211).

The persons to contact at the other three campuses include: Gordon Kramer (South), Mary Orsenigo (Glades) and Joan Holcomb (North). A pick-up service will be available for large donations.

Pacer Teams Roll As Season Nears End

The Pacer spring sports teams are rolling into the final stages of this season, and it looks like we may have a repeat of last year.

Last Tuesday, both the men's and women's tennis teams "skunked" Broward Community College, remaining undefeated in conference play.

The men beat Broward 10-0, losing only one set in 10 matches. At Monday Report deadline, they held an overall record of 13-1 (9-0 conference), and were scheduled to meet Broward again last Thursday, and Florida Junior College on Saturday.

The women won 9-0, closing their conference season with a 9-0 record. They were to play the final match of the regular season against Florida JC on Saturday.

In softball, the Lady Pacers swept a doubleheader against Edison last Tuesday 4, 2 and 6,3, upping their record to 23-4. They were to play Broward North last Thursday.

The baseball team holds a 29-12-1 overall record (9-3 in conference) with only 15 games left in the regular season.

"Depending on what Dade North and Indian River have done in the last few days, we could be just a few percentage points out of first place in the conference," said Head Coach Frank Cacciatore.

He said the team has 12 conference

Students Are The Center Of Our Attention

Vocational Education Tabloid

A tabloid insert in the March 17 Palm Beach Post highlighted about 10 of PBJC's associate in science and certificate programs...and caused a rash of phone calls to various departments of the college.

The insert, which was sponsored by the Post as a public service for graduating high school seniors, gave information about vocational education careers and resources in the area. PBJC received, by far, the most prominent play.

According to Celeste Beck, 49 people called about the chef apprenticeship program the day after the insert appeared. She also received calls about the Dietetic Technician and Child Care Worker programs.

In Engineering Technology, Jan Bussell answered about 25 inquiries, mostly about computer technology, computer-aided drafting and commercial pilot technology.

Dr. James Flatley was "very impressed with the response" he received from the coverage of the dental assisting program.

"We received 18 phone calls, and have set up at least 11 interviews with prospective students," he said. "We're very happy, because the shortage of qualified dental assistants is critical in this area."

John Schmiederer said he received some miscellaneous calls, and that he was "happy with the results."

Executive Women Name Dr. Pappas To Board

Sarah Pappas was recently elected to the board of directors of Executive Women of the Palm Beaches. This organization:

(a) provides a forum for the exchange of information and business networking among executive women;

(b) seeks to make a difference in the community through community out-reach projects; and

(c) provides opportunities for women to develop to their fullest potential through educational and creative activities.

This year, PBJC will be a corporate sponsor of the Executive Women of the Palm Beaches Leadership Luncheon which honors women leaders of Palm Beach County (Dolly Hand was one of the recipients last year). Four faculty members are being invited to attend the luncheon, compliments of Dr. Eissey and the PBJC Foundation.

Opportunity For Teachers

Dr. Patricia Dyer has received information on Fellowship Programs for the National Endowment for the Humanities. One type of Fellowship is intended for teachers whose day to day responsibilities lie in the teaching of undergraduate students, particularly in two-year, four-year and five-year colleges and in universities that do not have Ph. D. programs.

The tenure of the fellowships is six to 12 months and the maximum stipend is $27,500. Ask Dr. Dyer for further information.

Terry Shoultes Speaks At Seminar

Terry Shoultes, coordinator of instructional computing programs, spoke about "The Use of Computer-Based Education at PBJC" at a community college executive seminar March 20-22 in Minneapolis.

Shoultes said PBJC is regarded as "a national leader in the development and implementation of computer programs." In his talk, he outlined the development of PLATO and the uses of microcomputers in the PBJC curriculum, and discussed the future of various computer offerings in the community college setting. The seminar, sponsored by Control Data Corporation, covered Technology in Community and Junior Colleges.

Budapest Brass Quintet In Concert Wednesday

The PBJC Music Department and the Jupiter High School Band will present the Budapest Brass Quintet in concert Wednesday, April 3 at 8 p.m. at the Jupiter High School Auditorium.

Formed in 1975, the Budapest Brass Quintet has become a favorite at concert halls throughout Europe and on the radio. Their repertory ranges from Renaissance dances through the standard brass quintet literature, to modern arrangements of Joplin Rags and Swiss folk songs, as well as contemporary Hungarian works.

Tickets are $8 for adults ($4 for students and senior citizens) and may be purchased at the door.

For more information, call the Music Department at 8144.

PBJC Hosts Convention

Palm Beach Junior College hosted the 27th annual Florida Junior College Student Government Association Spring Conference March 14-16 at the Airport Hilton in West Palm Beach.

Community colleges throughout Florida attended to debate on government resolutions and elect new officers for next year. Other activities included workshops on "Issues of 85," "Transferring to a University," "Stress Management," "The Job Market," and "Art of Communication."

Guests included Dr. Eissey, Dr. Melvin Haynes, vice president of student affairs, Dr. Ottis Smith, PBJC North provost, Dr. Harris McGirt, dean of student services at PBJC South and William Doherty, president of American Institute of Management, who was keynote speaker.

Students attended general sessions and workshops during the day and were entertained by "Mighty Michael" from WPOM radio, mindreader Gil Eagles plus Bounce the Clown, Mademoiselle Ooh-la-la and their dog "Sparkplug."

Robert Wigen, PBJC Central student, was elected vice president of Florida Junior College SGA and PBJC South student Scott Richards was elected District V Coordinator for next year. John Jenkins, counselor at PBJC North, will serve as District V advisor.

Sharvell Becton, PBJC North registrar, Leonard Bruton, teacher at South Campus, and John Jenkins all received awards for their work and dedication to the Student Activity Committee. The convention ran smoothly due to all the hard work from PBJC students, advisors and support of the administration. ...John Jenkins

North Campus Students Receive Scholarships

Six North Campus students have been awarded scholarships by the PBJC North Foundation for their academic achievement, according to John Jenkins, counselor.

"The scholarships are for $250 each, with $100 being awarded for the Fall Term, $100 for the Winter Term, and $50 for either Spring or Summer Term," he said.

Students must be enrolled in at least six credit hours per term and must maintain at least a 3.0 GPA to be eligible for the funds.

Scholarship recipients for 1984-85 are: Tina Berkheimer, West Palm Beach (3.67); Frank Gine, Jr., Palm Beach Gardens (3.73); Steven Greenspan, Port St. Lucie (4.0); Paul Guzenski, Palm Beach Gardens (3.8); Deborah Sanders, Palm Beach Gardens (3.6), and Victoria Small, Lake Park (4.0).

Funding for the scholarships was provided through the annual PBJC North Foundation Golf Tournament, Jenkins said.

Pacers (cont'd from P 1)

games left before the state tournament in May.

The Pacer golf team traveled to Stillwater, Ala. March 27-31 for a tournament in preparation for the FCAA tourney May 6-8. They should be contenders for the state title.

Announcements . . .

Effective 3-18-85, all persons traveling will be reimbursed State sales tax. In the past, we have been informed by the State auditors that we could not reimburse persons traveling if they paid the State sales tax as part of their lodging bill. We have been informed by Ken Jarrett at the Division of Community Colleges that State employees are reimbursed sales tax when they are traveling on State business. Therefore, we are taking the position that if it is permissible to reimburse State employees, it is also permissible for college employees. This is not applicable for petty cash purchases. We cannot reimburse persons who pay sales tax when making purchases with petty cash vouchers. ..T.Tate

All PBJC faculty and staff are invited to an Open House in the Career Planning/Placement Center Wednesday, April 3 from 11:30 a.m. to 1 p.m. (The Center is located adjacent to the SAC Lounge). Refreshments will be served, and a special feature will be the introduction of CHOICES, the new computerized career search program. For more information, call Gail Tomei at 8057.

Dr. Milton Lapoff will be doing free foot screening in the Health Clinic Wednesday, April 10 from 1-3:30PM. This screening is open to all employees and students. Dr. Lapoff specializes in: ingrown toenails, ankle sprains, foot injuries, fractures, heel spurs, painful heels, arch problems, corns,callouses.
...Mary Cannon

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 22 April 8, 1985

Community College Week

Pacesetters, Physics And Polish Dancers At The Capitol

One of the main events in the celebration of Community College Week this week is the Festival of Arts and Sciences at Tallahassee tomorrow, and the Monday Report thought you would like to know about our participation.

In the performing arts program at the capitol, we will open the show with the Pacesetters, at 9 a.m. in the Rotunda, on the north side of the state seal.

Pat Johnson says it is a dubious honor being first, but she is thrilled with the Pacesetters second appearance of the day.

They have been invited to appear in the Senate at the opening of the Tuesday Senate session. This is the way the Senate has chosen to acknowledge the festival and the other events of Community College Week.

The Pacesetters half-hour program in the Rotunda will be followed by 12 performing groups from other colleges, and Dr. James B. Wood, III, of our Physics Department will be in a prime spot to hear it all from the second floor, just off the Rotunda, when he isn't too busy demonstrating his physics experiments.

Dr. Wood will be demonstrating a unique program developed here by Dr. Paul Dasher and others for obtaining statistical data from experiments utilizing the Hewlitt-Packard 85 computers.

At 1 p.m. on the plaza between the old and new capitols, PBJC will have one of the most unusual of the performances scheduled: the national pairs champions in Polish folk dancing, John and Linda Bielak in a program narrated by Joe Konwinski, courtesy of Continuing Education's Center for Multicultural Affairs.

The dancers and Dr. Wood will have John Townsend as a chauffeur, and John will turn into a combination spectator,

Students To Be Honored At Awards Banquets

About 100 students from PBJC North and South will be honored at two separate Awards Banquets within the next week.

The Third Annual PBJC North Awards Banquet will be held Thursday, April 11 at 6:30 p.m. at the Hilton Inn on Singer Island.

Sponsored by the Student Activity Committee, the program will honor some 30 students who have excelled in academics, participated in intramurals, and have been named students of the month over the past year.

According to John Jenkins, SAC advisor, distinguished guests will include members of the PBJC North administration, faculty, and chairpersons of North advisory committees.

PBJC South will host its 10th Annual Student Awards Banquet Tuesday, April 16 at 6:30 p.m. at the Boca Raton Country Club.

Recognition will be given to about 50 students for achievement in several academic areas, plus awards for leadership and participation, and for being named student of the month.

Several scholarships will be given: the PBJC Graduating Sophomore scholarship, the Florida Atlantic University Phi Theta Kappa scholarship, and 10 $100 Student Government Association academic scholarships (all based on high GPAs).

Cont'd on P 3

Students Are The Center Of Our Attention

Choosing A Career

The PBJC Career Planning/Placement Center will sponsor a four-hour workshop on "Choosing A Career" Monday, April 15 and April 22 from 1:15 to 3:15 p.m. in the Career Center classroom.

A special feature will be the introduction of CHOICES, a computerized career information and guidance system, according to Gail Tomei, career and guidance counselor.

"Choices is structured to provide information on careers based on variables such as interest, aptitudes, temperament, education level, earnings, working conditions, hours/travel and other factors," she said.

The student keys these variables into the computer and then receives a printout of possible occupations based on the combination of factors. CHOICES can also provide specific information, such as salary ranges for a particular job or a listing of openings in Florida through the Florida State Job Service Bank.

Those interested in attending should sign up one week in advance, Tomei said. There is no fee. For more information, call 8057.

Fulbright Scholars

Some 35 countries in all parts of the world are seeking Fulbright Scholars for lectureships, research, and junior lectureships in more than 20 different fields.*

Dr. Tom Shostak has a flyer describing the Fulbright program, listing the opportunities, benefits and eligibility requirements.

If you want to teach sociology in China for a year, economics in Norway, business economics in Thailand or American Literature in Sri Lanka, this might be a path you can follow.

Call Tom for the flyer information, or get additional information and applications from: Council for International Exchange of Scholars, Eleven Dupont Circule, Suite 300, Washington, D.C., 20036-1257, tel. 202/833-4950.

South Instructor Presents Paper

Clem Imhoff, South Campus social science instructor, will present a paper to the Conference on the South in Charleston, South Carolina on April 13. The paper, entitled "Clifford J. Durr and the Loyalty Question," resulted from research begun during a 1984-NEH summer seminar in political science at the University of Wisconsin-Madison. Durr, an Alabama native, served as an active public service oriented Federal Communications Commissioner during the 1940's. His outspoken criticism of FBI security investigation procedures, in addition to his forthrightly critical evaluation of President Truman's loyalty review program, placed him at the center of controversy.

The Conference on the South, sponsored by the department of history at The Citadel, is an annual, scholarly exploration of Southern history and culture. Approximately seventy papers will be presented to this conference, including presentations by prominent American historians, such as Kenneth Stampp, John Hope Franklin, and George B. Tindall. ...Stafford Mooney

Personals . . .

Congratulations to Allen Hamlin, faculty sponsor of Phi Theta Kappa's Central Campus chapter and Florida State Advisor of 48 PTK chapters. He was recently awarded with PTK's "Most Distinguished Advisor" award. The national award was presented to Hamlin at PTK's National Convention 1985, which was held in St. Louis. Hamlin has been faculty sponsor for Delta Omicron for five years and Florida state advisor for two years.

Frank McLaughlin attended the University of Florida Community College Advisors and Counselors Workshop April 4 and 5 in Gainesville.

ANNOUNCEMENT: A breakfast/lecture sponsored by Women in Communication will be held Wednesday, Apr. 10 at 8AM in CE 123. Lecturer Mary Lou Hilley will speak on "Effective Communication." Reservations are required, and there is a $2 donation. For further information, contact Pat Schuette at 967-8328.

Computer Programming Contest

A team of four PBJC students competed in the Annual Community College Computer Programming Contest March 21-23 at Brevard Community College in Cocoa Beach.

"The contest included a 100-question written test on computer knowledge, and two intensive three hour sessions of computer programming," said Terry Shoultes, coordinator of instructional computer programs.

"The students were given15 problems in business, engineering and math, which they had to solve by writing a program," said Bartlett Arnold, the team's faculty advisor. "Each program was worth 10-90 points, depending on its difficulty, and was judged by a panel from the local industry."

St. Petersburg and Valencia community colleges came in first and second respectively, winning two personal computers for each college and $200 for each member. The faculty advisor of the winning team received two round-trip air fares on any Eastern Airlines route.

PBJC's team, which consisted of Bill Shapin, Jeffrey Lewis (Central campus), Scott Howell and Michael Hanck (North campus), placed 12th out of 20 teams.

"Next year, we will be hosting the competition," Shoultes said. "We've already begun planning for it."

An Invitation From PBJC North

All PBJC faculty and staff are invited to attend the District Board of Trustees meeting at North Campus Wednesday, April 17 at 7:30 p.m. in Classroom 105.

Highlights of the evening will include a guided tour of North's newest building, the Library and Learning Resources Center, and a brief presentation of programs and events that strongly affect the North County community. Light refreshments will be served at 6:45 p.m.

Community College Week (cont'd from P 1)

equipment mover, and cameraman once he arrives.

To make sure there are other interested PBJC spectators, Alex Dreyfoos of Channel 12 and our Foundation, has donated a plane ride to Tallahassee for our trustees and our president.

Awards Banquets (cont'd from P 1)

PBJC South will also recognize the veteran with the highest GPA, the oldest student at the South Center, and the student organization that was the most active over the past year.

Attendance at both banquets is by invitation only.

Seeds Of Distrust

We note with much sadness at the advent of union elections and collective bargaining that the United Faculty Newsletter has once again reverted to the timeworn formula that is eroding unionism in America today: Slam the boss, and foul the place where you work.

Utilizing adocument which in some respects does not reflect current policy, practice or reality--plus a mish-mash of half truths and misunderstandings, the newsletter openly attempts to sow seeds of distrust whereby to raise a crop of hatred.

If the authors had wanted answers to the questions raised, or explanations of college policies, they both know that the place to obtain these answers and explanations is at the bargaining table.

We had hoped for something better than this. We believe the majority of our faculty had hoped for something better than this. We even believe that a majority of union members hope for something better than this. It is sad to see it all beginning all over again.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 23 April 15, 1985

Faquir Named Coach Of The Year

PBJC Netmen Win State Title

The Palm Beach Junior College men's tennis team won five of nine final matches against Florida Junior College last Wednesday, capturing their second straight FJCAA title.

Team captain Urban Lundqvist took the No. 3 singles state championship and teamed up with Krister Larzon for the No. 1 doubles title. Gilberto Arcay and Butch Hayes, the No. 3 doubles team, beat the top-seeded doubles team from FJC to win the No. 3 doubles state title.

Singles championships went also to Kai Niemi and Skip Jackson.

Besides individual and team honors, Head Coach Max Faquir received recognition as the 1985 Coach of the Year from the men's state tennis committee.

The Pacers will travel to Ocala May 20-27 to compete in the nationals.

The Lady Pacers tennis team closed its regular season March 30 with an 8-1 rout over FJC. The women, who are 17-2 in regular season play, were scheduled to compete in the state and regional tournaments Apr. 10-13 at Hillsborough Community College in Tampa.

With only two games left in the regular season (a twinbill against Brevard and Broward Apr. 16), the PBJC softball team is 26-4 and has already secured the Southern Conference title. They will play in the state tournament Apr. 18-20 in Lake City.

In baseball, the Pacers are in a dead heat with Miami Dade North and Indian River for first place in the Southern Conference.

"We have a big series with Miami Dade North over the weekend, and we expect to be in first place by Monday," said Head Coach Frank Cacciatore.

With only two weeks left in the season,

Dr. Eissey Invited To White House

Dr. Eissey is one of about 20 people invited by President Reagan to the White House for the ceremony awarding the Congressional Medal of Freedom to Danny Thomas on April 16.

The famous actor, comedian and humanitarian is one of a small number of Americans to be honored by the nation's highest civilian award.

Dr. Eissey has been for many years a member of the board of directors of St. Jude's Children's Research Hospital, the national organization which Danny Thomas did so much to create.

In November, 1984, he was appointed First Vice President of St. Jude's, and became a member of the hospital's executive management board.

Trustees Meet At PBJC North

Palm Beach Junior College trustees will hold their April meeting Wednesday, Apr. 17, 7:30 p.m., in Room 106 of the Classroom Building at PBJC North.

Prior to the beginning of the meeting, the trustees and any other interested persons will be able to tour the nearly completed Library/Academic Labs Building at the North campus.

The LLRC/Academic Labs building is also the last item on the agenda of the meeting. The board will be asked to authorize the president to sign the

Circle K Convention

Palm Beach Junior College's great Circle K club has scored again at the Florida convention, March 29-31 at Plant City, according to information received from Bob Moss.

Our Circle K won the Outstanding Award for the state and four first place awards, two seconds and two thirds.

First Place Awards: Inter Club Award, Scrapbook Award, Outstanding Club Member, Judi Mahaffey; Outstanding Club Vice President, Beth Richar.

Second Place Awards: Outstanding Club Secretary, Joe Kolacinski, Outstanding Club President, Jeff Lewis.

Third Place Awards: Outstanding Club Treasurer, Steward Sisk, and Total Club Achievement, (Bronze Division).

Camp Junior College

The PBJC Center for Continuing Education for Women will once again offer Camp Junior College for boys and girls ages 8-15 in two two-week sessions beginning June 24 and July 8.

Registration is limited to 45 applicants on a first come, first served basis, and is being offered to PBJC employees first. After May 1, enrollment will be opened to the general public.

For registration or more information, call Cindy at 439-8014.

How To Be A Smart Patient

The PBJC Division of Continuing Education will host a free seminar on "How to be a Smart Patient" Tuesday, April 16 from 2:30 to 4:30 p.m. in Room AH 101 at the Central campus.

The seminar will focus on the rights and responsibilities of patients and families in dealing with physicians, health professionals, hospitals, nursing homes and social agencies.

Guest speakers will include a family physician, hospital director and home care specialist.

For more information, call the PBJC Continuing Education Division at 8006.

Reception For Graduates

Faculty and administrators have been invited to a reception for graduates on May 8 at 11 a.m., immediately following the graduation rehearsal at the Jai Alai Fronton.

Details of the graduation have not yet been finalized, but will be reported by the Monday Report when available.

Personal . . .

"Blessed are they who mourn for they shall be comforted..." The family of Edmund Matsoukas thanks the Palm Beach Junior College family for the understanding, love and support you continue to provide to us in this time of sorrow. You have comforted us and we pray that God grant you and your families life, good health, and love. ... Sincerely, George Matsoukas

Sports (cont'd from P 1)

PBJC holds a 13-5 conference record, and an overall season record of 34-14-1.

Out on the links, the golf team was to have competed in the Southern Conference tournament this past weekend. They should be strong contenders in the state tournament to be held in Titusville in May.

Happy Birthday To . . .

4/16 Genevieve Heller, Allen Hamlin 4/17 Bob Moskovitz, Mariann Rowland Jeffrey Palmer 4/18 Peg Farrell 4/19 Betty Blanton, Fred Lane, Carolyn Copeland, Cheryl Stocker 4/20 Latonya Smith

FACC Career Commission Conference

Workshops on efficient telephone use and reducing work-related stress will highlight the FACC Region I Career Commission Conference to be held Friday, April 19 from 8:30 a.m. to p.m. in CE 121 at PBJC Central.

A representative from Southern Bell will present an overview of new communications technology and how to maximize efficiency in telephone use from 10:30 a.m. to noon and from 2 to 3:30 p.m.

Betty Towry of Central Florida Community College will give a workshop on human relations and stress management during the same times.

In addition, FACC Executive Director Frank Casey will provide a brief update of FACC activities at 9:30 a.m.

The registration fee is $14 for FACC members and $17 for non-members, and includes coffee, lunch, refreshments, door prizes and conference materials.

Those interested in attending should submit leave forms today to Jeanette Sanders at Mail Station #12. For more information, call Sanders at 439-8005.

"Black Tie Affair" May 9

A new idea for the college, the "Black Tie Affair" is scheduled for May 9, 8 p.m. in Conference C at PBJC Central.

The "Black Tie Affair" will be jointly sponsored by the Art Department and the Interior Motives Design Group, an organization of architecture and interior design students.

Guests, (black ties are really optional, but the name indicates the desire for an elegant night), will be leading Interior Design Studio personnel and members of leading architectural firms in the area.

The event will be a showcase of talent, with students displaying professional calibre portfolio work which passes the inspection of the members of the art department. Students whose work is accepted willpay $15 for reserved space in the display.

The guests will have an opportunity to examine some of the work being produced by the students, and to meet with them on an informal social basis.

If the "Black Tie Affair" works as planned, employers who are searching for talent will be able to make some choices quickly that might require hours of interviews, and students will have a chance to meet the top employers of the area in a favorable setting.

Trustees (cont'd from P 1)

certificate of final inspection on the building, subject to a punch list of items being corrected and liquidated damages being settled.

Even though many items of equipment for the building have not yet arrived, enough is in place so that those touring can obtain a good impression of how the building will be when it is put to use early in the Spring semester.

The agenda has an unusual number of appearances and reports.

Senator Phil Lewis will present a state award for our Computer Assisted Design program.

William Vasile has requested an appearance regarding his employment relationship.

Mrs. Freddie Jefferson will give a sabbatical leave report.

Hamid Faquir will present some Financial Aid information.

Dr. Ottis Smith will give a report on the status of the North Campus.

Willard Findling will report on the Association of Community College Trustees meeting in Biloxi, Miss.

Personnel items will include annual appointments of administrative/professional personnel, an action which usually takes place at the April meeting of the board.

Latest word on Lloyd Haynes, who was slightly injured when he suffered a fall at his home several days ago, is that he is somewhat improved, according to Jeanette Sanders. Lloyd is recuperating at Doctor's Hospital, Room 250-A.

Maybe you didn't realize it, but we owe a vote of thanks to the Payroll Department. Working into a new computer system is never easy, and Payroll has been forced to put in some extra long hours to get our pay checks on time.

Announcements . . .

Annual Physical Inventory begins today, Apr. 15 through Monday, May 6 as required by Florida Statute. Two copies of the inventory printout will go to each department by Apr. 15. A certified copy signed by the department chairperson is due in the Property Records Coordinator's office by 4PM, May 6. Call 8148 if you find an item in your area that is not on your printout. This may be the very item someone else is looking for. Thank you. ...M. A. Reasner

Students for International Understanding (S.I.U.) are sponsoring a picnic Saturday, Apr. 20, and all students, faculty, administrators and staff are invited to attend. The picnic will begin at 11AM and continue til sunset at John Prince Park (maps will be posted around campus to show exact location). Hamburgers and hot dogs will be cooked on the grill, and the food is free, but bring your own beverage. A faculty-student volleyball game is slated, and everyone is encouraged to bring softballs, frisbees, etc. Funds for the picnic were made available from the successful SIU Food Festival held last month. SGA members will also be assisting. For more information, contact Lori Hunter, 8182.

We have two secretarial desks with left-hand typewriter returns. Would like to trade for two right hand returns. Can you help? Call Development Office, 8072 or 8074. ..N.Cherry

The cut-off date for submitting purchase requisitions and stores orders to be encumbered from the 1984/85 budget will be on Wednesday, May 15, 1985 before 4:45 p.m. Any requisitions or stores orders received after this date will be held until July 1 and encumbered from the 85/86 budget.
...D. Jones

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 24 April 22, 1985

Primary Emphasis On Students

Job Services Of Florida To Open PBJC North Office

By voting to provide an office for Job Services of Florida, Palm Beach Junior College trustees Wednesday night obtained job placement services for students at PBJC North which will go into effect almost immediately.

CAPITOL ROTUNDA was the setting for our Pacesetters first appearance in Tallahassee, April 9. They later appeared in the Senate and were well received. PBJC's Polish dancers provided some lively entertainment on the plaza between the old and new capitols on the same day.

The plan, worked out over a period of several months by Dr. Ottis Smith, PBJC North Provost, and the state agency, will eventually provide job services for all north county residents when the office becomes fully organized.

Initially, however, beginning as early as the first of May, and for the first weeks of operation, the office will concentrate almost entirely on assistance for students while it is preparing for broader service to the whole community.

The timing could not have been better. Many students will be graduating on May 8 and entering the job market.

The college will provide office and reception space and parking for the state agency. Job Services of Florida will provide personnel, expertise, and connections with all of the services of the agency.

The student emphasis provided by the location at PBJC North will also be transferred to other Job Service offices in the county.

Earlier in the meeting at PBJC North, the trustees received a proclamation from the state community college board recognizing the college's Computer Assisted Design program with an award of excellence. The resolution was presented by Senator Phil Lewis, who is chairman of the state board.

A report from Hamid Faquir, Director of Student Financial Aid, said students received $1.7 million last year, about the same as in the previous year. Of that amount, $1 million went to female students and $700,000 to male students, he said.

The board received a report by Dr. Eissey prepared from a committee of vice

President Reports Visit To The President

Dr. Eissey told PBJC trustees Wednesday night that President Reagan seemed in good humor Tuesday when he presented Danny Thomas with the 116th Congressional Medal of Freedom ever minted (the first went to George Washington).

Dr. Eissey said the president was reading a list of Danny's screen credits, when he stopped for a moment and commented: "If I had gotten a few more parts like that, I wouldn't be president today!"

Later, President Reagan referred to Danny Thomas as a young man, then quickly looked at the 72-year-old Danny

Students Are The Center Of Our Attention

International Festival Opens May 10

Foods, entertainment, and arts and crafts from over 25 different ethnic groups will highlight the Fourth Annual International Festival of Palm Beach County in May.

Sponsored by the PBJC Center for Multicultural Affairs, the event will be held Friday, Saturday and Sunday, May 10-12 at PBJC Central.

The weekend promises to hold something of interest for just about everyone. On Friday, from 10 a.m. to 2 p.m., there will be special entertainment for children, including Czechoslovakian black light theatre, Mexican storytelling, and Passofino horses.

Later that day, the festival officially opens with a parade at 7 p.m. near the gym. Presidents from each of the area's ethnic organizations will be dressed in native costume and will carry native flags, according to coordinator John Townsend.

"Special guests will include public officials from area municipalities, and Dr. Eissey will present a proclamation from the County Commission declaring the weekend 'international Festival Days'," he said.

The three-day affair will be full of good food and fun. There will be performances of song and dance from various countries, plus arts and crafts for sale and many exotic foods.

The fair will be open Friday, 10 a.m. to 7:30 p.m.; Saturday, 10:30 a.m. to 8 p.m., and Sunday, noon to 6 p.m. Admission is free. For more information, call John Townsend, 8161.

FACC Flea Market

The flea market sponsored by PBJC-FACC last Saturday netted $295, despite very wet weather.

"Even though we were scheduled to start at 10, there were people showing up at 9;30, crowding the walkway where we were set up," said Kateri Brunell, fundraising chairman. "I'd really like to thank everyone who helped make the event such a success--from the donors to the pricers to the merchandisers who worked on Saturday."

She said FACC has decided to follow up with a second sale on Saturday, May 11 from 9 a.m. to 1 p.m. on the northwest corner of the PBJC Central parking lot. All funds raised will be used for campus beautification projects.

If you missed the first flea market and would still like to donate items, please call Shelley Carton at 8017 or Kateri Brunell at 8135.

President (cont'd from P 1)

and said: "Around here, anybody who is 72 is a young man!"

Dr. Eissey then told his own story in what Dr. Philip Lichtblau, board chairman, referred to as "Ed's usual humble style."

"After the ceremony, Danny Thomas, President Reagan and I went out into the Rose Garden for a few moments," Dr. Eissey said. "I overheard someone on the other side of the fence talking to a friend.

'" See those three men in there,' he said, 'I wonder who the other two are in there with Ed Eissey!'"

In a more serious vein, Dr. Eissey, who was one of 20 persons from around the nation invited to the oval office for the ceremony, said he and Danny agreed during a dinner party following that "nowhere but in America" could such a ceremony have taken place.

Dr. Eissey has been active for a number of years in working for St. Jude's, the children's research hospital famous around the world for its work on cancer and leukemia, founded by Danny Thomas. Dr. Eissey is now vice president of St. Jude's, and Danny Thomas is president. Both men, along with the other board members of St. Jude's, donate all their services to the hospital.

Honors Advisory Council Will Be Formed

An invitation is hereby extended to all faculty members who have an interest in an honors program at PBJC to meet with Barbara Sabonis-Chafee this afternoon, (Monday), at 2:30 p.m., Room 314 of the Allied Health Building at PBJC Central.

Barbara, who was appointed Honors Coordinator in January, is in the final stages of forming an Honors Advisory Council whose members will do a lot more than just merely advise.

"We will begin serious meetings in the fall, at least monthly, in which we will generate the ideas and formulate the plans for a full honors program at the college," Barbara said.

"The council will be non-hierarchical, with rotating shared responsibility," she said. "We want every member of this all-faculty council to be a working member."

Barbara has already identified six other faculty members who have been present at one of the two meetings already held, and three others have expressed interest but could not be present. The council will be formed from those who have already expressed an interest and those who respond now.

In the meantime, work has continued on the structure of the core honors course, and plans now call for a pilot course at PBJC North either in the Fall Term or in the Winter Term.

The concept of this course, based on a small group problem-solving effort with videotape reporting, was selected for implementation from a number of faculty suggestions.

This renewal of the efforts PBJC has made to establish a college wide honors program has been made possible by funding through the Academic Improvement Trust Fund.

Those interested in becoming members of the Honors Advisory Council may contact Barbara Sabonis-Chafee at 439-8090. If this is difficult, attendance at today's meeting without notification is encouraged.

Registration Set For Camp Junior College

PBJC employees have until May 1 to have priority in registering for Camp Junior College, according to Jennifer McCormick, coordinator.

The camp, which is open to boys and girls ages eight to 15, will include two two-week sessions beginning June 24 and July 8.

Session 1 will feature tennis instruction, while session 2 will feature racquetball. Cheerleading, dance instruction and team sports will be offered, as well as computer instruction, nature walks, picnics and swimming.

Since the cafeteria will be in the process of being remodeled, lunch will not be provided.

Camp hours will be from 9 a.m. to 3:30 p.m. every day, with extended care from 7:30 a.m. to 5 p.m. Each session will cost $55 plus a non-refundable $25 application fee (for reservation and tee-shirt). Prepayment should be received in the cashier's office by May 20 for Session 1 and June 5 for Session 2.

For more information or reservations, call Cindy at 8014.

Job Services (cont'd from P 1)

presidents and provosts on reallocation of resources. Most of the report dealt with efficiency of operation and possible new revenue sources.

A large personnel section consisted primarily of annual reappointments.

The board authorized the president to sign the certificate of final inspection for the LRC/Academic Labs Building at PBJC North.

An article by Dr. Carol Wershoven of the South Campus English Department has just been published in the Spring issue of Colby Library Quarterly of Colby College in Maine. The article, "The Divided Conflict of Edith Wharton's Summer," examines a "rediscovered" novel recently dramatized as part of a PBS series on Edith Wharton.

...Stafford Mooney

Legal Actions

Two minor legal actions involving the college took place in the Fourth District Court of Appeals in West Palm Beach last week. The college filed a motion to appeal the ruli by the Public Employees Relations Board on the suspenion of Frank Leahy and Dr. Joan Young.

In a separate matter, a hearing was held on a previous appeal to the court from a PERC declaratory decree involving the right to go to impasse on a contract provision that eliminates grievance when there is no contract.

Roundup Tickets

For the second year in a row, the annual Faculty/Administration luncheon to honor retirees will be a Roundup in John Prince Park May 6, just south of where we are going to be building the Performing Arts Center. The event is by invitation, and faculty and administration should all have received a green sheet with an announcement and a ticket request about two weeks ago.

Dr. Erling reports that many have not returned the ticket request--and you will need a ticket to get in. Retirees this year are Daniel P. Caylor, Jr., Edith Faye Easterli William Galbraith, Benjamin Roberts and Milton U. Thomas, all with long records of exceptional service.

Please get your ticket request in. Call Dr. Erling's office for info.

FACC Social This Week

All PBJC employees are invited to the FACC Spring Social Friday, Apr. 26 from 4-7PM at the home of Ethel Fowler (3884 Lighthouse Dr., Palm Beach Gardens). Come and meet your FACC officers and fellow co-workers while you enjoy refreshments such as sangria, punch, beer, and many kinds of hors d'oeuvres, all for only $1 per person (payable at the door).

You can get to Ethel's house by taking I-95 to Northlake Blvd., east to MacArthur Blvd. (second light), left to Lighthouse Drive (second street), and left again to 3884 (third house from dead end).

REMINDER: Modified work week begins Monday, May 6. Personnel on a 35 hour schedule work Monday-Thursday, 7:30AM to 4:45PM; those o a 40 hour week, 7:30AM to 6PM.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 25 April 29, 1985

Montgomery To Speak

Spring Commencement Exercises May 8

Depending on the outcome of the CLAST test, between 550-565 graduating sophomores will receive diplomas in the 1985 Spring Commencement Exercises Wednesday, May 8 at 8 p.m. at the Palm Beach Jai Alai Fronton.

Among the candidates for graduation is a student who started her degree program at PBJC in 1949 when the college was located at Morrison Field (now Palm Beach International Airport).

Like a lot of students, Martha Harper (as she was known then) enrolled in Watson B. Duncan's literature classes and fell in love with the master teacher. Unlike the other students, she married him.

"Our marriage interrupted her schooling," Duncan said. "Honey started back full-time in Fall 1984 and is now finishing her degree in Liberal Arts."

According to Mrs. Duncan, life at PBJC circa 1949 was alot different than PBJC today.

"The whole atmosphere is different....We were so sheltered at that age...We didn't have jobs like so many of the students have today," she said. "The college was much smaller, so everyone knew everyone else and was aware of what was going on."

She said she plans to enroll at FAU to complete a bachelor's degree in political science. Not a surprising choice, since she was a Lake Worth commissioner from 1980-84.

At the ceremony, Duncan will present the diploma to his wife, as is the custom when a PBJC employee has a relative graduating.

The graduation spekaer will be Robert Montgomery, a partner in the law firm of Montgomery, Lytal, Reiter, Denney and Searcey, and PBJC Foundation board member.

A rehearsal will be held at the Jai Alai Fronton, and a reception for students, faculty and administrators will follow at 11 a.m.

Allen Hamlin Receives National PTK Award

Allen Hamlin, mathematics faculty member at PBJC Central, was recently named the "Most Distinguished Regional of State Advisor" by Phi Theta Kappa, the national honor fraternity for junior, technical and community colleges.

The Florida State advisor since 1983, Hamlin has acquired a reputation within the organization for building membership and attendance at state and national conventions.

In a news release, Dr. Margaret Mosal, national PTK executive director, states:

"His enthusiasm, as can be attested to by the rousing spirit of the Florida delegation at the last national convention, is infectious, and it has given new spirit to the Florida chapters...

In an effort to encourage those chapters which had not been participating in state meetings, he personally communicated with sponsors and members of those chapters and encouraged them to attend by offering to pay the registration fee of at least one delegate...

He also encouraged sponsors of active chapters to contact inactive ones and act as "goodwill ambassadors." The result was a record attendance by 33 regular chapters and nine alumni chapters at the Florida State Convention.

Cont'd on P 2

Students Are The Center Of Our Attention

International Business Study Tour

The college is offering a repeat this summer of a study tour in International Business to England, Ireland, Scotland and Wales. The tour ran in the past to "rave reviews," according to the conductor, Noel Smith, of PBJC South.

Noel says that some of the groups have had such a good time they are still getting together for reunions.

The tour is a blend of sight seeing with visits to some of the famous and typical business institutions of the countries. The student will get a first-hand glimpse of how such institutions as the London Stock Exchange and the Bank of England are run, as well as a pottery factory, a ship building center, a Welsh coal mine, and many others.

Up to six hours credit in business area. Good for certificate renewal. Get in touch with Noel for more information.

South Students Honored At Awards Banquet

PBJC South hosted its 10th Annual Student Awards Banquet April 16 at the Boca Raton Country Club, and about 50 students were honored for academic and leadership achievements.

Students were recognized in 10 categories: Academic Recognition (in each of the academic disciplines); Phi Theta Kappa Award; Student Government Academic Scholarship; Veteran's Academic Achievement; Student of the Month; South Student-Leadership and Participation; Best Organization Award; Graduate Scholarship Award (to FAU): Academic Excellence Award and Golden Achiever Award (for senior citizen).

Pacer Teams Tournament Bound

May seems to be tournament month for PBJC sports.

The PBJC baseball team closed out its regular season last Wednesday with a 3-2 win over Indian River, upping their final record to 40-15-1 (18-6 in conference play).

With their third conference championship tucked under their belts, the Pacers are preparing for the state tourney to be held May 4-8 in Winter Haven.

They will face seven other community college teams, including Indian River, Miami Dade North, Chipola, Florida Junior College, Brevard, and Manatee.

The Lady Pacer softball team will travel to Cullman, Ala. May 1-5 to defend their national title. They placed second in the state tournament held April 18-20 in Lake City.

Both the men's and women's tennis teams captured first place in the state tournament in Tampa, and are now preparing for a trip to Ocala and the NCCAA title. The women's tournament begins May 13, and the men's starts May 20.

The Pacer golf team captured two first places and three seconds in seven tournaments during its season, going on to win the Southern Conference championship.

The team has a good chance of winning the state junior college tournament (for the second consecutive year) May 6 in Titusville, and going on to nationals later in June. The Pacer golfers finished second in the nation in 1984.

Hamlin (cont'd from P 1)

Phi Theta Kappans all over the state appreciate the work Allen Hamlin has done. Their affection and respect are evident."

Hamlin began his association with PTK while still a student at PBJC, and was awarded the organization's Graduating Sophomore Scholarship to Florida Atlantic University in 1969. A PBJC faculty member since 1977, he became a PTK faculty advisor in 1978.

It Really Is Worth It

It has happened to everybody. You work hard at your job, but things don't always go your way, and frustration sets in. Problems pile up knee-high, then shoulder-high, and after a while you say to yourself: "Is it all worth it?"

The answer here at Palm Beach Junior College is absolutely, positively, affirmatively, triumphantly: "Yes!" Read on.

Those of us who knew Nathan will feel a pang at the realization that he will not be here this fall. It will be a pang for ourselves, not for him. He will be matriculating elsewhere.

6301 Poindexter Lane
Rockville, Maryland 20852

April 12, 1985

Dear Sir or Madam:

Nathan Margaretten, 91, your oldest student, died suddenly and peacefully today in Perth Amboy, New Jersey, his hometown.

College was the central part of my father's life in Lake Worth. As a boy, he had to go out and earn money for his family rather than attend high school, yet despite his lack of formal education, he cultivated a lifelong love of learning. Palm Beach Junior College allowed him to venture into new fields of knowledge after he had reassured himself that he could be a worthy student by completing a course in real estate, his vocation of nearly seventy years.

With great interest, he would tell us of his courses on the behavioral sciences and and current events. An incurable comedian, he often said that he was majoring in Sex Education - but he took his studies very seriously. He amazed himself when he changed some of his most basic attitudes, like when he developed compassion for jailed criminals. He learned alot about other worlds from his college courses, having brought to his classes his open and inquisitive mind.

I know that he would want me to thank you for the priviledge of having been a student at your college.

Sincerely,

Posey Rogolsky

Interested applicants should contact the Director of Personnel.

The PBJC North Foundation will sponsor a Golf Tournament at Jonathan's Landing Friday, May 17, and tickets to the awards dinner are still available. The dinner, which features a sumptuous buffet, starts at 6PM, and tickets are $40 per person. All proceeds will benefit the North Campus Scholarship Fund. For tickets or more information, call Nancy Cherry, 8074.

Personals . . .

The Monday Report extends its deepest sympathies to Jim Aldridge of the Science Department and his wife, Heather, who recently suffered the loss of Heather's mother, Virginia Hodgkins, in an auto accident April 19 in West Palm Beach. Mrs. Aldridge, who works for the Palm Beach Medical Group, is a graduate of the PBJC Nursing Department.

Modified Week For 180-196 Day Contracts

About two months ago, the Personnel Office sent schedules to 12-month, 210 day, 196 day and 180 day personnel for the 4-day week which begins on Monday, May 6. These schedules are dated February 17, 1985.

While the work schedule for 12-month personnel appears very simple and straight forward (e.g., those personnel on a 35-hour week who previously worked 7 hours per day for 5 days will work 8 3/4 hours for 4 days), the work schedule of the week of May 6 through May 9 is somewhat more complex for faculty on 196 day contracts with the Spring Term and faculty on 180 day contracts.

Instructional faculty on 180 day contracts will have completed 175 duty days before the start of the duty day of May 6, 1985. Therefore, to complete a 180-day contract, 5 duty days must be worked and reported to the Payroll Office for duty which will be completed on Thursday, May 9. Those 180 day faculty working a normal schedule will have an average 7-hour day reported on the time sheet for the week ending Friday, May 3, and an average 8 3/4-hour day for the duty week which will end on Thursday, May 9.

Instructional faculty on 196 day contracts with the Spring Term will complete their last "regular" day (averaging 7

Students Are The Center Of Our Attention

Retirees Honored At Roundup In The Park

As it turns out, there will be six retirees honored at the Roundup in John Prince Park beginning at 11:30 a.m. today, instead of the five previously listed--Rick Travis has also decided to retire after 23 years of service to the college.

The Monday Report added up the years of service to Palm Beach Junior College of the six retirees, and their previous educational experience, and we are losing 212 years of experience in education, and 143 years at PBJC in one year's group of retirees.

First of the group to arrive at PBJC was **William B. Galbraith** on 8/1/56. Bill, a Senior Instructor in Science--primarily physics--came here after two years of teaching at Seacrest High School and eight more years prior to that, all in Florida. Something you might not know about Bill is that at one time he was a prized member of one of the best moonwatch teams in the United States. If you don't know what a moonwatch team was, you don't remember our early space exploration very well.

Two years later, on 8/18/58, came **Edith Faye Easterling** from Mississippi, where she had something like 10 years of experience in the junior college system there. Starting with Freshman Communications classes, she progressed to some of our more advanced courses, and eventually became one of our very best creative writing teachers.

Daniel Caylor, now an Assistant Professor in Biology, arrived on 8/1/61, coming here from Conniston Junior High, with several years of experience at Lakeland Junior High and Butler Senior High in Butler, Pa. He is a biologist who served on occasion as assistant department chairman in summer months. He is recognized by students and fellow teachers for his unusual grasp of the subject matter of his field.

A year later, on 8/21/62, **Richard L. Travis** joined the staff after about 10 years of educational experience in New York state. He was a math instructor until 1973, assistant department chairperson from then until 1983, and has been chairperson of the Center for Personalized Instruction since that time. Along the way, he was also our assistant baseball coach in 1974-78. Rick will always be remembered here as the developer of our Math Center, and of the CPI.

Benjamin S. Roberts has been befriending students, faculty, administration and anybody else he came in contact with from his post in the library since 8/12/63. He came here after serving as librarian for the Central and South Florida Flood Control District, and had about eight years of educational experience in private schools before that. Ben goes even farther back with PBJC experience--he was a student here way back in 1935-36.

Milton Thomas came to the library to join Ben--but on the first floor in audio visual--on 9/6/67. Although his 18 years make him the youngest of the six in service to PBJC, Milt had about 20 years of educational experience before coming here, with the last previous experience at Richards Junior High in Ft. Lauderdale. Our AV Center was in its infancy when he arrived, and he is responsible for much of its development since.

Faculty/Administrators please note: It is still not too late to get your ticket from Dr. Erling's office for the roundup--but you had better go in person as soon as you read this.

Modified Week (cont'd from P 1)

hours) of the semester on May 6, 1985. They will return to duty for the Spring Term on Thursday, May 9 and will work the longer duty day averaging 8 3/4-hours. Time will be reported at the 8 3/4-hour day rate for the balance of the Spring Term.

Those faculty on a 196 day contract with the Summer Term will return to duty on June 24, 1985 on a schedule which has an average duty day of 8 3/4 hours.

Department chairs and other personnel on 210 day contracts will work the full 4-day work week as indicated on the schedule dated Feb. 17, 1985. ...J.M.Schneider/Barry Rogers

Happy Birthday To . . .

5/07 Joan Jones 5/09 Hugh Albee 5/10 Joan Holcomb 5/11 Dianne Cameron

Pinning Ceremony

Congressman Dan Mica was to be the guest speaker for traditional pinning ceremonies for the largest nursing class ever to graduate at Palm Beach Junior College Saturday night, May 4, at 7 p.m. at the Palm Beach Jai Alai.

There are 157 nursing students who will graduate this year, either in May, or later this summer, according to Betty Morgan, Nursing Department chairperson. This will be the pinning ceremony for all.

"We expect 1,500 to 2,000 persons to attend," she said. "We are pleased the students found such an outstanding speaker for the occasion."

The central ceremony for the occasion is candle lit, and the nurses, in uniform, are given their school pins.

Announcements . . .

"Fitness for the 80's," an aerobics and exercise class, will be offered by Continuing Education Mondays through Thursdays, May 13 through June 20, 5-5:30 p.m. in CJ 109. The class will include a cardiovascular workout and stretching exercises, and the instructor will be Lori Monahan. The fee is $10. For registration or more information, call 8006.

The "Designer's Showcase" featuring the collections created by fashion design students will be presented at 7 p.m. in the International Ballroom of the Palm Beach Airport Hilton Hotel on May 7. Door prizes and a reception will add to the ambiance of the evening. There is a $5 donation. ...M. Prentice

FACC News

The PBJC chapter of FACC will hold a second flea market Saturday, May 11 from 9 a.m. to 1 p.m. in the parking lot of PBJC Central, near the Dental Health Building. Like the last sale, proceeds from the event will benefit the campus beautification fund.

"We made $295 in the first flea market, and we'd like to make at least $250 more," said Kateri Brunell, fundraising chairman. "We're still accepting donations up until the morning of the sale." If you wish to make a donation, call Shelley Carton at 8017 or Brunell at 8135. Those interested in working at the flea market should contact Irene Callahan at 8114.

* * * * * * * * * * * * *

All faculty and/or academic administrators are invited to submit nominations for the 1984/85 "Little Red Schoolhouse Award" sponsored by FACC to honor the individual who best exemplifies excellence in teaching practice during the year.

Nominees must be full-time teachers and must be FACC members. The winner, designated "Professor of the Year," will be honored at the annual statewide convention in Miami in November, and will be expected to present a summary of the experience which led to the award.

To obtain an application, or more information, call Kathy Aiello at 8009. Deadline for nominations is May 14, 1985.

Festival (cont'd from P 1)

Personals . . .

Things are really flying high at PBJC South, and according to Dr. Harris McGirt, the South Center is now "an American institution." The Student Government Association recently donated a flag pole to the South, and staff member Leona Opalio and her family donated an American flag in memory of her father, Elio, a world War II veteran, who died in January. An informal ceremony to mark the occasion was held last Tuesday.

Personals (cont'd)

The works of Richard Yasko, adjunct instructor of Art, South Campus, will be featured, along with other Southeastern American artists, a special exhibit at the Tampa Museum. The exhibit celebrates the Tampa Triennial and will run from May through August. ...S. Mooney

Announcements . . .

Due to recent changes in State policy, it is now required that any out-of-country travel at Board of Trustees expense be approved by the DBOT in one of their monthly meetings. Therefore, anybody anticipating out-of-country travel must submit the form in advance of the time requesting travel to enable this item to be placed on the agenda for the next DBOT meeting. ...T. Tate

Central Campus end of Winter Term instructor's key check will be today, May 6 for 196 and 166-day instructors and Thurs., May 9 for 180-day instructors from 7:30-12:30 and 1:30-5PM. All instructors NOT scheduled to teach Spring Term, please return all assigned keys to the inventory office along with your faculty check out sheet signed by all departments. Thank you. ...M.A.Reasner

During the week of May 6 through May 9, 1985 the LLRC will be open from 7AM to 5:30PM. Our regular evening hours will be resumed commencing Monday, May 13, 1985. ...W.C.Douglass

Collective bargaining between PBJC and the United Faculty of PBJC will continue Tuesday, 2:30PM, in the Parks and Recreation Building at John Prince Park. This will be the third meeting in the current round of bargaining.

The following classified positions are open:
Clerk Typist I (Financial Aid) Salary Grade A16, Temporary, full-time, $5.479 per hour

Interested applicants should contact the Personnel Coordinator. ...A. Johnson

The following position vacancy is announced:
Coordinator of Studio Services: Position requires a minimum of one year of post high school electronic training. Three years of experience in the operations of color television is also required. A first class communications license is preferred.
Interested applicants should contact the Director of Personnel. ...J.M.Schneider

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 27 May 13, 1985

Golfers Set For June

Softball Team Brings Home National Title

Battling back from the loser's bracket and winning four straight games in one day, the PBJC Lady Pacers clinched their second consecutive national softball title last Sunday in Cullman, Ala.

"It's great to win, but the way we did it was super," pitcher Tami Sandy told the Palm Beach Post. Sandy pitched all eight of the Pacers' tournament games.

PBJC dropped to the loser's bracket early in the tournament when they lost to Lake City Community College, a team that had defeated them in the state tournament in April.

The Pacers went on to take Pensacola 6-2, Florida JC 4-2, and Lake City twice, 4-3 and 3-0 on the last day of play.

The day the women returned from Alabama, the baseball team was also battling back from the loser's bracket in the state tournament in Lakeland.

The Pacers evened the score against Santa Fe CC 12-2, after losing to that team 11-1 in the opening round. The following day, PBJC beat Brevard 2-0, and faced Santa Fe again in the championship game.

Santa Fe jumped ahead by four in the second inning, and added one more in the third. Despite a ninth inning rally, the Pacers fell 5-4.

The team finished with a 45-16-1 record.

Last week also, the PBJC golf team qualified for its third consecutive trip to the national tournament, placing second in the state competition at Royal Oak Country Club in Titusville.

PBJC was led by Gary Emmons, Jesper Parnevik and Per Segerstrom, who finished the four-day tournament with 287, 290, and 297 respectively. The national tournament will be held at Mirror Lakes Country Club in Ft. Myers June 4-9.

Graduates Urged To Have Courage

Robert M. Montgomery, Jr., commencement speaker for the Winter Term graduates, used the word "courage" as the keystone of his speech at the Palm Beach Jai Alai Fronton Wednesday night.

Montgomery told the graduates it had taken courage and perseverance to reach their present level, and urged them to continue "the courage that refuses to be beaten" throughout their lives.

President of the legal firm of Montgomery, Lytal, Reiter, Denny and Searcy,P.A., the speaker is one of the key figures in the Palm Beach County Council of the Arts, and he used the 20-year struggle for a performing arts center as a lesson in courage.

He said the steps that assure such a center on the PBJC Central campus have been taken during the years the graduates were at the college. "This is a wonderful thing," he said, "and you should be proud you were at the college when it happened."

Most of all, he urged the graduates to have the courage to try. "It is hard to fail," he said, "but it is worse never to have tried."

The commencement exercises would have been the 50th in the history of the college had we stayed on an annual basis. Our first commencement was

Students Are The Center Of Our Attention

A Member Of The Family

The quiet, older gentleman who gave such polite answers in Continuing Education--the one who responded so cheerfully even though he moved so slowly you had a suspicion he might be in pain--finally succumbed to numerous physical problems at Doctor's Hospital, Saturday, May 4.

For the last seven years, Lloyd Haynes has considered the college to be his family. He had been introduced to PBJC by our former trustee, Susan Anstead, and he had no living family. He adopted us.

Lloyd, who had excellent secretarial skills and was extremely conscientious, was full time with us until Social Security got excited about his earnings three or four years ago. He switched to part-time, but kept on doing much significant work for us. We and the Ansteads were all he had. We were family.

There will be a memorial Mass today, Monday, at 4 p.m. at Holy Name Catholic Church, Military Trail near Gun Club Road for Lloyd Haynes. His family will be there.

Short Agenda For Trustees

Palm Beach Junior College trustees have fewer items than usual on the agenda for the regular meeting of May 15, at 7:30 p.m., in Conference C at PBJC Central.

There are 26 items on the agenda, and 12 of these involve bids. Five of the bids involve construction projects--projects which are best undertaken in summer months when student population is lower on campuses.

The administration will recommend a new carrier for the college's group life and indemnity health plan.

In other items, the board will be asked to increase fees for graduation, transcripts, and Camp Junior College, and to institute a $10 application processing fee--$25 for international students.

Board approval will also be sought for a study tour in Central America to be offered in the Fall Term from Nov. 27 to Dec. 1.

Among personnel items is the normal retirement of Richard Travis, chairman of the Center for Personalized Instruction.

About The Insert

Dr. Eissey asked that the enclosed insert be given to Monday Report readers. Note that the date on page one is 4/11 while the date on page two is quite recent, 5/02. The line that is underlined shows quite clearly that the SBCC (State Board of Community Colleges) wants a five percent salary increase in faculty salaries to move toward the goal of the upper quartile, the governor is backing that goal only to the tune of a 1.5 increase, and both the House and Senate have decided other things are more important, and have zero in that category.

Despite the lack of progress on this important item, other aspects of the 5/02 budget are somewhat better than the 4/11 budget. The bottom line amount in the House has risen by $3 million, while the Senate, which had shown an actual reduction over last year on 4/11, increased by $23 million to be slightly higher than the House at this point.

These figures change often during the legislative process, until some final figure is adopted by both houses, and then differences worked out in committee. Until these figures become final, the college has no way of knowing what its income will be, since about 70 percent of all funds supporting the college come from the state.

Student Services Department Offers CLAST Workshops

The Student Affairs Department is offering workshops for all CLAST participants, in preparation for the June 1, 1985 test date. Please do all you can to inform your students.

There are three orientation meetings scheduled: Tuesday, May 14--9-11 a.m., Wednesday, May 15--1-3 p.m., or Thursday, May 16, 7-9 p.m. These sessions will consist of a discussion of general test procedures, access of CLAST review materials, and the administration of a sample test.

In addition, there will be "Test-Taking Skills Workshops" offered on Tuesday, May 21, 9-11 a.m., Wednesday, May 22, 1-3 p.m., or Thursday, May 23, 7-9 p.m.; and "Test Anxiety Reduction Workshops" presented on Tuesday, May 28, 1-3 p.m., Wednesday, May 29, 9-11 a.m., or Thursday, May 30, 7-9 p.m. All workshops will be held in the Career Center Classroom #109.

Dennis Alber/CLAST Coordinator for Math, is presenting a "General Math Review Workshop" on Monday, May 20, 3-5 p.m. (BA 209). Dr. Frank Adams/CLAST Coordinator for English, is offering diagnostic pretests on writing skills and individualized help with essay writing (BA308).

The Student Affairs Department also has CLAST review books available on a lending basis, and is also offering free tutoring to CLAST participants. Interested students should contact Lois Pasapane, Student Affairs Department, at 439-8233.

New Staff Welcomed At North LLRC

The staff and faculty at North Campus will have an opportunity to meet three new persons recently hired for the new Library Learning Resource Center. Alice Zacherl announces that a special coffee is being arranged to welcome Judy Draper, Kay Newkirk and Robert Williams.

Newkirk and Draper are library technicians and will handle reference and circulation activities when the Center opens next month. Williams will direct the audiovisual/television component for PBJC North.

Draper has worked with the County Public Library System and at Benjamin Private School in North Palm Beach. Newkirk is a PBJC graduate and transferred to North from the Glades area. Williams comes from Atlanta and is a graduate of the University of Florida School of Broadcasting.

Also celebrating is Cheri Hanna who has moved from Library Clerk to Data Processing Clerk and Henrietta Caldwell who moves from Library Clerk to AV Clerk. The entire LLRC staff is delighted to be involved in the dedication ceremonies for the LLRC/Academic Lab Building scheduled for May 30, 1985.

PBJC Glades Holds Sports Day

One hundred and fifty students from four Glades area high schools competed in the PBJC Glades Second Annual Sports Day April 17.

The sporting events included balloon, frisbee, and horseshoe tosses, volleyball, basketball shoot, archery and a two-mile run. Those who placed first, second or third in each sport received a trophy or ribbon.

Glades Christian Day School was the overall winner, accumulating the greatest number of points in each event.

The Sports Day is a community service provided by the Glades campus for the area high schools. Participants receive lunch and a tee shirt.

Collective Bargaining

Palm Beach Junior College and the United Faculty of PBJC will continue collective bargaining sessions Tuesday, May 14, 3 p.m., in the union office at 4623 Forest Hill Blvd., Office No. 110. The building is located just west of the intersection of Forest Hill and Military Trail.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 28 May 20, 1985

Tour, Fees, TV, Satellite Dish, Milling Machine

Trustees Move Quickly Through Short Agenda

Palm Beach Junior College trustees moved quickly through a shorter than usual agenda at the May meeting of the board Wednesday evening at PBJC Central. The meeting began with a report on two sabbatical leaves.

Timely Bids Produce Painless Change

College employees who are on the Gulf Life indemnity health insurance plan face a change on July 1, but because of timely bids instituted by the Personnel Department and approved by the board Wednesday night, the change will be a minor one.

The low bid for this service to the college was from Metropolitan Life. The coverage will remain approximately the same as with the present plan, and the premiums will be reduced by about $1 for the individual plan and about $2 for the family plan.

If the college had continued with Gulf Life, the increase in premium would have been more than 50 percent. Since the college is already providing $75.43 of a $96.56 premium for this coverage, and can not pick up anymore of the cost, the entire amount of the increase would have been born by the employee.

That would have increased the cost to the employee for the individual plan from $21.13 per month to something in the neighborhood of $70 per month. Bad neighborhood. The neighborhood was even worse for those with the family plan.

Instead of moving into that neighborhood, the Personnel Department and the board opted for the new carrier and slightly reduced premiums. These rates will be good for one year.

The life insurance coverage was also a part of the same package, and those paying for the extra $10,000 will notice a reduction from $5.60 to $4.20 per month.

Bob Book of the Engineering Department said that his investigation of local industry had already led to revisions in the curriculum. One of his findings was that there is an increased need for technicians who have been trained in computer assisted drafting.

"We have one of the best CAD labs in the state," Book said. "Right now, however, we need more students."

Jim Gross of the Music Department reported that his investigation of electronic music had led to inclusion of this subject in the coming Fall Term. The use of computer assisted instruction in music theory, however, needs a change of direction from the use of PLATO.

"Most of the software for music theory is in microcomputers," he said.

After hearing the sabbatical leave reports, the board quickly approved an agenda from which seven items were selected for discussion.

A study tour to Central America over Thanksgiving weekend was approved to go out for bid after some discussion of college liability.

Dr. Melvin Haynes explained that fee increases for transcripts, graduation, and a new fee for application processing were necessary because of increased costs. Dr. Tony Tate explained an increase in application fee and a decrease in weekly rates for Camp Junior College.

Dr. Patricia Dyer explained a complicated Educational Facilities Survey which projects vocational needs for a five year period.

Cont'd on P 4

Students Are The Center Of Our Attention

Faculty Evaluation Team

One of the committees/groups appointed by Dr. Eissey this year is the Faculty Evaluation Team. Its current membership is Elizabeth Allred, Vincent Betz (newly appointed), Glen Marsteller and Carl Purtz, with Dr. Patricia Dyer as chairman.

Liz Allred has served as co-chair in this project, working with the University of Florida's Institute of Higher Education in a national study of faculty evaluation.

The Team will be making a brief report at the end of this academic year. It hopes to do a pilot project during 1985-86 among faculty volunteers who are willing to serve as guinea pigs in testing another student evaluation instrument and in trying out a somewhat revised system.

International Festival Draws Large Crowds

PBJC's gala Fourth Annual Festival May 10-12 attracted over 12,000 people, despite some rain on Saturday.

The festival began with Kid's Day early Friday, and featured entertainment geared toward youngsters. Between 10 a.m. and 2 p.m., there was Mexican storytelling, a puppet show by Jill Schepelle and McGruff from the Palm Beach County Sheriff's Office, clowns and ponies.

One set of entertainers turned out to be a surprise. When one of the acts failed to show up, about 25 schoolkids gave an impromptu performance in breakdancing.

The weekend officially opened at 7 p.m. Friday, with a parade of the different flags, each carried by a representative of that country. The American flags were brought into the gym by Jim Hancock, a Seminole Indian, and two Boy Scouts.

Joe Konwinski, president of the American Polish Club and master of ceremonies, remarked that it was "wonderful that in this great country of the United States, all of these flags can fly together." Then he led the crowd in singing "God Bless America."

"There were people in the audience who were in tears during the ceremony," said John Townsend, coordinator. "They became emotional with the patriotism."

There were also emotions of a different sort. The Portuguese, who are newcomers to the festival this year, closed their food booth so they could have a large contingent to whistle, cheer and stomp their feet when the colors of Portugal were brought in.

During the ceremony, PBJC trustee Willard Findling accepted a proclamation naming the weekend "International Festival Days" in Palm Beach County from County Commissioner Ken Adams and Lake Worth City Commissioner George Harra.

The rest of the weekend was filled with great food, entertainment, and beautiful arts and crafts.

Although exact figures are not yet in, Townsend said the general consensus among the clubs was that their food and crafts booths did as well as, or better than, last year.

"And we had the biggest crowds ever in entertainment," Konwinski said.

Note: Special thanks go to WRMF for acting as the official radio station of the International Festival. The crew aired public service announcements almost hourly throughout the weekend, conducted phone interviews and called in live reports from the WRMF Blue Cruiser.

Lady Pacers Lead In Tennis Tournament

The PBJC women's tennis team was leading by one point in the NJCAA tournament last Wednesday at Central Florida CC in Ocala, but they were to play the singles finals and doubles semifinals and finals on Thursday.

The Lady Pacers were tied for first place with five other teams after the first day of tournament play, but won five of six singles semifinals matches on Wednesday to take a one-point lead with 33. Tyler (Texas) CC was in second place with 32, and Indian River CC was in third place with 28 points.

The men's tennis national championships begin today (Monday), also at Central Florida CC.

President Scholar Awards

Top scholars who will be graduating from 15 area high schools this year will receive President Scholar Awards from Dr. Eissey Monday, June 3.

Some 46 or 47 scholars, each with at least a 3.5 grade point average and in the top five percent of the graduating class, plus family and friends, will be on hand at the Student Activities Center at 7:30 p.m. for the award presentation.

Each award carries with it a waiver of matriculation fees of $22.70 per credit hour for the Fall Term. If the student maintains a 3.0 average at PBJC, the award is automatically extended as long as he/she is a full-time student until graduation within a two-year period.

If utilized for the entire period, each scholarship would be worth about $1,400.

In addition to high schools within the county, awards are being made this year to students from Clewiston High School and Moore Haven Jr-Sr High.

Cardinal Newman, a parochial high school, also will have Presidents Scholars at PBJC this fall.

Cooperating public high schools include: Atlantic, Forest Hill, Glades Central, Jupiter, Lake Worth, John I. Leonard, North Shore, Pahokee, Santaluces, Spanish River, Suncoast and Twin Lakes.

Examining Our Nursing Graduates

Betty Morgan gathered a few statistics on her Nursing Department graduating class of 157 this year which the Monday Report thought might be of interest to you.

The class did its bit for opening up this occupation for males, with seven males.

There were also seven blacks, and 10 of hispanic origin. There was one mother/daughter combination, and also the daughter of a previous graduate.

The average age was 26.4 years, but there were four over 50 and one graduate was 59 years of age.

There are 28 of the graduates who haven't graduated yet, but will do so this year.

If you are unfortunate enough to require hospitalization, it is usually a plus to mention your connection with PBJC--one or more of your nurses will usually have the same connection, and will remember us favorably.

Everything You Wanted To Know About PBJC

Along with your copy of the Monday Report today, you should be receiving a copy of a small booklet: Everything you always wanted to know about Palm Beach Junior College--and who to ask if you want to know more.

This is specifically geared to the non-student user of college facilities, but has a small section in the back of the book geared to students. Initial reactions have been favorable.

The News Bureau, which is responsible for the booklet, has a good supply, and will be happy to provide you with copies. They might be a very useful handout, for instance, if you are making a speech about the college.

We're friendly. Give us a call. News Bureau -- 439-8076.

Personals . . .

Wednesday was a busy day at area hospitals for PBJC mothers-to-be. Laura Sullivan of the nursing department and her husband, Michael, welcomed a son at 4 a.m. at Bethesda Hospital. Taylor Robert weighed in at 8 pounds, 9 ounces. A few hours later, across town at Palm Beach Gardens Hospital, Teresa Woolfe of the North Campus and her husband, Randy, became the proud parents of a 7 pound, 8 ounce daughter, Bridgette. In case you didn't know, the new grandmother is Betty Woolfe, who unfortunately, was in Tallahassee when the big event occurred. Congratulations to all!

THIS Week . . .

Announcements . . .

Collective bargaining between Palm Beach Junior College and the United Faculty of PBJC will continue May 22, 3 p.m., at the union office, 4623 Forest Hill Blvd., Office No. 110. This will be the fourth session in the current round of bargaining for a contract to begin July 1.

A retirement dinner honoring Bobby Riggs will be held Saturday, June 8 at the Colonnades Hotel Ballroom in Palm Beach Shores. The evening begins at 6:30PM with a happy hour, followed by dinner at 7:30PM. Tickets are $25 per person, and reservations must be received by June 3. For more information, please contact Mary Beall at 8080.

During the modified work week which runs through August 15, the deadline for items for the Monday Report is Wednesday, 2PM.

Happy Birthday To . . .

5/21 Juan Valencia, Maritza Navarro
5/23 Paul Cassidy, Mary Taylor 5/24 Remer Young 5/25 Maria Guzman, Jane Anderson, Laura Sullivan 5/26 Neal Jay, Marie Roberts
5/27 Milton Thomas

Moving Day

Last week was moving time on Central Campus, and most of the offices moving into the renovated area on the ground floor of the Administration Building will already be in operation there by the time you read this.

If you have business with Personnel, Institutional Research, Development/Foundation, or the Comptroller and Budget Specialists, you will find them in the renovated quarters formerly occuped by the Registrar.

This week, Mary Tingler will move into the information desk in the center of the building. John Schmiederer is so busy right now he has decided to delay his move until June 1, or thereabouts.

Barry Rogers et al are only in the new building temporarily, while renovation on their old quarters is in progress.

These moves will bring most college-wide offices into one building, and should make things easier for everyone as we continue to grow.

Don't worry about telephone numbers--they will all stay the same.

Trustees (cont'd from P 1)

Trustee Willard Findling suggested that a bid for TV receivers might be written to include American built receivers if possible.

John Schmiederer gave background on purchase of a satellite receiver through a grant from the state. The satellite will be used at present for instructional purposes in the Engineering Department, but may be used later in a proposed communications network for the state.

He also told of some of the uses of a sophisticated milling machine, purchased for the Engineering Department with money from a grant from IBM. The machine will be one of those used in the new electromechanical technology program to begin in the Fall.

Dr. Eissey announced the dedication of the North Campus LLRC/Academic Labs building on May 30, 10 a.m., and the President Scholar Awards on June 3.

Findling congratulated the college, and particularly Otis Harvey and John Townsend on the Fourth Annual International Festival, which he said was the "most successful yet, best attended, and with better ethnic entertainment."

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 29 May 27, 1985

You Are All Invited

PBJC North Library To Be Dedicated Thursday

A traditional dedication ceremony has been planned for the new Library Learning Resources Center/Academic Labs Building at Palm Beach Junior College North, on PGA Blvd., Thursday (May 30) at 10 a.m. You are all invited.

The new $4.75 million facility, however, is anything but the traditional library.

While there will be stacks and books, and quiet places to study, there will also be computers and video cameras and players, and an array of audio-visual materials undreamed of by the traditional librarian.

If there is anything unusual about the dedication ceremonies, it is that there will be a number of speakers, all promising to perform for only a short time, rather than one long speech.

Dr. Harold C. Manor, President Emeritus of Palm Beach Junior College, will be the principal speaker, and there will also be a welcome from Dr. Ottis Smith, Provost of PBJC North, and brief remarks from Mrs. Homer Hand, Vice Chairman of the Board of Trustees, and Dr. Sarah Pappas, Dean of Instruction at PBJC North.

Invocation will be by the Bishop of the new Diocese of Palm Beach, the Most Rev. Thomas V. Daily.

Dr. Eissey will introduce visiting dignitaries and the principal speaker.

Music will be provided by Ruth Dooley, librarian, accompanied by Robert Jones of the Music Department.

After the ribbon cutting, a tour of the facility is planned.

The LLRC/Academic Labs building will be the largest at PBJC North.

The library and support facilities will occupy much of the ground floor, with labs taking over most of the second floor.

Cont'd on P 2

Moving Days Still Continue

Now that the move to the downstairs of the Administration Building at PBJC Central is nearing completion, the building just east, formerly the old administration building, is being vacated for remodeling and better use of the space.

Only Purchasing will stay in its present quarters.

As reported last week, Barry Rogers and the budget specialists are temporarily in rooms in the new Administration Building downstairs. Personnel is there permanently.

Payroll and accounting offices will be in the ground floor room on the northwest of the Library, where the Foundation and Institutional Research have just vacated.

Cashiers will be in the SAC Lounge by day, and in the Bookstore in evening hours.

All these changes are supposed to have taken place by the time you read this, and will be in effect through the Fall Term.

As with the other moves, you need not be concerned about the telephones--the numbers will remain the same.

Students Are The Center Of Our Attention

THIS Week . . .

May 28-30 Currently enrolled students register for Summer and/or Fall Term

May 30 Dedication ceremony; PBJC North Library Learning Resources Center, 10AM

Personals . . .

Mary Woods of the nursing department became a grandmother for the second time on May 20 at 4:15 a.m. when her daughter, Deborah Modlin, gave birth to 8 pound, 8 ounce Alana Gabrielle Modlin. Alana was also born on her sister's third birthday. Evelyn Merkle is the grandmother of Taylor Robert Sullivan born to nursing instructor Laura Sullivan as reported in last week's Monday Report.

Terry Shoultes and his wife, Emily, proudly announce the birth of a son, born 10:33 p.m. Tuesday at St. Mary's Hospital. The baby, who weighed 8 pounds, 5 ounces and is 21½ inches long, was unnamed as of Monday Report deadline. Mother and baby (and Terry) are all doing well.

Announcements . . .

1985/86 Catalog Supplements: If you have any corrections or additions that you wish to have placed in the 85/86 catalog supplement, please get the information to Dr. Patricia Dyer or Charles Graham by June 15.

Bumper Stickers Available

All employees are invited to help promote PBJC by picking up free "I Love PBJC" bumper stickers at all four campuses.

The yellow and green stickers are available in the Bookstores at PBJC Central and PBJC Glades, Dr. Smith's office or the message center at PBJC North, and in the faculty mailboxes at PBJC South.

Even if you don't like the idea of sticking decals on your car, you can still use them. Put them on books, tote bags or anything else that is carried around.

Happy Birthday To . . .

5/30 James Petrick, David Nixon
5/31 Daniel Morack, Sy Pryweller
6/01 Earthey Smith
6/03 George Bomgardner

Women's Tennis Wins Nationals

The Lady Pacers tennis team gave Coach Julio Rive the best retirement gift they could: they won the NJCAA women's tennis title May 16 at Central Florida Community College in Ocala.

The team won all three doubles matches and two singles titles on the final day of the tournament. Jongrak Srieud won the No. 1 singles title for the second consecutive year, and then teamed with sister Sirichan to win the No. 1 doubles title.

Ingela Sjogren and Maria Johnsson won the No. 2 doubles title, and Petra Ohlsson and Martha Canizares also won a doubles victory. In addition, Johnnson won the No. 6 singles title. The Lady Pacers finished the tournament with 41 points.

Rive, who is retiring after 10 years of coaching at PBJC, said he was "delighted" to end his career this way.

The coach has consistently built strong teams since taking over the helm in 1976. Under his direction, the Lady Pacers were national champs in 1985 and 1980, national runners up in 1983 and 1984, and state champs in 1977, 1980, 1983, 1984, and 1985.

He has helped establish a national reputation for the PBJC tennis program.

Though retiring from coaching, Rive will remain an instructor in the Hospitality Management Department. (Last Tuesday, Frank Mossadeghi, economics professor at PBJC North, was named as Rive's successor).

At Monday Report deadline, the men's tennis team was locked in a three-way tie for first place in the national tournament with Tyler (Texas) JC and McLennan CC of Waco, Texas. The championship was to conclude last Thursday.

Library (cont'd from P 1)

An unusual feature of the building is a first floor music/lecture hall that extends up through the second floor. This multi-purpose room will be a small auditorium for the college and the community until funds can be found for a real auditorium.

Use of the new building will free four regular classrooms, until now occupied by the library and the Center for Personalized Instruction. It will also allow expanded offerings in both science and the arts.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 30 June 3, 1985

One-Point Difference

Pacer Netmen Number Two In Nation

The PBJC men's tennis team finished second in the nation, losing by only one point to defending co-champion Tyler (Texas) Community College in the NJCAA men's tennis tourney May 25 at Central Florida Community College in Ocala.

The Pacers, locked in a three-way tie on Wednesday, jumped into the lead by two points late Thursday after all singles and doubles players advanced to the semi-finals. Tyler CC was in second place.

Then a bit of bad luck hit the team. Kai Niemi, no. 4 singles player, contracted food poisoning on Friday and had to forfeit a match. The team lost eight of its final 12 matches, which allowed Tyler CC to catch up and pass them.

"I've never been prouder of these kids," said Head Coach Max Faquir. "They played hard, and were perfect gentlemen throughout the whole tournament."

Six of the Pacers were named to the All-American team: singles players Krister Larzon (no. 1), Hans Oberg (no. 2), Urban Lundqvist, (no. 3), Kai Niemi (no. 4), Skip Jackson (no. 5), and Peter Grandahl (no. 6).

Faquir said Jackson won the no. 5 national singles title. In addition, freshman Krister Larzon received offers of full athletic scholarships from the University of North Carolina and the University of Southern California.

"He (Larzon) hasn't decided yet whether he'll take one of them or play at PBJC next year," Faquir said.

Next on the agenda: The PBJC golf team will compete in the NJCAA tournament at Mirror Lakes Country Club in Fort Myers June 4-9.

Paul J. Glynn/V. D. Stone Scholarships Awarded

Seven PBJC students were recently named winners of $1,000 "Dean Paul J. Glynn/ Dr. V.D. Stone Scholarships" by the PBJC Foundation and Financial Aid Office.

The students were chosen by a faculty committee headed by Dean Paul J. Glynn, retired vice president of student services, and interviewed by Hamid Faquir, financial aid director.

Recipients were: Lucine Martens (Boynton Beach); William Brown (Lake Worth); Louise Bouchard (Jupiter); Anthony Masi (Boynton Beach); Pamela Lavigne (Boca Raton); Susanne Reuss and Nancy Duenas (both of West Palm Beach).

A 21-year tradition, the scholarships are awarded on the basis of academic promise and financial need to graduating sophomores transferring to FAU.

Up until this past year, the scholarship program was administered by a board comprised of members of the county Medical Society and Jaycees who originated the Palm Beach County Scholarship Program in the early 60's. Over the last 21 years, 99 students have received $65,525 in scholarships from the program without depleting the principal.

Personals . . .

Dr. Barry Russal, associate professor of communications at PBJC North, has received word that two of his poems were accepted for publication in the next issue of the South Florida Poetry Review.

Essay Winner

Mrs. Addie Greene, a communications faculty member at PBJC Central, learned recently that one of her students, Jacqueline Laufer, was selected as the county winner of an essay contest sponsored by the Palm Beach County Chapter of the Institute of Financial Education. The contest, entitled "You Can Save Your Country," is designed to make college students aware of the federal deficit problem. Competition is at three levels: county, state and nation. Ms. Laufer's essay will go on to state judging, and hopefully, the nation. She could win scholarships at $10,000 (first place) or $2,500 (second through fifth place). But regardless of where she places, her essay will be given to President Reagan and members of Congress.

Happy Birthday To . . .

6/04 Gayle Delorme, Dennis Alber 6/05 June Verk, Bill Hayes, John Given 6/06 Mark Decker, Gerardo Paz 6/07 Jan Bussell, John Schmiederer 6/08 Loraine Kent, Sarah Dickinson, Addie Elam 6/10 Wayne Debee, Ivery Gaskins, Jim Hutchins, Sunny Meyer, Dot Suttle

Year Ends For New Dimensions

The season has ended for our Institute of New Dimensions, which operates from late October to late April, and we thought you might be interested in a small portion of a year-ending letter received by Otis Harvey. The excerpt follows:

The Institute of New Dimensions is attracting an increasing number of people. Although the membership has remained constant since 1983-84 (approximately 630), the number of new members has increased.

Our students come from Jupiter to Boca Raton, a total of over 12,000 attending during the 1984-85 Season.

This figure includes attendance at our three campus locations and the four libraries (Neighborhood Forums). Some of our lecturers have drawn audiences of nearly 200.

FACC Flea Markets

In its first efforts to raise money for its growing needs, PBJC/FACC organized two Flea Markets which were highly successful in terms of members bringing a great variety of goods to be sold. We were overwhelmed with the extent of participation in these events which were held on April 13 and May 4. Our thanks to the following people:

Frank Bollon, Jan Bostic, Kateri Brunell (chairman), Irene Callahan, Alice Carlise, Claude Edwards, Peg Farrell, Ethel Fowler, Bill Graham, Nancy Horvath, Nita Johnson, Dick Jones, Gordon Kramer, George Matsoukas, Frank McLaughlin, Jeanette Sanders and Alice Zacherl. ...S. Carton

Spring Social

The FACC Spring Social, under the direction of Mrs. Ethel Fowler, was coordinated by a committee consisting of Nancy Horvath, Lori Hunter, Shelley Carton, Frank McLaughlin, and Gordon Kramer. Held at Mrs. Fowler's home Apr. 26, the 'happy hour social' included a variety of appetizers, wine, beer and soft drinks. About 40 members attended, and everyone had a good time. ..S. Carton, J. Bostic

Collective Bargaining

Palm Beach Junior College and the United Faculty of PBJC will continue collective bargaining sessions Tuesday, June 4, 3 p.m. at the union office on Forest Hill Blvd.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 31 June 10, 1985

Excuse The Mess

Remodeling Underway At PBJC Central

The voices of students are PBJC Central have been muffled lately by the sounds of hammering, drilling, and scraping as the college makes some capital improvements during the slower summer months.

The finance/cashier's/personnel area is being totally remodeled from the floor up. As reported in an earlier Monday Report, these offices have been moved to temporary quarters until the renovation is completed in October.

The cashier's office is in the SAC Lounge during the day, and in the Bookstore during the evening; finance is located in the first floor of the Library where Development and Institutional Research used to be.

Personnel and the Office of the Dean of Vocational Education (John Schmiederer and Jan Beaton) moved into the district offices (first floor of the Administration Building) last week.

There is also some plastering and painting being done on the roof of the covered walkway outside the CPI Lab.

Two other projects are expected to be completed by the beginning of Fall Term.

The offices in the Social Science building are now being redecorated, and personnel have been placed in the Allied Health and Business buildings. (All phone numbers are still the same).

Also, the Hospitality Management Training Center's dining room and lobby will receive an extensive facelift.

Plans call for the installation of a new air conditioning system, carpet, wallpaper, drapes, tables, chairs, lighting fixtures, planters and wall hangings.

All improvements are being paid for with funds from the millage referendum which were earmarked specifically for capital improvements three years ago.

President Scholars Receive Awards

Scholarships which could be worth as much as $60,200 in the next two years and even more in the two years that follow were awarded Monday night by Dr. Eissey in the 6th year of the President Scholar Awards.

Thirty-five of the 43 recipients this year were present at the student activity center.

With parents and friends, three college trustees, all our vice presidents and many of our administrators, a representative of FAU, a sprinkling of high school principals and other school board officials also in attendance, , the SAC lounge was nearly full.

Presidents Scholars are in the top five percent of their graduating class with a 3.5 grade average or better. They get a waiver of tuition at PBJC if they maintain at least a 3.0 average, and FAU has awarded a similar tuition waiver for all Presidents Scholars who complete PBJC and wish to attend FAU.

Dr. Joseph A. Orr, Associate Supt. of Instruction at County Schools, told the scholars they had made a wise choice. "Wherever you decide to continue your academic career," he said, "you will find that the education you receive at PBJC

Students Are The Center Of Our Attention

Some Gloomy Facts For A Blue Monday Report

The Post editorial is reproduced here because of the support it gives to the idea that the legislature would have done better to allow the people of the county to decide whether they wish to support the college with a half mill tax.

It also gives some correct facts about other funding. It is true that the school system gets a 13.5 percent increase in funding. Not mentioned here is the fact that the legislature also allowed additional local taxation for the school system. Also reported more fully elsewhere in the newspapers was the fact that the universities again came off better than community colleges.

Of more immediate interest to us is the fact that the 5.2 percent increase in state funding for the college this year above last year is also reported correctly, but unfortunately, interpreted incorrectly by many people.

SUNDAY, JUNE 2, 1985

Let the County Decide

Having denied to local governments several sources of revenue for vitally needed local projects, the Florida Legislature had better come up with some alternatives.

Palm Beach County interests this year sought an increase in the documentary-tax stamp for roads, a sales-tax increase for court facilities and a new property tax for improvements at Palm Beach Junior College.

They will get none of it. Rep. Carl Ogden (D-Jacksonville), chairman of the House Finance and Taxation Committee, refused to let any bills get through his committee. "This is one of those local options that have been draining our tax base," he said with reference to the documentary-tax increase.

Ogden's position is that no such measures should be enacted until a special state committee's study of local revenue needs is presented to the Legislature early next year.

That makes a certain amount of sense, superficially. Still, what happened to home rule? If the voters of a county wish to tax themselves additionally for facilities or services they feel they need, why should the state prevent them from doing so?

Needs such as roads, courtrooms and schoolrooms are not going to go away. If the state is not going to provide the money local governments need, it should at least allow the local governments to do so.

●

In some areas, however, Palm Beach County fared quite well. The school system will receive $235.3 million, a 13.5 percent increase over last year, while PBJC will get $13.5 million, a 5.2 percent increase.

Florida Atlantic University got almost $2 million for construction projects, while $3.2 million was put up for new studios and offices at the WXEL public broadcasting complex. Also funded were two new judgeships, a runaway shelter program, a Marine Patrol station and a Department of Transportation maintenance yard and construction office.

Additionally, as part of a compromise to decentralize the Department of Transportation, the state did allow counties to levy another 2 cents of gasoline tax either by a special vote of county commissioners or a referendum. This seems inconsistent with Ogden's pledge, but then consistency often is one of the casualties in the Legislature's rush to adjourn.

Considering the inadequacy of the state's revenue base, the outcome as regards local funding is good. Especially important is the increase in school funding, given the state's mandate and the system's commitment to excellence.

In the first place, the 5.2 percent increase is only on the two-thirds of our income which comes from the state. There goes one-third of the 5.2 percent.

Then you should understand that the 5.2 increase is over the amount actually received last year, which was $139,000 less than anticipated because of enrollment declines.

Already, before you even begin considering next year's budget, a sizeable chunk of our "increase" has melted away.

Then, when you try to match the total anticipated revenue next year to the anticipated expenditures, the full extent of the situation the college is in financially becomes apparent.

In spite of every effort by budget managers, and Drs. Tate and Dyer in reviewing requests, a budget with no general raise except for increments just barely balances income to outgo. The rest of our increase in state funding is needed to make this budget.

Dr. Tate has been warning for many months that college income has been smaller than outgo for several years.

In a board meeting on Feb. 20, both Dr. Tate and Dr. Eissey warned that "expenditures MUST come down to equal income." That meeting was covered extensively in the Feb. 25 Monday Report as the lead story.

The unfortunate fact is that our carryover funds which amounted to a healthy $2.2 million in 1982-83 are melting rapidly away. We will spend over a million dollars more this year than we take in. (Cont'd P3)

Freedom Shrine Donated To North Campus

Palm Beach Junior College North will receive the Freedom Shrine, a display of 29 of the most important documents in the history of the United States, as a donation to the college on Tuesday, June 11.

A brief ceremony has been planned at the location of the display, in the south corridor of the first floor of the Classroom Building at PBJC North, beginning at 9:30 a.m.

Marty Dietrich, president of the Exchange Club of the Northern Palm Beaches, will preside over the dedication ceremonies.

The Freedom Shrine has been a national project of the Exchange Club for many years, and donations have been made to many colleges and schools.

Management Courses Offered At Breakers

A six-week course on "Principles of Management" is now being offered for the first time at the Breakers Hotel, and will conclude June 20, according to Dr. Thomas Shostak, PBJC Central dean of instruction.

"The class is composed of 10 mid-level management people, supervisors of various groups in the hotel," he said.

The course began May 14, and has been meeting Tuesdays and Thursdays from 5-8 p.m. in the hotel's training room. Aristotle "Telly" Haretos, as adjunct business faculty member, is the instructor.

"This is the first time we've had classes at the Breakers, and we're looking to do more," Shostak said. "The hotel has requested courses on writing and human relations.

He said the employees appreciated the convenience of having the class on-site right after quitting time. They also liked registering and buying books at work rather than driving to PBJC.

Facts (cont'd from P 2)

We must stop this drain. The college, by law, cannot operate on deficit financing.

There will no doubt be more about all this later. Much more.

Dr. Eissey has made it clear that he wants full facts given to anyone who wants to look at them. There will be people who want to add the figures up themselves, and that is understandable. But no matter who adds them, they will come out the same way.

We wish we could be more encouraging, but the facts will not let us.

Indeed, the bad news may not be over. If the slide in enrollment is not corrected, we face even more serious problems in the future.

President Scholars (cont'd from P 1)

will provide you with a good foundation."

Dr. Philip Lichtblau, PBJC board chairman, reminded the students that "success is a journey, not a destination," and wished them a pleasant and successful experience at PBJC.

Dr. Eissey gave a brief review of some of the important facts about the college and personally handed each scholar present a certificate of his or her award.

The scholars came from every public high school in the county and from Cardinal Newman, Clewiston and Moore Haven.

Happy Birthday To . . .

Announcements . . .

Dr. Shostak has received the following information from the U.S. Information Agency regarding the 1986-87 Fulbright Teacher Exchange Program:

The teacher Exchange Program involves a one-on-one exchange for teachers at the elementary, secondary and postsecondary levels with suitable teachers overseas. The 1986-87 overseas exchange programs will involve Canada, the United Kingdom, France, The Federal Republic of Germany, Denmark, Switzerland and possibly Italy. The number of exchanges available and the eligibility requirements vary by country.

The program also provides opportunities for teachers to participate in summer seminars from three to eight weeks in length. During the summer of 1986, seminars will be held in Italy and The Netherlands. Applications will be available in the summer. The deadline for receipt of completed applications is Oct. 15, 1985. For further information,write Fulbright Teacher Exchange Program, E/ASX, U.S.Information Agency, 301 4th St.,SW, Washington, DC, 20547 or contact Dr. Shostak at extension 8211.

Announcements (cont'd)

Attention Suncom Users: The 1985 Suncom Directories are ready for pickup at the Information Center, first floor District Administration Building. Please bring your old directory with you as a trade in. ..M.Tingler

The following classified positions are open:
Clerk Typist I (Student Affairs/Registrar) Salary Grade A16, $830.99 per month
AV Specialist (North Campus/Library) Salary Grade A24, $1,012.48 per month
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

Personals . . .

Congratulations to Lynn Powell, PBJC alumna and daughter of Mary Tingler, who graduated from Nova Law School May 26. According to her very proud mother, Lynn passed the Florida Bar and is presently working as an intern with the state attorney's office.

PBJC South student Karen Schauer has been honored as the South Florida Blue Key recipient by the University of Florida Leadership Award Committee. According to Dr. Harris McGirt, Karen is a member of Phi Theta Kappa and served as 1984/85 SGA president.

Let's Get Physical

A new national Gallup survey shows that men and women who exercise feel less stress and sickness and experience greater job satisfaction.

Now, the Continuing Education Division is making it easy to get started on the road to fitness and well-being. The Division will offer two half-hour aerobicise classes Tuesdays and Thursdays, June 25 through Aug. 1 in CJ 9: a beginners' class from 11:30 to noon, and an intermediate class from noon to 12:30 p.m.

"We've scheduled this time so that people can work out on their lunch break," said Jennifer McCormick.

Both classes will involve exercising to music using gentle stretching movements to increase flexibility, decrease stress, and tone parts of the body, she said.

The fee is $8 per class, and the deadline for sign-up is June 20. For more information, call Cindy at 8014.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 32 June 17, 1985

More Figures, But No More Dollars

Negotiators Hear College Economic Situation

The bad economic news forecast in the Monday Report last week became official at the bargaining table Tuesday afternoon. The information given out by Jesse Hogg, negotiator for the college, had more figures, but no more dollars, than the Monday Report article.

The college distributed two state reports, both showing a 1985-86 appropriation of $13,478,928. One of the documents also showed last year's appropriation of $12,816,724, a difference of 5.2 percent.

The increase for this year was broken down into three segments: Cost to Continue, (includes salary increments, utilities and other increases in the cost of continuing college operations), $413,761. Enhancement, (includes library books and additional program costs in college and vocational preparation), $123,120. New Facilities, $125,323.

Hogg said that after preparation of a budget containing increments, there was no money left over for a general raise.

Not Out Of Line

He said Dr. Eissey had asked him to explain that the administration does not consider the 12 percent requested by the union to be out of line, and that nothing would please him more than to be able to recommend that the trustees grant such a raise to everyone at the college.

Hogg reminded the union that there had been no mass lay-offs at the college so far, and said the college hopes to be able to continue without one.

Dr. Joan Young, negotiating for the union, asked a number of questions about the figures, particularly the amount for last year. Union negotiators, after a brief caucus, said they would react later to the new information.

The union rejected a college proposal to

Cont'd on P 3

Trustees Schedule Annual Reorganization

Palm Beach Junior College trustees will hold the annual reorganization of the board one month early this year, and will not schedule a regular meeting in July.

The first item of business in the June meeting, Wednesday, June 19, 7:30 p.m., in Conference C at PBJC Central, is the annual reorganization, when Dr. Eissey becomes acting chairman while a chairman and vice chairman are chosen, and times, dates and locations of meetings are determined.

With the newly-elected chairman presiding, the board will be asked to cancel the July meeting and authorize continuation of routine business items, placing them on the August agenda for confirmation by the board.

Perhaps the most important agenda item is the PBJC budget for 1985-86.

The board will also be asked to approve:

* Continuance and renewal of existing agreements with hospitals, nursing homes, schools and other community service organizations, and an articulation agreement with Palm Beach County.

* Writing off Emergency Loans and Delinquent Accounts in accordance with State Regulations and Board Rules.

Cont'd on P 2

Students Are The Center Of Our Attention

Trustees Reappointed

Two trustees with long service to Palm Beach Junior College have been reappointed to four-year terms by Gov. Bob Graham, according to Dr. Eissey.

Dr. Philip O. Lichtblau, current board chairman, and Mrs. Homer Hand, current board vice chairman, have been commissioned by the governor for an additional term, he said.

Mrs. Hand has served 12 years with the board, and Dr. Lichtblau 10.

"I am extremely pleased with this news," Dr. Eissey said. "There are no finer trustees, or finer individuals, than these. The college and the community will be better because we have four more years of service from such conscientious, competent and dedicated trustees."

Trustees serve without compensation, and are the governing board of the college, setting policy, hiring the president, and overseeing business and personnel decisions and major academic changes. They are not involved in day to day administration of the college, but look to the president and his staff to carry out their policies.

It is an honor to be appointed a trustee by the governor, but the positions are not merely honorary. Much time, energy and effort are necessary to understand the complex issues they must decide.

"There have always been outstanding individuals willing to serve as the trustees of Palm Beach Junior College," Dr. Eissey said. "We are fortunate that two of them are willing to serve another term."

Rick Travis Honored At Retirement Luncheon

An informal retirement luncheon for Rick Travis was organized by some of his friends at PBJC Central, and a good meal and a good time were shared by about 30 people in Conference C last Tuesday.

After lunch and some laudatory comments from Dr. Eissey, Dr. Dyer and Dr. Shostak, (who organized the meeting), Rick said he would be moving to a home he already owns in the lake country east of Ocala.

Among other activities he has planned, Rick will be building a second house on an even nicer site he already owns, teaching a night class or two for Central Florida just to keep his hand in, and resisting an offer he has already had to build a CPI there.

Ad Series On Stereo 98

The college has begun a new marketing program, about which you will be hearing much, much more in the future.

As for this week, we thought you might like to listen to WRMF 98 from 8 p.m. to midnight this week, especially if you haven't heard the PBJC ad series already started Friday, Saturday, and Sunday.

The series of four ads, aimed at graduating seniors who might want to enroll in the summer session, will air for the final time on Saturday, since the last day of registration is Monday.

Naturally, these ads are from Foundation funds, and they are strictly limited.

The college still depends on you to help get the word out that this is the last week of registration for the summer term. We really need these students, and if you know of anyone who should be in college during the next six weeks, do your bit for the college and for yourself.

Reorganization (cont'd from P 1)

* Renewing contract with American Food Management, Inc., for the cafeteria and amendments to provide services on the North Campus.

* A Displaced Homemaker Grant/Contract for 1985-86.

Faquir Named New Athletic Director

Hamid Faquir, financial aid director at PBJC since 1978 and a college employee since 1972, was named Director of Student Activities and Athletics last Tuesday.

The announcement was made by Dr. Melvin Haynes, vice president of student affairs, and was the culmination of a month-long search made by a committee which included Haynes, Dr. Paul Dasher, Dr. Harris McGirt, Bob Moss and John Jenkins.

The former financial aid director was chosen from among 31 applicants. By last Monday, the committee had narrowed the field down to two: Faquir and former University of Florida baseball coach Jack Rhine.

"(We chose Hamid) because of his overall experience in the junior college system," Dr. Haynes said. "He's served at several different positions and has a thorough understanding of the athletic program. It was close."

Faquir, who turns 43 in August, was an internal auditor at the college from 1972-78. He played tennis while a student at Florida State University, was a tennis coach here from 1973-78, and has since taught the sport in the PBJC physical education program.

He will replace Tom Mullins, who resigned March 14 to become full-time pastor of the Palm Beach Gardens Christ Fellowship Church.

Journalism Intern Program At PBJC South

PBJC South and the Boca Raton Community Redevelopment Agency recently established an internship program for South campus journalism majors, according to Dr. Margaret Maney, provost.

The first student has already been selected; Paul Dagostino, a 23-year old Boca Raton resident who works part-time at the Boca Raton News.

Dagostino's internship assignments will include interviewing Boca Raton business owners and writing feature articles about them for the Downtown Newsletter and other local media.

"Paul will be using a by-line that identifies him as a 'PBJC student,'" Dr. Maney said. "The internship has been arranged as a co-op program."

The faculty coordinator of the program is Dr. Carol Wershoven.

PBJC Golfers Finish Second In State

The Palm Beach Junior College golf team, led by Gary Emmons, Jesper Parnevik and Per Segerstrom, were runners-up in the state tournament held in May at the Royal Oak Country Club in Titusville.

The golfers also placed fourth in the national tourney held June 4-9 at the Mirror Lakes Country Club in Ft. Myers.

Negotiators (cont'd from P 1)

negotiate over a matter the union is pursuing as a grievance. A number of proposals formerly put forward by the college were also rejected by the union, and two new college proposals were taken under advisement.

The next meeting was scheduled for 3 p.m. Wednesday at a conference room in John F. Kennedy Hospital.

THIS Week. . .

June 17	Final day to complete all application procedures for regular admission, Summer Term, 3PM

Personals. . .

On behalf of Palm Beach Junior College North, I would like to thank all the college employees who attended and participated at our LLRC dedication May 30, 1985. Your participation contributed to the success of this special occasion. ... Ottis Smith

Congratulations to Laura Smith, daughter of PBJC South instructor Noel Smith, who was recently chosen regional Youth of the Year by the Boca Raton Exchange Club. Laura, a graduate of Pope John Paul II High School, plans to complete a five month term at Northwestern Preparatory School in California in December, and hopes to receive a letter of recommendation to the U.S. Air Force Academy.

Suzanne M. Book, daughter of Bob Book, member of the engineering faculty at PBJC Central, received her B.S. Degree in computer engineering June 7 from Auburn University, and will begin working with Intergraph Corp., Huntsville, Ala., as a software analyst in the computer graphics mapping division. Suzanne was a member of the first group of President Scholars at PBJC in 1980.

Happy Birthday To. . .

6/18 Joyce Kruger, Mavilene Prentice
6/20 Gloria Hollis 6/21 Arnold Freedman
6/22 Linda Steyers, Sue Hamilton 6/23 Joe Lesko, Jeanette Sanders, Maureen Christy, Ed Eissey, Joan Mulford 6/24 Mary Orsenigo, Gloria Hool

Announcements. . .

In order to prepare for the closing entries for the fiscal year 84/85, all petty cash slips must be redeemed in the Cashier's Office by June 24. After this date, purchases will be charged to the 85/86 budgets.
...Barry Rogers

The annual classified employees awards and recognition celebration will be held Thursday, July 18, 1 p.m. at John Prince Park. Committee chairman Don Pearsall has been hard at work for several weeks, striving to make the picnic even better than last year. Marla Tatman, chairman of games and activites, has added some exciting new events and surprises.

Central Campus End of Spring Term Instructor's Key Check will be Thursday, June 20 from 7:30 to 12:30 and 1:30-5 p.m. All instructors NOT scheduled to teach the Summer Term, please return all assigned keys to the inventory office along with your faculty check out sheet signed by all departments. Thank you.
...MaryAnn Reasner

Kateri Brunell has completed the Toastmasters International Advanced Communication and Leadership program. Completion requirements include three years continuous membership in Toastmasters, completing 30 speech projects of increasing difficulty, giving three talks to non-Toastmaster groups, and serving as a club officer for at least a year.

Hurricane Preparedness

It's that time once again...hurricane season. The insert in this week's Monday Report outlines the procedures to take should the college be confronted by a hurricane or other disaster.

In the event of a life-threatening situation, the president will have the authority to close all college facilities district-wide. Should he be out-of-town, the enclosed Hurricane/Disaster Plan gives the order of priority for decision-making.

You will also find in the plan a listing of the radio and TV stations which will be contacted, and from which you'll be able to get more information.

Other duties for specific departments are also outlined. Please keep your copy of the plan for future reference.

PALM BEACH JUNIOR COLLEGE

HURRICANE AND DISASTER PLANS & PROCEDURES

The president or his designee will notify Jonathan Koontz who will contact the media relative to closing of the College. Contact may be made by the president with a representative of the School Board and/or FAU. All facilities in the district will be closed once the decision has been made. This decision will be made by 5:00 a.m. for any particular day. The president or his designee will notify the following radio stations:

Telephone #	Call Letters	Frequency (AM/FM)	Location
582-7401	WPBR	1340 AM	Lake Worth
838-4300	WJNO	1230 AM	West Palm Beach
996-2063	WSWN	900 AM	Belle Glade
"	"	93 FM	" "
734-7474	WSBR	74 AM	Boca Raton
655-5455	Channel 5	N/A	West Palm Beach
844-1212	Channel 12	N/A	West Palm Beach

The decision to close the College will be based upon whether a life threatening situation is determined to exist or is projected to exist during the time classes are scheduled.

In the event the president is out of town, the following order of priority will be used for decision-making purposes in regard to cancelling classes and closing the district.

Vice President of Business Affairs

Vice President of Academic Affairs

Vice President of Planning & Information Systems

Vice President of Student Affairs

The telecommunication coordinator at the Information Center will have the responsibility for placing a message on all internal telephone recording devices relative to classes and other information. Answering devices are currently located in the following offices:

President

Athletic Director

Continuing Education

Institute of New Dimensions

Security

Registrar

Information Center

PALM BEACH JUNIOR COLLEGE

HURRICANE AND DISASTER PLANS & PROCEDURES

Bulletins issued by the official National Hurricane Center or the Civil Defense Headquarters will be the basis used in determining the implementing of this procedure. The sequence of warning from the Hurricane Center is as follows:

A. Gale warning

B. Hurricane watch

C. Hurricane warning

At the approach of a hurricane or other type of violent storms, the following plans and procedures will be instituted.

HURRICANE WATCH

When the National Weather Service announces a Hurricane Watch, all Physical Plant Personnel of the College are automatically placed on a twenty-four hour watch, on duty call.

A. As the Hurricane Watch progresses and indications are that the hurricane is headed for Palm Beach County area:

   1. At this time all Physical Plant Personnel are to prepare their own personal property for protection and see that their families are going to be properly protected in case employees are needed at the College.

   2. An equipment and operational check will be made by Physical Plant Personnel on duty during this time to put it in readiness in case it becomes necessary to close the College.

HURRICANE WARNING

Upon notification from the National Weather Service of a Hurricane Warning, the following Physical Plant Personnel will report to the Director of the Physical Plant who will be in charge of College Hurricane and Disaster Plans and Procedures.

A. SUPERVISOR OF MAINTENANCE will be in charge of all personnel assigned to his care and see that:

   1. All doors, windows that need boarding are secure.
   2. That all ventilation fans are covered at the gymnasium.
   3. That all air conditioners are shut down that are not needed.
   4. That all elevators are raised to second level in case of flooding.

B. SUPERVISOR OF SECURITY will be in charge of all personnel assigned to his care and see that:

1. All information available on progress of storm is reported to the Director of Physical Plant.
2. All personnel on Campus are housed in designated shelters and appropriate supplies are provided. Specific shelter facilities on the Central Campus have been jointly designated by the Director of Physical Plant and a representative of the Red Cross. Responsibility for providing workers, supplies, etc. to these shelters will be the responsibility of the Red Cross. Full cooperation will be expected of College personnel relative to these shelters.
3. Assist in parking vehicles near shelter areas.
4. Establish communications with civil defense, fire department and Red Cross.

C. SUPERVISOR OF GROUNDS will be in charge of all personnel assigned to his care and see that:

1. Trash recepticals are removed and stored.
2. Wind screens are removed from tennis courts and baseball field.
3. Remove all signs that might be blown loose by high winds.
4. Storage of all loose articles.

D. SUPERVISOR OF CUSTODIANS will be in charge of personnel assigned to his care and see that:

1. All shelters are provided with adequate supplies such as paper towels, toilet paper, hand soap, trash containers, etc..
2. See that all materials near windows that may be damaged if windows are broken be moved to interior spaces.

E. AUTO MECHANIC

1. Make sure all school owned vehicles are gased up and parked in a safe place.
2. Store all equipment inside if possible that is around garage area.

F. VICE PRESIDENT OF BUSINESS AFFAIRS will be in charge of notifying all staff to move all personal effects and school property that could be subject to water damage as a result of broken windows, etc..

G. Coordination of these duties will be accomplished by the Director of Physical Plant and all personnel not being utilized will be assigned on an as needed basis.

H. Upon completion of all assigned work, all supervisors will report to the Director of the Physical Plant. At that time personnel that are not needed will be released, subject to call when and if needed.

I. MANAGER OF CAFETERIA will be in charge of all food and supplies in his care and use his employees to secure his area. He will be responsible to see that all available containers are filled with water.

NOTE TO ALL PERSONNEL

These listings of duties assigned are not intended to be exhaustive and other duties will be assigned as the need arises.

MEDIA NOTIFICATION

The president or his designee will notify the media relative to officially closing the College. Such news releases should include the responsibility of Physical Plant Personnel to report to duty in accordance with the Hurricane and Disaster Plans and Procedures. It should be noted that even though the College has cancelled classes, personnel specified will be required to report to duty.

CENTER FOR EARLY LEARNING

The Center for Early Learning will be closed whenever the public schools (K-12) declare a "no school day" — due to weather.

The assistant teacher and the CEL teacher will be responsible for contacting the parents of the children enrolled between 7:00 a.m. & 7:30 a.m. to confirm that the CEL will not be open due to weather conditions.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:
Volume VII, Number 33 June 24, 1985

Some Bright Aspects

$22.2 Million Operating Budget Approved

There were some bright aspects to the $22.2 million operating budget approved by the board of trustees Wednesday night, despite the fact that there was no general raise for employees.

1. Programs and the quality of our service to the public were not cut.
2. There were no hints of any mass lay-offs.
3. People were not asked to take salary cuts.
4. Increments, for those eligible and recommended, will be granted.

In presenting the budget, which so closely resembled last year's that it would be like going over old news to give details, Dr. Eissey sounded another disturbing note--we will once again spend more next year than we take in, with estimated year-ending fund balances of about $750,000--the lowest in many years and much less than half the recommended amount.

He also sounded a totally unexpected note--there may be a chance, even after the budget has been passed--for some kind of a general raise before the year is out.

Dr. Eissey based this hope on a new effort--already underway and soon to spread to all employees--to use marketing principals to increase enrollment and augment retention. It is a program that will work if everyone at the college gets involved, he said.

He said that later this year, if it has become clear that the new effort is succeeding and enrollment slides have been reversed, he will look again at the possibility of some general increase.

To the trustees, and in a press conference earlier Wednesday, Dr. Eissey reiterated that the 12 percent increases requested by the United Faculty are justified, and said that if money were available, he would recommend raises twice that large.

PBJC South Says "Have One On Us"

Palm Beach Junior College South is offering the community a free and easy way to get to know the Boca campus.

Starting this month, the college will distribute coupons that entitle the bearer to two free class visits (or one with a friend) to any class offered on South Campus.

The college is sure that once visitors "try it," s/he will "like it," and is offering this hassle-free way to sample higher education--at no cost.

"We want people to have a class on us--to sample actual class sessions before they register for a course," says Dr. Harris McGirt, Director of Student Services.

The project is also a way the Boca campus can say "thank you" to the community for its support.

Initially, the coupons will be distributed to area businesses, industries, volunteer groups, and government agencies.

Lichtblau, Hand Reelected

Dr. Philip O. Lichtblau and Mrs. Homer Hand were reelected chairman and vice chairman of the trustees at the annual reorganization Wednesday night. The July meeting of the board has been cancelled.

Personals . . .

Sy Pryweller, who will be on sabbatical this Fall, is getting things started in a most unusual way. On July 12, he will be leaving for Sienna, (near Florence), Italy, where he will be taking a study tour through Sienna University and American Colleges and Universities. He will be studying music composition and performance and language during a six-week stay there.

Most of Sy's sabbatical will be spent in studying percussion and arranging in a rather informal way. He is looking forward to the break in routine and a chance to get new ideas and inspiration.

Angela Sanders, recent graduate from Lake Worth High School, has been awarded a four-year "Centenniel Honors Scholarship" to Rollins College in Winter Park. Angie was the recipient of the Exchange Club "Girl of the Year" scholarship, received the American Legion Scholastic Leadership Award, and was one of the 12 "Outstanding Seniors" selected by the faculty. Selected by her fellow students as a "Senior Notable," she also received recognition for academic excellence for being in the top five percent of her class, and for volunteer work in the after school homework assistance program. Angie is the daughter of Jeanette Sanders in Continuing Education.

Congratulations to Nancy Goodwin, director of the Senior Players, who will have a staged reading of her play, "Have You Left Any Personal Property" on June 29 and 30, 2PM at the Florida Repertory Co., Clematis Street, WPB.

Personals (cont'd)

We are happy to report that Howard Reynolds was released from Good Samaritan Wednesday after being hospitalized several days for treatment of hepatitis.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 34 July 1, 1985

Letter To Legislators

Dr. Eissey: Salary Situation Is Critical

It is time for us all to realize fully the serious financial situation we are in at Palm Beach Junior College, and to make as many people as aware of it as possible--especially state legislators.

Dr. Eissey is already doing this. During the last session (he recently told the Monday Report), more than 70 percent of all the effort expended in Tallahassee on our behalf was for the general appropriation level for all community colleges--since that is the way we get our operating budget increased.

Unfortunately, all the efforts expended on behalf of all the community colleges failed to get us off the bottom rung of the educational appropriations ladder. Both K-12 and the universities fared better.

Now that the effect of the appropriations level on PBJC is known, Dr. Eissey has taken a look at our situation, and has written a letter to the legislators... to our friends, as well as to those who have not always been on our side.

After reviewing the fact that our 5.2 percent increase was based on an amount that had already been decreased by $139,000, Dr. Eissey calls the $413,761 increase to continue existing programs "totally inadequate."

He points out that the $125,323 one time payment for bringing a new building on line at PBJC North is intended to pay only for utilities, and ignores personnel costs for maintenance and grounds, not to mention professional staff for the programs housed in the building.

Most of the remainder of the letter is a comparison between the treatment of the county school board and that of PBJC.

Dr. Eissey says he is happy that the school board got a 13.7 percent increase plus

Important News About Insurance

As of July 1, 1985, Metropolitan Life Insurance Co. will replace Gulf Life Insurance Co. as the College's health and life insurance carrier.

Full-time personnel, including those who have health coverage with the Gulfstream (HMO) Plan, will have life insurance coverage with Metropolitan Life Insurance Company. Those personnel who have not completed the previously issued enrollment cards should submit them to the Personnel Office as soon as possible.

Personnel with both health and life insurance with Metropolitan should be aware of the following information:

1. The new policy group number is 27111G. The certificate number is the same as an individual's social security number.

2. Brochures and new identification cards are not likely to be issued until August. Metropolitan has agreed to continue the same benefit levels (with a few exceptions such as an increase in the lifetime maximum benefit levels from $500,000 to $1,000,000 and the elimination of the requirement to call the Florida Health Network to obtain pre-certification for hospital admittance). Thus, brochures issued by Gulf Life may be used until similar brochures can be prepared by Metropolitan.

Students Are The Center Of Our Attention

DEPARTMENT OF EDUCATION
District Board of Trustees
Palm Beach Junior College

Rule 6Hx-18-5.68
Dismissal
(Classified
Employees)
(Amendment)

WRITTEN STATEMENT OF THE FACTS AND CIRCUMSTANCES JUSTIFYING THE AMENDMENT OF THE RULE: Over the past several years court decisions on cases involving employee terminations have indicated that many employees have property rights. Employees with property rights generally cannot be dismissed without a pretermination hearing and a post termination hearing which requires considerable time and legal expense. The College has maintained in the past that its classified employees have no such right, but Board Rule has not made that specific point.

Classified employees will continue to have the right to use the internal college complaint procedure. In certain instances when charges are made of dismissal for constitutionally impermissible reasons (e.g. discrimination charges or freedom of speech issues) a hearing will continue to be allowed.

SUMMARY: Same as above.

ECONOMIC IMPACT: There should be substantial savings in future legal expenses by the College. Exact savings cannot be calculated.

SPECIAL LEGAL AUTHORITY UNDER WHICH THE AMENDMENT IS AUTHORIZED AND THE LAW BEING IMPLEMENTED, INTERPRETED OR MADE SPECIFIC:
General Authority: 240.313 FS. Law Implemented 240.319 FS
History: Formerly P651.00: Readopted 2-27-75; Amended 6-28-76

IF REQUESTED A HEARING WILL BE HELD AT:
Time: 7:30 p.m.
Place: Conference Room "C," Palm Beach Junior College
Date: August 21, 1985

Copies of this rule are available at the Library Learning Resources Center, the Office of the Vice President of Student Affairs, and the Office of the District Board of Trustees of Palm Beach Junior College.

Summer Band Camp Begins Today

Palm Beach Junior College will hold its first Summer Band Camp for middle school and high school instrumentalists, July 1-25, according to Sy Pryweller of the Music Department.

"We have an outstanding group of fully qualified teachers, with Richard Mucci acting as band camp coordinator," Pryweller said.

Two bands will be formed, and sectional learning sessions plus full rehearsals will lead to a public performance Thursday, July 25, 7:30 p.m. in the PBJC Central gymnasium.

Students will meet Monday through Thursday, 8:30 a.m. to 12:30 p.m. The cost will be $95 per student for the four-week camp.

Accounting Scholarships

Students who intend to study accounting full-time at PBJC this Fall may apply for one of two scholarships sponsored by the Palm Beach chapter of the Florida Society of Enrolled Agents, a local group of professional tax preparers and consultants.

Two scholarships, covering full tuition and books for the 1985/86 academic year, will be given to accounting majors who enroll in at least 12 credit hours and maintain a 3.0 grade point average.

Registration deadline is August 1. For further information, call Kittie Wilson at 8061.

Letter (cont'd from P 1)

millage that will bring in an additional $6 million. He said teaching personnel in the schools will receive a 12 percent increase this year and clerical personnel 10 percent, while we are able only to pay increments, with no general raise.

He says K-12 is already paying a $17,500 starting salary for a bachelor's degree with no experience this Fall, and we will only be able to pay $16,935 for a master's degree.

Next Fall, he says, things will get worse. The school board is planning to pay $20,000 for a bachelor's degree beginner, and we will still be paying $16,935 for a master's degree

"It is evident from this information," he writes in an uncharacteristic understatement, "that we will be experiencing difficulty in hiring qualified personnel to fill the vacancies."

Although the hiring situation is not crucial this year, it could become critical soon, he says, since we anticipate a large number of retirements in the next few years.

"With our low starting salaries in comparison to K-12," he concludes, "it will be impossible for us to retain and recruit new teaching staff under the present funding formula."

The president's office will be happy to make a copy of this letter available to anyone who would like to have it.

Insurance (cont'd from P 1)

3. Metropolitan will continue to pay a higher coinsurance rate (generally 90% rather than 80%) when the three hospitals (Good Samaritan, Bethesda and Everglades Memorial) are used in conjunction with those physicians previously identified as "preferred providers." The listing published from the Florida Health Network dated January 11, 1985 will be used to determine when the higher coinsurance rate is applicable.

4. The new premium rates for college personnel are $19.87 for a single plan and $141.23 for a family plan.

5. Claim forms for Metropolitan are available in the Personnel Office.

Please feel free to contact the Personnel Office if you need further information on health or life insurance.

... J. M. Schneider

---

Do you know someone who wants more information about attending PBJC? Have them call the News Bureau at 8135, and we will refer them to the proper department.

Douglas Kiker To Be Guest Speaker

Douglas Kiker will be the guest speaker at the second annual Palm Beach Junior College Business/Education Community Partnership Awards Dinner, July 18, 6:30 p.m., at the Breakers Hotel, Palm Beach.

Kiker is a veteran NBC Network News correspondendent and political reporter, whose incisive reporting and commentary have made him one of the most respected men in the news business today.

The awards dinner honors businesses in the community for support to Palm Beach Junior College.

Last year, a single award was made to the legal firm of Montgomery, Lytal, Reiter, Denney and Searcy.

This year, there will be an award in two categories: 1. Big Business, and 2. Small Business. For more information,call 439-8072.

Drama Class At PBJC North

Drama is alive and well at PBJC North.

Two sections of "Techniques of Dramatic Art" will be offered during the Fall term: Wednesdays, 7-10 p.m. and Saturdays, 9 a.m. to noon.

The course covers the fundamentals of putting on a play, from directing and acting to lighting, staging, set design and make up, according to Dr. Barry Russal, instructor.

Students will also have the option of working on an actual production. In November, the college and the Spotlite Players of Palm Beach Gardens will co-produce Moliere's classic comedy "Tartuffe."

"To my knowledge, this is the first time PBJC North has worked with another community theatre group," Russal said.

Even if a person doesn't intend to make theatre a career, the course is valuable for broadcast journalism majors, educators, salespersons, attorneys and others who must be proficient in speaking before groups. It is also ideal for anyone who wants to enjoy and appreciate the theatre more.

For more information, please call 622-2440.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 35 July 15, 1985

MUST
We ~~Can~~ Do Something About It

Enrollment Continues To Slide

Summer term enrollment last year was a surprise--we bucked the trend of falling enrollments and gained slightly over the year before--but not so this year. No matter how you look at this year's figures, they are down from last year.

Registered students dropped from 3,989 to 3,737, a drop of 252 students, or 6.3%. There's more, and it gets worse.

Credit students, a more important figure, dropped from 3,537 to 3,092, or 445 students less--12.6%.

The most important figure of all--student semester hours, from which FTE is computed, and state funding is derived from FTE--student semester hours dropped by 1,115, or 8.7%.

The overall college figures were slightly lower because it was necessary to cancel the summer term at the Glades, but both Central and North were down compared to a year ago. Only South stayed even--up a tad in numbers and down a smidgeon in student semester hours.

We also might take a little comfort in the fact that we are not alone. Preliminary reports from other community colleges indicate the same story or worse in most instances.

Comfort will do us no good, however, if the trend toward lower enrollment continues. Make no mistake about. If we do not make the corridor this year, and are forced to send large amounts of money back to the state, the retrenchment we have been doing in little bits and drabs will become a real, immediate necessity--and none of us will like it.

It does no good to cite state and national statistics, and to act as though we are at the mercy of sociological facts. We are not helpless. We can fight back.

'Come To The Carnival' Set For Thursday

Last year, it was "Fun in the Sun." This year, the theme for the classified employees awards and recognition picnic is "Come to the Carnival!", according to Picnic Chairman Don Pearsall.

The food and fun have been chosen to follow that theme. Even though there will be no dunk tank, there are several games which offer lucrative prizes, including a brand new Eureka upright vacuum cleaner, woks, plants, wine, carpet samples, gift certificates, and many others.

One of the games will involve a treasure chest that will be filled with envelopes with prizes written on slips of paper in each envelope. Players will buy keys to open the treasure chest. If one of their keys opens the chest, they get to pick one of the prizes.

There will also be a dart board game, where players try to pop balloons for prizes noted on the inside. In addition, the PBJC chapter of FACC will sponsor a "guess how many jelly beans are in the jar" game.

"We plan to have a few more surprise games, and the proceeds will go toward our People Bringing Joy at Christmas fund," Pearsall said. "We hope everyone brings money to spend."

Last year, over $1,300 was raised by the college group to help needy

Students Are The Center Of Our Attention

Big, friendly, alert, intelligent, gentlemanly, professional, dedicated, eloquent Al Meldon, who graced our institution with more than 20 years of outstanding service, died Monday morning, July 8 after a massive heart attack. Services were held Thursday. Donations in his memory may be sent to the American Heart Association, or to a scholarship fund being established in his name for students at PBJC North.

In Memory Of Alfred W. Meldon, Jr.
"A Gentleman And A Scholar"

PBJC and all academia have lost a giant of a human being. Al Meldon had the respect of all with whom he came in contact, be they faculty, administration, staff, or, above all, students.

Al was a true scholar. Although his expertise was American History, he was well versed in all the social sciences. His job, however, was music. Perhaps unknown to some is that Al was an able musicologist with in-depth knowledge. This man was the classic humanist.

Alfred Meldon enriched the lives of many, proving that the master teacher does achieve immortality.

For those of us who knew him well, a void has been created which can never be filled. We will cherish the memory of this gentle man who touched our lives and awakened our minds. Farewell friend. Bless you. ...H. Payge Dampier

Al Meldon, who saw the good in all mankind and who enriched my life by simply living. To know him was to love him. ...Josephine Dampier

Camp Junior College Kids Learn Computer Skills

If you have had the opportunity to stroll by the Center for Personalized Instruction Computer Lab around 1 p.m., you may have noticed that our students are becoming much smaller.

Have we expanded our recruiting standards? Well, not really! These are some of our Camp Junior College participants, utilizing our computer lab as part of their 1985 summer program at PBJC. During the first two-week session, the youngsters have logged over 300 student hours on the PLATO terminals and various other microcomputer equipment in the lab.

"We have assembled a series of PLATO lessons primarily developed for the K-12 environment, and designed a comprehensive computer camp program especially for Camp Junior College,"says Terry Shoultes, Coordinator for Instructional Computing.

Under the disguise of computer games and exercises, the students are strengthening their skills in the areas of math, English, the sciences, social sciences, and computer programming. During the afternoon hours from 1 to 3, the Camp Junior College students are utilizing the PBJC equipment installed in the Center for Personalized Instruction, which includes 20 PLATO terminals, and several microcomputers.

Carnival (cont'd from P 1)

families in the area. This year, Pearsall said, he would like to reach $2,000.

There will also be free games such as three-legged races, water balloon and egg tosses. An extensive spread of food will include hamburgers, coney island hot dogs with sauerkraut, kielbasa, baked beans, corn on the cob, potato salad and snow cones.

Before the festivities get underway, Dr. Eissey will recognize those classified employees who are retiring this year, and will present awards for perfect attendance and for five, 10 and 15 years of service. The picnic is slated for Thursday, July 18, beginning at 1 p.m. at the Mounds Circle in John Prince Park.

Burt Reynolds Honored

Burt Reynolds, actor and probably PBJC's most famous alumnus, was named the "Distinguished Palm Beach County Citizen" by the Chamber of Commerce of the Palm Beaches at a luncheon last Tuesday at the PGA Sheraton.

In addition, the Chamber announced a new $500 scholarship chair it is funding in Burt Reynolds' name at the new Burt Reynolds' Student Center at PBJC North.

"It's thrilling to have something named after you that you didn't build yourself," Reynolds said. "I feel proud that it is a student center because that was the most special part of PBJC (when I attended)...it was there I decided to become an actor."

Reynolds also praised Governor Graham for his cooperation in bringing the film industry to South Florida, and commented that he is not "looking to make another good deal, but a good picture."

In his introduction of the movie star, Dr. Eissey said, "Palm Beach Junior College takes great pride in Burt Reynolds' accomplishments, but we take an even greater pride in the fact that Burt has never forgotten us. He is one of the few (that have gone on to greater things) who has continually returned home.

"He not only has given freely of his time, but of his very being."

Enrollment (cont'd from P 1)

We can take a look at our enrollment activity, at our informational activity, at our treatment of students--and we can do all these things better.

What has been desirable all along has suddenly become imperative.

Here are some things you can do to help:

1. Read the Marketing Updates you will be receiving, (you may have gotten your first one last week.) Read the reports of activities there, and volunteer your help on any of the ongoing activity.

2. New literature about the college will be available shortly. Help us get this literature in the hands of the people who may benefit from becoming a student at PBJC.

3. If you are not already doing so, start treating students as though they are the most important people here--<u>they are.</u>

4. We have to go one step beyond that. We must create a climate in which being short with a student is the surest route to being unpopular with your fellow employees. We cannot afford to work hard to get students here only to have them turned off by a thoughless word.

5. This Thursday, Dr. Eissey will present a packet of materials to many employees at the annual picnic. Use these materials wisely, and when you have used them, ask for more. Similar packets are ready for the faculty when they return for the Fall Term.

6. Think up your own recruiting ideas. Preferably ideas that don't cost money, and that you can do.

7. Talk about the favorable things about PBJC everywhere you go. We have a great institution here, and we need to let people know about it. <u>There is no other advertising half as good as word of mouth.</u> The students are out there. They need us. We simply have to communicate with them.

Personal . . . <u>Kateri Brunell</u> will give a half-hour presentation entitled "There's Something for You at PBJC" at a meeting of the Palm Beach County Credit Association Thursday, July 18 at 6 p.m. at Manero's Restaurant.

THIS Week . . .

July 17	Collective bargaining meeting; 3:30 PM, JFK Hospital Conference Room
July 18	Classified Employees' Picnic; Mounds Circle, John Prince Park, beginning at 1PM

. . . AND Next

July 22-25	Currently-enrolled students register for Fall Term (pay fees by Aug. 1)
July 23	Final day to withdraw from a class with a "W", change from credit to audit

Courses . . .

July 20	Real Estate Post Registration, 2X, Sat., 9AM-5PM, $15 (non resident $29)

Announcements . . .

The following position vacancies are open:

Coordinator, Center for Personalized Instruction: Position requires a master's degree with the ability to supervise a personalized instruction and college prep program in math, English and reading. Computer knowledge is essential.

Learning Specialist, Center for Personalized Instruction: Position requires a bachelor's degree. Experience with individualized instruction in mathematics is preferred.

Librarian/Central: Position requires a master's degree in library science. Library and A/V work experience is desired.

Interested applicants should contact the Director of Personnel. ...J.M.Schneider

The cafeteria will be closed for one week starting 8-12 through 8-16-85. ...T. Tate

Jennifer McCormick is looking for a band to play at the Holiday in the City Christmas party December 14. If you know of a band that plays dance music, please contact her at 8159.

Happy Birthday To . . .

7/16 Floyd Becherer 7/17 Ron Bethel
7/18 Stafford Mooney, Lis Erling
7/19 John Carlos, Chris LaRoche
7/20 Carl Johnson, Vernelle Patrick, Janette Campbell, Frank Barton

Personals . . .

Dr. James Flatley, Department Chairman, Dental Health Services, participated in a panel discussion on "Bite Mark Evidence in Forensic Odontology" at the recent session of the International Dental Congress in Seville, Spain.

You can call her "Hot Lips" Nancy now. Last Tuesday at a luncheon at the PGA Sheraton, Nancy Cherry was given a big smooch by Burt Reynolds, who was being honored by the Chamber of Commerce of the Palm Beaches. Does the National Enquirer know about this? Nancy's not telling. Her lips are sealed.

Collective Bargaining Continues

In a collective bargaining meeting Monday, union negotiators finally accepted the state's figures as to the amount of money the college will receive next year as being accurate, and reduced the salary demand to a series of flat figures, approximately half as costly as the first demand.

The college reiterated its position that although an increase of this size is warranted and needed, the money to provide it is not available.

Money matters were temporarily dropped. Union negotiators presented revised versions of earlier items. A meeting has been scheduled for Wednesday, July 17, 3:30 p.m., at John F. Kennedy Hospital.

Nursing Scholarships

Four PBJC nursing students will receive $250 after the Fall 1985 term, thanks to a scholarship recently donated to the college by Beverly Enterprises, Inc.

The monies will be awarded to the freshmen nursing students who have the four highest grade-point averages in their class after the Fall 1985 term. Awards are not necessarily based on financial need.

Beverly Enterprises, a health care facilities developer based in Pasadena, Calif., operates the Lake Worth Health Care Center on North A Street. This is the second year the firm has given the scholarship to PBJC students.

Douglas Kiker Featured Speaker

Area Businesses Honored At Awards Banquet

Seven large companies and three small businesses in Palm Beach county were among the finalists for the Second Annual Business/Education Community Partnership Award sponsored by Palm Beach Junior College.

The award was given at a dinner Thursday, July 18 at 6:30 p.m. at the Breakers, and recognized business(es) in the community that have supported the college throughout the year.

This year's nominees included (large business category): Banker's Land Co.; First American Bank and Trust; Florida Power and Light, IBM, Jonathan's Landing, Inc.; Palm Beach Newspapers; and Pratt & Whitney.

Nominees in the small business category were Atlantis Country Club, Galsky Dental Laboratory, and Gator Culvert Company. In addition, the Palm Beach County Hotel and Motel Association received an honorable mention.

Five criteria were used in judging: provision of employment opportunities for students, financial support to students, acting as a bank of human resource for instruction or guidance, financial support to the college, and advocacy on a local, state, and/or national level.

Robert Montgomery, of the law firm Montgomery, Lytal, Reiter, Denney and Searcey, and 1984 recipient, presented the award to the winner.

The evening also featured a guest speech by Douglas Kiker, a veteran NBC Network News correspondent and political reporter. Dr. Eissey was master of ceremonies.

The Selection and Awards Committee was chaired by Veronica Van Allen, Northern Palm Beach County Chamber of Commerce, and included June Aiken, Channel 12; Nancy Cherry; Gale Howden, Miami Herald/Palm Beach Edition; Deborah Caldwell Martyn, Channel 5;

Malcolm Bennett Named Bookstore Manager

Malcolm "Mac" Bennett, former bookstore manager at Miami University in Oxford, Ohio, has joined the PBJC Central staff as the new Bookstore Manager.

Bennett, who replaced Ruth Brofft after her retirement in June, was with Miami University since 1978, and also attended college there.

Cont'd P 2

IBM EXECUTIVE HONORED--Harry Smith, community and government relations manager at IBM, was recently honored by Dr. Eissey at a President's Staff meeting. Smith was recognized "for assisting us greatly during this past legislature in securing funding for our vocational education building at PBJC North, and also for helping with the referendum on the half-mill levy." Dr. Eissey said Smith and IBM are also being honored for helping to develop PBJC South, and for other services rendered to education.

Getting Ready For College

A free workshop series designed to help students adjust to college began July 9, and so far, has been very successful, according to Lori Hunter, co-coordinator.

The sessions, which are being held Tuesdays and Thursdays, July 9-25 from 7-9 p.m., cover subjects such as note taking and test taking skills, effective studying, time management, goal-setting, motivation and decision-making.

The final session will include a panel discussion of successful students sharing their experiences, according to Gail Tomei, co-coordinator.

"We've had about 25 people each evening," Hunter said. "The Student Affairs Department is thinking of offering the program again in the future." For more information, call Lori at 8182 or Gail, 8057.

Late Announcement. The following position vacancies are open: Instructor, Communications, North: Position requires master's degree with 18 graduate semester hours in English with ability to teach composition and literature.

Instructor-Social Science/North: Position requires master's degree with 18 graduate semester hours in Social Science and the ability to teach Introduction to Sociology, Introduction to Political Science, U.S.History, and American National Government. Community college teaching experience preferred.

Learning Specialist/North: Position requires bachelor's degree. Experience with individualized instruction in English and/or Mathematics preferred. Interested applicants should contact Director of Personnel. ..J.M.Schneider

Bennett (cont'd from P 1)

Prior to his position at Miami U., he worked for Commonwealth Insurance and for Trans America Financial Corp. in Cincinnati.

Bennett and his wife, Mary, reside in Greenacres with their two sons and a daughter.

Award (cont'd from P 1)

Robert Peterson, National Teleproductions, Inc; Dan Shorter, Palm Beach Newspapers; and Dr. Ottis Smith.

(Editor's Note): Because of tighter summer deadlines, the Monday Report was not able to give an up-to-date report on the award presentation. Watch next week's issue for names of winners and other details.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 37 July 29, 1985

Business/Education Partnership Award

First American Bank, Gator Culvert Winners

The First American Bank and Trust and Gator Culvert Company received the second annual PBJC Business/Education Community Partnership Awards Thursday, July 18 at the Breakers.

The companies were winners in the large and small business categories, respectively, and were chosen from among nominations which included Pratt & Whitney, Florida Power and Light, Palm Beach Newspapers, IBM, Banker's Land, Jonathan's Landing, Atlantis Country Club and Galsky Dental Laboratory.

"This is one of the reasons why Palm Beach Junior College is so great," said Roy Talmo, First American Bank chairman, as he accepted the award. "Thank you all."

Arthur Hillbrath, president of Gator Culvert, accepted the award for his company. In addition, John West received an honorable mention for the Palm Beach County Hotel/Motel Association.

"I hope the recipients receive this award in

'Carnival of Fun' Nets $500

Despite less than cooperative weather, the "Carnival of Fun" Classified Employees Picnic held July 18 at John Prince Park was a success, not only in terms of laughter and good times, but in fundraising as well.

"We netted $500 for our needy family Christmas fund," said Don Pearsall, picnic chairman. "Part of our success was due to the number of prizes we had donated to us."

Some of the prizes included a Eureka upright vacuum cleaner, bottles of wine, plants, pots and pans and other cookware, gift certificates, and free dinners.

Besides a raffle, there were many games which awarded prizes: a treasure chest, balloon dart game, guessing game, and others.

"The treasure chest and keys seemed to be the most popular game," Pearsall said.

Some surprise entertainment was booked for the picnic at the last minute. Frankie Bollon, brother of Francine Bollon who made an appearance at last year's party, lip-synched his version of the Elvis Presley hit "Blue Suede Shoes."

Frankie told the Monday Report he had recently returned from Graceland, the

DOUGLAS KIKER, a veteran NBC Network news correspondent from Washington was the guest speaker at the Second Annual Business/Education Community Partnership Award dinner held July 18 at the Breakers. Kiker shared many humorous anecdotes with the audience, as well as his views of the Reagan Administration.

Students Are The Center Of Our Attention

Shufflin Shoe Cloggers In Germany

The Shufflin Shoe Cloggers are off to Germany, thanks to the hard work of a lot of people, including our own Mary Tingler, and a number of other people at PBJC.

Thirty members of the Demonstration Team will represent the United States at the Summer International Festivals in Germany, traveling to Schorndorf, Stuttgart, Bad Kissengren and Frankfurt during their three week tour.

The group left July 11 and will return July 30. They earned over $16,000 toward their expenses by dance demonstrations, car washes, candy sales, bake sales, recycling of aluminum cans and paper and a 'Clogg-A-Thon' held at PBJC Central.

"Betty and Joe Kent, who are leading the group, want to thank everyone at PBJC for their help," says Mary. "The Clogg-A-Thon, an idea given us by Dr. Eissey, added over $800, and a number of staff members helped with aluminum cans and paper."

Picnic (cont'd from P 1)

Memphis estate of the King, where he had recorded the song in Elvis' own studio.

"There was a large crowd outside watching me through this little porthole in the wall (of the studio)," he said. "I can't sing unless I'm dancing. So, I was dancing around, and all they could see when they looked through the porthole was this bald head bobbing up and down!"

There were a number of employees recognized for their service to PBJC. Retirees included Ruth Brofft and Frank Maruszak.

Service awards were given to: Sharvell Becton, Nancy Biskupiak, Debra Carroll, Ronald Collett, LeVerne Davis, Gail DeLorme, Mary Hamilton, Clara Hicks, Shirley Klein, Benjamin Knight, David Frech, Christopher LaRoche, Bobbie Lady, John Mitchell Mannin, Rhea Mooney, Opal Murdock, Maritza Navarro, Dorothy Richards, Donald Ulbricht, June Verk, Nancy Warne and Teresa Woolfe (five years).

Stanley Benn, William Corsaro, Paul Davis, Madlyn Hebert and Janice House (10 years).

Barbara Braeunig, Penelope Brown, Geraldine Harris, Jeanette Sanders, Denise Shepherd, Mary Tingler, Kittie Wilson, and Stephen Woodrick (15 years).

Perfect attendance awards went to Thomas Clark, Steve Howard, Solomon Jackson, Joyce Kruger, Edward Kenney, Fred Occhipinti and Salle Thornton.

A special thanks to all those who served on the picnic committee: Don Pearsall, chairman, Frank Bollon, Nancy Buhl, Henrietta Caldwell, Mel Fields, Nancy Horvath, Jake Kirkhart, Joe Neumann, Mary Palmer, MaryAnn Reasner, Marie Reddy, Don Sargent, Tom Stets, Marla Tatman, Ruth Triplett and Marilyn Vazquez.

Award (cont'd from P 1)

the spirit and the marvelous feeling I had receiving it for our firm of Montgomery, Lytal, Reiter, Denney, and Searcey last year," said Robert Montgomery, 1984 winner.

He told the crowd that the next five years "will see great strides at PBJC" because there would definitely be a theatre for the performing arts built on the Central Campus.

Besides the awards presentation, the evening included guest speaker Douglas Kiker, a veteran NBC Network News correspondent from Washington. Kiker shared his views of the Reagan Administration, peppering his speech with many anecdotes.

"Ronald Reagan is a president who truly has the knack of setting grand goals without advertising the fact," he said. "I think he has two grand goals for his second term in office. He wants to shave the size of the federal government as much as he possibly can, help the deficit...and begin his second term in office in glory by negotiating some sort of meaningful agreement with the Soviet Union."

"He would also like to keep the country from sliding into another recession," Kiker said. "That's enough to keep him busy."

Syrian Ambassador Visits PBJC Central

His Excellency, Rafic Jovejati, Ambassador of Syria to the United States, paid a surprise visit to Palm Beach Junior College Tuesday afternoon.

The ambassador, who is keenly interested in education and displayed considerable knowledge of the educational system in the U.S., sat through part of a staff meeting in Continuing Education, charmed everyone at a hastily prepared reception, and toured the entire campus at PBJC Central.

"The ambassador was especially interested in all our high tech areas," said Otis Harvey, Dean of Continuing Education. "He got to see our Data Processing, our CPI Labs, a gifted class. None of our classes in aircraft technology were meeting at the time, so he missed that."

Otis said that even the rain from Tropical Storm Bob did not seem to dampen the ambassador's enthusiasm.

"He picked up admission forms for his nephew, and plans to enroll him here in the fall," Otis said.

The ambassador said that most students from Syria coming to colleges in the U.S. go to California or Texas, but he would like to see more of them attending colleges in Florida.

His visit to PBJC came about through a meeting with John Townsend, a continuing education coordinator, while on a previous visit to Palm Beach. On this occasion, he was visiting with friends here, and accepted John's invitation to visit the campus.

Crossroads--A Report And A Comment

I made it over to the July graduating class of Crossroads in Conference C because the guest of honor, Jackie Joseph, former wife of actor Ken Berry, is one of the founders of LADIES (Life After Divorce Is Eventually Sane).

The guest of honor was the same vivacious, funny, wise and charming person who has done so much good through talk shows, articles and other publicity to bring hope to women who may believe that they are alone, and who need only to find a project like Crossroads to know they are not.

She was all I expected and more, but she was not the star of the show.

Sue Stapleton was her pert, clean, upbeat and wonderfully capable self as she handed out pins to the graduates, but Sue was not the star.

The stars were Geraldine, Bev, Mary, Karen, Eileen, Eloise, Ruth, Kay, Blanche, Carolyn, Joanne, Joan, Henrietta, Mildred, Marie, Vera, Mary, Joan and Linda, all Crossroads graduates--all reluctant to break up the new gang, all with the fears, and self doubts, and inhibitions of a lifetime still clearly visible--but also clearly visible a new hope, a new determination, a courage born of sharing, the shining belief that something new and better can happen--<u>will</u> happen.

I went over to Conference C for one story and came back with 19.

If you need a refresher in Human Courage 101--if you need a reminder that the biggest mountain of adversity in your life is really a molehill--if you get a thrill out of seeing someone come out on top in the battle with life's most fearsome adversary, the self--I suggest you ask Sue to allow you to attend the next graduation.

If you see what I saw, and understand what I understood, you will not only come away invigorated and inspired, you will be proud you are a part of Palm Beach Junior College.

You might even be proud to be a part of the human race. ...Jonathan Koontz

Personals . . .

Jean D'Angio was hospitalized last Monday with chest pains and a very rapid pulse. As this is written, (Wednesday afternoon), the latest word we have is that many tests have been run, she is feeling fine, and may be back home by the time you read this. We tried calling her at JFK, but telephones were restricted to her family. A good idea. With her many friends here, Jean probably would have gotten very little rest with an unrestricted phone.

I have experienced the blessedness of giving to the administrative/managerial flower fund for many of my 20 years at PBJC, and last week I had my first chance to enjoy the blessedness of receiving. The Good Book is probably right, but it's a close call. I'm feeling fine after minor surgery, and am already back at work writing this...Jonathan Koontz

The rain did not put a damper on the Classified Employees Picnic. The food did not spoil the Classified Employees Picnic. What clouded the picnic was the joke told that made unkind references to Christianity. A "joke" such as that is inappropriate at such a gathering. ...Joe York

Frank McLaughlin attended the seminar "Institute on Counseling Issues" July 15-17 at Florida State University. Frank was among the 150 or so high school and college counselors in attendance, and he said he came back from the conference with a number of helpful ideas.

Celebrate the end of the 4-Day work week on the Sea Escape!! FACC Chapter is sponsoring a one-day Sea Escape trip on Friday, Aug. 16. A special $84 rate is available to all PBJC employees and guests. A flyer with an attached reservation form is being sent with this week's Monday Report. Cabins are also available for $30, $60, or $120 (suite) additional. If you have any questions, call Jeanette Sandees or Kathy Aiello at 439-8005.

Tropical Storm Bob

Tropical Storm Bob brought driving rain carried by winds clocked at 50 mph, and one precariously dangling power pole to PBJC Central Tuesday afternoon, but did no extensive damage.

Faced with warnings against travel and the possibility of the storm getting much worse at about 4:30 p.m., Dr. Eissey cancelled evening classes at all campuses.

Apparently North received much less rain than Central. South escaped without damage. The Glades campus is closed for the summer term.

The power pole was repaired by crews from Lake Worth in the late afternoon and early morning, and by Wednesday morning, the only reminder was a very short power outage of less than 10 minutes--probably a switchover of some kind.

Enrolled Agents Course

The PBJC Continuing Education Division and the Society of Enrolled Agents will co-sponsor a course to help tax preparers study for the enrolled agents exam.

The course will be held Saturdays, Aug. 3 through Oct. 5 from 9 a.m. to 4:30 p.m. at the Ocean Breeze Inn on Singer Island. The fee is $85. For registration information, call 439-8189.

President's Reception for Graduating Sophomores will be Aug. 6, 11AM, Student Activities Center.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 38 August 5, 1985

Dr. Melvin Haynes, Speaker

Spring/Summer Graduation Is Tuesday

Palm Beach Junior College will hold its third and final graduation ceremony of the current academic year Tuesday, Aug. 6, 8 p.m. in the gymnasium at PBJC Central.

The ceremony is for graduates of both the Spring Term, which ends in mid-June, and the Summer Term, ending now. Many Spring Term graduates are unavailable for the ceremony, so it is largely made up of Summer Term students.

Even so, some 200 caps and gowns have been ordered for the occasion, according to Charles Graham, registrar.

One of the graduates, Robert Maycan, has a birth date in 1912, and it is nice to have a septuagenarian reaching such a milestone.

Principal speaker for the occasion will be Dr. Melvin Haynes, Jr., Vice President of Student Affairs.

Graduation ceremonies at PBJC are traditional, with an academic processional and recessional, notable platform guests, and presentation of diplomas by the president of the college.

Relatives and friends of the graduates are welcome to attend.

Dr. Eissey will hold a reception for graduates and administration and faculty at 11 a.m. the same day in the Student Activites Center.

Summer Band Camp Ends With Concert

Sixty-eight middle school and high school students from Boca Raton to Jupiter participated in PBJC's first-ever Summer Band Camp, which ended July 25 with a concert in the Gym.

The program, which was co-sponsored through the Continuing Education Division by the PBJC Music Department and the Palm Beach County School Board, included four weeks of intense musical training beginning July 1.

The public and private school students were divided into three bands based on ability: Orange, Green, or Gold. They also performed in "mass band" sectional rehearsals and attended computerized music theory classes.

"For a first year effort, it was a gigantic success," said Otis Harvey, dean of continuing education.

The camp curriculum was designed and coordinated by Richard Mucci, a 20-year veteran music educator in Palm Beach County middle schools and high schools.

At the concert, each of the three bands played a set of four numbers, concluding with a set of three numbers, played by the combined bands.

Collective bargaining will continue Wednesday, 3 p.m. at J. F. K. Hospital.

Al Meldon

A beautiful eulogy for Al Meldon by Dr. Sam Bottosto, his department chairman and friend for many years, was given at Al's funeral.

We know that many of Al's friends could not be present for the funeral, and Dr. Bottosto has made a copy of his remarks available to us. It is too lengthy for the Monday Report, but we have asked the library to

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 39 August 12, 1985

Quotes From Kahlil Gibran To Satchel Paige

New Graduates Told To "Press Onward"

Sprinkling his speech with quotes ranging from Kahlil Gibran to Satchel Paige, Dr. Melvin Haynes, Jr. urged the 1985 Spring/Summer graduates last Tuesday to "press onward."

The PBJC Vice President of Student Affairs was the keynote speaker for the commencement exercises, in which 215 A.A. degrees and 59 A.S. degrees were conferred.

"Each day offers a new opportunity to press onward...with positive expectations," he said. "Set new goals and dream new dreams...be prepared to go anywhere as long as it is forward."

"But, learn how to savor the sweetness of life," he added.

Two of the graduates in particular seemed to personify the topic of Dr. Haynes' speech. Robert F. Maycan, born in 1912, was the oldest student to receive a degree this term, and Terrence McGrath, who was heartily applauded as he rolled up the aisle in a wheelchair to receive his diploma from Dr. Eissey.

After the conferring of diplomas, the graduates were inducted into the PBJC Alumni Association by Mrs. Jo Reynolds, principal of Palm Beach Public High School, poet and PBJC alumna.

Reynolds told the graduates that she has never forgotten the "inspiration" she received from teachers she had--most notably Dr. Elisabeth Erling and Lois "Sunny" Meyer. "And, of course, we can't forget Watson B. Duncan," she said, as the crowd cheered loudly.

Collective Bargaining Reaches Impasse

Bargaining between the college and the United Faculty of PBJC came to a halt Wednesday when the college team stated its intention to declare an impasse.

The session, 12th in a series that started April 25, began with a new economic proposal from the union, which reduced the economic demand to an amount estimated by the union to cost about $250,000.

After a caucus, Jesse Hogg, chief negotiator for the college, said the college was not in a position to offer more than had been previously offered--continuation of current salary levels and increments when earned by those not at the top of their salary scale.

He added that Dr. Eissey has indicated that if enrollment increases in the Fall and Winter Terms, he will look again to determine if money is available.

He then said that it was the opinion of the college team that "we're not approaching an agreement very fast, and it is time for a declaration of impasse."

He said it was his intention to send a letter Friday to the union declaring the impasse, with notification to the Public Employees Relations Commission to follow.

Dr. Joan Young, for the union, suggested that a point-by-point review of positions would be helpful, and this was done. A brief discussion about mediation, special masters, and some recent changes in impasse procedures ended the session.

The modified work week is still with us this week, but will NOT be next week. The last of the long days will be this week, and the last Friday we do not work is Aug. 16. Beginning Monday, Aug. 19, we will be back on a regular daily and weekly schedule.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 40 August 19, 1985

"We Are Heading Into A Great Year"

The Quiet Campus Appearance Could Fool You

Last week seemed to be the lowest activity week of the year at PBJC. Classes were not in session. Parking lots were relatively empty. At Central, the cafeteria was closed. A casual observer might easily have missed the intense activity in some areas, getting ready for the Fall Term.

One of those areas, on every campus, was the Registrar's office. So far, this has been one of the busiest summers on record. As this is written, the college is well ahead of a year ago in both numbers of students already registered and semester hours.

If we continue through one more week at the same pace as last year, when 4,000 students were registered in the last week, we will better last year's Fall Term enrollment.

As Dr. Eissey told the administrative/managerial group at its pre-Fall Term meeting last Tuesday--"we are heading into a great year at PBJC."

One of the reasons for this is that almost everyone on every campus has been involved in one way or another in the new marketing program--some of that intensive activity a casual observer might have missed.

Many of our teachers, who will be returning for the Fall Term on Aug. 22, will find the new Marketing Update in the stack of mail that has been accumulating--it should make interesting reading.

This new publication tells a great story of how the college is working from the grass roots level all the way through the organization to do something about our declining enrollments.

There are now marketing committees at every campus, working with new literature and new ideas, generated from within the committees. There is an overall steering committee. There is the news bureau crew plus a special core consisting of Ron Moses,

Saturday Classes Set For PBJC North

Classes on Saturday, designed especially for the businessman who does not have time for college on weekdays, but perhaps useful to many others, will be offered by Palm Beach Junior College North in the Fall Term.

Classes begin Aug. 31, but registration is going on now.

"In talking with businessmen at chambers of commerce meetings and in other places, we have discovered a need for certain kinds of business courses," said Dr. Sarah Pappas, Dean of Instruction at PBJC North.

Courses in this category include Principles of Accounting, Bookkeeping, Business Law I, Introduction to Business, Human Relations, Small Business Management, Business Math and Business English.

"Since we are opening the college on Saturday mornings for this purpose, we also thought it would be good to offer a few courses for degree seeking students which are required in many curricula," Dr. Pappas said.

These courses are Art Appreciation, American Literature after 1865, Fundamentals of Speech, and Elementary Spanish II and Dramatic Art.

Trustees Meet

Palm Beach Junior College trustees, after a one-month break in meetings, will face an unusually long agenda Aug. 21, 7:30 p.m., in Conference C at PBJC Central.

With the return to our regular work schedule, the deadline for Monday Report items is now Thursday, 12 noon.

The following classified positions are open:
Technical Clerk (Library) Salary Grade A18, a 228-day position, $9,187.26 per year
Bookstore Helpers/North, Cashiers/Central Salary Grade A09, $4.60 per hour
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

Happy Birthday To . . .

8/20 Alice Carlisle, MaryAnn Reasner, Carl Bass 8/22 Glen Marsteller, Mary Tingler 8/24 Geraldine Corner, James Weatherly 8/25 Callie Owens, Charlie Ray 8/26 Diana Foote 8/27 Stephen Gibson 8/28 Robert Clapsaddle, Carolyn Martin 8/29 Erin Brandy

Personals . . .

Walter H. Royall, 73, a teacher in Data Processing from 1965 to 1976, and a member of our emeritus faculty since that time, died June 29. He was survived by his wife, Marie, a son, a daughter, and six grandchildren. At the college, we learned of his death through a returned letter, and confirmed the news by newspaper accounts. Mr. Royall was the teacher of the only class I have taken at PBJC, and I remember him with affection for his gentle introduction to the computer. I am sure there are others here who share such memories. ...Jonathan Koontz

The numerous expressions of concern during my recent illness through your calls, cards, and flowers were greatly appreciated. These served as another reminder of why Palm Beach Junior College means so much to me. Thank you! ...Howard Reynolds

Campus (cont'd from P 1)

Kathy Aiello and Betty Woolfe working at least part of every day, sometimes all of every day.

The returning Fall Term teachers have crucial roles in recruiting and retention for the new short semester now being planned, and for the Winter Term.

As an institution we are moving, rather more swiftly than anyone could have imagined, into a marketing stance, a marketing mode. This does not mean hype and a hard sell. It means really paying attention to the student, and enlisting the aid of all employees in spreading the word about the good things we have to offer. ... JK

Trustees (cont'd from P 1)

A list of the 33 items, many of them multiple, covers four and a half pages.

Many of the items, however, are routine in nature, like approval of the student handbook and catalog supplement, both of which follow patterns of previous years.

One important and non-standard item is a completely new statement of the college Philosophy and Mission, which has been in preparation since June.

Other agenda items include final inspection authorization for the Social Science Renovation project at PBJC Central and the Burt Reynolds Student Center at PBJC North.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:
Volume VII, Number 41 August 26, 1985

"Very Best Year At PBJC"

Faculty Returns For The Fall Term

The Fall Term faculty returned Thursday to breakfast at the Palm Beach Ocean Hotel, a lot of reading material, an informational speech by Dr. Dyer, and an inspirational one by Dr. Eissey, who called Thursday "the first day of your very best year at PBJC."

PBJC Trustees Adopt New Mission Statement

The PBJC board of trustees adopted a new statement of the college mission at the August meeting of the board.

After missing the July meeting, the board faced a lengthy agenda in August, but most of the items were routine in nature and were passed on the consent agenda.

Dr. Eissey announced the appointment of Kenan F. (Jerry) Foley as Acting Chairman of the Center for Personalized Instruction.

The new mission statement, developed at the planning session in June, does not change the essential direction of the college. It is completely rewritten, however, and is shorter, more positive, and more direct.

The board reorganized standing committees for 1985-86, and Dr. Philip Lichtblau, chairman, appointed the following committees, with the chairman named first:

Administrative Affairs--Dr. Philip Lichtblau, Mrs. Hand, Mrs. Dyson.
Academic Affairs--Mr. Findling, Mr. Michael, Mrs. Hand.
Student Affairs--Mrs. Dyson, Mrs. Hand, Mr. Findling.
Physical Plant--Mr. Michael, Dr. Lichtblau, Mr. Finding.

The board requested additional information on four items on construction and development where contractors were asking for change orders. In each instance, the board voted for the change order after receiving the explanation.

Dr. Eissey said the fact that faculty, staff and administration are all working hard and pulling together on our marketing program has resulted in a transformation of spirit on all campuses.

"We have a great college," he said. Working together to try to recruit students has caused us all to realize how many good points we have, he said.

Dr. Eissey said he was confident of success by the Winter Term, and declared that additional funds secured through increased enrollment would be passed on to faculty and staff.

Dr. Dyer covered eight or nine items in her talk. Among the more important were the formation of a new Speaker's Bureau, a new procedure for textbook selection, a review of course outlines and objectives, group meetings by discipline, and the Faculty Evaluation project.

She said the five-person Faculty Evaluation Committee had worked hard last year and have developed a pilot project proposal for this year.

"We will be seeking 40 or 50 volunteers, some from every campus and every discipline, to take part in the 85/86 pilot project," she said.

Dr. Dyer gave a brief report on the progress of registration. The report showed us within striking distance of equalling last Falls's enrollment, but it was too early then, and it is too early as this is written, to forecast with any certainty whether that goal will be met.

Students Are The Center Of Our Attention

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 42 Sept. 2, 1985

Clean Sweep Of All Campuses

We GAIN Seven Percent Enrollment!

First-day-of-class figures for the Fall Term, released by Dr. Eissey at a press conference Monday morning showed a seven percent overall gain over the same day a year ago--12,532 students as against 11,710 a year ago.

The increases swept across all campuses when both credit and non-credit students were counted.

On the credit student side, there was an even more impressive overall gain--11,392 versus 10,573 a year ago. The 819 extra credit students meant a 7.7 percent increase.

Our increase this year is even more impressive when compared with some early figures from around the state, collected by Dr. Casius H. Pealer, Jr., at Central Florida. A report from Dr. Pealer on Aug. 16 gave these early figures:

Central Florida--registration down 8 percent. Edison--registration down 7 percent. Gulf Coast--registration even. Lake City--registration down 11 percent. Manatee--registration down 11 percent. Polk--no registration figures, but applications down 20 percent. Daytona--registration down 13 percent. St. Petersburg--registration down 5 percent.

The PBJC figures, by campus, went as follows, with the 1984 figure first, followed by this year, then the numerical increase and the percentage.

All students: 11,710 - 12,532 -822 - 7.0%. Central - 6,873 - 7,189 - 316- 4.6%. North- 2,170 - 2,466 - 296- 13.6%. Glades- 333- 378 - 45 - 13.5%. South - 1,654 - 1,824 - 170 - 10.3%. Mixed - 680 -675-(5)-(.07%).

Credit students: 10,573 - 11,392 - 819 - 7.7%. Central - 5,989 - 6,318 - 329 - 5.4%. North - 2,019 - 2,328 - 309 - 15.3%. Glades - 310 - 310 - 0 - even. South -

Cont'd on P 5

Courses Offered To Local Industry

Work with local industry will be paying off in the Fall Term at PBJC with nine unusual classes, some never offered before, according to John Schmiederer, Dean of Vocational Education.

Five of the classes will be college credit courses on site--two at IBM and three at Motorola.

IBM has requested Freshman Communications and Technical Math, Level II, Schmiederer said. Level I was offered there in the past Winter Term as well as College Preparatory English.

Motorola is essentially moving through the Electronics Program usually offered at PBJC Central. In the Fall Term, they have requested Basic Programming and two classes in Logic Circuits.

Another credit class to be offered at PBJC Central is the result of a unique three-way collaboration between PBJC, Pratt & Whitney and the American Metallurgy Society. The course, called "Introduction to Engineering Materials," will be taught by P & W personnel.

The credit courses were developed with the help of the Deans of Instruction at PBJC North, Central and South, Schmiederer said. The Continuing Education Division will offer three industry-related non-credit courses this fall.

Basic Trauma Life Support Training, a 16-

Students Are The Center Of Our Attention

Calling All Foursomes

The PBJC Dugout Club will sponsor its Third Annual Golf Tournament Saturday, Sept. 28 at Frenchmen's Creek in North Palm Beach.

The tournament will follow a four-man scramble format, with the field limited to 36 foursomes.

Players will have the chance to win several prizes, including a new automobile for shooting a hole-in-one, plus awards for closest to the pin and longest drive.

The entry fee is $45 per person, and includes cart fees, luncheon and refreshments on the course. Payment must be received by Sept. 15.

For reservations or more information, call the Athletic Office at 8067 or Frank Cacciatore at 793-8747.

Kellogg National Fellowship Program

Information on the 1986 Kellogg National Fellowship Program is in the office of the Vice President of Academic Affairs. This is a three-year grant, providing twenty-five percent (25%) released time for potential leaders from academe and the public and private sectors.

The Fellow must carry out a non-degree, self-directed learning plan to expand his/her personal horizons beyond the confines of his/her chosen profession. The fellowship program seeks to involve young men and women who are interested in developing interdisciplinary and cross-cultural perspectives on contemporary human and social problems. Deadline is December 31, 1985.

...Dr. Patricia A. Dyer

Auditions For 'Tartuffe'

Spotlite Players and Northstage, the theatre group of PBJC North, announce open auditions for their joint production of Moliere's "Tartuffe."

Auditions will be held Tuesday, Sept. 17, Wednesday, Sept. 18, and Friday, Sept. 20, beginning at 7 p.m. each evening at the Palm Beach Gardens Community Center on Burns Rd., east of Military Trail.

" ' Tartuffe' is a hilarious classic comedy about hypocrisy and extremism, among other foibles, and boasts some of the funniest and most memorable characters who ever set foot upon a stage," according to Dr. Barry Russal, PBJC North drama faculty member.

The cast includes five women, ranging in age from 18 to 75, and seven men, from 18 to 65. Performances will be held Nov. 14-24 at the Palm Beach Gardens Community Center.

Courses (cont'd from P 1)

hour course, will be offered six or seven times during this academic year. It is for additional training for Paramedics and Emergency Room personnel in pre-hospital care, and has been developed in cooperation with the fire and rescue units of the county and the American Heart Association.

Pioneering work done by PBJC in 1980-81 in training of child care workers has been used by the state as a model for a 20-hour course which is mandated for all child care workers before Jan. 1, 1987. There are approximately 2,400 child care workers in Palm Beach County.

The college plans to offer 5 sections per month of the course, which will lead to an HRS Certificate.

A new program in First Aid for Child Care Workers has been endorsed by the owners of child care facilities in the county, and will be offered monthly.

"We believe these courses exemplify one of the key elements in the community college system," Schmiederer said. "We are here to serve the community."

Cacciatore Shares Baseball Expertise With Central America

PBJC Baseball Coach Frank Cacciatore found out over the summer than the love of sport can transcend linguistic, cultural, and even political boundaries.

The Pacer coach spent three weeks in July teaching baseball fundamentals to youth baseball coaches and to players on national teams in Costa Rica and Nicaragua. He ate with the Central Americans, worked with them, lived among them, and communicated with them in broken Spanish.

And he learned people are the same wherever you go.

"Even though they are extremely poor, and living under an oppressive political system, kids are kids," he said. "They get bored and fidgety after awhile unless you hold their attention."

Keeping the kids and coaches interested was not a big problem. The U.S. Embassy provided him with an experienced traveling companion--Jose Cardenal, a refugee who fled from Cuba in 1960 and went on to spend 18 years in the major leagues.

"Jose created a lot of excitement with the media," Cacciatore said. "He is a fantastic person and really worked hard during the trip."

Cardenal was equally complimentary. In a telephone interview, he told the Monday Report: "I really enjoyed working with Frank. I was encouraged and impressed with his talents. When he was instructing, he was so thorough that there wasn't much more I could add."

Cacciatore said he would like to teach in Russia, Europe and the Far East next; he doesn't think he'd want to return to Central America unless he could avoid the hassles of going through multiple checks when going in and out of Customs.

Enrollment (cont'd from P 1)

1,618 - 1,775 - 157 - 9.7%. Mixed - 637 - 661 - 24 -3.7%.

Dr. Eissey attributed the gains both to our marketing program and to the facts: We offer superior education at a lower price and with more convenience than other institutions.

He said the enthusiasm of the staff and faculty in supporting the steps we have taken to get information about the college to the public have been the ingredients that made the marketing program go.

Questioned about the financial condition of the college, Dr. Eissey contrasted the situation of the public schools with that of the college. He said he was happy the school system was being funded well, but contrasted their 13.7 percent increase in state funds to our 5.2 overall, and pointed out that they also enjoy a local tax base when we have none.

He said it was too early to tell exactly what effect the increased enrollment will have on the funding picture of the college.

The key word now, he said, is retention.

"We are going to treat out students like guests," he said. "Treating them like customers isn't good enough. We are really going to do everything we can to make our students feel welcome and wanted."

While the press conference was going on, a new retention effort was already underway to make sure that students who wanted to enroll in the Fall Term could do so. Students who had registered, but not paid fees, were being telephoned by volunteers at every campus. Schedules were being held until Tuesday night for them.

Registration of many different types, including the senior citizen registration on Friday afternoon, will continue throughout the first week of classes, but interest in our enrollment was so high in the media of the area that Dr. Eissey decided to release the first-day-of-class comparison.

THIS Week . . .

Sept. 2	Labor Day Holiday
Sept. 3	PBJC South Orientation Assembly, 10:30AM, "Open Air"

Bill Graham has recently been chosen by the Lake Worth Chamber of Commerce to serve on the Main Street Advisory Board, a committee of 11 persons to advise the project manager of the Main Street Project for the revitalization of downtown Lake Worth. Bill has been serving as vice president of the chamber.

My family and I sincerely thank you for the thoughtful expressions of sympathy which you extended to us during our bereavement of the tragic loss of our loved ones. They were very comforting to us at such a difficult time.

...Idella B. Wade

Heart Risk Screening

The heart risk factor screening program will begin Tuesday, Sept. 24 and continue through Oct. 17, from 8:30 a.m. to noon on Tuesday, Wednesday and Thursday. The screening is free, and will consist of EKG, fasting blood sugar, weight, triglycerides content, and cholesterol content. The screening, which is by appointment only, is being co-sponsored by the American Heart Association and PBJC Student Health Services. For appointment scheduling and further information, please call Mary Cannon, 439-8066.

Music Seminars

The PBJC Music Department and Continuing Education Division will present a six-session Keyboard Seminar for music teachers and students Thursdays, from 7:30 to 9 p.m. in HU 110 beginning Sept. 12.

"The seminar has been designed specifically to help students prepare for studio teaching," said Robert Jones, music faculty member. "Generally, it is an enrichment program that will provide an opportunity for colleagues to share and exchange some of the more recent repertoire and techniques."

Sessions will cover studio practices, primary methods, beginner and elementary materials, piano technique, jazz, and improvisation. A recital will be held on the final session.

Participants may enroll in the entire series for $9 (Florida residents or $18 (non-residents). For more information, call 8142 or 8005.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 43 Sept. 9, 1985

13,487 Students

Highest Credit Enrollment, Second Highest Total

Palm Beach Junior College enrollment in the Fall Term soared to the second highest total enrollment and the highest credit enrollment in the history of the college.

For the second time in history, total enrollment at the beginning of the Fall Term climbed over the 13,000 mark with a total of 13,487, second only to the 13,648 of 1982.

As forecast by the first-day-of-class figures released last week by Dr. Eissey, the gain over year-ago figures was 857 students, or 6.8 percent.

Credit enrollment reached 11,933, a figure unmatched even by the 1982 total of 11,923.

The latest figures are taken at the traditional time, just after the drop and add period, when figures are normally stabilized and comparisons are usually made.

Total enrollment gains over a year ago were made at every campus.

PBJC Central gained 389 to reach 7,868, a 5.2 percent increase. PBJC North up 269 to 2,547, a 11.8 percent increase. PBJC Glades up 45 to 466, a 10.7 percent increase. PBJC South up 185, to 1,937, a 10.6 percent increase.

Credit enrollment climbed in similar fashion at every campus except Glades, where there was a decrease of 35 students.

The enrollment gains were a turnabout for the college. Along with most other colleges in the state and nation, PBJC enrollment has been going down since the record enrollment in 1982.

Although the declines at PBJC were smaller than at many other institutions, they did result in the loss of both state and tuition revenue, and the gains this Fall were

Supreme Court Rules On Management Rights

The Supreme Court has ruled on the Management Rights issue, finding that the clause insisted upon by the college cannot be bargained to impasse, and also finding that the Public Employees Relations Commission cannot "impose an agreement where none has been reached," as it did in this case.

The decision has been five years in the making, and no immediate effects are foreseen for anyone except those directly involved in collective bargaining.

Imbedded in the decision are a number of approved alternative methods of securing managements rights, and one or more of these methods will be pursued by the college bargaining team.

One avenue has been closed, but there are many routes to the objective of retaining the right of management to make needed business decisions, and another avenue will be found. Business will continue as usual.

Dr. Eissey has authorized the college labor attorneys to petition the court for a rehearing. This will be done at no cost to the college.

The part of the decision which stated that PERC cannot mandate an agreement should not be overlooked. This means that the college rejection of the contract imposed by PERC, including the 9.5 percent raise, was legally correct.

Students Are The Center Of Our Attention

Circle K Wins Top Honors

Palm Beach Junior College was awarded first place in the Bronze Division at the Circle K International Convention in Seattle, Washington August 16-21.

Over 750 representatives from six different countries met for seminars and awards judging at the convention, which marked the 30th anniversary of Circle K.

Even clubs in the Gold Division, which included 75 or more members, did not surpass our impressive record of service, according to one member involved in the judging.

The PBJC delegation, with a total of 10 students, was the largest Florida group to travel to Seattle. The Florida District sent a total of 61 members, making it the second best represented district overall.

Circle K meets on Wednesday evenings at 7 p.m. in room SS 201, and anyone interested is welcome to stop by. Join in the joys of working together. ...David Nixon

Announcements. . .

The annual Key Audit for all non-instructional staff and all 12-month administrative staff will be today, Sept. 9 and Tuesday, Sept. 10. Please check all keys with the Property Records Coordinator, rear of the Bookstore-Receiving Center. Thank you. ...MaryAnn Reasner

Reminder: The heart risk factor screening program will begin Tuesday, Sept. 24 and continue through Oct. 17, from 8:30 a.m. to noon on Tuesday, Wednesday and Thursday. For further information and appointment scheduling, call Mary Cannon at 8066.

The recent custom of honoring faculty and administrative retirees at a picnic or barbecue will be continued as a result of a faculty/administration survey. Dr. Elisabeth Erling reports 148 responses, with 101 in favor of continuing the present practice. There was no consensus among the minority on any alternative, with five being the largest number to select any specific alternative.

Quick Response

The flashing red lights at PBJC Central at about 11 a.m. Thursday were caused by an accident at the construction site for the Watson B. Duncan, III Theatre. An ambulance, a paramedic truck and a fire truck, all with lights flashing, came quickly in response to a single telephone call. Fortunately, the accident appeared to be something less than a catastrophe. We were told that a worker had some concrete block fall on his leg. We have not been informed of the extent of the injury.

Management Rights (cont'd from P 1)

The money in the escrow account, by this decision, would clearly have remained in control of the college administration.

Dr. Eissey's decision to cut through the legalities and distribute those funds to the faculty last January can now be seen in its proper light. It was an action designed to help the faculty, no matter what decision was reached by the court.

The next step in current collective bargaining will be federal mediation. A tentative date of Sept. 19 has been suggested.

Enrollment (cont'd from P 1)

welcomed by college officials.

Dr. Eissey credited the gain to increasing public recognition for excellence in education, low cost, and the convenience of four locations at Lake Worth, Boca Raton, Palm Beach Gardens and Belle Glade.

Palm Beach Junior College

4200 CONGRESS AVENUE, LAKE WORTH, FLORIDA 33461 • PHONE 305/439-8080

OFFICE OF
THE PRESIDENT

September 4th, 1985

FOR MONDAY REPORT:

TO: Faculty and Staff of Palm Beach Junior College

Dear Members of the Palm Beach Junior College Family:

Once at a private dinner with Vince Lombardi, legendary football coach, Lee Iacocca asked him about his formula for success. Iacocca wanted to know exactly what made a winning team. What he told Iacocca applies as much to Palm Beach Junior College as it does to sports.

"You have to start by teaching the fundamentals," Lombardi said. "A player's got to know the basics of the game and how to play his position. Next, you've got to keep him in line. That's discipline. The men have to play as a team, not as a bunch of individuals. There's no room for prima donnas."

He continued: "But there have been a lot of coaches with good ball clubs who know the fundamentals and have plenty of discipline, but still don't win the game. Then you come to the third ingredient: if you are going to play together as a team, you've got to care for one another. You've got to **love** each other. Each player has to be thinking about the next guy and saying to himself: 'If I don't block that man, Paul is going to get his legs broken. I have to do my job well in order that he can do his.'"

"The difference between mediocrity and greatness," Lombardi said that night, "is the feeling these guys have for each other. Most people call it team spirit. When the players are imbued with that special feeling, you know you've got yourself a winning team."

For us at Palm Beach Junior College, to have a winning team as Coach Lombardi stated so well, we've got to care for one another, we've got to love each other. If we work toward this goal, I know we will overcome all of the hurdles that are put before us.

This is a worthy goal...let's all strive to make it successful!

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 44 September 16, 1985

Pierre Casse: Internationally Known Speaker

"The Cross-Cultural Mind: Myth or Reality?"

Florida is not only the melting pot of the United States, but is "has become one of the major geographical and economic crossroads of the world," according to a 1984 Florida Department of Education project report.

Because communication with different cultures is becoming so important in South Florida, the Continuing Education Division has arranged a free lecture for faculty, administrators and staff on "The Cross-Cultural Mind: Myth or Reality?"

Scheduled for Wednesday, Oct. 23 at 2 p.m. in the Allied Health Lecture Hall, it will feature Pierre Casse, a trainer at the World Bank, author and international consultant in training, management development and intercultural relations.

"Dr. Paul Graham and I had the opportunity to hear Mr. Casse at a seminar in Portland, Oregon," said Otis Harvey, dean of continuing education. "Both Dr. Graham and I were very impressed with him. He is an outstanding speaker."

"I heard him speak in Los Angeles at the SIETAR (Society for Intercultural Education, Training and Research) meeting," said John Townsend, coordinator. "He was dynamic."

Casse, a Belgian sociologist, will focus on the anatomy of the cross-cultural mind, the milieu in which effective communication between diverse cultures takes place, and assumptions of different cultures that can help or hinder the communication process.

He will demonstrate how a person may find the common bonds that exist between different cultures.

Seating is limited to 200; to reserve a seat and receive a ticket, these procedures must be followed:

*President's staff members will receive

Mediation Meeting Set For Thursday

Federal Mediator James Elmore will meet with collective bargaining teams from Palm Beach Junior College and the United Faculty of PBJC Thursday, Sept. 19, to try to get stalled negotiations moving again.

Bargaining between the college and the union of teachers, librarians and counselors broke off on Aug. 7 after 12 sessions which began April 25.

A number of issues remain unresolved, including the union demand for a salary increase, which the college admits is small, but says it cannot afford.

Even if he does not bring the two sides together, the mediator might possibly reduce the number of issues at impasse before the dispute heads into the rest of the impasse procedure.

The mediation meeting has been set for 3 p.m. on the third floor of the First American Bank Building at 1926 10th Avenue North, Lake Worth.

The meeting is not open to the press and public except as ordered by the mediator. Normal procedure is for an open meeting to explain the ground rules, followed by a number of private meetings with each side, with an open meeting at the end to announce preliminary results.

Students Are The Center Of Our Attention

Variety In Wednesday's Board Agenda

A report on Indicators of Progress Toward Excellence and a plan for an Automated Teller Machine at PBJC Central are lead-off items on the agenda of the Palm Beach Junior College Board of Trustees for the September meeting.

The meeting is scheduled at 7:30 p.m. in Conference Room C at PBJC Central.

The automated teller is in connection with services already being provided to the college by First American Bank, and will provide drive-in 24 hour service for students and staff to all Honor system institutions.

Other agenda items of interest:

*Student calendar for 1986-87.

*Update of Five Year Facilities Survey Plan.

*An agreement for the college to serve as a host agency for Senior Aides.

*Agreements for PBJC Central, North, and Glades to act as mass shelters for the American Red Cross.

*Agreement with the Deaf Service Center of Palm Beach County.

*Increases in rank for six faculty members.

*Appointments of men's and women's tennis coaches, men's golf coach, and assistant coaches in softball, basketball and baseball.

*Schematic drawings of Phase 1 of the Vo/Tech Building at PBJC North.

*Award of bid for the student services entrance at PBJC Central.

*Announcement of a national faculty award to a PBJC employee.

Following the meeting, a reception for foreign students will be held in the Student Activities Center.

The Cambridge Experience

Eight Palm Beach Junior College students from North, Central, and South Campuses crossed the Atlantic to attend the International Summer School at Cambridge University July and August. Their Florida tutors, with whom they met in weekly seminars, were professors from FAU, FIU, GCCC, and USF, as well as Jewell Sterling from PBJC.

On arrival, everyone hurried to rent a bicycle that would take him through the narrow streets to lectures every morning and to explore the environs in the afternoon and evening. At Cambridge University, the lecturers, who are outstanding, believe that learning should be enjoyable. And learning was a pleasure, whether it occurred while one was listening to a lecture by a member of Parliament or as he was actually visiting the Houses of Parliament; seeing a gory presentation of Macbeth or punting on the River Cam in an old flat-bottomed boat; examining the treasures in the University's Fitzwilliam Museum or witnessing a slide lecture about some of the collections there; visiting a pub with one's professor or shopping in the daily open market or copiously stocked bookstores.

The Cambridge Festival offered a daily smorgasbord of string quartets, foreign films, organ concerts in the chapels of various colleges, concerts by world-renown jazz musicians, art and literature exhibits, Shakespearean plays, madrigals sung by singers in a boat to an audience on the "backs" (the velvet green grass behind the colleges that stretches down to the River Cam), and bicycle races--and so on and on; the days and nights were filled with fun and occasionally joy. Even writing essays was a pleasure in the milieu of Cambridge.

While we were there, the directors told us that plans for the Summer of '86 were already being framed and work on the arrangements would continue throughout the year. On this side of the ocean, PBJC recruitment for the Summer of '86 is underway: two students have already made the commitment and one of the students who participated this year has said that she is already saving her money to return to Cambridge next summer.

If any of you know someone of any age who would like to be a part of a great adventure and earn college credit on the undergraduate, graduate, or post graduate level or simply audit courses at Cambridge University while receiving easily transferrable credits from a Florida institution, please refer that person to Jewell Sterling, BA 309, Central Campus, ext. 8124. If the person decides to go, I am sure he'll always be grateful to you for having told him about the Cambridge Experience. ...Jewell Sterling

Casse (cont'd from P 1)

their tickets at the staff meeting today.

*Other Administrative/Managerial staff should contact Audrey Vaughn in Continuing Education at 8010.

*Division/Department Chairpersons will receive tickets for themselves and their faculty from instructional deans at each campus.

*Interested students, especially international students, should contact Lori Hunter at 8182. Seating is on a first-come, first-served basis.

*All tickets not distributed by Friday, Oct. 18 should be returned to Otis Harvey. They will then be given to professional and classified staff who request them.

Casse will also speak on "Breaking Cultural Barriers in Business" at 7 p.m. that evening at the Hyatt-Palm Beaches. Tickets for the dinner/lecture are $30 each, and can be reserved by calling John Townsend at 8011 or 8005.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 45 September 23, 1985

Outstanding Faculty Member Award

National Award From ACCT Won By Duncan

Watson B. Duncan, III, who, for 37 years as a teacher at Palm Beach Junior College has helped "shape the quality of life in Palm Beach County" has been selected by the Association of Community College Trustees for its most prestigious award, the 1985 National Faculty Award.

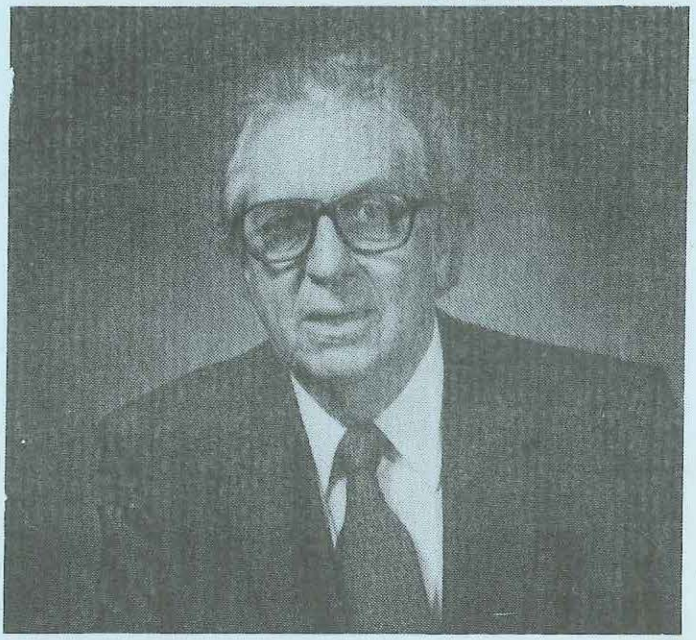
Duncan's nomination, made by trustee Willard Findling, survived competition in the Southern Region and with the winners of four other regions, to achieve the honor.

Duncan will go to the ACCT national convention in Denver on Oct. 3 to accept the award.

"In the course of a lifetime we meet few individuals who make a profound difference in the way we view the world, and who help to shape the quality of life in a community," Findling wrote in a letter accompanying the nomination.

"Mr. Duncan is an individual who continues to inspire a community through teaching and participating," he continued. "It is fortunate that he has chosen to remain with us at Palm Beach Junior College these 37 years."

Cont'd on P 2



College To Adopt Smoking Policy

Next month, PBJC employees will have to look for "smoking permitted" signs in their offices before lighting up a cigarette.

Effective Oct. 1, the college will adopt a new smoking policy in compliance with the 1985 Florida Clean Indoor Air Act, according to Dr. Melvin Haynes, vice president of student affairs.

The rule will prohibit smoking in areas accessible to the general public--registration, financial aid, restrooms and reception areas--except the cafeteria, where a special non-smoking section will be set up.

"All other private offices will have to be designated with a "smoking permitted" sign, or else it will be assumed that smoking will not be allowed," he said.

Haynes said the decision to allow smoking in private offices will be left up to the administrators at each campus.

"They should consult with their staff members and come up with some reasonable policy, one that will protect the non-smoker and be fair to the smoker," he said.

The new policy was presented and approved at the President's staff meeting earlier this month.

Students Are The Center Of Our Attention

Petition Reaffirms Faith In U.S. Constitution

Ed Pugh and his students want everyone (including the Chief Justice of the Supreme Court) to know that they still believe in the U. S. Constitution.

Last Tuesday, the history instructor organized a petition signing to commemorate the 198th anniversary of the signing of the Constitution.

A total of 361 students, faculty, staff members and the general public read and signed the document, according to Pugh. It was then sent to Chief Justice Warren E. Burger, chairman of the Commission of the Bicentennial of the United States Constitution in Washington, D.C.

"We're hoping that when he gets it, he will realize there's a little college here in Florida that's interested in being involved in the bicentennial, which will be celebrated in another two years," Pugh said.

The petition reads, "We the undersigned, on the occasion of the 198th anniversary of the CONSTITUTION of the United States, do solemnly affix our signatures on this roll as a reaffirmation of our faith in the supreme law of the land." (Done at Lake Worth, Florida, September 17, 1985, on the campus of Palm Beach Junior College.)

Duncan (cont'd from P 1)

The nomination listed Dr. Eissey, Dr. Tom Mills, Superintendent of Palm Beach County Schools, Burt Reynolds and Monte Markham as notable students, and also mentioned Dr. John A. Vance, who teaches literature at the University of Georgia and recently dedicated his book, Samuel Johnson and the Sense of History, to Duncan.

Duncan said he was "astounded and very pleased" by the honor. He commended George Matsoukas, who aided Findling in preparing the nomination, for his writing skill in "making my resume sound so wonderful."

"I've been thinking of nominating George for the 1985 Pulitzer prize for fiction," he said.

Announcement of Duncan's most recent honor was made by Dr. Eissey at the close of the September meeting of the board of trustees.

In other actions at the meeting, the trustees:

*Heard a brief resume on an annual report on Indicators of Progress Toward Excellence.

*Approved, with modifications, a plan for an automated, 24-hour, drive-in bank teller at PBJC Central.

*Approved personnel items, including increases in rank for six faculty members, and appointment of a number of coaches and assistant coaches.

*Approved agreements with Senior Aides, the American Red Cross, and the Deaf Service Center.

*Approved schematic drawings of the Vo/Tech building at PBJC North and accepted a bid of $176,152 from J. Bruce Beattie for construction of the Student Services Entrance at PBJC Central.

...Robert Goldstein

Federal Mediator Meets With Bargaining Teams

Federal Mediator James Elmore offered to continue mediation between PBJC and the United Faculty at the close of a three-hour session Thursday.

The hearing began with a listing of matters at impasse. There were five items listed on the side of the administration and 19 on the union side.

Elmore then met in closed sessions with each side until 5:55 p.m. and then during a final open session offered to have another mediator meeting.

Another instance of failure to agree was added at Thursday's meeting. Jesse Hogg, negotiator for the college, conferred with Joan Young, for the union, about the possibility of changing to 50-minute class periods at PBJC North, a request which originated with the North faculty and academic affairs.

At the final open session, Young made a counter-offer to extend the shorter class period to all campuses, an action that was the equivalent of turning down the North request.

FACC Events

The PBJC Chapter of FACC will hold a general meeting Tuesday, Oct. 2 from 2-3:30 p.m. in the Continuing Education Lecture Hall.

Delegates to the annual convention will be nominated, and the slate of officers for the 1985-86 term will be presented, according to Kathy Aiello, president.

"The annual convention will be held Nov. 6-9 in Tampa this year. Anyone who wishes to attend the annual convention should come to this meeting," she said.

At the Awards Banquet on that Friday night, the finalists will receive a plaque commemorating this honor. Good luck, Rich!!

...Celeste Beck

The Monday Report salutes a quiet hero on the PBJC Central Campus. As a member of the Civil Air Patrol, Dennis Davis routinely searches for boaters in distress. A couple of weekends ago, Dennis and another CAP instructor were on patrol when they spotted a capsized boat with four persons and assisted in their rescue. The boaters were returned to shore, a little wet, but otherwise in good shape. According to a modest Dennis, however, "it was all in a day's work."

Dr. Noreen Poole, a professor in the PBJC Nursing Department, attended a test development workshop sponsored by the American Nurses' Association Sept. 18-20 in Kansas City, Mo. Dr. Poole was one of 30 ANA-certified registered nurses in the nation who was invited to participate. The workshop focused on the writing of test items for the association's certification exams. The ANA represents the nation's 1.7 million registered nurses, and over 30,000 of its members have earned ANA certification.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 46 September 30, 1985

Hopes To Raise Minority Enrollment

Committee To Reach Out To Black Community

A group of representatives from PBJC and the community have been meeting since Sept. 19, planning an all-out campaign to market PBJC to the black community and raise minority enrollment at the college.

According to Dr. Melvin Haynes, organizer of the Minority Involvement Committee, the group's purpose is to achieve parity in enrollment.

"PBJC has an enrollment of 13,000, of which only 861 (both part-time and full-time) are black," he said. "One reason for low black enrollment is the image PBJC has in the black community as being a 'white school.'"

At its second meeting last Wednesday evening, the committee discussed several activities to help change that image:

*PBJC Sunday--Letters will be sent to pastors of area black churches asking that they allow a PBJC representative to speak

Cont'd on P 3

MINORITY INVOLVEMENT COMMITTEE members planned strategies for raising black enrollment at PBJC at a meeting last Wednesday evening. Some of the members include (L-R) John Evans, Rev. Richard Butler, Marna Weston, Rev. R.M. Lee, and Dr. Melvin Haynes.

College Seeks Special Master Hearings

Palm Beach Junior College has decided not to continue Federal Mediation of its dispute with the United Faculty of PBJC and has asked for appointment of a Special Master.

At the close of a mediation meeting on Sept. 19, Federal Mediator James Elmore offered to continue at another meeting, but the college has decided not to accept the offer.

The decision to go immediately into the remainder of the impasse resolution procedures provided in Florida Statutes was made after consultation with the administration of the college.

Bargaining team members said the number of unresolved issues is far too great to handle in a mediation context, especially if union bargainers continue their pattern of endless, circular argumentation.

Chief college negotiator Jesse Hogg has informed Dr. Joan Young, who heads the bargaining team, of the decision and is taking steps to continue the impasse resolution procedure through the appointment of a Special Master by the Public Employees Relations Commission.

Students Are The Center Of Our Attention

Announcements . . .

The PBJC Social & Welfare Committee sponsors activities for a singles group called "Stepping Out." During the past year, the group has enjoyed covered dish suppers, bowling, evening cruise, dinner and movie night, etc. This is a chance for self-enrichment with a friendly group of fellow employees on a dutch treat basis. The group is for all PBJC employees who have never married, or who are widowed or divorced. Many more activities are planned for this year. If interested, please call Nancy Cherry, 8072, for a form so we may add your name to the mailing list.

The Florida Association of Educational Data Systems (FAEDS) will hold their annual conference Oct. 27-30 at the Royce Hotel. Among this year's participants will be Jack Kelly, who will serve as panel moderator for the South Florida Educational Computing Consortium meeting on Oct. 28, 5:30 p.m. and Dr. Eissey, who will deliver the opening address on Oct. 29 at 9 a.m. This is the first time in ten years that the conference is being held in Palm Beach county, and everyone is encouraged to attend.

Important Notice to FACC Members!! Interested in running for an FACC office? Call Alice Carlise at 8083 and give your name to the nominating committee. The slate of nominees for the 1985-86 term will be presented at the general meeting on Wednesday, Oct. 2 at 3:30 p.m. in the Continuing Education Lecture Hall, so please respond by Oct. 1. ... N. Horvath

The Foundation has for sale the following item which was donated: a 14-ft. aluminum fishing boat with 4 H.P. Johnson motor. Sealed bids should be addressed to Nancy Cherry at the Foundation by Monday, Oct. 7. Bids to start at $250. The boat may be viewed at the Physical Plant area on Monday, Sept. 30, 9:30 a.m. ...N. Cherry

The "pony" to the North and South campuses which has been running Monday, Wednesday and Friday 12 noon to 4 p.m. has been extended to include Tuesday and Thursday, 12 noon to 3 p.m. Deliveries will be made first to PBJC North, then to PBJC South. If you have any questions, please contact Robert Goldstein, 8032.

REMINDER TO ALL AIR TRAVELERS... Air travel tickets cannot be delivered to the college from Cove Travel Agency until leave forms and the travel ticket request form has been received in the payroll office and approved by the appropriate administrative officers. By law, funds must be encumbered before travel can occur. Please allow 7 days for processing these leave and air travel ticket request forms in advance of date travel is to occur. Requests for air travel tickets on an emergency basis will be considered on an individual request basis. Please remember that the college air travel service is on a competitive bid and there are obligations on behalf of the college as well as the vendor to meet these bid specifications. ...T. Tate

Linda Summers has received her Education Specialist Degree and has been promoted to Assistant Professor. ...Jim Tanner

Meetings: Conduct And Misconduct

How to conduct more effective and productive meetings will be the focus of a course offered by the PBJC Continuing Education Division in October.

"Meetings: Conduct and Misconduct" will be held Wednesdays, Oct. 16 through Dec. 11 from 7-10 p.m. at PBJC Central.

"There is a proliferation of meetings in Palm Beach County, not only in government and business, but in condo associations, civic and community organizations," said Dr. Herbert Minot, instructor. "This course will present a modernization and simplification of the Roberts Rules of Orders for effective meetings."

Topics will include parliamentary procedure, agenda, meeting strategies, planning, issues and debate, voting procedures and politics.

"The students themselves will conduct mock sessions to illustrate situations; specific examples will be according to the students' interests," he said.

Those who complete the course will be eligible to file an application to join the National Association of Parliamentarians in Washington, D.C.

The fee is $24 (Florida residents) or $48 (non residents).

For further information, call the Continuing Education Division at 8185.

Minority Involvement (cont'd from P 1)

to the congregation on Sunday, Nov. 10 about opportunities at the college. Literature on courses and programs will also be available.

*C. Spencer Pompey Scholarship Fund--Three area churches have already promised to donate funds by February 1986 to help promising blacks finance their education at PBJC. Other churches will be approached on PBJC Sunday.

*Mentor Program--A pool of college faculty and administration, as well as volunteers from the community will be organized. Each mentor will become involved with one black student on a personal basis, providing counseling, guidance, motivation and assistance.

*Motivational Seminars--Working with the Black Student Union, (BSU), the committee will invite black leaders on campus to give motivational/inspirational talks. (The committee also intends to establish BSUs at PBJC's other three campuses).

"We would like the black community to know what a tremendous resource they have in Palm Beach Junior College," said C. Spencer Pompey, chairman. "PBJC is the one institution in Palm Beach County that the entire black population can rally to.

"We can unify the diverse black communities by getting them to adopt PBJC as their school."

Pompey is a retired educator, principal, historian, and author who served as the first president of the Palm Beach County Teachers Association in 1941.

The Minority Involvement Committee plans to meet every second and fourth Wednesday of the month; the next meeting is set for Oct. 9 at 7:30 p.m. in the Conference Room in the Paul J. Glynn Student Services Center.

REMINDER: Enrollment for the new 8-week EXPRESS TERM begins Oct. 1, and ends when classes start Oct. 21. EXPRESS TERM classes will be held at PBJC Central, PBJC South and PBJC North. For more information, call the registrar's office at any of these campuses.

THIS Week . . .

Personals . . .

"Blessed are they that mourn for they shall be comforted." It is with profound sadness that we report the loss suffered by Norma Walter when two of her brothers perished in the Mexican earthquake. Fortunately, her mother survived, but a sister-in-law is still missing as of this writing. Though words are inadequate during tragic times, all members of the PBJC family join in extending to Norma and her family our prayers and deepest condolences.

Before leaving on Wednesday to fly to California where she was to claim the bodies of her brothers, Norma called the Monday Report and wanted to convey the following personal message: "I want to thank everyone at the college for their support during this ordeal. I want them to know that God is almighty, and tragedies are hard to foresee. Thank you from the bottom of my heart."

Kateri Brunell spoke on Sept. 4 at the Crest-haven East condominium about educational opportunities for older adults at PBJC. She also spoke to the Suburban Lake Worth Rotary Club Sept. 19 on "Creativity: What Is It, How to Have More of It."

Assistant professors of Communication, Sunny Meyer and Addie Green, were invited to serve as judges for the Institute of Financial Education's 1985 Speech Contest on Sept. 19. The contest, which took place at the Royce Hotel, consisted of seven outstanding contestants who spoke before an audience of 150. One of the panel of five judges had been a former student in Meyer's speech class 14 years previously and was now a member of Toastmaster's Club. According to Meyer and Green, it was a very enjoyable experience and they were happy to be of professional service to the banking community.

At the foreign student reception held Sept. 18, about 40 students attended along with administrators, faculty and trustees. According to Lori Hunter, the reception proved to be a great success, with a lot of interaction between the two groups. "We have a 14% increase in foreign student enrollment this year," Hunter said. "There are a total of 158 foreign students on all campuses, and they represent 48 different countries." The next item on the agenda is the formation of the Students for International Understanding (SIU).

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 47 October 7, 1985

Short And Effective

United Way Campaign Will Be Oct. 14-18

The United Way campaign at Palm Beach Junior College this year will be short and effective if the plans announced Thursday morning by John Townsend are carried out. Next Monday morning, Oct. 14, will mark the beginning of the campaign and it will be over after Friday, Oct. 18.

John, heading the campaign this year for the college, told a group of PBJC employees at the Habilitation Center, that the specific goal for this year is a 20 percent increase over last year. To reach that level, we must pledge an average of $14 per person.

Dr. Eissey gave his support to the goal. He has already made his individual contribution, and pledged an additional one at the meeting.

"Our record with the United Way has not been one of our strong points in the past," Dr. Eissey said. "We are frequently going to the community for aid, and it is important that we give back to the community what we can afford to give."

An important new difference in United Way was announced at the meeting. Now, you can give through the United Way to *any* nonprofit, charitable agency, whether it is one of the 48 served by the local United Way or not. To do so, you merely fill out the regular card and write in the name of the agency on the lower right hand corner in the space provided.

Although the contribution cards are worked out for giving through payroll deduction, single payment gifts can be made merely by filling out the card and attaching a check.

Townsend announced the following persons to head the campaign on each campus: PBJC Central, Franklin Saunders; PBJC North, Frank Mossadeghi; PBJC South, Jim Tanner; PBJC Glades, Dr. Gary Sims.

Cont'd on P 4

Sunny Brings Kabuki To PBJC

All theatre enthusiasts are invited to attend a slide/lecture/demonstration of Kabuki theatre to be given by Sunny Meyer on Thursday, Oct. 10, from 12:30 til 2 p.m. in SS 214.

Sunny studied Kabuki theatre, attended classes in the very complex Kabuki techniques, and assisted with Kabuki performances at Pamona College, Claremont, California, while on sabbatical leave last winter. She was fortunate to be able to work with several well-known scholars and performers in this very rich and historical Japanese theatre which dates back to 1600.

The program on Thursday will feature slides of the production in California and of Danjuro XII and Ennouske, famous Kabuki actors whom she saw during her six weeks stay in Japan this summer.

She will also show costumes and props used in Kabuki and demonstrate some of the movements and techniques she learned during her studies at Pamona College and at the National Kabuki Theatre in Tokyo.

All are welcome to attend this program which is being sponsored by Phi Rho Pi, national speech and drama fraternity at the college.

A Status Report On College Bargaining --The Management Perspective

On April 25, 1985 the first collective bargaining session was held between the United Faculty and the Administration Bargaining Teams for renewal bargaining on a contract slated to expire on June 30, 1985. Generally bargaining for a renewal contract deals with a relatively small number of issues regarding changes in contract language and perhaps a few new subjects.

This year the union presented a list of 36 proposals for bargaining, and those proposals plus several introduced by management were bargained until August 7, 1985 when impasse was declared. A total of 12 sessions were held with each bargaining session lasting several hours.

At the time of mediation most of the union's original 36 proposals were still unresolved although in certain areas counter proposals were submitted which are now unresolved.

During mediation, James Elmore of the Federal Mediation and Conciliation Service, met individually with both parties. He informed the management that the union seemed to continue to have strong feelings on their positions. Since most of these subjects have been bargained on numerous occasions before, the management also has strong feelings on their positions which is why impasse was declared.

The law allows for mediation which can and has been helpful in at least one previous set of negotiations. The law further provides for a special master hearing to attempt to resolve an impasse although it can be bypassed with the agreement of both parties.

Because there has been little change in position after a number of months of bargaining, it is the feeling of the President and the Management Team that there is very little chance to reach agreement without a hearing before a special master. Indeed the process might be delayed for a long period unless we proceed through the impasse resolution procedure.

Since there has been no formal contract in effect from July 1, 1985 up to the present time, and because the special master and perhaps legislative body hearings could take several months, it appears necessary to expedite the process.

...The Management Bargaining Team

Personnel/Payroll System Announcement

Please note that the normal cutoff dates for administrators or other personnel to submit initial inputs or changes applicable to the Personnel/Payroll System are as follows:

1. For paychecks to be issued on the fifth of the month inputs must be in the Personnel Office by the 24th of the preceding month. If the 24th day of the month falls on a Saturday or a holiday, the cutoff day will revert back to the last preceding duty day. If the 24th day of the month falls on a Sunday, the cutoff day will become the next duty day.

2. For paychecks to be issued on the twentieth of the month inputs must be in the Personnel Office by the 9th of the month. If the 9th day of the month falls on a Saturday or a holiday, the cutoff day will revert back to the last preceding duty day. If the 9th day of the month falls on a Sunday, the cutoff day will become the next duty day.

Inputs received in the Personnel Office after the time periods referred to above will be processed during the following pay period. Please feel free to contact the Personnel Office if you have any questions on this subject.

...J. M. Schneider

Workshop Meeting Set

The trustees of PBJC have been invited to a workshop session on the Performing Arts Center on Oct. 21, 1:15 p.m., in the Oak Conference Room at PBJC North.

Dr. Eissey said the purpose of the meeting is to keep the board fully informed on the progress in the development of the proposed $30 million Performing Arts Center at PBJC Central.

PBJC Artists In Recital

An unusual recital--half poetry, half music--will be presented as the final event in the summer/autumn series at the Royal Poinciana Chapel, 60 Coconut Row in Palm Beach, Friday, Oct. 25, beginning at 8 p.m.

Both recitalists, Watson B. Duncan, III, and Patricia A. Johnson, are well and favorably known locally and regionally.

A master teacher of literature and drama at PBJC for 37 years, Duncan has recently received a national award: Outstanding Faculty Member for all Community Colleges in the nation, from the Association of Community College Trustees.

Duncan's half of the recital at the chapel will be titled "What the World Needs Is Love" and will consist of a half-hour of readings from the great love poetry of the world in the master teacher's unforgettable style.

Patricia "Pat" Johnson is best known at the college as an excellent music instructor and as the developer of the Pacesetters, a lively group of selected singers whose music in modern styles at professional levels has added sparkle to the Palm Beaches for many years.

In the community, Pat is equally well known as a soprano whose powerful, clear voice is matched by her artistry and understanding of the music she sings. She has appeared in opera and oratorio and in many other musical settings.

Pat is expected to continue the theme set by Duncan in his half of the recital. She will be accompanied by Robert Jones, a pianist and member of the music faculty.

Following the recital, the chapel will hold a wine and cheese and cake reception, beginning about 9 p.m.

The recital is open to the public; there is no charge for admission. For further information, please call 655-4212 between 9 a.m. and 4 p.m.

Photo Faculty Gets Exposure

Two PBJC photography faculty will receive state and national exposure through projects they are working on this Fall.

Both Gene Arant and Dr. Tom McCartney have written (or plan to write) for publication on their respective specialties.

Arant will write an article on "How to Produce Quality Color Prints with a Simple Black and White Darkroom Using the Additive System of Exposure" for an Eastman Kodak company publication.

He intends to illustrate the work with photos of his students and other PBJC faculty.

McCartney has published a booklet on the zone system of photography which is currently being used at the Rochester Institute of Technology and PBJC.

"The book gives a step-by-step approach to zone system photography, showing how it can easily be done," Arant said.

He said the booklet may be picked up by other schools and/or distributed "wherever photographic books are sold."

In addition to publication, Arant will teach a dye transfer workshop for Kodak Oct. 16-17 at Disney World.

For his demonstration, he built a clever device which will allow the workshop attendees to see color applied vertically, as though they were peering down at a developing tray.

His system will pump acid from a trough three feet off the ground up to the top of a piece of glass enclosed in a frame. The acid will then flow down the surface of the glass (where the pictures are mounted) back to the trough.

The audience will include professional photographers from Orlando to Miami, plus some invited students from Florida colleges and universities.

THIS Week . . .

Oct. 7	Final day to complete application for graeuation
Oct. 7-21	Express Term registration; classes begin 10/21
Oct. 11	FACC annual Fall wine and cheese party, Joan Holcomb's house, 11348 Torchwood Ct., Wellington. Maps available from Kathy Aiello.
Oct. 12	Sweet Adelines, Suncoast Chapter, in concert, Dolly Hand Cultural Arts Center, Glades; 8PM; $10. For information, call Judy Schiele, 8158

Announcements . . .

An All Campus Swim Meet will be held on Oct. 11. The meet will be held on the South Camp at 1 p.m. Students that have signed up to participate in the meet should be excused from classes and allowed to make up any work missed by their absence. The Intramural Department will present to each participant Authorized College Activity forms to show each class that will be missed while participating in this event. ...Roy Bell

The following position vacancies are open:

Instructor-Business/Economics: Position requires master's degree in Economics or MBA with 18 graduate hours in Economics. Teaching experience is also required.

Learning Specialist, Center for Personalized Instruction: Position requires a bachelor's degree in mathematics with some experience in individualized instruction.

Interested applicants should contact the Director of Personnel. ...J.M.Schneider

United Way (cont'd from P 1)

"We know that there are some at the college who, for various reasons, will not choose to give," Townsend said. "and we do not wish to bring pressure of any kind on any person.

"Instead, we are asking those who can do so to give for themselves and at least one or more of their fellow employees who might not be able to give."

After the meeting, the group toured the Habilitation Center, our neighbor across Sixth Avenue South, and observed the good work they are doing. The Habilitation Center is a United Way Agency, and if you desire your contribution to go to them, you need only to write their name in the designated spot.

Last year's chairman at PBJC was Nancy Cherry, and the college scored a larger percentage gain than the United Way as a whole. Nancy is now on the board of the United Way.

United Way
of Palm Beach County

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 48 October 14, 1985

A Small Potpourri

Some Announcements And A Small Personal Note

Palm Beach Junior College will host state legislators at a luncheon at PBJC North Monday, Oct. 21 at noon. The purpose of the luncheon is to show appreciation for our legislators efforts on behalf of education during the past year.

Short Agenda For October Meeting

Palm Beach Junior College trustees have an unusually short agenda for the regular October meeting, Wed., Oct. 16, 7:30 p.m. in Conference Rm. C at PBJC Central.

Of the 27 items on the agenda, 20 appear to be routine in nature. Three of the remaining seven are reports--sabbatical leave reports from Sandra Richmond and Lois "Sunny" Meyer, and a report from trustee Willard Findling on an Association of Community College Trustees meeting.

Two of the remaining four items involve study tours, one to Yucatan Adventure, Mexico, and the other to European Fashion Centers in London, Paris and Milan.

The trustees will be asked to renew their agreement with the Institute of New Dimensions for another year.

They will be asked to approve the transfer of three lots identified as the Dolly Property from the board to the PBJC Foundation, Inc. The lots were donated prior to the time the Foundation was formed to receive such donations.

DEADLINE DEADLINE DEADLINE

All material for inclusion in the 1986/87 catalog should be in Dr. Dyer's office or in the news bureau by noon, Oct. 21. As you know, we have had Oct. 1 as the deadline in previous years, so it is extremely important that you meet this year's deadline of Oct. 21, when we will already be three weeks later than usual. Cont'd P2

The "Coffee With Ed" series of informal, off the record discussions between Dr. Eissey and small groups of faculty members will begin again this year at PBJC Central on Oct. 17 and 18. The meetings are by invitation only, so that the number attending can be kept at an optimum level.

A collective bargaining session has been scheduled for 3 p.m., Oct. 22 at the Parks and Recreation Building, John Prince Park. Although impasse has been declared, mediation attempted, and a special master called for, bargaining can be resumed at any time during the impasse procedure.

The terrible events in Mexico seemed more real to all of us at PBJC when we learned that Norma Walter lost two brothers in the earthquake. Norma now knows that she also lost a sister-in-law and a niece. She has written all of you the following note:

Dear PBJC Friends:

I wish I had the stamina to thank and hug each one of you individually for your kindness, tremendous support and immense generosity.

We are fortunate to have one surviving child out of the terrible Mexican tragedy. At this time I want to convey the gratitude of my family for your prayers and kind contributions. My mother, especially, wants to let you know she thinks I work in the warmest and kindest environment she could ever wish for her daughter.

I know I am not alone. I know you are also my family, and I love you very much for that. God bless, sincerely, Norma Walter

Students Are The Center Of Our Attention

THIS Week . . .

Oct. 14	Free eye and ear screening; 9AM-1PM, Health Clinic
Oct. 16	Trustees meeting, 7:30PM, Conf. C

Personals . . .

Lori Hunter conducted two workshops Saturday on "Looking Forward: Job, Marriage, College, Career: What's Right for You?" for 150 Palm Glades Council girl scouts at Camp Welaka in Jupiter.

Bill Moon, who teaches computer science at PBJC North, has authored the Test Bank for a new text--"Using Computers in an Information Age." The text, designed as an introductory course for data processing students, is being published by Delmar Press. The Test Bank contains approximately 3,000 test questions in addition to BASIC programming problems.

Agenda (cont'd from P 1)

Dr. Dyer's office edits all material in the last two sections of the catalog--How To Choose Your Program and Departments and Programs. The news bureau edits all material prior to those two sections, and is responsible for overall editing.

Announcements . . .

The volunteer reading laboratory (Reading Center, AD 105) is open Monday-Friday for use by any currently enrolled student. Instructors and counselors are urged to encourage students to take advantage of this service. ..M.Bosworth

Tickets for the annual staff holiday party being held at the Palm Beach Ocean Hotel on Dec. 14 are now on sale. The $16.50 price includes dinner and dancing to live entertainment. If you wish to purchase a ticket, or if you would like to sell tickets in your department, please contact Rene Collins, 8024.

Spouses are definitely included in the invitation to the president's reception on Oct. 25, even though the address was only to the faculty member or administrator. Keeping track of changes in marital status has become almost impossible, Dr. Erling says, so only the employee was addressed, but a cordial invitation is issued nonetheless to the employee's spouse.

Due to the increased demand for use of the facilities at the North Campus, all classrooms and conference rooms in the classroom building "A" (NA), and the LLRC/Academic Lab building (NL) will be scheduled through Sarah Pappas' office. All meeting rooms, conference rooms and dining rooms in the Student Affairs building, administration, Burt Reynolds Student Center (NBRSC), and the Conference Center (NCONF) will be scheduled through the Provost's office. ...Ottis Smith

Since October is National Kidney Month, the Palm Beach County Kidney Association and the PBJC Health Clinic will conduct a series of kidney disease prevention programs. The free tests will include blood pressure screening plus blood and urine testing, and will be held at the following PBJC locations: Mon., Oct. 21, PBJC Glades, 10AM-2PM; Tues., Oct.22, PBJC North, 9AM-2PM; PBJC Central, Wed.,Oct. 23 and Thurs. Oct. 24, 9AM-2PM. for further information and appointment scheduling, call Mary Cannon at 8066. In addition, Mary would like to remind everyone that this is the final week for the free heart risk screening program so make your appointments today.

Happy Birthday To . . .

10/15 Edith Plager, Clara Hicks 10/17 Olga Laraway, John Anderson 10/18 Al Fellner, Tom Shostak, Marie Langston 10/20 Patricia Hansen, Bill Buntin

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 49 October 21, 1985

Students, Faculty And Staff

PBJC South Holds Successful "Plant In"

Armed with rototillers, edgers, wheelbarrows, shovels, rakes, and hoes, a dozen students representing Phi Theta Kappa and Student Government Association, together with eight members of the faculty and staff of PBJC South assembled on Saturday, October 12 at 9 a.m. and set about the monumental task of transforming their brave little outpost into a miniature botanical garden.

Fortified with fruit, coffee, and donuts, the horticultural pioneers assembled under the Conference Canopy to study the landscape plan which was designed by Dr. Derek Burch, Associate Professor of Ornamental Horticulture at the University of Florida and one of our State's outstanding ornamental horticulturists. On hand to oversee the actual planting was Nina Carter, an associate of Dr. Burch's and our "plant finder and coordinator."

Dr. Maggie Maney, Campus Provost, explained that the "canopy" or trees to be planted, consists of carefully chosen species of flowering trees from around the world which can be successfully grown in the subtropical climate of Florida's Region 10. These trees will provide a palette of pinks, reds, yellows and purples to be enjoyed throughout the year. Standing at the ready for the planters were yellow poincianas, pink and yellow tababuias, jacarandas, crepe myrtles and acacias.

Dr. Maney then explained the "understory" or the shrubs and ground cover plants indicated in the design. Such hardy but colorful species as jasmine, zamia, turnera and ruellia will provide bedding swirls of yellow and blue to soften the starkness of the beige and brown "relocatable" campus.

While the plan provides for continual color throughout the year, equally important will be the installation of as many species

Cont'd on P 2

Pierre Casse Lectures Set For Wednesday

Faculty, administration and staff may still obtain free tickets to the lecture on "Cross-Cultural Training: Myth or Reality" featuring Pierre Casse, to be held this Wednesday at 2 p.m. in the Allied Health Lecture Hall.

"Although everyone is welcome to attend, we are asking those who do to please pick up a ticket first," said Otis Harvey. "Ticketholders will be given seats before those without tickets."

The deadline for reservations for Casse's evening lecture on "Breaking Cultural Barriers in Business" at 7 p.m. at the Hyatt-Palm Beaches has been extended until today, Monday, Oct. 21.

All faculty, staff and enrolled students may buy a discounted ticket at $20, which includes the banquet and lecture, plus the opportunity to network with Jerry Wilson, bureau chief of the international trade division of the Florida Department of Commerce and other contacts attending the program.

To obtain tickets for the afternoon lecture and/or to reserve a seat for the evening program, please contact the Continuing Education Office at 8006.

Although the United Way Campaign has officially ended, contributions will still be accepted. Your pledge can make a difference.

Students Are The Center Of Our Attention

Sabbatical Reports Highlight October Board

Sandra Richmond and Lois "Sunny" Meyer gave unusual sabbatical leave reports at the October meeting of the board of trustees, Wednesday evening in Conference C at PBJC Central.

Sandy said there were times when she questioned her sanity in attempting four courses each term in her sabbatical, which she used to obtain her specialist degree and work toward her doctorate. However, she did manage to complete all of them, with a 4.0 grade point average.

Sunny began her report on the sabbatical in which she studed Asian theatre with a demonstration, (in costume), of kabuki--defined as ka (music), bu (dancing), and ki (skill or acting). She said her study of kabuki "has changed my personality."

Board member Willard Findling reported on the 16th annual convention of the American Association of Community College Trustees and its award of Outstanding Faculty Member to Watson B. Duncan, III.

In other actions the board:

* Approved study tours to Yucatan and the fashion centers of Europe.

* Renewed the agreement with the Institute of New Dimensions

* Awarded a bid for maintenance of the North Campus by contract.

Plant-In (cont'd from P 1)

of Florida native trees and shrubs as possible. Such trees as live oak, dahoon holly, red maple and sweet bay will be planted with shrubs and ground cover such as cocoplum, wild coffee, beautyberry, lantana, and galardia. The garden area adjacent to the Student/Faculty Canopy Conference Area will be designed by Dr. Grace Iverson, our botany instructor and expert in Florida native plants.

Following the get acquainted session (workers with their colleagues and their plants), and interrupted only by lunch under the canopy, the stout hearted crew set about their task.

Six sweltering hours later, the tired but gratified neophyte horticulturists surveyed the work of their first effort, watered in the new campus treasures, and laid plans for subsequent plant-ins which will complete Phase I of the South Campus Beautification Plan.

Funds from the South Campus Foundation, the PBJC Annual Run of 1985, and an SPD project made possible the purchase of the specimen plants for Phase I. Many other materials, including forty-two cubic yards of compost referred to as "our black gold" were donated. As our horticultural contacts grow and news of our efforts to create an area of beauty and an opportunity for study grow, many more donations will be forthcoming.

Members of the Landscape Committee at South Campus are: Margaret Maney, chairperson; Jim Tanner, Laura Collins, Fred Lane, Grace Iverson, Leona Opalio and Dan Morack. The committee anticipates completion of Phase I of the South Campus Landscaping Plan by November 15, 1985.

This article was written for the Monday Report by Dr. Margaret Maney)

Off And Running On Nov. 2

The Palm Beach Junior College Foundation will host its Third Annual Five-Mile Run Saturday, Nov. 2, beginning at 7:30 p.m. at PBJC Central.

A half-mile fun run for children ages five to twelve will be included in the event and will start at 8:30 a.m. at the soccer field adjacent to the starting line.

Prizes, including all-expenses paid weekends for two at some of the area's finest hotels, will be awarded to the top three men and women overall finishers of the race.

In addition, the top three men and top three women from each age bracket will receive gifts and merchandise such as dinners for two at a good restaurant and gift certificates from sporting goods stores.

Runners of all levels of skill may compete in the following age divisions: MEN--14-under, 15-19, 20-24, 25-29, 30-34, 40-44, 45-49, 50-59, 60-over. WOMEN: 14-under, 15-19, 20-24, 25-29, 30-34, 35-39, 40-49 and 50-over.

The race will start in front of the PBJC Gym, proceed to 6th Avenue, down to Congress Avenue, loop through scenic John Prince Park to Lake Worth Rd., on to Congress and back to the starting point.

Times will be called at every mile, and an aid station will be located along the course.

Entry fee is $6 in advance (postmarked by Oct. 23), or $10 the day of the race. All prepaid entrants will receive a T-shirt. The fee for the fun run is $1 per child.

The proceeds will go toward the PBJC Campus Beautification and Environmental Fund. Registration forms may be obtained by cailing George Matsoukas at 8074.

FACC Elects Officers

Congratulations and best wishes to the newly-elected FACC officers for 1986-87: President, Alice Zacherl; Vice President, Glen Marsteller; Secretary, Jan Bostic; and Treasurer, Jeanette Sanders.

They will be traveling to the FACC State Convention Nov. 6-9 at the Hyatt-Regency in Tampa.

The PBJC Chapter has a state candidate among its ranks. George Matsoukas will be running for the office of second vice president under the theme of "Honest George."

To help finance the campaign, a waterbed will be raffled off on Nov. 4. Raffle tickets are now being sold for $1 each or six for $5 through Dick Jones (coordinator of event and donator of the waterbed), Shelley Carton, Al Fellner, Nancy Horvath or Alice Carlise.

Other delegates to the annual convention include: Dr. Eissey, Kathy Aiello, Shelley Carton, Mary Orsenigo, Celeste Beck, Sharvell Becton, Donna DiSesa, Lori Hunter, Dick Jones, Gordon Kramer, Jennifer McCormick, Frank McLaughlin, Ron Moses, Sarah Pappas, John Schmiederer, Noel Smith, Jim Tanner and Gail Tomei.

Class For Voter Registrars

The Palm Beach Junior College Political Union will sponsor a voter registrar class Wednesday, Oct. 23, 8:40 to 9:40 a.m. in the Allied Health Lecture Hall at PBJC Central.

The instruction class will be conducted by Jerri Edmonds, education instructor, from the staff of Jackie Winchester, County Supervisor of Elections.

Following the instruction period, those attending will be sworn in as registrars.

The purpose of the class is to provide training for students who can serve as registrars for voter registration days at the college, when students, staff and the general public are invited to become voting citizens.

Faculty sponsor of the Political Union is Ed Pugh.

Seminar To Focus On Political Campaigns

Citizens who wish to participate in local government may learn how to run successful political campaigns in a three-part seminar offered by the Palm Beach Junior College North Continuing Education Division.

"Political Campaign Regulations and Ethics" will be held Thursdays, Oct. 24 through Nov. 7, from 7-9:30 p.m. in the Oak Conference Room at PBJC North.

Present and future candidates will learn about election laws in Florida, campaign tools and tactics, how to get your message across to the voters, and what to expect when you win the election, and other topics. Guest speakers will include local state legislators and other elected officials.

The fee is $7.50 per person. For registration information, call PBJC North at 622-2440.

Year-End Tax Planning

The Palm Beach Junior College Foundation, Inc. will present a free seminar on "Year-End Tax Planning and Charitable Giving" Tuesday, Nov. 12 from 3:30 to 5:30 p.m. at the Palm Beach Airport Hilton.

"The seminar will explain other ways of giving (to charitable organizations) that the public may not know about," said Nancy Cherry, PBJC Foundation director. "With the new tax laws going into effect, this may be the last year to take advantage of some of these provisions."

The program will be lead by Victor P. Whitney, president of Horizon Trust Company of Florida, and author of three books and numerous articles on trusts and estate planning.

Other presentors and their topics will include: Gary Krielow, certified public accountant at Lamn, Krielow & Dytrych--Selections of Returns for Audit; Daniel Hanley, attorney with Gunster, Yoakley, Criser and Stewart--The Value of Making Charitable Gifts in 1985; Stanley Brenner, CPA and partner of Laventhol and Horwath--Year-End Investment Planning; Bruce Allen, CLU, ChFC--Life Insurance in Charitable Giving; Thomas Silverman, attorney with DeSantis, Cook, Gaskill & Silverman--Tax Shelters, Minimum Tax; and Thornton Henry, attorney with Jones and Foster--Deferred Charitable Gifts.

A cash bar and hors d'oeuvres will be available.

For reservations, call the PBJC Development Office at 8072.

One of the reasons Ben Roberts retired last summer was to be able to give full attention to caring for his mother, who was more than 90 years old, and nearing the end of a full and useful life. Mrs. Roberts died last Tuesday. She was 93, and had been a resident of this area since 1925. A memorial service was held Thursday afternoon.

If you had the privilege of meeting Ben's mother, (as I did, way back when I was a beginning reporter at the Palm Beach Post and she was supervisor of automobile registration), you know that she was a great woman, one who will be sorely missed.

If you knew Ben at all well, you knew of his loving care for his mother.

Both are gentle folk. Quality people. Every friend they made, and there are many of them, came away from the encounter a little wiser, a little cleaner of heart, a little more in tune with what is great in our civilization.

A salute to Mrs. Roberts, as she moves on into another life! And a salute to Ben, who is making a good thing out of this one.

. . . Jonathan Koontz

A Reply From The Constitution Commission

Last month, PBJC history instructor Ed Pugh organized a petition signing to commemorate the 198th anniversary of the signing of the Constituion. A petition with signatures from 361 students, faculty and staff members was sent to Chief Justice Warren E. Burger, chairman of the Commission of the Bicentennial of the United States Constitution in Washington, D.C.

The following is a reply Pugh received from Mark Cannon, staff director of the Commission:

"On behalf of the Chief Justice and the Commission on the Bicentennial of the United States Constituion, thank you for sharing your reaffirmation of faith in and support of the U.S. Constitution. We hope that you will continue your efforts of recognition and reflection as we move toward the 200th birthday of the Constitution.

We shall be happy to add your name to our mailing lists to receive information about the Commission's work."

Welcome, Brad Hawkins

I am pleased to announce that Brad Hawkins will join the Student Affairs professional staff as an academic advisor replacing Dr. McNeely who retired last summer. Brad brings extensive experience and stability to our family.

He has been associated with PBJC South both as a student and part-time co-worker for the past five years.

Hawkins started his education at the South Campus in 1981 as a VA work-study student, receiving his AA Degree in 1982. He was a member of PTK, awarded the Florida Blue Key Leadership Award and was a recipient of the FAU/PTK honor scholarship.

He was vice president of the South Campus Student Advisory Board and president of Alpha Tau Omega National Fraternity at FAU. He graduated from FAU with a B.H.S. Degree in April, 1985.

Brad is currently enrolled in the MBA graduate program at Nova University. He brings experience to the South Campus, having proctored the Health Waiver Exam, ACT, and CLAST exams.

He was involved in a peer counseling project with Dr. McGirt and has recently been active in admissions and registration.

Please welcome Brad.

...Dr. Harris McGirt

Sabbatical Leave Notice

It is time for all eligible persons to think about applying for sabbatical leave.

Guidelines are published on page 35 of the Personnel Rules Manual.

Application forms may be obtained by writing or calling Sarah H. Pappas at the North Campus at 622-2440, ext. 256.

Deadline for applying is Monday, December 2, 1985.

People who have questions should not hesitate to call Dr. Pappas.

Announcement . . .

The College Scholarship Service of the College Board has made its annual announcement of 50 engineering scholarships for Minority Community College graduates. These awards are for the 1986-87 academic year.

The deadline is November 15, 1985. Information and nomination forms are in the office of the Vice President of Academic Affairs.

...Dr. Patricia A. Dyer

All faculty advisors, department chairs, and counselors are urged to come and meet with representatives from Florida's nine state universities. Also, the representatives will be available to answer questions from students from 9 a.m. to noon in the cafeteria. ...Gail Tomei

Deadline for items for the Monday Report is Thursday, 12 noon.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VII, Number 50 October 28, 1985

Salaries, South, Millage Chief Concerns

Legislative Appreciation Day At PBJC North

Faculty salaries, a classroom building at PBJC South, and a millage referendum were three concerns Dr. Eissey brought before the Palm Beach County legislative delegation at a luncheon last Monday at PBJC North.

Nine out of the 11 delegates were either there in person or sent their aides. Before presenting his "wish list," Dr. Eissey presented each with a framed certificate in appreciation for their efforts on behalf of the college.

"I want you all to know that everything you see here on our North Campus has come about as a result of the efforts of our legislative delegation...the people in this room," he said. "We're tremendously appreciative of the support you have given the college."

His appeal to the legislature for 1986 was three-pronged, beginning with the right to go before the people of Palm Beach County and ask for a half-mill levy on property taxes for PBJC.

"The School Board received approximately $161 million last year from ad valorem taxes," he said. "Your community college receives zip."

One of the critical funding needs is for permanent classroom facilities at PBJC South. Florida Atlantic University has its own classroom shortage woes, and will not be able to accommodate the junior college for much longer, Dr. Eissey said.

In addition to the millage, Dr. Eissey also appealed for more state appropriations, not only for buildings at PBJC South, but also for salaries.

For the first time in the history of education, faculty salaries at PBJC are lower than those of K-12," he said. "A K-12 teacher with a bachelor's degree and no experience will next year receive $3500-4000 more than a PBJC instructor with a master's degree and no experience." "We cannot let this go on," he added.

Pierre Casse Charms Two Audiences

Pierre Casse charmed, cajoled and at times shocked his audiences in two very different, yet successful presentations last Wednesday (Oct. 23).

Sponsored by the Continuing Education Division, he spoke about "The Cross-Cultural Mind: Myth or Reality" to faculty, staff and administrators during the afternoon. Then, at the Hyatt-Palm Beaches that evening, Casse took a more pragmatic approach when he spoke about "Breaking Cultural Barriers in Business and Industry."

He was joined by Jerry Wilson, bureau chief in the international trade division of the Florida Department of Commerce.

The audience at the evening performance included business and industry leaders, international traders and educators from as far away as Lakeland, Orlando and Ft. Lauderdale.

"According to the feedback we received at the end of the evening, the counterbalance between Casse's international perspective and Wilson's more localized approach made it a unique experience," said Otis Harvey. "One international businessman was so impressed he asked if we could make this an annual event."

Both programs were made possible by the use of funds from Staff Program and Development.

Students Are The Center Of Our Attention

Tennis Pro Shop Opens

The PBJC Tennis Pro Shop officially opened Friday, Oct. 25. The Pro Shop is located by the tennis courts and its objectives are to provide various services to the PBJC family as well as the community at large. Stop by and let us tell you how we can improve your tennis game. We also provide stringing for rackets as well as merchandise and clothing for all sports.

Also, our national champion Pacer women's tennis team is starting the year as winners. PBJC's no. 1 doubles team, Julie Went and Petra Ohlsson won the Kaufman and Roberts/American Lung Assn. Tennis Tournament held at Bonaventure Racket Club in Ft. Lauderdale. The next major event is a one day tournament at PBJC Central on Nov. 2 when the top teams in women's tennis from Florida will cross rackets. Come out and support your national champions and see them play Florida JC, Indian River CC and Broward CC. ...Frank Mossadeghi

Personals . . .

On Thursday, October 17, Laura Collins, South Campus English instructor, suffered a severe asthmatic attack en route from South Campus to her home and she was rendered unconscious for some fifteen hours.

Thanks to some very alert and well trained students that were on the scene, Mrs. Collins was administered the necessary first aid and CPR until the paramedics arrived. She is currently responding to treatment at Boca Raton Community Hospital while continuing to be monitored for other side effects to her chronic asthmatic condition.

The length of Mrs. Collins' recovery is not known at this time; however, should you wish to send a card, please mail it to: Mrs. Laura Collins, Boca Raton Community Hospital, Room 413B, Meadows Road, Boca Raton FL 33431. ...Jim Tanner

Janet Ruh, clerk-typist at the South Campus and Acting Secretary to both Division Chairmen for the past two years, has resigned her position effective November 1.

Janet will be returning to school full-time and plans to work part-time for the Palm Beach County school system.

Even though we will miss her as a member of staff, we expect to see her regularly as our student. All of the South Campus family wish Janet the very best in all her future endeavors. ...Jim Tanner

Terry Shoultes, Coordinator of Instructional Computing, is scheduled to appear on WJNO's Jack Cole Show on Tuesday, October 29 from 3 to 4 p.m. The topic will be "Computers in the Classroom," and Shoultes will be discussing this subject with a group of high school students, dubbed by Jack Cole as the "A-TEAM."

Heart Screening Results

A total of 507 people were screened in the heart risk factor program held Tuesday, Wednesday and Thursday, 8:30 a.m. to noon, on Sept. 24 through Oct. 17. About 600 people actually signed up, but some forget to fast for 12 hours before the test. This was the most people we've ever had participate, and the program,which is only offered every two years, proved a great success. Information on the number screened who were referred to a physician and those with reports out of normal limits will be published when information is available.

My sincere thanks to all participants for trying to maintain a healthful life style. Special thanks to Janet Charles and Penny Williams for handling the numerous phone calls and appointments during this extremely important event. This event could not be possible without the effort of Marge Adams and her volunteers from the American Heart Association who offered such worthwhile service to our college community. ...Mary Cannon

Students Against Drunk Driving

Report And Comment

Performing Arts Center Proceeding On Schedule

The Palm Beach Junior College Board of Trustees put in a good, hard afternoon of effort last Monday working on the provisions they would like to see in some documents which will eventually form the legal agreement between the college and the Palm Beach County Council of the Arts governing the construction and management of the $30 million Performing Arts Center.

The work went well.

The trustees had many disagreements with an initial document drawn up by attorneys for the council.

That is as it should be. The trustees will own the center and will bear ultimate responsibility for it. The council, in addition to raising one-third of the construction funds, has agreed to manage the center with provisions, including an endowment, which will guarantee that college operating funds will not be drained by the center.

This is a complex relationship, one totally without precedent in this community. There will probably be several different versions of these agreements before everyone is either satisfied or has agreed to compromise.

Since much goodwill exists between the parties to these proposed agreements, and since they share common goals, the probability of a successful conclusion to the negotiations is very high.

Media reports on the event emphasized the problems, and one headline went so far as to say the plans for the center had "hit a snag."

It is an unfortunate fact of current journalism that such false-to-fact headlines are almost inevitable in situations like this. A reporter, following the current almost universal belief that trouble makes more news than good will and that controversy is the epitome of what the reader wants to read, will write the "strongest" story the facts will support.

A different person writes the headline. That person was not present. He did not observe all of the facts and has only the "strongest" statements the reporter can honestly make to go by. Doing his job, he picks out the strongest element, and sometimes goes just a bit farther.

The headline creates an untrue impression for the reader, and carries over into how the entire story is perceived. Result: Journalism that is untrue without intending to be.

There are remedies to this situation, but they require the profession to assume a degree of responsibility and adopt higher moral and ethical standards that it has heretofore been willing to assume and adopt. ...Jonathan Koontz

New Staff Additions At South Campus

Please welcome Joyce Dowling and Debra Bryce to the South Campus.

Joyce will be assisting Student Services and is directly reponsible for Financial Aid and Veterans coordination. She has had extensive experience in Financial Aid and assisting students, having been with PBJC for over four years, and will be replacing Linda Hersh who began maternity leave October 21.

Also joining the South Campus as clerk-typist in the Student Affairs Department is Debra Bryce. Debra has had extensive Student Affairs experience, coming to us from Oakland Community College in Michigan. Please come by and introduce yourself. ...Dr. Harris McGirt

New Face At New Dimensions

The new Coordinator for the Central Campus for the Institute of New Dimensions is Ann Dix, who was previously on the faculty of the Health Education Department at PBJC. Ann has a B.A. from Florida Southern College and a M.S. from the University of New Mexico and many graduate credits in Administration and Supervision from Montclair (N.J.) State College. The Institute hopes to expand its membership at the Central Campus.
